Sam Maslovitz, 7938 North Waukegan Road has been named to the position of Foreman of the Mails by Postmaster Carl A. Schroeder.

A member of Chicago's Postal family for 20 years Maslovitz will be assigned to the Old Post Office Station. Prior to his advancement he was Clerk-in-Charge of the Special Delivery Service at Garfield Park Postal Station.

Report From The Niles Public Library

With the recent move of the Niles Public Library from the limited space at Grennan Heights fieldhouse to the very spacious location at 7944 Waukegan, Niles, several problems have arisen which can be solved with the cooperation of the patrons of the library.

It seems that with the increased dimensions of the new facilities and the fact that as yet additional shelves have not been installed, the library has something of a gymnasium atmosphere and as a result the general air of excessive activity on the part of the youngsters has proved to be very distracting to the overworked temporary librarians. Mrs. William Curtin and Mrs. Albert Domoracki. The duties of these ladies have become greater since circulation has almost tripled and hundreds of people have registered as new members of the library. This leaves no time for them to discipline young borrowers. This condition will undoubtedly correct itself when the library becomes more complete but until that time parents can help by admonishing their children that they must be quiet when using the library. The use of the library is a privilege and a list of rules and regulations will be posted near the checkout desk as well as being distributed to each borrower. The use of the library will be temporarily denied those who fail to comply with the established rules.

Bicycles must be utilized by many youngsters to get to the library and currently they are being parked too close to the plate glass windows and blocking the sidewalk. Racks will eventually be provided and in the meantime the area at the extreme south of the parking lot must be used for this purpose. Here, too, cooperation of the parents is requested by passing on this information to the children.

The cards issued at the former location are good at the Waukegan library. Several persons

5-Day Vacation Awaits W. C. Card Party Winner

A most relaxing and fun-filled vacation awaits the lucky winner of the main drawing to be held at the annual Ways and Means Card Party and Fashion Show sponsored by the Woman's Club of Niles. This affair, under the chairmanship of Mrs. Phillip L. Bergeron, 6930 W. Keeney, will take place Thursday, October 29, at 8:00 p.m., at Bunker Hill Country Club, 6635 Milwaukee Avenue, Niles.

The complete five day vacation for two at Oakton Manor Resort in Pewaukee, Wisconsin, will include room and meals, golf, horseback riding, fishing, dancing, winter sports, planned

Tell Of Garden Club Card Party And Fashion Show At Bunker Hill Oct. 9

A Card Party and Childrens Fashion Show, sponsored by the Grennan Heights Garden Club of Niles will be held at Bunker Hill Country Club, 6635 Milwaukee Ave., Niles, Illinois, on Friday, October 9 at 8 P.M.

Robert Hall's will furnish childrens fashions to be modeled by children of club members. Those acting as models are Janice and Charles Bobula, Terry Frick, Bruce Goorsky, Elaine Meyer, Kathleen and Patricia Nott, Carole La Sorella, Richard Wente, Eydthe Zarembo.

The Lyric School of Dance will present students in a dance revue.

The door prize will be a portable radio-phonograph also many other prizes will be distributed including a set of dishes for 8, a pfizer evergreen, portable mixer, season ticket for ice skating lessons from Michael Kirby, 10 dollar certificate from

Chalet Nursery. Tickets can be purchased at the door or by calling NI 7-6296 or NI 7-7799. Refreshments will be served.

The card party held each year by the garden club is their only fund raising affair, the proceeds from this are used to continue the work in the community, contribution to the library, planting of Touhy Ave. Plaza Toll-way, poinsettia plants for fines veterans Hospital, Christmas party for 150 men at Chicago State Hospital, 150 socks filled at Christmas for patients at Chicago State Hospital and sending a high school student to the State Conservation Camp in Springfield.

The Niles Public School P.T.A. held a flower show September 15, judging the show were Mrs. John Frick, Mrs. John Peterson and Mrs. Robert Wente, Garden Club members.

A flower arrangement in the Invitational Class at the Lincoln-

wood Flower show will be done by Mrs. Lynn Doud and Mrs. John Frick.

At the September meeting of the club, members will bring donations of jelly and jams to be taken to the Chicago State Hospital.

CHATTER MATTER

by Dorothy Schreiner NI 7-9887

Our deepest sympathies are extended to **Mrs. Charles Bobula**, 7511 Main St., whose mother died on Aug. 18.

Mrs. George Ducar and her daughter Barbara Jean arrived home safely after spending a wonderful month in Wickford, Rhode Island. Mrs. Ducar called to give me the most wonderful news. It seemed that on the day they arrived in Wickford, they found their daughter and son in law, Mr. & Mrs. David Krebs (Mary Ann), at the Naval hospital in Quonset, where Mrs. Krebs had just given birth to a baby boy. The baby was born on Aug. 5. He weighed 6 lb. 6 1/2 oz. and they named him Henry Carl. This was also grand news to the paternal grandmother, Mrs. Mary Jane Krebs, 8317 Mer-

ill.

Linda, Sallie and Jennie Misar of 7908 Nora, are proud to announce the arrival of their new baby sister, Peggy Anne was born at the St. Francis Hosp., on Aug. 26 and tipped the scales at 7 lb. 9 oz. Congratulations to the Misar parents on their all girl quartet.

Miss Jean Klammer, daughter of Mrs. Vivian Klammer, 8342 Olcott, is doing just fine, after an appendectomy at the Wesley Memorial.

Happy Birthday to Mrs. Joseph Nage, Jr. of 7811 Neva, who will have another candle on her cake on Sept. 13.

I had a birthday, too. On Aug. 26, when Lou and our 3 children brought in the cake, I almost called the fire dept. Did you ever see 42 lit candles on one cake? I was sure the joint was burning down. It took a lot of air to blow out that many but I managed. According to my dear (?) friends Marge Scully and Grace Theis, the one thing Schreiner is full of, is Air.

Mr. Ronnie Theis, of 7519 Main St. had a wonderful 2 weeks vacation. He and a friend drove to Mexico, California and Idaho and then home. Ron called his parents from the different states, to let them know he was fine and having a good time.

Mr. & Mrs. Bill Dressel, their 2 teens, Joyce and Bill, Jr., the dog Tippy and grandma Mrs. Minnie Woodhouse had a nice 10 day rest at a cottage at Clam Lake, Wisc. They also drove to Hayworth for just a couple of days. With good weather and good fishing, it was relaxing for the whole family.

Mr. & Mrs. Earl Schwarzenbach, 8302 Osceola, drove to Mt. Vernon, So. Dakota, where they helped Ruth's parents, Mr. & Mrs. O. M. Lundy celebrate their 50th wedding anniversary. Open house was held on Aug. 23 and about 175 guests attended. Congratulations to Mr. & Mrs. Lundy and I just want them to know, they have the nicest daughter!

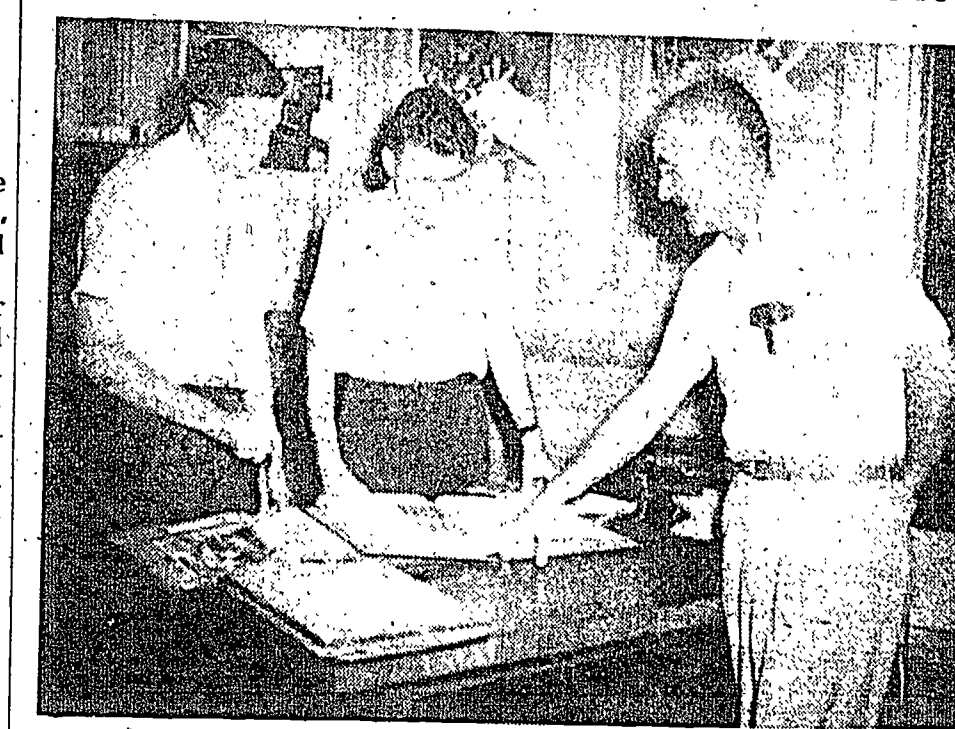

Mr. & Mrs. Walter Zalud and daughter Mary Ann, spent part of their vacation touring through Southern Ill. and some of it in local sight seeing. Walt didn't feel too good for the first part of the vacation but perked up at the end.

Just got through with our 2 weeks vacation and although we stayed home, we had a wonderful time. Lou worked on his basement workshop benches and then he took me to the Loop for lunch and a show. He didn't even complain when I dragged him out shopping. The second week, Mr. & Mrs. Alton Tatay

Niles Citizens Committee Aims For Community Unity

by Edna Walger

The spark of enthusiasm that was kindled in March for the establishment of a Niles Citizens Committee has burst into flame. Eleven persons representing seven organizations attended the first meeting of the Committee held on June 30th. The attendance at the second meeting on August 6th was increased to fourteen and adding three more groups to the fold. The third and most recent meeting on September 1st found eighteen present, three regular representatives were absent due to unforeseen obligations. Two new organizations expressed interest in the work of the committee. To date twenty three representatives of twelve active civic organizations, clubs and taxing bodies have lent support to the aims of the Niles Citizens Committee. The taxing bodies include:

Mayor Frank Stankowicz, president

The Niles Public Library Board - Rudolph S. Hazucha, president

The Niles Park Board - Louis A. Schreiner, president, Frank Jacobs and Charles Giovannelli, commissioners.

Home owners Groups:

Oakton Manor Homeowners - Thomas Jones, president, Charles Sacco, trustee

New North Niles Homeowners - Sigmund Lewicki, president & chairman of new comm.

Niles Civic Organization - George A. Gauthier, representative

Vonquill Terrace Association - Robert Wingfield, president, Robert Rysell, vice-president, Rosemary Schoenberger, secretary

Kirk Lane Association - Leonard Symanski, president, Ben Sosnowski, representative

Local clubs:

Woman's Club of Niles (organizing group for the Committee)

Mrs. Edward A. Walger, chairman of Woman's Club Committee for Community Achievement

Mrs. William D. Egan, club president

Mrs. William C. Baum, Jr., Mrs. Howard A. Payne, Mrs. James Schick

Niles Chamber of Commerce

At the first meeting all members of the Committee were in agreement that recreational facilities in Niles must eventually be increased with a community center as its objective. Niles now has 1% of its area allocated to parks. Authorities state that the national level is about 6% but the ideal community should have 10% of its properties designated for leisure activities. Niles has some points of which its residents might be proud but by no means does it now enjoy a place in the sun. Many maps exclude it entirely but the Niles Citizens Committee desires to make the village as prominent and beautiful as the neighboring towns that surround it. Obviously the first step is to study the methods and operation of these neighbors and profit from example.

Niles is growing amazingly in population and area and the Niles Citizens Committee intends to endeavor to encourage interest in its cultural growth and in obtaining facilities not now available.

On The Inside

(Continued from Page 1)

They feel it is a sheer waste of time.

The Park Board revealed a photostatic copy of a letter which they sent to the Village Board asking for cooperation between the two groups. It was sent in 1957 and was never answered by the trustees. Sears' refusal to come into the park district at this time prompted the display of this letter. The Park Board is quite dismayed at the trustees for what they believe has been their lack of cooperation in working together for the village interests. Trustees Stanley and Poeschl both stated they would see what could be done with Sears when they applied for their building permits. The time for application is likely to come any day now. Sears has received permits to proceed with their underground work and it is expected they will request the building permits within a very short time. Since Sears' legal department is undoubtedly able to stand up to the village forces the building sounds like they are whistling in the dark. Park Board Attorney Jim Orphan stated even the Sears said they will consider entering the Niles Park District AFTER they have completed building he feels it is highly doubtful that they would ever come in.

The primary objective of the Committee is to bring about harmony and a spirit of genuine cooperation between all groups in Niles. The resulting unity of purpose could attain for Niles improvements of benefit to all residents.

In the past conflict of personalities and interests have caused a sorry lack of cooperation between factions who should be working for the good of the Village of Niles. The Niles Citizens Committee hopes to be the stabilizing influence that can mend the breach that exists and foster a sharing of a common interest and participation of combined efforts to accomplish worthwhile improvements.

At the first meeting all members of the Committee were in agreement that recreational facilities in Niles must eventually be increased with a community center as its objective. Niles now has 1% of its area allocated to parks. Authorities state that the national level is about 6% but the ideal community should have 10% of its properties designated for leisure activities. Niles has some points of which its residents might be proud but by no means does it now enjoy a place in the sun. Many maps exclude it entirely but the Niles Citizens Committee desires to make the village as prominent and beautiful as the neighboring towns that surround it. Obviously the first step is to study the methods and operation of these neighbors and profit from example.

Holy Name Society Begin Meetings

St. John Brebeuf Holy Name Society will swing into the fall season by inviting all the men and boys of the parish to participate in opening sessions on Sunday, September 13, and Monday, September 14.

On Sunday, Society members and guests will receive Holy Communion in a body at the 8:00 o'clock Mass.

The regular meeting of the Society will begin with Benediction at 8:00 P.M. on Monday. After a short business meeting, the entertainment for the evening will feature a film clip of the highlights of the Chicago Bears' 1958 football season with a guest narrator. Refreshments will be served.

Officers of the Society for the coming year are: Kenneth R. Scheel, 7026 Keeney, President; George Leddy, 8041 Ozanam, Vice President; Hubert Adams, 7712 Oleander, Secretary; and Joseph Pastuszka, 8292 Elmore, Treasurer.

Every week there are new arrivals to swell the population of our rapidly growing village. In view of their own youthful performance of becoming parents of a fifth daughter on August 7th who will answer to the name of Gail, it is not difficult to understand the joy of the parents to proclaim to the house tops the title which an event of July 22nd bestowed upon them. On that date their 19 year old daughter Carol became the mother of a son she and hubby have dubbed Master Steven Kim. Obvious testimony to the extreme pride with which the news of the new baby was received in the Gallagher household was the fact that Norman passed out cigars to friends to announce the birth. This amazing turn of events makes baby Gail an aunt twelve days younger than her nephew. Also attaining the status of aunts are the other Gallagher daughters Claudia, 15, Susie, 7, and Elizabeth, 3. Little Gail is a real beauty as are all of her sisters.

Have had the honor recently of being introduced to Joyce and Chuck Kellier's first grandchild who was born July 9. Young Patrick Gerard is a real buster and tipped the scales at 9 pounds, 14 ounces. Carol and Pat Kirk, the new parents can be justifiably proud of the new addition.

Jane and Chuck Weber marked their lucky 13th anniversary on August 31st. The date was also Jane's birthday. To celebrate the 12th anniversary of their wedding day, Grace and Stan Strzalka shared a festive dinner at the Belden Stratford Hotel on August 16th. Congratulations to a real grand couple. And the same to Helen and Ed Bacher married 20 years on August 26th.

Big brother, Leonard, 27 months welcomed home recently a new baby sister, Sharon, born on August 24th. Happy with their infant daughter are Leonard and Bruna Symanski. Tommy Jones, 11, was rushed to the hospital on August 29th for an emergency appendectomy. He is now enjoying a period of recuperation made as pleasant as possible by parents, Lorraine and Tom.

A very successful vacation was enjoyed by Lietta and Roscoe Ditzl at Butternut Resort near Park Falls, Wisconsin. They report that they were able to snare their limit of fish each day, the fulfillment of every fisherman's dream.

The Sturms, Charlotte and Bill and their two children will make their new home in Bellwood, Eileen and Lacy Edmunds and their family will relocate in La Grange Park. Best of luck to both families.

Bachelor girl, Phyllis Dileo, 7748 Oakton, is thrilled to be the owner of her first automobile. Have you noticed the smiling face behind the steering wheel of the Mercury? That's Phyllis!

Speaking glowingly of their ten days stay in White Lake Villa at Whitehall, Michigan are Fryda and Steve Ciesol and children, Lance, 14, Claudia, 12 and Forrest, 4.

The Gillardons, Eleanor and Max and Laurie spent three glorious weeks in Denver and Las Vegas. Laurie is concluding a two weeks visit with relatives in Pittsburgh, Pa. She will jet back home all by herself. What an experience to tell the kids at school about. The Littles, Aunt Anna and Uncle Mel are former Niles residents.

Ernie Vehrs, an aviation enthusiast, took his first solo flight a long time ago. Some people lean toward the more dar-

Announce French Classes For District 64 Students

Conversational French will be taught to all pupils of the fourth grades in the District 64 schools, beginning September 1959, it was announced by the Superintendent of Schools, Dr. Blair Plimpton. The teachers will spend 20 minutes four days a week with each fourth grade class. The regular teacher will sit in so that she can provide incidental use of the language during the day.

These courses are not for selected children only, but for every child enrolled in the District 64 fourth grades. Future plans indicate that French will be started in each fourth grade and the teaching of French will be continued throughout the rest of the elementary school years. This means for 1959-60 French will be taught in fourth grade only; in 1960-61, 4th and 5th; in 1961-62, 4th, 5th and 6th; in 1962-63, 4th, 5th, 6th and 7th; in 1963-64, 4th, 5th, 6th, 7th and 8th. We anticipate that those pupils participating in this program will have completed the equivalent of Freshman French by the time they have finished the eighth grade.

Teachers were not easy to find. Fluency and a good accent are essential as children repeat exactly what they hear. According to Dr. Plimpton, our interest was to get teachers who had some European background and some teaching experience with elementary children.

Miss Ruth Yonan, who will teach French to the fourth graders at the Field, Jefferson, Oakton, Franklin, Madison, and Edison schools, has her degree from the University of Indiana. She has taught second grade at the Merrill School in Park Ridge for the past three years. She has studied French at the University of Chicago, and lived with a French family while in France last summer. She taught French in the summer school at Flossmoor, Illinois this past summer. Miss Margaret Moore lives in Sorineville, Iowa. She has taught 3rd, 4th, 5th and 6th grades, as well as mentally handicapped children. She taught children of the U.S. Army personnel in both Japan and France. Her last assignment was in France, where she lived with a French family. She will teach 4th grade

(Continued from Page 1)
only 13% worked in Niles. While a few take the trains in Park Ridge and Morton Grove most wage earners depend on their cars in transporting them to work. On this point he concludes that lagging employment opportunities generates a large outflow of traffic and only a small amount of internal circulation.

He then makes the interesting point that as far as employment and the purchase of clothing is concerned Nilesites go outside the village, Niles being functionally organized about food. He then uses the A&P for a survey which depicts where residents live in relation to shopping. He noted that 70% of the shoppers live within one block of the store and 92% live within 4 blocks of the store.

Despite this conclusion he notes that Niles shopping has developed along a ribbon along Milwaukee Avenue. It is spread out along the highway and is generated at major intersections. It does not seem to draw its support from its residential areas adjacent to them. Evidence of this is proved by the thinning out of commercial areas between Howard and Oakton even though the area is central to Niles residential areas. Most interestingly he concludes that Niles seems to have developed to serve through traffic rather than residents of the town.

In a conclusion I'm sure we all agree with Newling that there is a preponderance of commercial outlets whose function is to serve through traffic rather than the residents of Niles. Gas stations, eating places and taverns are all very much in evidence while shops supplying the household needs of the residents appear to be more limited.

In reviewing industrial development and traffic generation he notes this is a recent phenomenon. In 1949 A.B. Dick first established themselves in Niles. Owning large tracts of land it sold much of it and the influx of industry took place in the fifties. Reasons for this influx were many. Access to a good labor supply plus the room for large one-story plants were the principal reasons for their development in their present locations. Unconquered multi-storied buildings in run-down neighborhoods were the principal reasons for moving from the city.

Since the industries manufacture high value products per unit of weight shipments can be handled economically by truck and the area being well-served with roads makes it desirable for industry.

Taking the A.B. Dick Company as an example he notes that 80% of her employees came from Chicago in 1948 whereas today it has been reduced to 59%. Niles has only increased from 2.8% to 4.3% in this period but he sees a trend where internal traffic will be greater whereas outside traffic coming into Niles will be less.

In his conclusion he makes many interesting observations. He notes that patterns of urban growth are a response to traffic flow and transportation routes. Second, he notes that the lack of a single focal point is related to its heavily-travelled highways which dissect the town. He notes that the late development of the town is due to its interstitial location, located diagonally between the two railroad tracks.

Development of a shopping center at Oakton-Waukegan and a municipal center at Oakton-Waukegan would give the town a focal point. (This center was a recommendation of the Gardner report).

Expressway and tollway development both east and west of Niles is likely to affect the growth of Niles by reducing the north-south traffic along Milwaukee Avenue and increasing the east-west flow along Touhy, Oakton and Dempster.

Park Board

(Continued from Page 1)
for the property at Oakton and Waukegan. While the plans for a shopping center seem quite definite the plans for the building of multiple dwellings in the area have been formulated. It is expected the zoning board will hear a request at tonight's meeting for the rezoning of part of the center-area for B-1 zoning for the multiple dwelling units. The eastern and southern areas of Lawrencewood may be used for these type of buildings if the village approves the zoning request.

This is one of the reasons why the park board is moving quickly for the referendum. They believe if any building is started this will be an additional expense which will result from the necessary condemnation proceedings. Commissioner Giovannelli stated the board would "take out" a judgement against the Lawrencewood interests in the event any such building is started before the referendum.

The board will meet again Tuesday night to develop ideas for a brochure which will be presented to the voters before election time.

The costs for the referendum will be nominal. Only advertising and election costs, which will likely cost less than \$500, will be forthcoming from this election. The charges for the architectural firm are on a commission basis which includes their plans plus the sub-contracting of the entire project. It is estimated these costs will run around \$18 to \$20,000 which is about 5% of the costs of the proposed \$350,000 center. If the referendum is rejected the firm would not receive any fee for their plans.

The park board considered an earlier date for the referendum but decided on the October 24 date to enable Niles' voters to thoroughly understand the board's proposals. They will present their plans to all civic groups in the community during the next six weeks.

In their remaining action concerning the referendum it was agreed that the fieldhouse would be one of the two voting poll locations and they were seriously considering the new library just south of Oakton at Waukegan as the location for the second poll.

Esoterically

(Continued on Page 4)

Condolences are offered to Bill Baum and Jerry Thomas, both Oakton Manor residents, who suffered the loss of their father on August 22nd, another victim of cancer. Earth has no sorrow that Heaven cannot heal. Time is short, eternity is long.

I would personally like to commend Jules Panderia, recreation director of the Niles Park District for the fine job he has done in the short time he has had charge of youth activities. He, in conjunction with the Park Board, has instituted and supervised the movies, volleyball, tennis, softball and the recreation open to teens at the Grennan Heights fieldhouse. These include pool (table donated by Niles V.F.W.), shuffle board, floor tennis, checkers and dancing. Bowling is in the offing for youngsters this fall. Keep up the good work!

The Little Squares, a square dance group that meets at the fieldhouse also deserves praise for their part in tiling the floor of the fieldhouse.

Here's to continued growth of this fine spirit of cooperation that is beginning to manifest itself in Niles.

Niles, Wisconsin Teams Split In Baseball Finale

The Peanut League wound up its final week of baseball for this year, so these are the final standings.

	W	L
Niles Baseball	16	2
League Cubs	15	3
Chamber of Commerce Tigers	15	3
Niles Baseball	12	5
League Eagles	10	7
Niles Baseball	8	10
League Braves	7	11
Better Brands & Bob's Drive In Bears	7	11
Niles Baseball	7	11
League Cardinals	7	11
Niles Baseball	7	12
League Gophers	6	12
Niles Baseball	6	12
League Indians	2	16
League Wildcats	2	16

Two teams from Sharon, Wis., came to Niles last Sunday to help wind up the Niles Baseball League season as they have in the past few years. The event was the Annual Ice Cream Social of the Woman's Auxiliary, and included 2 ball games, prizes, and lots of goodies.

In the first game of the afternoon the Niles Little League All-Stars defeated Sharon Little League by a score of 5-2. Jerry Glade of Sharon was the batting star with a double and 2 home runs in 3 times at the plate. Don Klipowicz of Niles also had a home run. Roger Saberson was the winning pitcher giving up only 5 hits while striking out 13 and giving up no walks. Jack Mains and Roy Ostermann pitched for Sharon and gave up only 5 hits, struck out 8 and walked one. Ostermann was charged with the loss. Extra base hits were awarded free cases of Pepsi. Winners were Jerry Glade of Sharon and Don Klipowicz of Niles for home runs and Wayne Wisniewski of Niles for his triple. Chuck Davis did a very nice job on the commentary of the game.

In the Pony League game between Sharon and Niles a complete reversal was made. Sharon won by a score of 7-0. Oates of Sharon won the only free case of Pepsi with a home run on the very first pitch of the game. Nelson was the winning pitcher

with 16 strikeouts to his credit. He gave up only 3 singles, 2 by Glen Larson and one by Bill Gutschow. Joe Paladino was the losing pitcher with Don Metz in relief. "Flyball Fletcher" was at the mike for this game and gave a very good account of the game. The Niles Baseball League wishes to thank Sharon Wisconsin for coming in and helping us make the ice cream social a success. The sportsmanship shown by all the teams was excellent and it is a tribute to the American National pastime. Winner of the Pepsi-Cola cool-er was Mrs. Miller of Sharon Wisconsin.

Transistor Radio was won by Mrs. Estelle Stroble of Niles, and Mrs. Conrad of Niles took home the grand prize which was a portable television set.

Deve Noble, manager of the Pony League Champs, The Chamber of Commerce team is very happy this year, as he has been managing teams in Niles for the past 8 years and this is the first time he has come up with the Championship team. Judge Anton Smigiel and Trustee John Poeschl were on hand from the Chamber of Commerce, sponsors of the team; to award individual trophies to each boy on the team.

Callero & Catino, sponsors of the Niles Little League champs, The Red Legs, also awarded individual trophies to the members of their team. Mr. Nick Saviano is the Red Legs manager.

Mr. Harold Panzella, Niles Baseball Commissioner, made the trophy presentations to the sponsors of each team.

Tell Of Kelyvn Park Class Of '43 Reunion

"200 reservation notices have been mailed regarding the Kelyvn Park June '43 Class Reunion Dinner to be held on Saturday, October 17 at the LaSalle Hotel. We are still lacking 85 alumni. If anyone has not received a notice, please contact Amelia Sadoski, 6151 W. Cornelia, Chicago 34. Reservations must be in by September 15."

Woman's Club's First Meeting Sept. 13

The Women's Club of Niles will open the new club season by holding their annual Membership Tea Sunday, September 13, from 3 to 5 p.m., at the Bunker Hill Country Club, 6635 Milwaukee, Niles.

Mrs. Vincent C. Weber, 8207 N. Elmore, Membership Chairman, is completing arrangements to welcome all prospective members and acquaint them with the club's many worthwhile activities.

Members of the board will serve as hostesses and Social Chairman, Mrs. Allen D. Carlton, 8015 N. Merrill, is in charge of refreshments.

A cordial invitation is extended to all women of Niles to bring your neighbor and enjoy a lovely afternoon.

The most exciting news to reach these ears since last I sat at this old typewriter to bat out our bi-weekly message was word that super-salesman, Cliff Eickhoff and his wife, Inge, have just returned from sharing a flying trip to enjoy the beauty and glamour of Mexico City for one week. The trip was the top award in a sales contest conducted by Automotive Hardware where Cliff obviously earns a lucrative livelihood for his family which includes Dick, 9, Linda, 7, and Janet, 9 months. While mom and pop were away the kids split up and had their own change of scene with various aunts and grandmas.

The most disappointing news was that Judy and Jim Schick have put their house up for sale and will take up residence in a roomy house on a two and a half acre tract in Will County. Jim's company has transferred him to offices in Lamont, Illinois. They will be living in the country ten miles from Joliet and eight miles from Palos Park. Though this wonderful couple have no children of their own they devoted many of their free hours to the youth of Niles and have more or less adopted the children on their block as nieces and nephews. Everyone will surely miss Aunt Judy and Uncle Jim and it is certain no one will ever forget their kindness and generosity.

St. John Brebeuf's Queen of the Rosary Circle is offering for sale "177 Recipes", the favorites of women of the parish. If you are interested in having in your kitchen this handy booklet of tried and proven food-preparing ideas, Mrs. Joseph Nage, Jr., of 7811 N. Neva says you may have one for only \$1.25 by calling NI 7-8589. Sue Esser says the Madonna Circle of St. John's is planning a Luncheon to be served party for Thursday, October 15th at 1:00 p.m. in the school hall. She would love it if you would call her for tickets at TA 3-9461.

Claudia Esser was four on September 10th and held a belated birthday party for six little guests on September 15th.

My own first born son, Bill, was seventeen on September 18th. You can't miss him, he is the guy with the over expanded chest in the new blue and white jacket. Sometimes I think he will burst with pride about his school. Perhaps this pride is well founded and we offer as an example nineteen year old Susie, daughter of Jan and Bill Beck, who is a graduate of Maine. Direct from the school she went to work for Washington National Insurance Company in Evanston and in a year has attained the position of secretary to a top executive. Truly ample testimony to her training and personal ability. Her parents are indeed proud of this young lady as are all of her friends.

Three families on Elmore Street have purchased new homes but like Niles well enough to stay in the Village. They will issue election of the Niles Park

Sam Taylor, (l. to r.) Chicago Cubs catcher, Bob Lindberg, manager of Golf-Mil Lanes, Dave Hillman, Cubs pitcher and Chuck Bailey, master of ceremonies during the Golf-Mil Lanes grand opening present a trophy to Stanley 'Red' Brady, paraplegic bowling champ from Milwaukee, Wisconsin. The trophy was presented to 'Red' for beating Sammy Taylor in a match game. 'Red' a Korean war vet has quite a collection of trophies for his prowess with the ebony sphere. The two Cub players appeared Sunday evening August 30 at Golf-Mil Lanes and signed autographs for hundreds of thrilled kids. There is still choice league time available and open bowling is invited. Golf-Mil Lanes is at 9300 Milwaukee Avenue, Niles, Illinois.

Attempt To Reconciliate Village, Park Conflicts

The outcome of the Niles Citizens Committee's third meeting on September 1st was a decision to act as a mediating body to attempt a reconciliation between the Park Board and the Niles Village Board.

Since the Park District was created by vote of the people of Niles a few years ago, there has been an obvious lack of cooperation between the two groups. This is difficult to understand when the faith of the voters is entrusted to the elected trustees and commissioners to serve the people to the best of their ability. The existing condition can be largely attributed to a conflict of personalities and interests, in the case of the latter possibly of a personal and private concern. A letter was dispatched to the Village Board at the direction of the Committee requesting the Board to name a date and location for a joint session of all groups to air their grievances, real and imagined, and have them explained away or apologies extended.

The meeting was held on Monday, September 14th at the Village Hall. Present were members of the Village Board, Mayor Frank Stankowicz, president, John Stanley, John Poeschl, John Trocki, Sam Bruno, Ed Marszałek, trustees. All members of the Park Board were in attendance. They include Louis A. Schreiner, president, Frank Jacobs, Bernard Miller, Charles Giovannelli, Walter Zalud, commissioners. Representing the Woman's Club of Niles, the organizing group for the Committee, were: Mrs. William D. Egan, president, Mrs. Edward Walger, Chairman of the club's Community Achievement Committee, and Mrs. Howard A. Payne, Mr. Sigmund Lewicki, president of the New North Niles Homeowners, presided as chairman of the meeting. Dave Besser spoke for the Niles Chamber of Commerce. George A. Gauthier represented Niles Civic Organization. Rudolph S. Hazucha, president of the Library Board, spoke on their behalf. Robert Rysell, vice-chairman of Jonquil Terrace Association, did much to keep the issue at hand before the Committee. Joseph Golik represented the Junior of Commerce. An equally urgent matter taken up at the meeting was the proposed bond issue election of the Niles Park

Letters To The Editor

by Owen Gaede, Sophomore
During this summer a rocket club has been formed in Niles. The full title of this club is The Niles Rocket Society. With a present membership of ten, the club is expanding at a steady rate.

During the present the club is still in the formation process. For the time being we are concentrating on two things. First of all the club is trying to arrange for some tours through airfields and missile bases as well as through colleges working with problems in metallurgy, chemistry, physics, and other problems dealing in rocketry. Also we are trying to find a reliable man or woman who is willing to sponsor the club so that finally we can build and fire our own rockets.

In order to fire rockets legally we must:

- Have a capable technical adviser(s). This means more than an interested teacher. We must have men who understand explosives and their chemistry and use, ballistics, metallurgy, and organization.
- Have a good launching area with good ground and air clearance.
- Have official local clearance. Before we start we must contact state and local fire and police authorities.
- Before each firing contact one of the eighty-nine Civil Aeronautics Administration of

Dear Sir;
Please renew my subscription to the Bugle for one year. Congratulations on the job you are doing — I find more pertinent news in your paper than I do in many others many times its size — I especially appreciate your coverage of the politics and the Village meetings.

Thanks,
Sincerely,
Peg Kartines

Mr. & Mrs. Eugene Briars, 8239 Osceola, proudly announce the arrival of their newest heir, Baby Brian Eugene was born at the Ravenswood Hosp., on Sept. 10. He weighed 7½ lb. His older brothers, Clifford and Jeff were so excited over the new little brother, they could hardly wait for Mommy to bring the baby home.

The Robert Dittmans, 8207 Octavia finally did it! After 3 little girls, their little fireman finally came. Baby Mark Neall was born at the Louis Weiss Memorial on Sept. 11 and he's a husky 8 lb. 4 oz. boy. Congratulations to Bob and LaVergne, to his little sisters, Roberta, Diane and Cynthia and also to both sets of very proud grandparents, Mr. & Mrs. John Poeschl and Mr. & Mrs. Ernest Dittman of Lake Zurich.

Miss Beth Williamson of Skokie became the bride of Mr. Kenneth Kay, son of Mr. & Mrs. Marion Kay, 6534 Ebinger Drive. The wedding was held at the St. Peters Church in Skokie, on Sat., Sept. 12 at 1:30 P.M. After a honeymoon in Florida, the couple will reside at 7514 Kirk Drive, Niles.

Miss Mary Ann Antonacci, daughter of Mr. & Mrs. Herbert Antonacci of Peoria Heights, will be married to Mr. Robert Asciutto, son of Mr. & Mrs. Alfred Asciutto, 8107 Osceola, on Sept. 26, at 11:00 A.M. at the St. Thomas church. The newlyweds will live in Dixon, Ill. Mary Ann and Bob will be the guests of honor at an open house which will be held at his parents home on Sun. Oct. 4, at 4:00 P.M. All relatives, friends and neighbors are invited.

I'm happy to report that Mrs. Louis Knapstein, 8325 Osceola is well on her way to full recovery after her operation at the Michael Reese Hosp. Her hubby and their 2 children, Bob and Mary, really surprised Mommy. When she got home, something new had been added to the living room, something she always wanted, a Piano. What a nice welcome home gift that must have been.

Mrs. Arnold Kolenburg, 7443 Main, is feeling a lot better and getting back to normal after having pneumonia. She is such a busy person, it doesn't seem right to hear she's been spending her time in bed. Hurry and get well, Rita.

The welcome mat is out for a new Niles family and we hope you will like suburban living. Arnie & Inez Lange and their children, Jimmy - 5, Diane - 2, and twin daughters Karen and Kathy who are 7 mo., moved here from Chicago and are now at home at 7824 Oleander. Inez is the sister of Mrs. Dean Eldund of Niles and both Arnie and Dean feel that now that the 2 sisters live near each other, the phone bills will be a lot smaller and they can apply the savings on their respective mortgages.

Birthday greetings to Mr. Wayne Semmerling who was 14 on Aug. 30. Miss Lucille Eagan who was 14 on Sept. 10. Miss Linda Scully who was 11 on Sept. 12 and Master Jeff (Continued on Page 7)

Seated are Danny Dahlstrom and Pat Dallesandro.

Annexation

(Continued from Page 1)
get anything built before next summer to aid the areas village officials are considering annexing.

Trustee John Stanley, who has led Niles' territorial pushes, said the areas being considered were mostly undeveloped. He was referring to about 200 acres of land with approximately 200 homes in the Ballard-Davis area and land north and west of the Ballard Gardens section. Stanley also presented a possible solution to this problem by suggesting the village might consider purchasing a private water utility, the Domestic Utilities Company, which now services part of the area. Stanley said the owner was susceptible to such a purchase. The entire matter was referred to committee for study pending the village engineer's report which specifically diagrams Niles' day to day water consumption and diagrams her needs for the future.

Annexation talk, which may find Niles' borders extending west to the Tri-State Highway and north to Central Road, has been stimulated the past weeks due to a request from Realtor William Alter, whose actions indicate his desire to receive Niles' water for the northwest area. He has contended he must give definite proof to the County Zoning Board as to arrangements for water service before receiving zoning approval for his area which is at present in unincorporated area. He admits he would like Niles' water facilities but adds that he may enter into an agreement with the aforementioned utility company of water, to enable him to receive his desired zoning in the county. However, Alter's desire for an immediate answer will have to be forestalled until village officials decide whether they can adequately service the area with water.

The village engineers' report broke down Niles' future water needs into two categories. The first grouping used Greenwood Avenue as the western village border north of Dempster and the second figures were for area whose borders are Potter Road and Central Avenues.

If Greenwood became the border Lewis said Niles estimated population would be about 31,000 by 1980. If the added borders were included in the village then her population would soar to 45,000 in this same period. In the first instance land for a 1.8 million gallon reservoir, the reser-

(Continued on Page 7)

Zoning Board Delays Multiple Dwelling Action

(Continued from Page 1)
attempting to break-up the land. He said he would like to see the beginning of a shopping center before the breaking up of any land in the area.

A Mr. Williams, representing the Washington Construction Company, said the owners have been faced with many handicaps during the past years. He cited that the American Shopping Center had a 99-year lease on the property but had defaulted on this lease. He said the past two years the land owners have been attempting to put together funds to build the shopping center themselves. He added that during the intervening time the school board caused an additional obstacle when they procured property for a school amidst part of this property. He cited that the owners had a million dollars tied up in the property at this time and that it costs several million dollars to build such an intended project.

Williams then mentioned that the owners had applied for a loan with a large mortgage house and had placed \$30,000 of intent money with the mortgage house for the purpose of acquiring a loan for the shopping center. Williams then emphasized the sincerity of their intentions by citing the names of businesses which are (or were) interested in leasing part of the center. He said it was public record that Goldblatts has a lease for the property. He then added the names of Local Loan, Ford Hopkins, Kroger, Hi Low, Western Tire, Shoreline Cleaners, Shoe Corporation of America and Red Owl as stores which have inquired about the property. He added Kresge's as the second store which has a lease for space in the center.

Park Board Commissioner Bernard Miller antagonized the shopping center people with remarks concerning their petitions. When the gas station petition was presented Miller stated he would formally like to object to this petition and mentioned the park plans for the area as the reason for his objection. The center's attorneys said the fact that there is an impending referendum is not important. They stated that because they do have a referendum it does not mean they are going to get the property. They added that the price may be too prohibitive for the purchase of the land.

Zoning Board member Wente said the park board member seems to insist on bringing up this referendum inferring that it is not significant as far as the zoning board is concerned (since they are only concerned with zoning problems per se, Ed. Note).

After the gas station petition was denied and the apartment zoning was tabled Miller threatened both the zoning board as well as the village board. He said, "I will work to take the people off the zoning board who are always pushing multiple dwellings. You were appointed, not elected. I say throw them and the trustees out!"

Zoning Board member Ed Baumler, aroused by Miller's

playing to the grandstand (Miller was enthusiastically applauded by the audience by the previous speech) said to Miller, "Mister Miller, you fail to realize that we might have done you a favor here tonight. You are shooting your mouth off go sell your referendum and don't try to sell us... don't worry about me... don't worry about your referendum and the rest of the people in Niles... go sell them." Baumler's words were booed by the partisan crowd.

After the Miller-Baumler exchange other residents questioned the zoning board regarding the limiting of multiple dwellings in Niles and particularly in this area. Mrs. Krogstie, 7840 Nora, asked what the limitations are regarding the number of persons living on a given amount of acreage. She wondered what the code was. Her question was left unanswered.

Kirk Lane president Len Symanski asked if the zoning board would consider the possibility of limiting mass multiple dwellings. He recognized the rightful place of them as a border on undesirable property but wondered if they could be restricted to a certain number per acre. He was interested primarily in the disbursement of the buildings rather than their concentration in one area.

Zoning board president Cass said village planner Carl Gardner estimated 10% of the village could have multiple dwellings. Cass estimated that not more than 3 to 4% of Niles now has these type of buildings.

Mr. Kostech, 7011 Cleveland, was not impressed with the village planner's 10% multiple dwelling suggestion. He said he believed it was poor planning. He added that he believed the zoning board should listen to what the people want. He then cited the delinquency problem in Niles as quite serious inferring that multiple dwellings would add to this already rising problem.

School board member Walter Kramer gave his opinion regarding the shopping center people's actions. "It appears to me that these people are operating on nothing. They are counting on money they will get from that sale of this property. I feel when they sell and still can't get enough money they are going to rezone another 18 acres so that they can sell this for additional housing. They talk about spending \$30,000. If they have the financial backing \$30,000 is peanuts... most of which can be written off as taxes. Taking off the money they got from the school board that land cost them

It is often difficult to define the deviousness of the political mind and what appears on the surface to be sincerity must be accepted as such, until future actions disclose failure to acquiesce to the wishes of the voters whose interests they have vowed to uphold in assuming the responsibility of their office.

The Committee feels that the meeting of September 14th was a stride forward toward its goal of all groups working together in unity of purpose.

Left Hand

(Continued from Page 1)

Getting the two groups to work together is about as easy as having Krushchev sell Communism to the nation's industrialists.

The Zoning Board is the best public body we have serving the village today. They seem unaffected by any pressures which they are confronted. Baumler and Wente both gave unpopular opinions at last week's meeting which was attended by a jam-packed audience. The previous meeting Jim Maloney did likewise and Scheel and Cass have stood on their own feet many times in the recent past. Neither the hysteria of the crowds nor the impressiveness of the petitioners has swayed the Board from thinking independently.

New Jr. Hi. For District 63

Plans for the proposed new junior high school for East Main School District No. 63 will be discussed by members of the Board of Education at various civic meetings during the next few days.

A bond referendum will be held on Saturday, October 10, 1959, for the purpose of seeking approval of the necessary \$600,000 bond issue so that the building can be constructed and placed in operation by September, 1960. The building will include 18 classrooms which have been designed to serve the junior high program in the district. The building will also have a dual purpose gymnasium and a lunchroom area. The building will be located on the newly purchased site at Greenwood and Ballard Roads.

Zoning Board Delays Multiple Dwelling Action

(Continued from Page 4)
approximately \$180,000. If and when they can sell the 52 acres it will certainly enable them to get back their money. They are using this as a financial mechanism... they would have to appear here to ask you to help them finance their shopping center."

In other actions G.M. Sloan received rezoning from A Residential to D Commercial to build apartment buildings alongside the St. John Lutheran property on Milwaukee Avenue. It was unanimously approved after a letter from the church approved the plans.

A petition for the rezoning of 18 acres of property from Residential A to B-2 Multiple dwellings on Dempster Street between Greenwood and Prospect was tabled until September 24.

Unanimously approved rezoning to Commercial D property bordering Dempster and Carol Streets and west of Harlem to the village limits. Nathan Schwartz, petitioner, stated they have three prospective tenants for the property. He said Thom McAnn, a Howard Johnson restaurant and; Vignola furniture were all interested in the area.

Approved a B-2 rezoning for property running from the easterly limits of the village along Carol Street west to Harlem and south to Greenleaf and east to Sherman Road for multiple dwellings. It was approved by four board members with Scheel voting against the rezoning and Franklin "passing" on the vote.

A petition by Weller and Rauschenberg for allowing the building of a single family dwelling on a 30 foot lot on the southwest corner of Wisner and Keeney was tabled at the suggestion of Wente until it could be determined if the neighbor next to this property would be interested in selling his property.

Approved a second petition by Weller and Rauschenberg for building a single family dwelling on a 30 foot lot at 8125 Odell. Scheel and Wente voted against the variation.

Howard Sellergren was unanimously denied permission to build housing units in excess of six units at 8015-19 Oriole Avenue. Phillip Forman presented a petition with 51 signatures opposing this request. Zoning Board member Jim Maloney queried Sellergren about providing parking in the area. While Sellergren said he would provide off street parking Maloney took dimly of his answer after asking him about the off street parking which Sellergren has for his building across the street. Sellergren said he was entitled to use 90% of his property in answer to Maloney's question "as to how he got away with it" regarding the parking which Maloney said now blocks the sidewalk in the area. Maloney added that he thought Sellergren "overdid it a bit" in this parking dilemma which resulted.

Approved a rezoning to B-2 Residential for multiple dwellings for a triangular area bounded by Milwaukee, Lee and Ozanam Avenues. About 12 apartments are planned for the area.

The meeting was then adjourned until September 24 (tonight).

all share the same street in the newly developed area south of Dempster between Greenwood and Cumberland. They are Lorraine and Bill Theobald, Susan and Dean, Esther and Florian Petsch and son, Gregg and Marge and Paul Petsch and children Nancy and Johnny. They all feel the need to spread out and their neighbors hope that the new owners of their vacated premises will be as nice as they have been.

A purely personal observation has been that the Park Board has incorporated in their proposed community center every possible facility that could be desired by the people of Niles. True all these improvements will cost but when weighed against the pleasure we will all enjoy from such a center and the increase in property values there should be no question as to how to vote on October 24th. Must

Chatter Matter

(Continued from Page 4)

Poltera who had his 5th birthday on Sept. 12.

Mr. & Mrs. Lynn Doud and their children Gary, Chuck and Donna, drove to Scottsdale, Ariz. for one week, where they visited Mrs. Doud's sister. They spent one day in Mexico and the whole family had a real good time. Mrs. Doud just raved over the beautiful scenery and they certainly enjoyed their trip.

Joe & Dolores La Grippe and their young'uns Linda & Jody enjoyed a one week vacation at Lily Lake, Wisc. They rented a cottage, which was shared by their friends and everyone had an enjoyable time.

Mr. & Mrs. Frank Congiu and their youngest daughter Geri, 8025 Oconto, spent 2 weeks in Alabama this summer, visiting Mrs. Congiu's mother. The middle of Sept. they drove to their oldest daughter Marilyn, to Milwaukee, where she is a student at Marquette Uni. Their in-between daughter Darlene, is a Senior at St. Scholastica. By the way, even though I'm a little late, congratulations to Frank and Willard on their 20th wedding anni. which they celebrated on July 23.

Mr. & Mrs. George Quinn, 8245 Olcott, would like me to do some thanking for them. This summer, 4 of their children were at camp in Mich. On one of the week-ends, the parents drove there to pick up the youngsters, leaving Mark who is an invalid, in the care of Mrs. Quinn's mother. When they reached Holland, they decided to call home and see if Mark was alright. The operator couldn't get through to their home, she told them that the phone was off the hook. They tried to call all their neighbors but none of them could be reached. The Quinns were frantic with worry. They imagined all sorts of things. They finally called the Niles Police, explained the situation to them and the Police said they would check immediately. The Quinns waited for about 20 min. and called the Police back again. Meantime, 2 officers checked their home, and found that everything was fine. The reason no one could be reached by phone, was because of some line trouble and for an hour, all the phones were dead. The Quinns were very relieved to hear all of this and due to the kindness of the Police Dept. they drove home without any more worries. Thanks boys for a job well done.

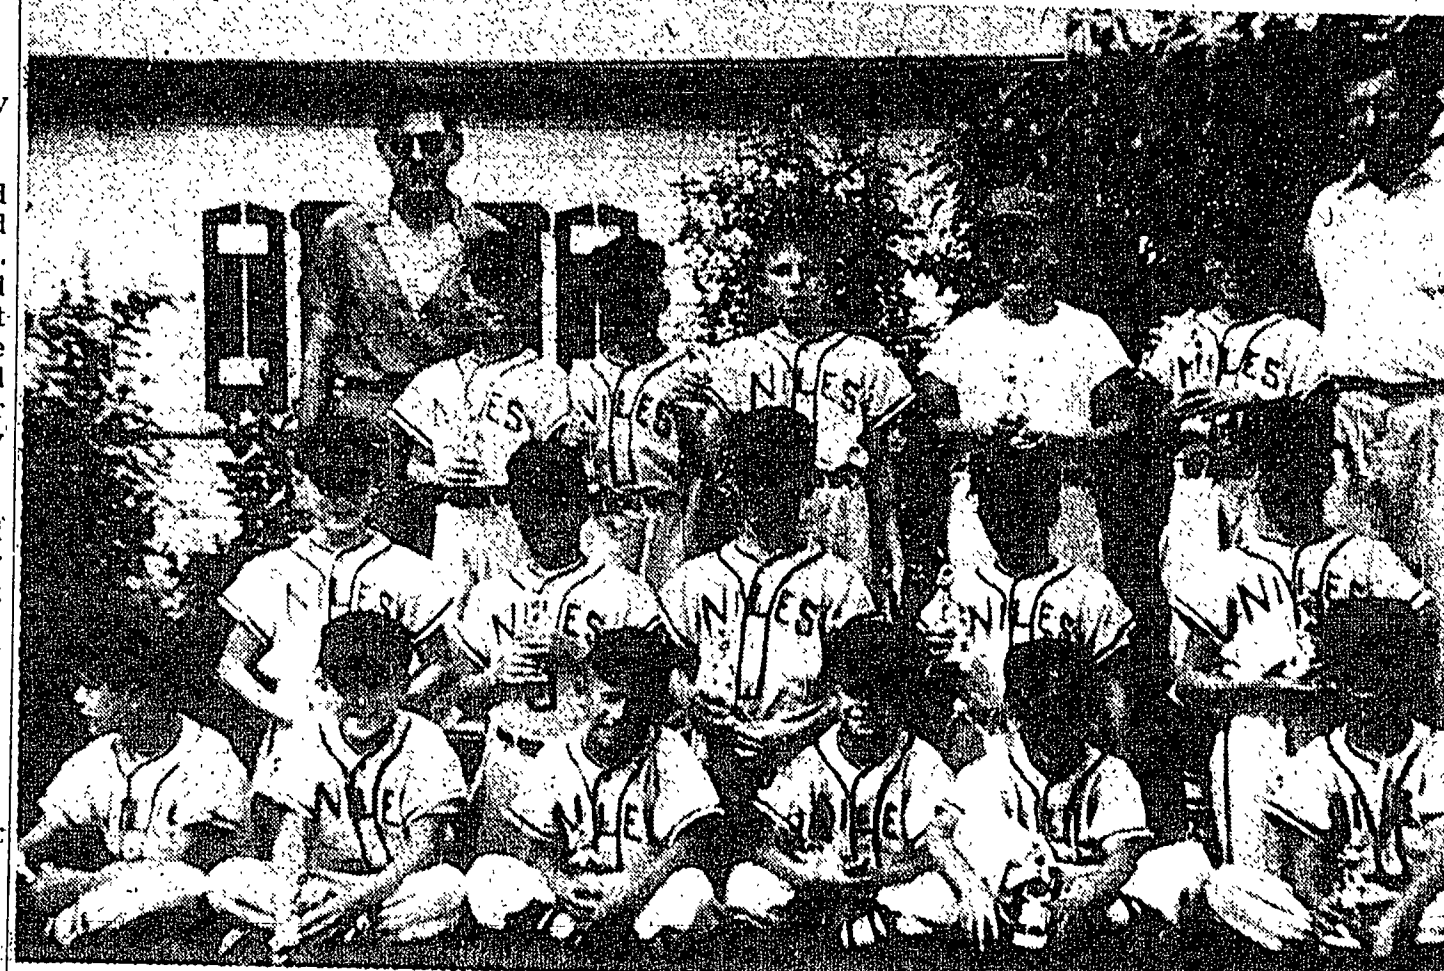

Since the Quinns moved here they have been having trouble with their lawn. Seems like everything grew on it except grass. They decided to try and reseed again, for the third time. As always, in a friendly neighborhood, start a job and everyone stands around giving advice. For the Quinns it turned out different. Two side walk supt. stopped to give advice but in just a matter of minutes, they both grabbed a shovel and dug in. The job was done in half the time and the lawn is sure to be green this time, thanks to 2 very helpful neighbors, Mr. Ken Glawe and Mr. Fred Haase.

The Double Boogie Twilight Golf League held their 2nd annual banquet at Lone Tree Inn, Sat. Sept. 12. The wives of the golfers were special guests. The outgoing officers were Mr. Tony Castle - Pres. and Mr. Ted Olsen - Treas. The new officers are: Mr. Joe La Grippe - Pres. and Mr. Aug. Scully - Treas. There are 24 members in the league.

On Tues. Oct. 6, the annual Pantry Shower for the Sisters, will be held at the regular meeting of the St. John Brebeuf Catholic Women's Club. As in the past, the children in each class, will receive a list of suggested items that they may bring during the day. In the evening, the members of the club make their cash donations. All the food and the money is then turned over to the Sisters and they can purchase what ever else they will still need. I hope every member will be present at this shower, to help make it a big success.

Maine Enrollment

Enrollment figures released at Maine Township high school last week show a slight edge of girls over boys, 1563 to 1528. This is considered good distribution by educators as girls usually far outnumber boys in secondary schools.

The present count of 3091 is nearly 200 less than last year's double-shift enrollment. Classes are smaller this year, but corridor traffic has increased. 3000 students are now thrown into the corridors between classes while last year, only 2500 students were assigned to each shift. 2400 students are now registered at Maine West in Des Plaines.

In other village action bids for a street sweeper and a truck were referred to committee for review. Set aside October 6 to meet with zoning board to study new zoning code. Accepted bid for a new fire service truck. Split costs on 50-50 basis with Frank Pokorney, 8117 Oketo, for sidewalk renewal on his property. Stanley dissented because he was afraid of the precedent which may be started by this action.

Unanimously approved plans by Charles Insolia for 168 six unit townhouses on 15 acre tract north of Golf between Greenwood and Milwaukee. The area is outside village limits but must be approved since it falls within one and a half mile limit of the village. Referred to attorney Wells legal problem concerning pension eligibility of Captain Charles Bacher of the Fire Department. The meeting was then adjourned until the first Monday in October.

Tell District 64 Enrollment

Dr. Blair Plimpton, superintendent of schools, Elementary School District 64, states that enrollment figures for the schools in District 64 show that 5677 pupils are enrolled in the schools of District 64 for the coming year. There are now 12 schools in the district.

The following figures show the enrollment by schools: Carpenter 527, Edison 208, Field 682, Franklin 416, Jefferson 367, Madison 401, Merrill 376, Oakton 245, Roosevelt 647, Washington 618, Emerson 277, Lincoln 935.

Enrollment by grades show the total figure for kindergarten to be 864, 1st grade 609, 2nd grade 605, 3rd grade 632, 4th grade 574, 5th grade 597, 6th grade 565, 7th grade 604, 8th grade 594, special classes 33.

The present enrollment figure of 5677 shows an increase of 331 over the June, 1959, figure. This present enrollment figure is a growth of 380 over the September, 1958, figure.

Some children from the kindergarten classes of Jefferson, Merrill and Roosevelt schools have been moved to other schools in the district to provide better facilities. A sixth grade class was also moved from Jefferson to the Oakton School. They are transported free of charge by bus.

Growth in several areas, particularly in the north side of the school district, deserve attention because of the increase in home building. This will probably be reflected in further increase of school population.
