## DOING BUSINESS IN NILES HELPS FINANCE STREET IMPROVEMENTS

Motor fuel tax money returns helps to build new streets as well as improve old ones.

By supporting your Niles Gas Stations, state tax money spent there is returned in part TO NILES to be used for streets, and sidewalks also curb improvements.

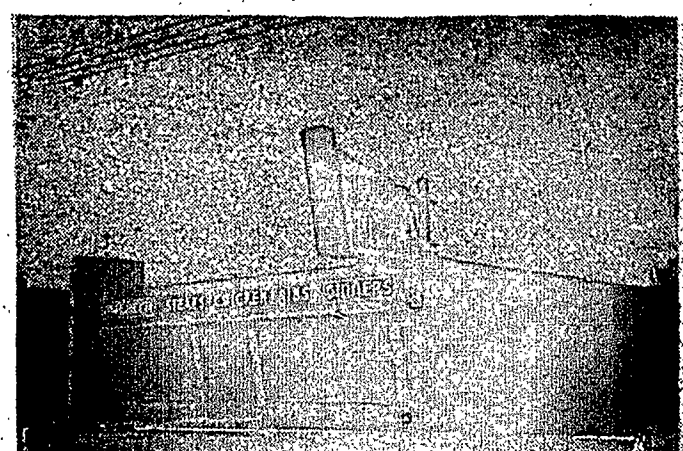

AS AN EXAMPLE... Oakton-Manor and Grennan Heights residents both received about 33% reduction in their street assessments due to the applying of motor fuel tax money returns to the construction of streets IN NILES.... one more example why "It's good business to do your business in Niles..... It Makes Good Sense... and Cents."

## WHEN YOU DO BUSINESS IN NILES.....

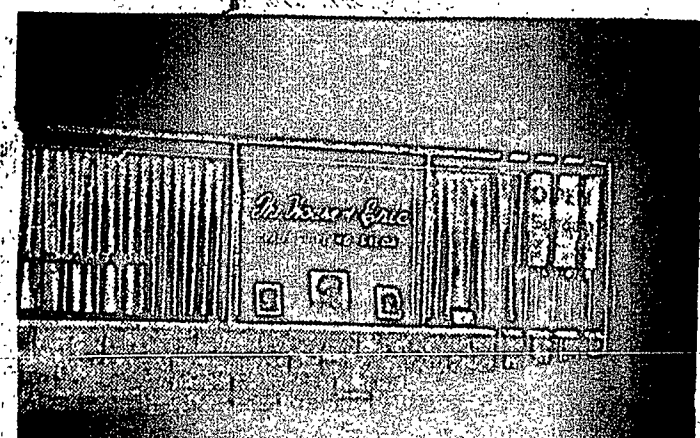

Sales Tax Money comes back to serve you.....1/2 cent of every dollar spent IN NILES is returned TO NILES.....

AS AN EXAMPLE.... Sales Tax returns can purchase new sidewalks and a street lighting program for Niles.

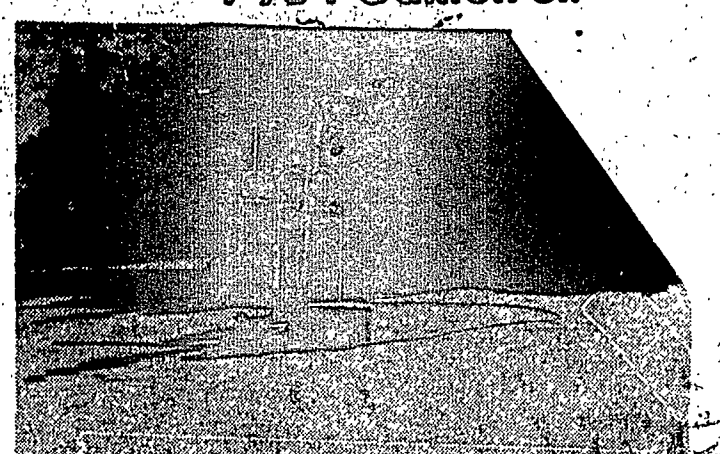

....one more example why "It's good business to do your business in Niles..... It Makes Good Sense... And Cents."

## From The Left Hand

by David Besser  
Editor & Publisher

Our 1964 "We Told You So Department" officially is initiated with the news that Niles ex-magistrate, now associate judge of the circuit court is sitting in downtown Chicago courts. Tony Smigel will be hearing certain types of divorce cases in the loop courts. Here in Niles Judge Cullen has been residing during these first days under the new court system. Thus, while Nilesites were under the illusion that they'd have their own local judge sitting in Niles, they now find their judge they put into a lifetime job, away from the base where they expected him to be. And meanwhile back at the Touhy-Waukegan area the \$200,000 courtroom-police station is being built. Nilesites are paying for a new courtroom which will try cases mostly for outside residents. The former magistrate got his bonanza, and as Mr. Blase says: "Niles will have the prestige of having its own court". Mr. Blase, Scheel, Szymanski and Company pulled a boner which may cost taxpayers as much as \$500,000, and in an area which is contrary to the recommendation of village planner Carl Gardner.... same song...a new year.

In 1964....What can you look forward to in Niles?

### STREET LIGHTS

The expected illumination of Milwaukee Avenue is now waiting state approval....it is hoped that the new lights will go up by springtime. The new luminous lights will extend from Albion Avenue north to Golf Road.

### STOP LIGHTS

Springtime is also the time when three major stoplights should ease crossing Milwaukee Avenue. Lights are scheduled for Main, Dempster and Ballard Roads.

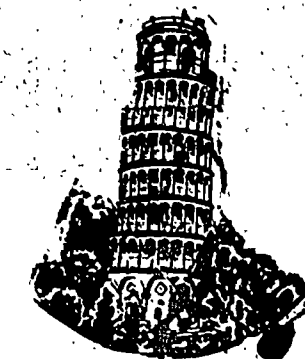

### OAKTON STREET

Widening of Oakton street to a four lane highway is expected to begin in March or April. The long expected improvement will alleviate much of the present congestion, as well as ease traffic in neighboring east-west streets.

The manger scene, which is annually displayed on the village hall lawn, was in too poor condition to be displayed. Mayor Blase said a new display would have had to be purchased at a cost of \$1300.

## Village Bd. To Meet Mondays

Beginning Monday, January 13, the Niles village board will hold its meetings on the second and fourth Monday evenings at 8 P.M. Previously the meetings were held on Tuesday evenings, having been changed from Wednesday nights five years ago. A request from local newspapers initiated the action.

MG Village Attorney Says 'Building Court Without Knowing Is Waste'

## JIM ORPHAN: 'NEW COURT WASTE OF MONEY'

Hyperbaric Oxygen Chambers

Commends MG Trustees' Prudence

Morton Grove's village attorney Jim Orphan said Tuesday night "to spend large sums of money for a new village courtroom without knowing (of the need for it) would be a waste of the taxpayers money".

Speaking of the new court system which went into effect under the Blue Ballot amendment January 1, Orphan urged his town to co-operate with this new system, giving it a chance to grow.

Orphan said the accomplishment of the passage of the Blue Ballot amendment, which resulted in the new court system, has been studied for 100 years. He noted that the resultant consolidation of Illinois courts is a major accomplishment, and noted that only a very few states in the United States have taken this forward step.

He noted the new system would take time to jell, and urged residents to co-operate with the system. In Morton Grove traffic tickets will be handled in Lincolnwood, while criminal cases and more other serious cases will be handled in Skokie.

In Niles, which passed a hurried up village court vote last year, Niles judge Tony Smigel

## Lutheran Hospital's \$1,000,000 Facility Largest In World

A \$1 million dollar hyperbaric oxygen facility will be dedicated February 5 at the Lutheran General Hospital, Park Ridge. With the completion of this facility, the Chicago area will have the largest hyperbaric oxygen center in the world to date.

The dedication will feature a medical workshop on hyperbaric (high pressure) oxygenation which is expected to attract about 500 doctors. The workshop is sponsored by the John A. Hartford Foundation and Lutheran General Hospital.

Dr. I. Boerema will be the featured speaker at the February workshop. He began hyperbaric oxygen medical research about ten years ago at Netherlands University, Amsterdam.

Other speakers at the workshop will include Dr. A. R. Behnke, Captain, USN (ret.) San Francisco, and Capt. G.F. Bond, Naval Medical Research Laboratory, New London, Conn., both veterans of the

Navy's submarine branch; Dr. J.W. Bean, University of Michigan School of Medicine, Ann Arbor; Dr. G.G. Nahas, Columbia University, New York, and Dr. E. H. Lanphier, University of Buffalo, New York.

Hyperbaric oxygen is a relatively simple procedure. Patients are placed in a pressure chamber and subjected to 30 pounds gauge pressure of compressed air and then given pure oxygen to breathe. Under these conditions, the patient's blood carries 15 times the oxygen that it normally does.

Research in this technique indicates potential value in impaired circulation (blue babies) strokes, shock, burns, certain infections, healing of fractures, and as an aid to radiation treatment of cancer, according to Dr. Jack van Elk, head of the research team.

The Lutheran General facility was made possible by grants of more than \$500,000 by the

John A. Hartford Foundation, New York City, and by grants Continued on Page 12

## Charley Mynah Turns Pigeon

A burglary in the early morning hours at Mr. Billiards, 9515 Milwaukee Avenue, January 2, netted a robber \$275 and some billiard equipment.

Despite the early morning hour, the entire theft took place under the watchful eyes of Charley Mynah, who silently witnessed the entire caper.

Reporting it to Niles police store owner Bob Howley had it recorded in Niles police record that 7 month old Charley, the Mynah Bird, viewed the entire affair. And since Charley has a vocabulary which is colored with expletives, the culprits' every actions were ably described to the police by Charley. Because of Charley's story, Howley has requested that a police guard be assigned to Charley...sort of a Mynah-guard.

## Judge Cullen Sits In Niles

The judge sitting in the Niles court presently is Judge Cullen, a resident from our township area. Under the new court system activated January 1 Cullen will hear criminal cases as well as similar cases heard previously in the Niles magistrate's court.

Anton Smigel, former magistrate in Niles, is now an associate of the circuit court, and is presently hearing divorce cases in the courts in Chicago. Because it is a circuit court system it can be anticipated that the judges may be moved around the county, though judges specializing in one area (trusts, divorces, etc) are likely to remain in that area.

Karen Nelson Weds John Sharrock

In a candlelight ceremony, Karen Jo Nelson became the wife of John A. Sharrock on Saturday, November 30, 1963. The bride is the daughter of Mr. and Mrs. Clarence J. Nelson, 8263 Morrill Street, Niles. The groom is the son of Mr. and Mrs. Charles E. Sharrock of Ashland, Ohio. The wedding, which took place at 4:30 p.m. at St. Luke's Lutheran Church, Park Ridge, was performed by Rev. Ernest E. Habig and Dr. Walter D. Spangler. Mrs. Helen Fess sang "O Perfect Love" and "The Greatest of These is Love," accompanied on the organ by Mrs. Esther Kaub Johnson.

Miss Nelson was preceded down the aisle by bridesmaids Gail Reicher of Park Ridge and Betty Churchill of Minooka, Illinois, maid-of-honor Lynn Barron, Watertown, South Dakota, and three-year old Mary Ellen Sharrock of Cincinnati, Ohio, the groom's niece. The bride's dress was of white Skimmers satin with a chapel length train and long tapered sleeves. The bodice, which had a scalloped neckline, was trimmed with Alencon lace, seed pearls and sequins. The bouffant skirt was accented in back with two satin roses at the waist and appliques of seed pearls and sequins on the train. Her three tier butterfly veil was draped to a headpiece of small satin rosebuds and pearls, and she carried a colonial bouquet of white roses, lily of the valley, stephanotis and white streamers. Her attendants wore gold satin dresses with brown velvet leaves

## Jupiter Discount To Open Store In Lawrencewood

The S.S. Kresge Company will open a new Jupiter discount store in the present location of the Kresge variety store at Lawrencewood Center. The change is planned to serve shoppers in the area.

Doors to the Kresge store will close Feb. 1. The Jupiter store is scheduled to open in the remodeled building March 12. New fixtures and display techniques will be employed both for greater customer convenience and economy. This economy is reflected in the low

discount prices.

Jupiter is a popular selection discount store, offering lines such as clothing for the entire family, household needs, and small appliances.

The Kresge Company now operates 51 Jupiter stores in the United States and Canada, with plans to convert 21 more units to Jupiter.

Currently there are 877 Kresge operated stores in 42 states, the District of Columbia, Canada, and Puerto Rico.

## Niles Community Church

Niles Community Church will hold its annual congregational and corporation meeting at the church on Friday, January 17th preceded by a family Pot Luck dinner at 6:30 p.m. Members and friends of the congregation are encouraged to attend.

The Women's Association of Niles Community Church will meet at 8:00 p.m. on Tuesday, January 14th. On the program is the film, "Ludhiana Made the Difference", which concerns a young girl and her life and work in a mission hospital in India.

The World Service Department of the Women's Association will have a World Service Work Day at the Church on Wednesday, January 15th from 10 a.m. to 3:00 p.m.

The theme for Couples Club's monthly party on January 11th will be "June and January". Host couples are Mr. & Mrs. Palmer Cole, Mr. and Mrs. Fred Swanson and Mr. & Mrs. Evert Haase.

## Seminar At Niles High Schools

During the current school semester, the Niles Township High Schools are offering a new facet of learning to their students.

Each week, the Career Seminar Program brings people from various professions and vocations to the schools. It affords each student the opportunity to meet and converse with personalities from different occupations.

Each speaker is selected by the school's guidance staff on the basis of his enthusiasm for his profession and his willingness to help young adults learn more about his field. The speakers representing the careers have a dual purpose. They not only furnish students with ideas for possible vocations, but also serve to broaden the students' knowledge by acquainting them with the various aspects of the careers they represent.

During a typical seminar, the student learns what requirements the profession demands and what type of individual is best suited to the particular profession.

The student is also able to ascertain the exact function of each profession and to receive a glimpse of the atmosphere surrounding the occupation. The lectures are accompanied by a question and answer period, are frequently supplemented by the use of visual aids.

The seminars are more than mere statistical presentations of occupational information, said Robert Redig, Niles counselor, they bring students into contact with a variety of people and are an attempt to reach students who need guidance in career selection.

Student attendance at the seminars so far has proven them to be of significant worth Redig said. By the end of the school year 10,000 students should have been reached, he predicted.

During the months of November and December, representatives from the fields of pharmacy, drafting, air transportation service, and dentistry will contribute to the seminar program. Students are being urged to make these programs a regular part of their academic program at the Niles Township High Schools.

Joanne Catherine Beardsley, daughter of Mr. & Mrs. Harold Beardsley, received the sacrament of Baptism on Sunday December 29th at Niles Community Church.

A group of eighteen members of the Senior High Westminster Youth Fellowship of Niles Community Church held a weekend Retreat on January 4 and 5 at Camp Stronghold in Oregon, Illinois. Both program planning and recreation were on the agenda at their picturesque "castle" setting. Adult sponsors who accompanied the group were Mr. Rodney Peters, Student Assistant Pastor and Mrs. Peters, Mr. & Mrs. Ted Small, Mrs. Jack Harrison, Mr. & Mrs. George Neisen and Mr. Leonard Swanson.

The Niners Youth Group program on Sunday January 5th was the film "Adventure in Canada" followed by games and refreshments. Mr. & Mrs. Chester Polak were Adult sponsors for the evening.

## Your Health Board Speaks

The problem of obesity is a difficult and joyless one for the individual afflicted. If he is 20 or 30 lbs. overweight he is considered obese. What effect will it have on his life? Life insurance statistics indicate that he is more likely to develop heart disease, diabetes, high blood pressure and other life shortening conditions and to die younger. Besides being a poor surgical risk and having a lowered resistance to infection, his appearance and feeling of well being are considerably impaired.

If all this is true why is a fat man fat? Perhaps the truest answer is that he eats too much. He will take in more calories (a measure of heat or energy) than his body can utilize. He may blame metabolism—which is the rate at which bodies burn energy—and certainly in a few cases poorly functioning glands do contribute to overweight; but even in these instances, under a physician's diet a patient CAN lose weight.

If our protagonist is over age 30 or 40 he often overlooks the fact that the body's requirements change as he grows older. His metabolism slows down and he needs fewer calories to maintain his weight.

He may claim heredity as his reason; and it is interesting to note here that a recent study in a leading medical journal points out that there is a strong familial tendency toward development of obesity, and that observations of obese adolescent people revealed that one or both of their parents were obese. Significantly, when persons from overweight families change their eating habits, it has been proven that they too can

lose weight. This study further pointed out that the adolescents under observation seemed to have three personality patterns, (1) the dependent immature individual clinging to his or her mother, (2) the angry aggressive type, particularly the eldest child who was expected to assume responsibility for younger siblings, whose anger and hostility forces his toward food for satisfaction, and (3) the emotionally disturbed type whose intense loneliness and distrust of others can be aided with psychiatric care.

It would seem that in a vast majority of cases, the obese person is compensating for some unsatisfied basic need that he lacks and stern self-analysis is necessary to cope with and ameliorate the situation. Unfortunately this is extremely difficult—he either cannot or will not do so.

Thus, the skill of a physician is necessary to help determine the cause of a person's obesity and to determine a sane regimen of weight reduction. In the consideration of "crash" diets, the physician may prescribe the use of drugs in addition to, but not in place of a diet. An individual should never embark on a diet with drugs without the advice and guidance of a physician. Drugs can be dangerous! One drug released in the early '30's without medical sanction caused deafness, blindness, and paralysis before it was pulled off the shelves.

In conclusion, it is urged if obesity is your problem that you consult your physician for a sane diet, which will probably include regulated exercise to augment it. And remember, there is no safe way to reduce without reducing food intake.

## Lutheran General Offers Course To Clergymen

A ten-week course on "The Pastor as a Marriage Counselor" will be offered by the Department of Pastoral Care at Lutheran General Hospital, Park Ridge. The course is open to clergymen of all faiths according to the Rev. Lawrence E. Esau, department director.

Classes will be taught by Dr. Richard Cox, clinical psychologist, and Dr. Truman Esau, psychiatrist. Sessions meet from 3:30 to 5:30 p.m. on Tuesdays. Opening class is January 14. Sessions will run to February 11 and then break until after Easter with classes resuming on April 7.

Dr. Cox is chief clinical psychologist at the Covenant Counseling Center in Chicago. In addition to his duties at Lutheran General, he is also on the faculty of Northwestern University Medical School.

Dr. Esau is director of the Covenant Counseling Center. He was formerly director of the Community Child Guidance Center in Manchester, Conn.

The course is part of the educational program carried on by the Department of Pastoral Care at Lutheran General. Classes and institutes are offered to clergymen of the area.

## Maine Ridge Boy Scout News

John Voip, 7120 Keeney, Niles chairman of the Maine Ridge district Boy Scouts of America, has appointed Hugh M. Macdonald, 1522 Talcott, Park Ridge, as district commissioner. Macdonald brings a wealth of scouting experience covering twenty years to this position.

Macdonald and his staff of neighborhood commissioners serve assigned units to help leaders do more effective programming for their boys. These volunteer scouts see that a good quality program is available through the roundtables. They disseminate the latest information and program helps and promote training and advancement within the units they serve.

He has served as cubmaster

and assistant scoutmaster in Detroit, scoutmaster in Grand Rapids, camping chairman and district commissioner of the North Star district in Kansas City, Mo., and neighborhood commissioner and assistant district commissioner in Niles and Park Ridge.

Mac has the scoutmaster's key, scouters award, Arrowhead honor, member of the Order of the Arrow and from the Kansas City Council the Order of Merit.

With the H. J. Heinz Company since 1928 in various capacities, Mac is now office manager of the Chicago district. The family are members of the Park Ridge Presbyterian church and son Bill is a member of their Troop 50.

## Committee Of 101 Prepares Fact Sheet To Aid Maine Hi Tax Increase

The serious need for enough income to keep Maine Township High Schools operating on a cash basis is being detailed in a fact sheet now in preparation by co-chairmen of the Committee of 101, according to Dr. Earle W. Wiltse, Superintendent of Township High School District No. 207.

"The Committee of 101," Dr. Wiltse explained, "consists of volunteers representing thousands of Maine Township residents vitally concerned about the current shortage of income for the Educational Fund." "These people," the superintendent continued, "have pledged active support for the Board of Education's request to voters to approve on Saturday, February 15, 1964, raising the ceiling on the Educational Fund levy from \$1.06 to \$1.21 per \$100 of assessed valuation."

In its introduction the fact sheet details the rapidly growing need for more knowledge by all young people "just to keep up with the fast-changing world."

"These are serious times for the schools," the fact sheet begins. "Eighty per cent of all the scientists in the world have known through history are alive and working today so that everyone needs more knowledge to keep up with the progress that will come in the years ahead."

"Schools are more important than ever," the fact sheet continues, "for they:

"Boy who wants to be up-to-date as a future businessman or salesman.

"Girl who looks forward to running a good home or working in business.

"Growing young man who wants to join the ranks of scientists, teachers, doctors, lawyers or other professional groups."

Two factors have created the need for greater income to pay teachers' salaries and for equipment and supplies needed by the 7,300 students now in Maine East and West. The first of these is the rapid growth in high school enrollment. This jumped 689 students this year over a year ago, according to the fact sheet.

The second factor has been that the assessed valuation of property in Maine Township has not increased as fast as the costs have gone up in the last ten years.

The present Educational fund levy of \$1.06 per \$100 of assessed valuation has not been changed for six years since the last increase of 21 cents was voted by a 2 1/2 to 1 majority on April 13, 1957. That was a 24.7%

jump over the previous rate, according to the fact sheet. The change of 15 cents, which voters are being asked to approve February 15, is a 14.1% increase.

Those who can vote on school matters are described by the fact sheet. They include everybody 21 years of age and over who have lived in Illinois one year or more, Cook County 90 days or more, and in Maine Township for 30 days or more, and who is a registered voter.

Co-chairmen of the Committee of 101 are Robert C. Winkler, representing the unincorporated areas of Township High School District No. 207, Walter S. Christopher for Park Ridge, Paul Rivard for Des Plaines, and William Gurdinick of Morton Grove for the East Maine area.

They set forth in the fact sheet that while the 15 cent

change will end the existing deficit operation of the high school district's Educational Fund, no one can say whether it will be permanently sufficient or not. "It is impossible to answer the question of how long the 15 cent increase will last," the fact sheet reads, "because money available for school operations depends upon the total assessed valuation of all property in the school district."

"If the assessed valuation goes up, the amount of money available to operate schools goes up; if the property goes down or does not increase as fast as student enrollment, the rate must go up to bring in sufficient revenue to pay the costs of education."

"We know," the co-chairmen continue in the fact sheet, "that it has been six years since an increase in the Educational Fund was voted. The Board of Education plans to continue

its basic philosophy and practice of economy in high school operations."

"We hope that it might never again be necessary to ask for a tax increase to operate schools, but NO promise can be made as long as the number of students keeps growing and the costs of operating schools as well as any business keep rising."

Supporters of the need to keep the high schools operating on a cash basis may volunteer their efforts to the Committee of 101 by writing Dr. Wiltse or telephoning him at 825-4267.

Naturally. What's more personal than a conversation? If everyone in your family makes and receives telephone calls, they deserve their own phone. Two or three extra extensions in your home can mean a world of new convenience for the whole family... plus a big saving in time and effort. You'll be surprised at how little it costs. Call us today and see.

## 'There's No Biz Like Show Biz' At Nilehi West

Nilehi West's 1964 Redskins' Review, "There's No Biz Like Show Biz," to be presented the evenings of February 21 and 22 in the school's auditorium, will feature a wide variety of entertainment for its audience.

These were the words of the Redskins' student director Holly Semloff, who also commented that the extensive rehearsals which have already started should give the annual all-school variety show a polished and highly entertaining flavor.

Featured in the show, which is a satire on the Ed Sullivan TV program, are chorus lines, instrumental groups, and specialty acts. Chorus line groups will present such selections as "Two Generations" from the Flower Drum Song, themes from "Pan-

ger Man," "I Won't Grow Up," and "Swinging on a Star."

An instrumental group consisting of an organ and drums will present an act called "Sea Chanties."

Because of the large turnout for auditions (about 500 students representing 62 acts), outstanding acts have been chosen for the first time as stand-in acts, reported Ronald Van Arsdale, faculty sponsor. These "ex-

tras," Van Arsdale said, will rehearse regularly and will appear on the program to entertain the audience while judges select the winner in each act category of the show's presentations.

## Another Morn. Community College Proposal To Be Presented To Voters

The boards of education of four Cook County High School Districts have approved a plan to bring before the public a proposal for establishment of a community college district and two-year community college in the north suburban area.

The agony and ecstasy of the well-groomed housewife, on television who finds herself, detergent in hand and dirty socks on the kitchen table, inside the hidden camera, the incredulous delight of the two simple housewives in the basement laundry, when the magic tablet man arrives with a tray of refreshments; the poor stupid little bride, who allows her husband to wear shirts with tattle-tale gray on his collars, unaware that bleach will solve all her marital problems—don't they choke you with emotion????

The opulence of the American way—now the kids don't have to learn how to talk—they get tape recorders instead; they need no other learning how to write—the typewriters are here for their pleasure and education—and they never have learned how to walk—for the cars are given to them on their sixteenth birthday. And our kids think we're "Monsters from the Deep" because we insist they learn how to talk, walk, write and think all on their own!

The suburban schools, particularly the Irene Hynes school and the Golt Junior turned in a beautiful job of their holiday programming. Too many of the schools I've been to have made the Christmas holidays an orgy of religious observance and that is to be heartily deplored. Our school system was not meant to indulge in religious education; a passing mention is more than enough in our constitutionally secular schools. The musical programs in both schools were artistic, erudite and thoroughly charming; there was music light, gay, of all national origins with a light smattering of Christmas and Chanukah songs and particularly gratifying was the opportunity given the youngsters to appreciate the classical beauty of Beethoven and Brahms, for a start, into their formal musical education. A deep bow of appreciation and thanks to the Supt. of Schools, William J. Stouff, I find that our schools are well integrated in the white denominational groupings, but it won't be the American way, until we are thoroughly integrated racially, also.

Fathers are such kind, gentle understanding people—But, after being home with the kids during the holidays—of necessity listening to these same kids hour after hour after hour, battling, squabbling, high spirited playing and galloping around the house—it will be at least 30 days before they tell their wives—"Why aren't you more patient with the children—why do you scold them so much—why don't you concentrate on them more?" At least mine will. He's had it! And he was home only part of the days!!

And so, we're into '64 now. Will we find that Utopia, that haven of peace, where we can all live happily ever after? Perhaps with the right detergent, the perfect deodorant, the incomparable tested toothpaste, etc.? I doubt it. No one lives happily ever after and no one in their right mind would want to—Nothing would be a greater bore and waste of that explosive energy which is bubbling inside most of us.

Announcement of the action was made by Dr. LeRoy Smith, who has been appointed chairman of a Steering Committee which will be responsible for reporting to residents of the four school districts on the need and feasibility of a community college in the area.

The Steering Committee also is authorized to initiate action for a spring referendum to establish a community college district. The Steering Committee is made up of 12 members, including one school board member, the high school superintendent and the chairman of a Citizens' Committee from each of the four high school districts.

The proposed college district will include the following communities: Skokie, Morton Grove, Niles, Golf, Lincolnwood, Glenview, Northbrook, Wheeling, Prospect Heights, Mt. Prospect, Elk Grove Village, Rolling Meadows, Arlington Heights, Palatine, Inverness, Hoffman Estates, Schaumburg, Buffalo Grove, South Barrington and Hanover Park.

These communities are served by Cook County High School Districts #21, 21A, 21B and 22S.

The critical need for a two-year college in the area is documented in a North Suburban Chicago Community College Survey which was sponsored and supported by local high school boards of education. The survey was completed in 1962 and supplemented last year with additional data pertaining to the four school districts involved.

The proposed community college would present four programs of education which would be available to high school graduates who are residents of the area. These programs are: 1. A two-year college credit transfer course allowing transfer to a degree-granting college or university in the junior year. 2. Vocational education courses, such as engineering technician, electronics, business administration and medical technician, as well as other advanced terminal courses needed by the community. 3. Part-time enrollment in all courses. 4. Adult education and retraining programs.

According to Dr. Smith, the community college will help meet a growing shortage of college facilities in Illinois and will make college-level courses available to more people, more economically than in most other institutions.

In emphasizing the need for a community college, Dr. Smith cited statistics from the Illinois Commission for Higher Education that reveal that the number of Illinois college-age youths, 18 and 21, will increase by 56 per cent from 1960 to 1970. The projected increase in capacity of colleges and universities in Illinois for the same period, however, is only 10 per cent.

Even if this 10 per cent increase were tripled, according to Dr. Smith, there would still exist a shortage of 80,000 college spaces in the Chicago area alone by 1970.

With a proposed tuition cost of \$200 per year, the community college can offer significant

cost savings to students who would live at home, compared to schools with dormitory facilities. These savings would be in terms of both tuition and on-campus dormitory expense.

By 1965, it is estimated that tuition, room and board per year will average \$2,500 in

public universities and \$3,000 in private universities.

In addition, the community college, as contrasted to a branch of an existing university, can develop policies and programs best adapted to this specific community as it is controlled by a locally elected board of education.

Dr. Smith also pointed out that a community which has established such a college will be able to take advantage of the financial aid provided by state and federal governments, in terms of both capital expenditures and operating costs, thereby benefiting both students and residents of the area.

### FREE! FRIGIDAIRE ICE EJECTOR & SERVER

## DOING BUSINESS IN NILES HELPS FINANCE STREET IMPROVEMENTS

Motor fuel tax money returns helps to build new streets as well as improve old ones.

By supporting your Niles Gas Stations, state tax money spent there is returned in part TO NILES to be used for streets, and sidewalks also curb improvements.

AS AN EXAMPLE.. Oakton Manor and Grannan Heights residents both received about 33% reduction in their street assessments due to the applying of motor fuel tax money returns to the construction of streets IN NILES.... one more example example why "it's a good business to do your business in Niles..... It Makes Good Sense... and Cents."

## WHEN YOU DO BUSINESS IN NILES.....

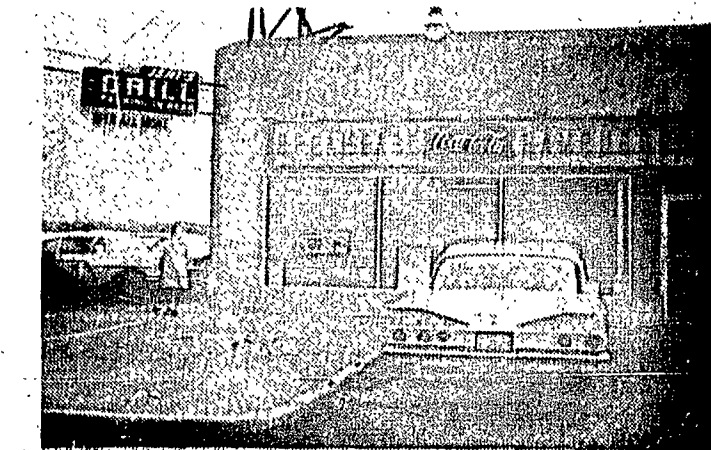

Sales Tax Money comes back to serve you..... 1/2 cent of a very dollar spent IN NILES is returned TO NILES.....

AS AN EXAMPLE.... Sales Tax returns can purchase new sidewalks and a street lighting program for Niles.

.....one more example why "it's good business to do your business in Niles..... It Makes Good Sense... And Cents."

## Santa Is Host At Lions Party

Santa Claus in the person of Lion John Poeschl of 8947 Milwaukee, Niles, played host to the many sons and daughters of members of the Lions Club of Niles at the recent annual Christmas party for the young fry, supervised by Lion Stan Lowe of 6242 Oleander, Niles, and held in the Rathskeller of Niles Bowling center, 7333 Milwaukee, Niles. Colored movie cartoons were shown. Toys and games were passed out by Sam

and refreshments were served to the youngsters. Santa was ably assisted by Mrs. Frank Hanson of 8028 Wisner, Niles, and Mrs. Stan Lowe, The children also enjoyed the company of "Duke," a leader dog and constant companion of Lion Bill Wettendorf.

Mr. George Emmett, district governor of Lions clubs will be speaker at the next regular noonday luncheon meeting on January 2, 1964, to be held in

Lone Tree Inn, 7710 Milwaukee, Niles.

Adults in photo L. to R. Mrs. Stan W. Lowe of 6242 Oleander, Mrs. Frank Hanson of 8028 Wisner, Mr. Stan Lowe and "Santa" John Poeschl of 8947 Milwaukee, all of Niles. Santa holds "Duke" a leader dog for the blind.

## Elmer Krier Dies At Age 65

Elmer Krier, 65, of 8030 Milwaukee Avenue, Niles, formerly a resident of Norwood Park, died in Saint Francis Hospital, Evanston, Christmas Day, after a short illness.

Mr. Krier was a legal adviser, associated with the Phoenix-London Group Insurance Company for 37 years. He was a past president of the Quarter Century Club at Phoenix-London.

He is survived by his wife, Myrtle, nee Talazus, a daughter, Joan Kane, two sons, Thomas G. and Ned P., and his grandchildren, Herbie, Nancy, and Tim Kane, Debbie and Lori Krier.

Services were held in the M.J. Sueth Funeral Home at 1 p.m. Saturday, December 28, with Rev. Howard F. Boyer, pastor of the Edison Park United Church of Christ officiating, with interment following in Ridgewood Cemetery.

Floyd T. Fuller, Maine Township Republican Committeeman, wishes to call attention to the fact that in accordance with the Illinois Election Code, registration of voters in the offices of city, village and town clerks will terminate at the close of business on Monday, January 20, 1964.

The County Election Department, Room 230, County Building, 118 N. Clark Street, Chicago, will continue to accept new registrations and transfer applications daily from 9 a.m. to 5 p.m. and on Saturdays from 9 a.m. until 12 noon.

## Nilesite's Cousin Dies In Edison Park

Marie Bauckmeyer, 75, of 6849 N. Oriole, a resident of Edison Park for almost forty years, died in Lutheran General Hospital Thursday evening, December 26th.

Miss Bauckmeyer was a member of Edison Park Chapter #987, O.E.S.

Services were held in the M.H. Sueth Funeral Home at 1:30 p.m. Monday December 30th, with Rev. Howard F. Boyer officiating, followed by burial in Acacia Park Cemetery.

Surviving are two cousins, Helen Pearson, of Niles, and Carl Bitter.

The Bugle, Thursday, January 9, 1964

## 3 Niles West Students Compete For Art Scholarship

Three Niles West students recently participated in a competitive exam for an one-semester nation scholarship to the art school of the Chicago Art Institute.

Seniors Sue Franklin, Julie Schulman, and Gary Kiszley were the three Niles West students who entered the competition held at the Goodman Theater.

She commented that the participants, some with beards, some in leopards, others in mixtures of plaid and print clothing, created a kaleidoscope of impressions.

"You think you're so good, until you see the work of some of the other participants," she said.

During the three-hour competition, each participant from the Chicago and suburban public high schools and parochial high schools was required to make sketches of 10 minute action poses of a model, a composition of any object in the room, a composition using one of the sketches of the model combined with an imaginary setting suggested by the costume, and a memory drawing on selected topics.

Julie Schulman, who plans to take courses at the Art Institute whether she wins the scholarship or not, said the sketches of the model was a new experience for her. Different but fun, she said.

Despite these impressions, Julie added, friendliness generally prevailed, and the whole thing seemed like a relaxed social gathering rather than competition.

Julie, who is interested in a liberal education, intends to attend the University of Chicago where it is possible to take affiliated art courses at the Art Institute.

She feels that her specific interest will eventually be illustration and fashion design. However, she also feels that it is more important for her to be a well-rounded artist, and to be this will require her to take a variety of art courses.

**Goodwill Industries Launch After Christmas Drive**

Goodwill Industries has launched an After Christmas Drive for usable clothing, toys, household articles and appliances that were replaced by Santa Claus.

Purpose of the Campaign is to insure a steady flow of these articles to Goodwill Industries' Headquarters to keep handicapped persons employed full time throughout the winter.

Donated material will be renovated by Goodwill's Handicapped Employees and sold through the Organization's 11 retail stores.

**William Ragotto, Executive** Director of Goodwill Industries said, "It takes 50,000 pounds of clothing daily, plus 320 pieces of furniture, TVs or small electrical appliances to keep handicapped workers employed just for one day."

Those who have usable clothing, toys, household articles and appliances to donate are asked to call toll free, Mrs. D. Bockelman, Goodwill's Representative at OR 5-7775. She will arrange to have the materials picked up.

**Cub Scout Pack 175**

The Cub Scouts of pack 175 and their parents enjoyed a combined Christmas party and pack meeting on December 19 in St. John Brebeuf Church hall.

After flag raising and the recitation of the oath of allegiance, each scout den had a hand in decorating the Christmas tree with ornaments the boys had fashioned at their weekly den meetings. Each den then had the opportunity of displaying its members' talents by presenting skits and recitations appropriate to the Christmas season.

Following the entertainment James Karp and Wayne Cicelik were initiated into the pack and Bobcat pins were bestowed upon them by Scoutmaster Larry Lennihan.

Thomas Feid, John Buesse and Bill Sturm became Bears, and Martin Drath and Carl Kully were given the Wolf award. Greg Silberg attained the rank of Lion and received in addition a gold and silver arrow. Darrell Ebert also received a gold arrow and Gary Lee and Toby Prange were presented with their silver arrows.

David Mayer and Jeff Borkowski earned their one-year pins and to Tom Less went a two year pin.

In the midst of these festivities who should appear but Santa Claus. To the delight of the scouts Santa presented a gift to each of them, and even had candy canes for the scouts' younger brothers and sisters who were present.

When Santa left the meeting was adjourned with retirement of the colors.

**Cub Scout Pack 175**

The Cub Scouts of pack 175 and their parents enjoyed a combined Christmas party and pack meeting on December 19 in St. John Brebeuf Church hall.

After flag raising and the recitation of the oath of allegiance, each scout den had a hand in decorating the Christmas tree with ornaments the boys had fashioned at their weekly den meetings. Each den then had the opportunity of displaying its members' talents by presenting skits and recitations appropriate to the Christmas season.

Following the entertainment James Karp and Wayne Cicelik were initiated into the pack and Bobcat pins were bestowed upon them by Scoutmaster Larry Lennihan.

Thomas Feid, John Buesse and Bill Sturm became Bears, and Martin Drath and Carl Kully were given the Wolf award. Greg Silberg attained the rank of Lion and received in addition a gold and silver arrow. Darrell Ebert also received a gold arrow and Gary Lee and Toby Prange were presented with their silver arrows.

David Mayer and Jeff Borkowski earned their one-year pins and to Tom Less went a two year pin.

In the midst of these festivities who should appear but Santa Claus. To the delight of the scouts Santa presented a gift to each of them, and even had candy canes for the scouts' younger brothers and sisters who were present.

When Santa left the meeting was adjourned with retirement of the colors.

**James Carlton graduates** to the Webelos.

**Semi-Pro Bowling Club**  
**At Golf Mill Lanes**

The Semi-Pro Bowling Club bowls at Golf Mill Lanes on Mondays at 9:30 P.M. It is composed of 12 teams mostly bowlers from the Northwest suburbs and some from Chicago.

The league closed out the year of 1963 in a blaze of glory.

December 23rd results were as follows:

1. New High Team Game - 1076 by Addison Industrial Contractors.  
 2. High Individual Game - 269 by Bill Raduna.  
 3. High Individual Series - 684 by Bill Luebke.  
 4. Fourteen 600 or better series.

December 30th results were

**Goodwill Industries Launch After Christmas Drive**

Goodwill Industries has launched an After Christmas Drive for usable clothing, toys, household articles and appliances that were replaced by Santa Claus.

Purpose of the Campaign is to insure a steady flow of these articles to Goodwill Industries' Headquarters to keep handicapped persons employed full time throughout the winter.

Donated material will be renovated by Goodwill's Handicapped Employees and sold through the Organization's 11 retail stores.

**William Ragotto, Executive** Director of Goodwill Industries said, "It takes 50,000 pounds of clothing daily, plus 320 pieces of furniture, TVs or small electrical appliances to keep handicapped workers employed just for one day."

Those who have usable clothing, toys, household articles and appliances to donate are asked to call toll free, Mrs. D. Bockelman, Goodwill's Representative at OR 5-7775. She will arrange to have the materials picked up.

## Northwest YMCA Offers

**Scuba Diving Course**

Are you tired of the cold weather we've been having? Maybe you would like to take a vacation to the warm beaches of Florida or Nassau but there isn't much of a chance of this happening. Here is a way to make it.

The average Scuba diver that takes a course in Skin and Scuba diving stands a very good chance of getting there. As many as 80 per cent of all divers get to salt water within two years from when they started diving. You may think this to be far fetched but your wrong.

I personally know many people who thought the same way. They soon found themselves enjoying warm beaches and clear water. So if you would like to increase your chances of making it to the warm air and sunshine take up Skin and Scuba diving.

The Northwest Suburban YMCA is starting a new course in Skin and Scuba diving on January 10. This course is taught by 7 nationally certified YMCA instructors. The class starts at 7:30 each Friday evening and goes until 10:30. The first one and one-half hours are spent in a classroom lecture session. Following class there is a coffee and cake session for all students and instructors, where questions are answered and the class may be discussed.

The coffee and cake is furnished by the Narcosis Knights Skin and Scuba Diving Club. Anyone successfully completing the course may join this club.
