

Letters To The Editor

Jim Pryde On Smigiel Article

Dear Mr. Besser:

I frankly confess that I do not understand your suggestive article "Niles Own Judge (From Golf Drops in for a Month)".

As a boy in the middle west, I amused myself by holding a stick across a gateway that the sheep had to pass through. After the first few sheep had jumped over the stick, I took it away; however, the other sheep leaped through the gateway over an imaginary barrier. The only reason for their jumping was that those in front had jumped. The sheep is not the only animal with that tendency. Almost all of us are prone to do what others are believing and to accept, without question, the testimony of prominent men.

Mr. Besser, you must admit that you in your position are without question considered prominent in this Village.

Your article suggests that because Judge Smigiel has moved from the Village he is to be held in contempt. Do we ignore the honor and prestige he has brought the Village?

If we are to follow your suggestion, then we must consider you in the same way, for you too have moved from our Village.

Someone may ask "What is a suggestion?" As a prominent editor of a newspaper, you know that "A suggestion is getting the mind to accept an idea without offering any proof or demonstration."

You have suggested that Nilesites have footed the bill for a Court Room. The fact is that a new Council Chamber was built at a cost of \$31,000.00 not \$200,000.00. Because the room is not in use by the Council 100% of the time, they invited the new Circuit Court system to hold one of their district courts in Niles.

Have you ever asked the Niles Police Personnel how much it has meant to them to have the Court here instead of some distant Village, or an unfortunate citizen who has been given a summons that he does not have to drive to a distant Village to appear in Court.

Your article suggests that the Court is of no benefit to the Village because of serving mostly outside residents.

The fact is that two days a week are for the Village of Niles cases only. The other days are for felony cases, of which we are proud to say very few, if any, citizens of Niles have to appear.

Very truly yours,
James F. Pryde
Niles Village Manager

Editor's Note:

Jim, we aim to say what we mean, and mean what we say. It's too bad some of our present and past political friends in the village could not ascribe to a similar practice.

As our readers know, a letter from an appointed village manager must be assumed to represent the views of the Mayor.

It is our opinion that Nilesites were misled by the entire village court actions. They were misled, not so much by what was told to them, but rather, what was NOT told to them.

You state "honor and prestige" were brought to the village.

We believe that the prestige was brought to Smigiel, as well as a healthy \$28,000 salary.

Our moving from the village to a half a block outside of Niles is hardly comparable to Smigiel's moving. We never sought the responsibility of representing the voters; Smigiel did. Having received a mandate from Nilesites, it manifests an attitude of indifference for him to move away from people who did so much for him. Certainly, he had a right to move away. Another man in a similar position might have felt an obligation to at least live among those who did so much for him.

Library 'Thanks'

Dear Mr. Besser:

In the name of the Board of Trustees and the staff of Niles Public Library District I wish to extend to you our thanks for your cooperation in the excellent news coverage given to our recent referendum. We have no doubt that your help was influential in the successful passage of the bond issue and tax levy.

Your cooperation is greatly appreciated by all of us and I am sure by the majority of the people of Niles who are now on the way to a fine library facility in this Village.

Sincerely yours,
Francis S. Allen
Library Administrator

to our questioning Brosnan said that the Cubs were an example of a happy "loose" ball club. Undoubtedly, the very articulate Mr. Brosnan knows of what he speaks. But, the unhappy boys are fighting down to the wire for the top spot, while the happy boys are loitering around in eighth place. It really doesn't prove much, but the irony bears mention.

Another little bit of sports fluff comes from no less a source than Niles Mayor Nick Blase. He mentioned he sat eyeball to baseball alongside Chicago Cub 20-game winner Larry Jackson recently. Jackson told Mayor Nicholas the Cubs' relief corps fell apart this year, which resulted in their downfall. He said relief pitchers generally pitch very well every second year. Jackson expects next year to be a banner year for the Cubbies, which is a time we've been listening to for 20 years. However, if Jackson's theory about relief pitching is true, the arm-weary White Sox relievers will have to go out to pasture next year, where it seems this year's Sox hitters have been all season.

District 64 letter thanked Board for sidewalks in Oakton Prospect area.

14 acres of property in Western Ballard area request multiple zoning at next County hearing which will be opposed by Niles. Blase suggested County Board would do well to come to Niles and see how the village has prevented any multiple zoning the past three years.

Tebon Gas is giving village property gift; plan was referred to committee for study.

Street and Alley Committee will study 8800 Ozanam block request for two-way street use, but retaining one-way stop signs there.

45 women are needed to take village census the end of October and are advised to contact village clerk's office, Phone 647-8485.

Election registration can be effected at County Clerk's office until October 5 and at local precinct October 6 from 8 A.M. to 9 P.M.

Szymanski suggested businessmen be wary of allowing inspectors to come into their businesses without proper credentials.

Blase said meeting will be held with Golf Mill Center for purpose of having center provide necessary security there. Citing the Golf Mill Bank hold-up Blase said only Sears provides its own security, while most large centers provide own security. Police Chief Emrikson said there was a bad personnel "goof" at the GM Bank robbery, and that the alarm was not used for a minute and a half after the robbery, after Niles police had already been telephoned. Blase added Niles has money in the Golf Mill Bank and he expects the area to have security.

Trustees warned if Allendale subdivision residents west of Milwaukee did not tie-in with sewers there the village would take action against the homeowners. The sewers have been there for two years, but have not been tied-in by 30 homeowners.

The meeting was adjourned until October 13.

Vandalism

acts of vandalism, was the absolute demolition of the American Flag flagpole at Grenman Heights Park. These people apparently have no moral obligation to either their community or to their country.

An ordinance of the Niles Park District has recently been passed which considers such acts of vandalism as a misdemeanor. To implement this ordinance and to broaden our policing of these parks, the Niles Park District is offering a \$25 reward for information leading to the arrest and conviction of persons committing such acts of vandalism to property of the Niles Park District.

The Niles Park District is quite concerned over this matter, since these acts of vandalism amount to almost 3% of our Corporate Revenue. We sincerely hope that YOU don't pay 3% of your annual income to repair broken windows, etc. due to acts of vandalism to YOUR property.

District 64 To Use Special Bus For PR Kids

The Park Ridge School Board agreed Wednesday night to use a special school bus to transfer 20 Park Ridge sixth graders to a Niles School.

The move is aimed at alleviating overcrowding at the Franklin Elementary School, 2401 Manor Lane in Park Ridge. The children will be transferred to the Jefferson Elementary School, 8200 Greendale, Niles.

Parents of the children filed suit in Circuit Court Sept. 8 charging that an earlier plan to use junior high school bus service was "arbitrary" and "inconvenient to the children. Parents contended use of the regular bus service for the transfer students would force them to leave home too early in the morning.

George J. Murgas, attorney for the plaintiffs, said he would appear before Judge Walker Butler Thursday and ask that the suit be dropped.

From The Left Hand

by David Besser
Editor & Publisher

Arthur Newell, business manager at Niles Township High Schools, announced his resignation last week. He was quoted as saying his "ideas relating to the management of the school district's business affairs were not completely compatible to the views of the administration."

Niles park recreation director Jules Pandera resigned last week. In addition to dissatisfaction with his salary he contended that continuous interference of his responsibilities by the Park Board Commissioners actually lent fuel to the fires of his discontent.

Last month Mary Weiss resigned as Morton Grove's park director. He had been at odds with the park board for many years, and the pot boiled over after ten years' service. In Pandera's case he had served Niles Park District for seven years.

The problem of the "hired hand" who is a specialist, and educationally trained in his field spills over into all public offices, and points to the conflict between untrained elected officials and trained specialists who are hired by the untrained.

In Niles Township school district 70 the trained specialist, Superintendent Eckhardt, has the untrained school board eating out of his hand. The elected officials, representatives of the taxpayers, join Eckhardt in forming a unanimous opinion of one, Eckhardt calls the shots, the taxpayers foot the bills, and the rubber stamp school board endorses the superintendent.

In school district 63, it is public relations-wise to say the school board and the superintendent are partners. Nevertheless, the school board plays the piper. In this district the elected officials run the show.

In the villages of Niles and Morton Grove, hired hands Jim Pryde, Niles' village manager, and Fred Huber, Morton Grove's business manager carry out the orders of their elected bosses, no questions asked. While they have specialized training in their field, they advise and consent to the wishes of their employers, the elected officials.

While the conflict is obvious, the answer to the problem must rest with the individuals involved. It is likely a personality problem.

Hired Hand Bob Ruhe, head of Skokie's Park system, is a \$17,000 a year employee, and a specialist who is respected throughout the state. Because of this respect, and the attendant salary it commands, it can be assumed that Ruhe, the appointee calls his own shots.

Likewise, Skokie's village manager, given power by the electorate, has much more to say about the function of the village government there than Pryde or Huber.

In school district 70, appointee Eckhardt, whose family has been part of the community for many years, and whose comparable \$17,000 salary merits respect for the man who commands it, pretty much does all.

Break Ground For New Church

Police Break-Up Gambling Ring At Dole Valve

A surprise raid at Dole Valve Monday afternoon broke up a gambling ring in the plant, which Morton Grove police chief Mickey Scanlon estimates exceeds \$100,000 annually.

Arresting five men, who were booked for gambling violations, MG police planted a police officer in the plant, unbeknownst to other management of employees. Because it was alleged the gambling was "out in the open" the police officer was able to place bets on horse racing, baseball, and football parlay cards, which police said were then passed on to someone outside the plant. At the time of the arrest of three men \$1628 was found on their persons.

Police Chief Scanlon told THE BUGLE he heard similar operations had been investigated at another plant in the area.

Actually, an anonymous telephone call first started the

cloak and dagger work which led to Monday's raid. After the officer was hired at the plant, without the knowledge of management that he was a police officer, he quickly was able to find "the action" which he said was out in the open.

When MG police entered the plant Monday afternoon they went directly to the area where the officer related bets were placed, and arrested three men.

They had marked money on their possession, which the police officer had given them, when he placed his bets. The officer-turned-employee reported two other men also handled previous bets. Five men were arrested. Three men posted \$200 bond and two men posted \$100 bond, prior to their release.

They will appear in the Skokie court October 22.

Lions Prepare For Candy Day Oct. 9 & 10

Members of ninety-five Lions clubs in the Chicago area will stand on the street corners Friday and Saturday, October 9 and 10 with canisters in one hand and candy rolls in the other to exchange the confection for contributions to their programs to help the blind. The contributions will be used to buy Braille books for blind children, to send sightless youngsters to camp, to buy white canes, glasses and other needed equipment for the blind or nearly blind, for Leader dogs and for free education thru the Hadley correspondence school for the blind at Winnetka and to help in the progress of mentally retarded children.

Niles Lions president David Hoppe has appointed Lion Bill Wetendorf of 1205 Grove Ave., Park Ridge as Candy Day chairman with Lion Clifford Eckhoff of 7750 Neva Ave., Niles as co-

Niles Park recreation director for the past seven years, Jules Pandera resigned his post the past week because of a disagreement over a salary increase, and general grievances concerning interference of his authority by park board commissioners.

Pandera, whose salary has been \$7,500 annually, was offered a \$390 annual increase, the first increase during his seven years' service.

He has long harbored grievances against the Board over their not recognizing his position of authority. He cites many examples where the Board acted without informing him, of policies which he believed fell under his jurisdiction.

Another grievance disagreement, which also led to the resignation of Morton Grove's Park Director last month, concerned the hiring of employees who are relatives of park commissioners. The practice has been a thorn in the side of Pandera, which he mentioned as an additional grievance.

Park Board president Jack Leske told THE BUGLE in addition to the \$390 increase, a first time hospitalization and sick plan was being offered to Pandera and other park personnel, which Leske felt should also be considered as an addition to the salary increase. He said a written vacation plan, which had never previously been "spelled out" was also an additional policy begun this year.

Leske candidly admitted that both Niles' and Morton Grove's park boards have acquired reputations among other park boards for interfering in matters which should be under the jurisdiction of men running the recreation programs. He said that the Board has been trying to hire a woman employee for recreation and has been meeting with little success, and believed this reputation may have been the reason for the lack of applicants.

Ironically, Leske said the Park Board has decided to look for a director-administrator, who would handle the entire park activity, overseeing maintenance as well as recreation. Leske said that the man filling this job would have to

Skokie Valley Crusade Seeks Give Self Help Medical Course

\$1 Per Person Average

The die has been cast and your community pride and spirit will be the determining factor as to whether Skokie Valley makes a name for itself.

The five villages of Golf, Lincolnwood, Morton Grove, Niles and Skokie, with a total population of 127,000 has set a goal of \$141,293 in this year's United Crusade drive. This amounts to a little more than a dollar a person, yet the big concern among the member Red Feather agencies is whether or not the goal will be met. People her just don't seem to have much community spirit.

The cities and towns around us with far less population have set goals equal to or greater than our goal and expect to exceed their amount with very little trouble. Park Ridge, for instance, with about half the people are expecting to raise \$143,900; Oak Park, which is smaller than Skokie, is aiming for \$254,000. These two examples show the kind of public spirit needed to support the Crusade, which we here in Skokie Valley definitely lack.

Each year the residents in Skokie Valley ignore the needs of their United Crusade almost as if they expect the money to fall from outer space. Well, its time we as citizens of Skokie

Valley stand up and be counted...and a good place to start is by putting the Skokie Valley United Crusade over the top.

Fire Prevention Week October 4 Thru 10

Fire prevention, fire protection, and fire escape planning will be emphasized by Boy Scout troops in the Northwest Suburban Council in connection with Fire Prevention Week from October 4 to 10.

Approximately 85 per cent of all deaths from fire occur in the home," Leonard Shure, chairman of the Scout Council's health and safety committee, reports. "Moreover, burns are the principle cause of home death in all age groups between five and 65 years of age."

The Boy Scouts will demonstrate answers to questions given by the National Board of Fire Underwriters related to fire safety in the home. Among the questions are the following:

Do you know the location of the fire-alarm box nearest to your home?

Do you know how to turn in a fire alarm?

Do you know the telephone number of your fire department?

Do you have a plan of escape from your home in case of fire?

Do you hold fire drills in your home?

Leonard Shure explained that

Boy Scout troops will draw up a fire safety plan that can be used by individual boys and their families to check on home fire hazards and to prepare for a possible fire in the home.

The Northwest Suburban Council is an active participating member of the Des Plaines, Schiller Park and Suburban Community Chests, the Skokie Valley United Crusade, the United Funds of Park Ridge and Arlington Heights, the Barrington United Drive, the Mount Prospect and Prospect Heights Combined Appeals and the Palatine Community Combined Appeal.

A "Champagne Tour for 4" is scheduled to depart at the Twin Orchard Bowl, 7:30 P.M., Saturday, October 3.

Stops to include 3 lines of bowling and a complete chicken or barbecued rib dinner, with many prizes and surprises. Guests are cordially invited, with the fare at \$7.00 per couple.

Stewardess for the evening will be Mrs. Lawrence Sachs, 679-2757.

Tax Levy For High School District Jumps 3c Per \$100

At its regular meeting Monday night, Sept. 21, the Niles township high school District no. 207, board of education adopted the 1964 levy for a total of \$6,105,500. This is estimated to produce a three cent net increase per \$100 of assessed valuation in the 1964 property tax rate over the 1963 figure. It will provide funds for the 1965-1966 school year.

THE NEW RATE, as established by the court clerk, is expected to be \$1.646, compared to the 1963 rate of \$1.616 per \$100, based on an estimated assessed valuation of \$458,000,000.

The assessed valuation on property for tax purposes usually is slightly more than one-third of the resale value.

Of the 15 cent increase in the education fund levy, authorized by voters, 8,313 votes in favor to 5,819 against in the referendum of Apr. 11, the board decided to use nine cents. This action will place the rate for the educational levy at approximately \$1.15 per \$100 valuation, six cents below the authorized maximum of \$1.21 approved by the voters in April.

THE NET INCREASE of only about three cents per \$100 of assessed valuation was achieved by the board's reduction in the building fund levy from a rate of 24 cents per \$100 in 1963 to approximately 20 cents for 1964.

Cristiano's caricature shows Shirley MacLaine who gets progressively richer and richer as she becomes involved with these six men in "What a Way to Go!", a wacky comedy in CinemaScope and De Luxe color which opens Friday at the Des Plaines Theatre. The men are, at the top, Robert Mitchum, Dick Van Dyke, and Dean Martin; under her elbow, Gene Kelly; and, seated, Paul Newman and Bob Cummings. Shirley marries five of these men in the production which is a joint venture of APJAC-Orchard and 20th Century-Fox. Arthur P. Jacobs produced and J. Lee Thompson directed from a screenplay by Betty Comden and Adolph Green who also wrote the lyrics for the songs composed by Jule Styne.

Oakton Manor To Hear
Scuba Diving Club

An OMHA open meeting that's pure entertainment? That's the story! And Tuesday, October 6, is the date. You'd better come or listen to your neighbors talk about it for months to come.

The scheduled program is Scuba Diving—the most active, interesting and sought after sports in the U.S. today. Don't miss it.

The program will be presented by members of the Triton Skin and Scuba Diving Club. An extremely active local club. This club is not only active in diving but spends much of its time in public service and in teaching scuba diving. At present they teach five 8 week courses a year at Maine Township High School East and at Niles Township High School West to approximately 100 students per year. Public service amounts to answering the call of the Underwater Recovery Team to which many Tritons are associated. This is primarily to recover drowning victims. Under this also may come pure entertainment and introduction to scuba display such as was given on the opening of the new Niles Park District Pool last July.

Beth Elohim
Reform Jewish
Congregation

Beth Elohim Reform Jewish Congregation will have services on Friday evening, October 9, at the Glenview Community Church, 1000 Elm St. in Glenview at 8:30 p.m.

Beth Elohim is giving a show called "Roamin' Holiday" on Saturday evening, November 21, at Temple Judea, 8610 Niles Center Road in Skokie. Tickets are on sale in advance and anyone wishing further information may contact the co-chairmen, Mr. and Mrs. Steve Buchwitz at 299-5388.

Your Triton entertainers (not speakers, please) will be Mr. Bernie Parker, who is present Triton President; Mr. Jim Colwell, present Director of Training at Maine and Niles scuba courses; and past president, Mr. Ed Keller, board member of the Illinois Council of Skin and Scuba Divers, of which the Tritons are active members. The program will consist of an interesting movie, underwater trophies brought up by the Tritons, many stories and a long question and answer session. Mr. Parker is one of our own OMHA members.

Come one, come all, to the most interesting and entertaining OMHA meeting in ages on October 6 at the Oak School in the all purpose room at 8 p.m. See you there!

High School Enrollment
Higher Than Expected

First day enrollments in the three Maine township High schools totaled 830 higher than a year ago, it was reported to the board of education Monday by Dr. Earle W. Wiltse, superintendent. The increase was 66 per cent above the 500 anticipated on the basis of junior high school graduates.

"Increases will not overload the capacities of the high schools," the superintendent said, "but will require a budgetary increase to provide four additional teachers."

OPENING DAY counts at the three schools were: Maine West, 2,843, down from 3,282 last September. Maine East, 2,719, compared to 4,020 a year ago. Maine South, 2,570.

Total enrollment opening day this year was 8,132, compared to 7,302 in September, 1963.

Drops in the record enrollments of last year at Maine East and Maine West were anticipated with the opening of Maine South, the new high school building located at Dee and Talcott roads.

Class enrollments at the new school were: freshmen, 663, compared to 721 at Maine East and 757 at Maine West; sophomores, 688 at South, 702 at East, and 706 at West; juniors, 630 at South, 681 at East, and 635 at West; seniors, 589 at South, 615 at East, and 745 at West.

"First-day enrollments were considerably larger than predicted because of more new families moving into the community than were anticipated and increased transfers from parochial schools," Dr. Wiltse reported to the board.

"Schools were staffed during the summer for the lower estimated enrollment," he continued. "This means that we are short several teachers." Actions taken in administrative conference concerning the problem, pending approval by the board, included:

"FILLING SMALLER classes after advising students these are all that are available,

"Increasing junior English classes slightly, making the pupil-teacher ratio slightly more than 25-1,

"Employing on additional English teacher at Maine East to handle surplus enrollments in freshman and sophomore English.

In other action, the board approved four teacher appointments.

The board accepted with prejudice the resignation of Ronald W. Korajczyk as an English teacher at Maine South.

Letters
to the Editor
Vandalism

Dear Editor:

Concerning the article in the September 24 issue of The Bugle entitled "Vandalism costs Niles Park \$200 A Month," it is very strange that no adult saw these vandals do this damage. Or, if they did, why they did not report it.

It is the same old story, I think, of each person "Not being his brother's keeper," and afraid to help another person for fear that he will get into trouble. Similar cases exist when a girl is being molested and thirty people just watch and don't bother to help.

I am sure that someone saw some of these acts of vandalism. Why did they not report it? Are they afraid to do so? If they think they are risking themselves to do so, what about our servicemen who risk their very lives for their country? Should the servicemen say, "I don't have to fight for anyone else since I have obligations only to myself?"

I think one of the reasons we have acts of vandalism is not entirely because of the vandals. It is also because we have cowards in the community. A community will be just as morally healthy as the backbone of its citizens.

John Powers

Seek
Troop 45
Leader

Boy Scout Troop 45 meets every Wednesday at 7:00 P.M. at the Grennan Heights Field House, Kedzie & Oketo. New Scouts, Webelos, and prospective scouts are invited to our meetings where information and application will be available.

All the old Scouts and Scoutmasters are gone from our troop now and we sorely need the fathers of the present scouts and all new scouts for committee work and help on campouts, hikes, and field trips. No one should feel that he is too busy to donate a few hours a week toward making his son and other scouts into good, useful citizens of tomorrow. That is all that it takes, one night out on a campout, or to drive the boys out to set up camp and then pick them up when they are ready to return. There is too much work for just two fathers to do on a campout. The more there are to set up the camp and take it down, the easier it is for the scouts. They stay overnight. The committee meetings are held about once a month, usually lasting about an hour and a half.

The person who we are in need of the most is someone who will take over as Scoutmaster of our troop, Troop 45 was the first troop organized in Niles and this is the first time we are without a Scoutmaster. Anyone that can make the meetings on Wednesday nights and the campouts on weekends about once a month, and enjoys working with and making something out of boys can fill the job. Training sessions in scout leadership can be had through the council training programs.

We are also asking the scout's parents to help in supporting the Northwest Suburban Council Sustaining Membership Drive so that the Council can operate as efficiently as it has in the past. The money raised through this drive will help augment the funds received by the United Fund Drives to operate the Council Headquarters throughout the year. Without the Council Headquarters, the troops could not very well operate.

Nilehi Caucus
Announces Call
For Members

Niles Township District 219 Caucus has announced its annual call for members. Eligible organizations are those which are local in character, engaged in civic service, and interested in public welfare and improvement, or in the education of children. Membership is limited to those groups which are non-partisan and non-religious, except parent-teacher groups, which are eligible regardless of religious affiliation. Any organization wishing to participate in the Caucus this year should contact the secretary, Mrs. William Goodstein, 5153 Brummel, Skokie, ORchard 3-1957.

District 219 Caucus searches for, screens and recommends candidates for election to the Board of Education of Niles Township High Schools. Last year 38 civic organizations participated in the activities of the Caucus.

The Caucus also announced that its organizational meeting will be held on Monday, October 12, at 8:00 P.M. in the student cafeteria at Nilehi West. The business to be covered includes the election of a chairman, a vice-chairman and treasurer; discussion of plans for the coming year; and consideration of bylaw changes. A member of the Board of Education will speak on "What Makes a Good School Board Member." The public is invited to attend.

Public reception of new members took place at Sunday worship services at Niles Community Church (Presbyterian) on September 27th. Received into the congregation were Mr. and

School District 63 Budget
Up 21% For 1964-'65

By unanimous vote, the East Maine School district 63 board of education has approved its 1964-65 levy budget. It totals \$2,693,111. This is \$574,144 or 21 per cent more than the 1963-64 levy budget.

(A levy budget indicates proposed expenditures for a fiscal year and is the basis for filing a certificate of levy with the county clerk by the fourth Tuesday of September as required by state law.)

Increases in the levy budget are due in the main to sharply higher enrollments, according to E.W.J. Bagg, supt. of schools. More students mean more teachers, more desks, more space, more of everything, said Mr. Bagg.

Increases in the new levy budget were included by the board of education for many categories. Some examples:

The educational fund in the new district 63 levy budget is \$2,425,955. This is an increase of \$297,084, or 13.9 per cent higher than the 1963-64 levy budget.

The building budget was set at \$433,100, up \$178,300 from the last level. The actual level for building purposes is \$280,000. The budget figure indicates anticipated levy receipts plus cash on hand. The building fund money may be used for new buildings, additions, remodeling, improvement of playgrounds, walks, landscaping and grading.

The bond and interest fund in the new levy budget will be used to retire \$200,00 in building

bond principal. The interest due on all bonds 1964-65 will be \$176,000.

By investing funds in U.S. government short term bills and bonds, the district 63 board of education will raise about \$16,000 in interest earned. Also, the district's total amount of state aid is estimated at \$770,100 which is \$66,100 more than last year.

Blue Demons Lose On 4th Quarter Surge

The Maine Blue Demons were
handed their first defeat of the
season Friday night as La-
Grange downed them 35-6.

Trailing all the way, the De-
mons nevertheless made a close
game of it until the 4th quarter
when LaGrange exploded for
four touchdowns to put the game
on ice.

Highpoint of the game for the
Demons came in the 2nd quar-
ter when Bill Dridlein, Maine's
leading ground gainer for the
second week in a row, broke
away for 65 yards and the only
Demon score of the evening.
Then late in the 3rd quarter
Maine drove to the one yard
line. However, the big La-
Grange defense met the chal-
enge well and Maine lost the
ball on downs.

Guard Chuck Brandenburger

once again led the big Blue
defense with eight tackles. Se-
nior tackles Rick Mueller and
Herb Johnson played their steady
game, with Bruce Friedman,
another fine senior, displaying
some real rugged defensive
play.

Regarding Friday nights
game, coach Schildgen stated
his staff felt that too many
mental mistakes were commit-
ted — our blocking simply was
not sharp enough. We can at-
tribute this partially to a mental
attitude, but these men can do
the job, and we must impress
this upon them. Outside of that,
we were disappointed with the
game outcome, but reasonably
satisfied for the first 3 quar-
ters.

The Demons will attempt to
square their conference record
this Friday night at Downers
Grove.

Troop 682 And 378 Enjoy Camp-OUT

On September 18 and 19 the
newly formed Junior Troops 682
and 378 went on their first over-
night at Camp Pine. Along with
the leaders Mrs. J. Gregorio,
Mrs. W. Alder, Mrs. G. Sul-
livan and Mrs. D. Kennebeck,
other stalwarts included Mrs.
C. Maher and Mrs. J. Donna-
hue.

Among the many activities
were knot tying and compass
work. For many of these girls
it was a first in firebuilding
and cooking. The weekend also
saw a good songfest, old fash-
ioned campfire and traditional
toasting of marshmallows. Mem-

bers of Troop 378 are Joanne
Elder, Debra Dombrowski,

Tritons Offer Scuba Classes

Monday, September 28, at 7
p.m. at Niles West High School,
the Triton Scuba Club will a-
gain offer both classroom and
pool sessions in the art of scuba
diving. These classes are con-
ducted through the adult evening
program offered each year to
residents of Niles and adjoining
suburbs.

The Tritons are well known in
our area, for not only do many

of their 65 members live here,
but they have also been active
in demonstrations of their skills
in local pools, most recently
at the dedication of the new Niles
Park District Pool this sum-
mer. The Tritons have also been
active in working with local po-
lice in underwater recovery
teamwork, having recovered
several drowning victims in the
last few years.

Girl Scout Troop 716 News K C Smoker October 7 At Niles Bowl

Girl Scout Troop 716, head-
ed by Mrs. Jean Daymont and
Mrs. Marion Knapic, got off to
a flying start recently by having
a barbecue in place of a first
fall meeting.

Mrs. Elvira Pearson, who
was leader of the troop for
four years, was hostess and
prepared delicious hambur-
gers, cake and beverages for
the back yard supper.

Girls who had been to Camp
Hickory Hill last summer sang
songs to the others, and sev-
eral games were played by all.

Mothers of the scouts met
Tuesday afternoon at the home
of Mrs. Daymont and discus-
sions plans for the coming year.
A Halloween bowling party, co-
okout and carolling parties are
being arranged. In addition, the
girls' requirements for achiev-

discussed. Members of troop

Notre Dame Held Scoreless Again, 14 — 0

By Dan Kosiba
less per man than the Lane
team.
The fighting Dons of Notre
Dame suffered from first quar-
ters slummers and consequently
dropped their second game in a
row, this time at the hands of
Lane Tech, 14 — 0.

The game opened with Lane
receiving the kickoff on their
own 23 yd. line and returning
it 13 yds. to their 36. After
three consecutive first downs
Lane was threatening to score
from the Notre Dame seven
yard line when Ray Mullins,
Lane Tech half-back, sprinted
past the defenders for the first
score of the game. Bruce Mit-
chell followed up the 6 point
effort with the extra point.

Notre Dame was finally given
possession of the ball on the
Lane Tech kickoff, but were
forced to relinquish their short
lived possession four downs la-
ter by the staunch Lane Defense.
This gave Lane the ball in Notre
Dame territory with three mi-
nutes left in the first quarter.
With quickness and agility Lane
Proceeded to march down to the
Notre Dame 6 yd. line where
Lane halfback, Keith Foley, took
the ball over for Lane's second
tally of the game. Bruce Mit-
chell brought the score to 14-0
by kicking the extra point. This
proved to be the end of the
game scoring with both teams
showing remarkable defensive
ability for the remainder of the
game.

It should be added that al-
though Notre Dame lost, they
played a superb game against
the mammoth Lane Tech team,
who has one of the heaviest (if
not THE heaviest) lines in the
state. Lane averaging approxi-
mately 220 lbs. of muscle per
man, with some men as heavy
as 256 and 245 lbs. Notre
Dame's front line averages al-
most 190 lbs. per man, 30 lbs.
