vote in favor of the "relatives first".

Sullivan tried three times to gain public office in Niles. If he's going to bring "Mayor Daley" bloc politicking onto the park board, he didn't learn much from the two previous defeats. Like Bruno, he visited THE BUGLE office many times before election, "hungry" to serve the people. While Bruno is a sweet ineffectual guy, who we prefer not to awaken Sullivan is a little rougher tiger. And since we haven't had any tigers around since the Stankowicz era we've got a four-year hunger for bear...or tiger.

In good old school district 63 last week's board meeting was most significant...and what we might call a real rouser. Yet, a lady called us up the following morning to inquire about part of the agenda. She said she was "bored to death" by the meeting, and did not understand one point on the agenda in which she was interested. Either we've become addicted to meetings, and can't kick the habit, or this lady is part of the kalookie-mahjongg crowd, who get their kicks in the world of gossip, garrulousness, and grit-mills.

New school hours will be instituted in the fall. First thru sixth graders will have school hours from 9 to 3:30 and junior high school students will go to school from 8 to 3.

In an area which is likely the beginning of an extensive language program French will be taught 150 selected eighth graders beginning in the autumn. Many have long desired such a program and the first step is likely to lead to a more extensive program in the future.

In an area which we found significant one school teacher expressed his opinion, which we had not seen in previous years' board meetings. A committee which allows the teachers to express opinions, which may be contrary to school policy, is indeed healthy and a welcome sign.

Another gentleman, Mr. Morris Suson, who builds apartments in the school district, and has been pictured as a guy wearing horns, extended the peace pipe to the school board. He sat down with the Board and suggested the Board discuss with him first before taking action pertinent to zoning in the district. Suson, who said both the district and himself are paying unnecessary legal fees, should get together. He alleges his apartments are an asset to the school district, and implies the district should have more rather than fewer. Suson received a courteous reception, though the voices from the grandstand didn't believe he was scoring too many points. Suson says: "If it wasn't for the builders Sears would not be in the area." Suson says: "I would rather contribute money to the district than pay for legal fees." Suson says: "I have nice ideas, I'm willing to contribute....I have the nicest development in the middle west (Sherry Park Apartments)." Suson says: "Sherry Park pays \$125,000 in taxes to the district for only 25 children....while it takes about \$425 to educate a child in this district I'm spending \$5,000 per child." Suson says: "Apartments are beneficial to the district." The school board seemed unimpressed.

Another area bears comment. Twice during the meeting Superintendent Bagg and the newly-appointed acting superintendent, Bullock, had sharp words with one another. It was

Niles Park District Sets Up Playground Schedules

Niles Park District announces the opening of Supervised Playgrounds, beginning June 21 and continuing through August 13, from 9 a.m. to 12 p.m. and 1 p.m. to 4:30 p.m. Children, fun, and sun will be the passwords on the Niles Park District's Summer Playgrounds this summer. Games and activities of every type will be presented on six supervised playgrounds, starting June 21. Two adult supervisors on each park will plan activities, conduct games, organize tournaments, bandage scratched elbows, lead hikes, be a teacher, an arbitrator, and an authority on any subject that a small child's mind can conjure up. Children are invited to play for a few hours or for all day. Free choice is always encouraged on the playgrounds. New activities will be featured on all of the playgrounds this summer. Creative dramatics, nature lore, folk and square dancing, music, all will offer new horizons of fun and enjoyment. A "music man" will visit each of the playgrounds and special events, hikes, tournaments, inter-playground events, and three field trips will also be on the agenda. Remember to register June 21 and join in the fun of "getting to know you"...the theme on all of the summer playgrounds.

Inconsequential, but yet the bad blood manifested was sad. Bagg has served for many years. With only another couple of weeks to go he deserved a better public image than he received in the two minor matters.

Lastly, a school teacher in the eighth grade decided to quit two weeks before the end of the term. Even though she has a contract she decided to discontinue her services at the end of May. The school board is helpless, and even though they are obliged to fulfill their contract, they have no course of action to prevent this from happening. Both women school board members were perturbed by the action, but were frustrated in their efforts to prevent this disservice. How a school teacher could leave her students two weeks before the school year is out appalled the lady board members. We were told there has been more than one occasion when this has happened. School teachers themselves should get together thru their own organizations and blackball any teacher who would show such a disregard for their students.

Other playground activities include tennis, volleyball, group games, horseshoes, table games, shuffleboard, softball, and basketball.

An Arts and Crafts Program will be featured at each park this summer on a fee basis: \$2 for the eight week session for 6-7-8 year olds, and 9 through 13 year olds.

The Summer Brochure is now in the mails and you should have received it this week. If you did not receive it, please call the Park Office, 967-6633, and we will be glad to mail you a copy.

Chamber Meets June 9

Niles Chamber of Commerce Program Chairman, in cooperation with Jim Brandon of the Middle States Telephone Company, has arranged a live program called "Lights and Lagers" for 12 noon on Wednesday, June 9, at the Golf Mill Restaurant in the Golf Mill Lanes at the shopping center.

The program will explain the latest communications invention that will allow phoning by light and reflection. Guests are invited to the open meeting.

Police Officer Cross Critically Injured

Police Officer Chester Cross was critically injured in an accident Monday night while pursuing a speeding motorist on Harlem Avenue at Breen Street. According to police reports a car from the opposite direction turned into the path of Cross' motorcycle. The impact caused Cross to be thrown about 40 feet from the crash. Officer Oibrisch had preceded Cross and had caught the car which was alleged to have been "spinning tires" and speeding, after leaving a parking lot at Harlem and Dempster.

Cross had severe head injuries, and several compound fractures. As of Tuesday he was in the intensive care section of Lutheran General Hospital where his condition was reported as "good".

Second Polio Vaccine June 27

The second feeding of the Oral Polio Trivalent Vaccine (three types in one), will be administered on Sunday, June 27, at Notre Dame High School, 8360 Dempster St., from 11 a.m. to 5 p.m. in a program sponsored by the Niles Board of Health.

Those persons who received the initial dose of the Trivalent vaccine on May 1, must be sure to encircle the date "June 27" on their calendars to be sure to obtain the second dose.

"Complete immunization is not obtained unless both doses of the Trivalent vaccine are taken," stressed Dr. Jerome Podgers, Health Officer. Persons whose physicians recommend a booster are invited to come in on June 27, for one feeding (which constitutes a booster). A donation of 50¢ per dose will be accepted to defray costs.

Woman's Club Plan Dance For June 19

The Woman's Club of Niles takes pleasure in announcing that the one and only Joe Morris and his orchestra will be the main attraction at their philanthropic dance to be held Saturday night, June 19th, right next door, in Glenview, at The Ark Steak House, 1813 Waukegan Road. If you have never danced to Joe's Music you don't know what you've missed. If you feel like sitting a few out, he's a pleasure to listen to. Snacks and dips will be served to all who attend. Tickets will be available at the door. If you prefer to get them in advance, Mrs. George Pierre, YO 7-5370, 8233 N. Oconto, Niles, Ill., will be happy to send them to you.

At West, 58.0% of the students said that usually the materials needed can be located at 22.3% said all materials are available. At South the largest groups were 37.1% who said the materials can usually be located and 35.6% who said that frequently the materials are not available. At East, 54.1% said usually the needed materials can be located and 29.1% said that all materials are available. Twenty-one per cent of the students at South, however, said that the library educational opportunities offered by your high school in regard to preparation for college or for a job?

"We are not prepared as yet to give full interpretation to the results of the questionnaire," said Dr. Wiltsie. "Our main objective at this point is to reveal to students and the community that we are not neglecting any source of comment and not blinking our eyes at any facts that will help us in our constant effort to maintain every possible opportunity and resource in the high schools for the educational advancement of our children."

or tool in academic development, and reading instruction permeating all academic subjects with teachers conscious of the need to teach students how to read in every subject.

"Quality of the reading materials in the formal instructional program is very high," Brother Courtney said. "The physical equipment is excellent and the subject matter for training has wide variety and range."

Early comments on the township's school library program did not reflect the same admiration from other critics.

"The collections of books in Maine East and West probably meet the minimum standards for the North Central Association which does the accrediting, but they are well below national standards," in the opinion of Alphonse Trezza of the American Library Association, Chicago.

"South's collection is presently inadequate for North Central standards," Trezza said.

Trezza's co-worker on the visitation team for Maine South, Dr. Ann M. Lally, Chicago's District 5 superintendent, said that South's plans to bring the collection up to 10,000 volumes by September of this year will mend a serious deficiency if the plans are effected. Both stressed the fact that Maine South's library was overused as a corridor and that the staffs of all libraries were "excellent and dedicated people."

Student feelings about library resources and the total educational opportunities offered them correspond roughly to comments of the visiting experts.

Question 27 asked "How adequate is the supply of supplementary reading materials of the library for serving your special interests and needs?"

At West, 58.0% of the students said that usually the materials needed can be located at 22.3% said all materials are available. At South the largest groups were 37.1% who said the materials can usually be located and 35.6% who said that frequently the materials are not available. At East, 54.1% said usually the needed materials can be located and 29.1% said that all materials are available. Twenty-one per cent of the students at South, however, said that the library educational opportunities offered by your high school in regard to preparation for college or for a job?

At West, 30.3% said they were good and 47.1% said they were very good. At South, 32.5% said the opportunities were good and 52.6% said they were very good. At East, 26.6% said they were good and 58.9% said they were very good.

"We are not prepared as yet to give full interpretation to the results of the questionnaire," said Dr. Wiltsie. "Our main objective at this point is to reveal to students and the community that we are not neglecting any source of comment and not blinking our eyes at any facts that will help us in our constant effort to maintain every possible opportunity and resource in the high schools for the educational advancement of our children."

Park commissioner Steve Charnerski vowed one of his first orders of business as President of the Park Board would be to submit the official minutes of the park board meeting to local newspapers. True to his word the minutes of the first three meetings have been submitted and beginning this week we will publish the verbatim minutes.

There are two areas which should be mulled over in reviewing these minutes.

At the June 1 meeting new park commissioner Jerry Sullivan was the only commissioner to vote against all insurance proposals except one. The one he favored was for a proposal from a friend of his at an insurance rate of about \$1,000 more than the others submitted. At the May 26 meeting Sullivan made a motion to approve the "friend's" proposal, before a thorough study was made by the other commissioners. His motion died for lack of a second. June 1 he again made the motion to approve his friend's \$1,000 more proposal but he did not get a majority vote.

While the choosing of insurance and an agent is not based solely on the lowest premium (service and knowledge are important factors in making the choice) the agent's reputation is considered. Sullivan's choice of \$1,000 more premiums was from a Kansas company, which while reputable, is much smaller than the other companies in the other agents' proposals.

Edna Walger's letter last week stirred up a hornet's nest which is still buzzing around the community. As you may remember, Edna was disturbed at the "Johnny-Come-Latelys" who've jumped on the All American bandwagon. She derided the use of the award being politically exploited and she looked with disfavor at the paying of a public relations fee, for the perpetuating the All American story of Niles during the coming year. The stipend is for a figure between \$3,000 to \$6,000 and Edna contends volunteers, who made Niles an All America town, can continue to do the work, without compensation.

History seems to repeat itself. Four years ago, when Nick Blase was elected Mayor for the first time, Edna, a staunch backer, became disillusioned with her Mayor-elect. She was aroused by Blase's joining forces with the local Democrats, after vowing he would remain independent. Blase savaged membership in the local Demos, though he continued to pave steps in the Democratic hierarchy, which he does at every opportunity. Now, Edna waxes angry after his re-election, and after her supporting him a second time. We're sure her detonations will not be laid to rest without some sound and fury coming from other directions.

Actually, Edna manifests bruised feelings, which many have had since Niles received its award. It may seem petty and perhaps insignificant to the

Niles Park Board Undecided Second Polio On Insurance Placement Vaccine June 27

At a special park board meeting Tuesday night, June 1, Niles park commissioners could not get a majority vote approving insurance proposals submitted to them. It is likely the Board will make a choice at next Tuesday's regular meeting.

The following is the official minutes of the park board:

Mr. James C. Payseur, representing Allen T. Archer Company, sent in a letter with a quotation of \$13,200 for a three year "package" proposal. The proposal was broken down into four types of insurance, i.e.; General Liability, Automobile Liability, Building and Contents Property Insurance and Workmen's Compensation and Employer's Liability Insurance. However, there were no premium rates quoted for the separate types of insurance.

Mr. Edward T. Baumler, representing the House of Security, sent in a letter with the

following adjusted quotations: Bodily Injury - \$2,900.00 (Flat premium); Workmen's Compensation - \$522.00; Fire Coverage - \$1,167.00. Total Premium - \$4,589.00.

Mr. Griff MacDonald, representing Hackett & Lloyd, sent in a brochure with the following breakdown of the first quotation of \$4,760.70:

Public & Institutional - \$749.00
Workmen's Compensation - \$531.00; Comprehensive Gen'l. Liab. - \$755.20; Swimming Pool Liability - \$1,990.00; Auto and Vehicle Liability - \$735.00. - Total \$4,760.70.

Mr. Henry F. Green's quotation remains the same - (\$5,674.32) unless he submits an adjusted figure at the next meeting.

Attorney Gauthier gave his opinion as to how the Board should select the proper insurance.

The second of two feedings of the Trivalent Oral Polio Vaccine will be given on Sunday, June 27, 1965 at Notre Dame High School, from 11 a.m. to 5 p.m., in a program conducted by the Niles Board of Health.

This Trivalent Vaccine contains a blend of three strains of monovalent vaccine. It is taken by mouth (in this instance on a sugar cube) and only two feedings are necessary for basic protection. Instead of three. This vaccine is designed to provide what doctors call "intestinal immunity," against polio. Thus it not only affords the immunized individual optimum protection against polio by stimulating the production of antibodies in his blood, but also reduces the likelihood of his becoming a carrier of the disease. A complete series of two feedings of the Trivalent vaccine is recommended regardless of any previous shots.

Will Niles Become A 'Ticki Tacki' Town?

by Frieda Aron

Do Nilesites want to live in "ticki-tacki" neighborhoods? Does Niles intend to permit six foot fences and will they have to conform? This is fence weather and the question of changing the existing ordinance from four foot specifications to six foot is still under discussion. A Mr. Heinz said that the many varieties of fencing in the village makes it look "like a jungle", advising that it would look better if all the fences would be uniform. Mrs. Stern of Sherman and Dempster protested, "That's why God made people different and flowers different colors so that the world would be more beautiful". If everyone lived the same way and did the same things we would be living in a "ticki-tacki" neighborhood and no one wants to live in a "ticki-tacki" area. The audience would have been larger had the weather permitted, said one of the residents who came to plead for the usage of six foot fences, and all of those would have approved the change in the ordinance. Trustee Berkowsky showed petitions with 100 signatures that he had received, opposing the installation of the higher fences. One resident (living at 8800 Ozanam) who will have to cancel his order for five foot fencing until the ordinance is resolved, provided the chuckle of the evening. "I only want a five foot fence, all my neighbors are six-footers." Trustee Wente informed the audience that six-foot fences were allowed in the back of the property but the discrepancy "between the board members is whether to allow it to the sides of the property line". One of the residents asked if he might present petitions for the change in the ordinance and Trustee Berkowsky said he should. "If the majority of the residents want the change I'll be the first to agree it should be."

John Poeschl, former trustee of Niles, spoke against the provision of all-around six foot fences, claiming they were a danger to life and limb of children.

League Of Women Voters Elects Officers

The new slate of officers of the Morton Grove League of Women Voters is as follows:

OFFICERS: President, Mrs. Joe Barlett (Mim); 1st. Vice President and National Agenda, Mrs. Oscar Liskar (Selma); 2nd. Vice President and Membership, Mrs. Edward Anderson (Pearl); Secretary, Mrs. Joseph Baum (Ruth); Treasurer, Mrs. Robert Shattow (Armaine).

DIRECTORS: Welfare, Mrs. Martin Gutenkauf (Alice); Illinois Constitutional Revision, Mrs. Ted Camis (June); Fair Housing, Mrs. Ramon Hanson (Betty); Local Agenda, Mrs. Phillip Gould (Debbie); Cook County, Mrs. Harvey Cohen (Arlene); Voters Service, Mrs. Jack Alzuss (Lillian); Bulletin, Mrs. Kurt Keller (Shirley); Finance, Mrs. Alvin Lieberman (Tillie); Public Relations, Mrs. Robert Goldberg (Joan); Publications, Mrs. Herbert Hibnick (Ruth); Unit Organization, Mrs. Clyde Wells (Phyllis); Board Member-at-large, Mrs. Sherwin Potter (Gloria).

*Non-Board Chairmen-National Agenda - Foreign Policy and U.N., Mrs. Samuel Thompson (Sunny); Human Resources, Mrs. Egbert DeVries (Connie); Apportionment, Mrs. Kurt Keller (Shirley); Water Resources and Current Responsibilities, Mrs. Robert Shattow (Armaine).

**Non-Board Chairmen-Local Agenda - Zoning and Planning, Mrs. Robert Murphy (Hazel).

Mrs. Egbert DeVries resigned from the board when her husband decided to run for a political office. Being that the League of Women Voters is non-partisan, for it supports issues and policies not candidates or parties, the members of any League board do not engage in any partisan political activity during their term of League leadership.

From its very beginning the League has been non-partisan. Experience has proved this choice a wise one. It has kept the League free to welcome women of all opinions to work together; free to seek solutions in the public interest on the basis of fresh inquiry and objective study; free not beholden to any party or faction; free to move ahead of both great political parties. It has made possible wide public acceptance of League Voters Service and other education activities. It has added value to the League's position on an issue when one is reached.

Because League recognizes the importance of participation in the activities of the political parties as an essential ingredient of citizen responsibility, it encourages its members but not its Board to work as individuals in the party of their choice.

For more information about the League of Women Voters please call Mrs. Edward Anderson at YOS-1593. Women of Niles and Morton Grove who would like to contribute to good government will find League challenging and gratifying.

In the National Division the Lions are getting out to lead the league. They have the impressive record of 5 wins for 5 games to date.

The Dodgers took the Yankees 2 to 1.

Dick Piles drove in the tying run in the last of the sixth inning to give the Cardinals and Braves an 8 to 6 tie game.

The Indians came through with 12 hits to win 18 to 2 over the Dodgers.

The Lions glided in 9 to 1 over the Mets. Calabrese kept his bat warm with 7 triples and a homer. The Mets scored one run on a homer by W. Summers.

The Cougars team effort paid off when they took the Colts by a score of 14 to 6. Scott Erickson's 3 for 3 helped to build that score.

The Yankees came back to take the Braves by a score of 10 to 4 on 11 strikeouts by pitchers R. Vencenzo and R. Dreihl and 4 hits each from the bats of G. Beajo and D. McJoniell.

The Cardinal pitchers were so intent on winning their game over the Cubs that in the end of the sixth Kroggite doubled and McNery homered to win the game 5 to 4. The Cubs lost a close one to the Colts 4 to 3.

The Lions won a tight, well-pitched game by 3 to 2 over the Yankees.

The Cougars won by a score of 7 to 1 from the Dodgers.

In the American Division the Bears are already a very slight margin this week with 3 for 3 wins.

Home runs by M. Caldesone and P. Capacelo helped the Wildcats to come up with a tie of 6 to 6 against the White Sox.

The Bears scored 4 runs on 4 hits to take the Pirates 4 to 0.

The Eagles won over the Red Sox by a score of 7 to 3.

The Eagles came right back getting their fourth win in a row. They took the Twins 11 to 0.

The Angels took the Giants 3 to 1.

See you at the game.

The Phillies slaughtered the Braves on Saturday, 12 to 1. Kurzydolo and Sedjo did the pitching.

On Tuesday, the Phillies defeated the Dodgers 8 to 3 with Kurzydolo going all the way. The Phillies had 9 hits; with Eklund and Nilsen hitting homers. Kurzydolo struck out 9 batters and allowed only 2 hits.

Thursday the Braves beat the Reds in a close game of 8 to 6 in only 4 1/2 innings. Klipowitz, Diggiero, Sami and Grybowski pitched.

On Saturday the Rams defeated the Colts in a tight game of 8 to 7. Jambor and Pingatore pitched.

Meanwhile, the Pirates licked the Giants with the same 8 to 7 score. Christensen, McCoy and J. Anderson were the pitchers. Russ Anderson hit a home run and Fortuna hit two.

The Cards downed the Reds 8 to 4 in their Sunday game; Gradowski and Rotunno combined on the pitching; the Cards had to come from behind and never let up. J. Gramarosa and B. Tracy made outstanding catches.

The Phillies won another game Sunday, this one from the Cubs 11 to 3, with Sedjo pitching the whole game.

The Cubs defeated the Giants in a close game of 5 to 4 on Tuesday. Swiator pitched the six innings. Tony Lazaro hit a home run.

The Phillies downed the Colts 12 to 2 with Porcaro and Kurzydolo pitching.

The Braves managed to beat the Giants on Thursday 9 to 2. Sommers and Gradowski were the pitchers.

The Pirates managed to beat the Rams by 3 to 2; Tom Fulton and Jack Anderson pitched.

The undefeated Phillies downed the Cardinals on Friday by 11 to 2; Sedjo pitched six innings.

The Tigers and the White Sox played a tie ball game; Dama and Swanson pitched for the Tigers. Peterson and Varco for the White Sox.

On Thursday, the Angels beat the Yankees 15 to 11; with McDonnell and Newberger pitching.

Parrish did the pitching for the Senators when they defeated the Hawks 8 to 1.

The make-up game of the Twins and Hawks ended up 16 to 7 in favor of the Twins. Marolda, Contos and Reid pitched.

On Saturday, the Tigers defeated the Senators 20 to 13. Leclair and Swanson combined the pitching. The Tigers were sparked by 2 home runs by Jeff Selan.

Also on Saturday, the Indians downed the Athletics 18 to 5; with good hitting by Z. Bakso, Beusse and the Kozny Bros. There was outstanding fielding by Balutta, and excellent pitching by Sylverne and Balutta.

The Twins topped the Red Sox 22 to 12 in their makeup game; Marolda, Contos and Reid pitched.

The White Sox and the Angels were very busy Sunday night; the game ended up 23 to 17 for the White Sox. Varco, Peterson, and Galla did the pitching; there were 2 homers hit by Joe Varco. This loss stopped the 3-game winning streak of the Angels.

The Orioles defeated the Tigers on Monday by 5 to 2. The pitchers were Allegretti and Niles. There were very fine defensive plays by L. Gustafson and S. Kaminsky.

The Indians were also busy on Monday; they beat the Senators 15 to 6. The pitchers were Callero and Beusse. Mike Callero hit 3 home runs and Hendricks hit 1. Kuzma of the Senators batted 4 for 4.

On Tuesday the Tigers defeated the Angels in a hitting game of 19 to 14. Dama, Leclair, and Swanson pitched. Home runs were hit by Jeff Selan, Greg Selan, Joe Heidcamp and Tom Leclair.

The Angels downed the Hawks 13 to 1. Pitchers were Newberger, Nak, and Thompson.

The Indians totaled 12 runs against the Yankees to continue their winning streak. Sylverne, Balutta and Callero were the pitchers.

The Lion's Club Cubs remained undefeated in four games by beating the Booby's Dodgers 1-0. It was a tough game to lose for the Dodgers with their pitcher, Rick Gentry, allowing only 3 hits. Paul Weber and Red Saury did the pitching for the Cubs with Weber getting the win, his fourth against no losses. The only hits were supplied by P. Weber, Ron Kolcz, and Red Saury, with Kolcz getting the RBI.

The Golf Mill Bowl Tigers got their first win of the year last week, turning the trick 6-1 against the Red Sox. Orlosko earned the win for the tigers with aid from Gary Weber in relief.

Pleasantview Nursing Home Opening Sunday

Official opening of Pleasantview Convalescent and Nursing Center, Chicago's new \$500,000 nursing home at 6840 Touhy Avenue, Niles, is set for Sunday, June 13, according to Jerome M. Kasdan, Administrator.

Opening day ceremonies, to be attended by city and civic officials, will be highlighted with "open house" from two to six p.m.

Care with caring and comfort with security, is the theme adopted for Pleasantview, which is constructed on one acre of land, situated to combine the quiet of a rural setting with a sense of involvement in the world of activity.

Designed for comfort and safety, Pleasantview meets or exceeds all recognized FHA standards and recommendations for the care and safety of persons.

The completely air-conditioned building was designed by the Chicago architectural firm of Shayman and Salk Company, Pleasantview Construction Company was the builder.

The three level building, constructed of fireproof brick, covers 33,000 square feet of space erected on land costing \$80,000. The building fronts Touhy Avenue and is backed by wooded forest preserve property and Tam O'Shanter Country Club.

Each room is individually climate controlled, with recreational lounge and television on each floor and patio and garden area. Patient security and protection is assured throughout.

Department, Golf Mill State Bank, discusses lobby art exhibit with Artist Mildred L. Kemper.

GM Bank Presents Kemper Paintings

The Golf Mill State Bank presents the paintings of Mildred L. Kemper during the month of June. Mrs. Kemper's works are landscapes done in four media: oil, water color, tinted line and pastels. Many of these paintings have been created because of some incident observed, or some special place visited, so there is a story connected with many of them. Her presentations are authoritative and colorful.

A native Iowan, the artist received her Bachelor's Degree in Liberal Arts from Morning-side College in Sioux City, Iowa. From there she accepted an assignment to teach in the secondary schools of the Federated Malay States. During her travels, she studied the art of

the Oriental areas where she lived, and her interest in the tropical Orient is seen in the series of South Sea Vignettes presented. Besides local subjects, Mrs. Kemper has created canvases of Western Mountain scenery.

Exhibits have included solo displays in private homes, before local organizations, in the Golf Mill Theatre, and several local art fairs.

Formal art instruction was received from the Famous Artists' School of Westport, Connecticut, from which school she holds a diploma in Fine Arts Painting.

The senior Charles H. Kemper is residents of Glenview.

Expect NI Gas Earnings To Rise Despite Rate Reductions

At the Northern Illinois Gas Company's annual meeting held June 8, stockholders learned that the company's earnings are expected to continue to rise satisfactorily, despite the large rate reductions of the past.

They were also informed that NI-Gas will build a new research center to accommodate an expanded research and development program and to house its testing department now in obsolete facilities at LaGrange.

Marvin Chandler, NI-Gas president, said the company's program of rate reductions are expected to continue to rise satisfactorily, despite the large rate reductions of the past.

"When we reduce our rates," he told stockholders, "we stimulate sales, our revenues go up, and, coupled with close expense control and improved operating methods, our earnings continue to rise. This permits us to reduce our rates again, and start the cycle anew."

Chandler said this is what has been happening in the past few years, and emphasized that company officials expect to make it happen in the future.

"This is the route to a healthy business, assuring adequate dividends to shareholders, fair wages, benefits and job security to employees, and the biggest bargain in the energy field to our customers," he told the stockholders.

In citing the success of the rate reduction program, the utility president pointed out that during the past five years NI-Gas revenues have increased dramatically, with residential revenue up 50 percent, com-

mercial up 318 percent and industrial up 152 percent.

When announcing plans for the new research and development center, Chandler said the company expects to spend \$600,000 this year on research projects. He added that a major part of the outlay would be spent collectively with other natural gas utilities through the American Gas Association. The balance will be used to expand company activities.

Construction of the 12,000 square foot center will start in July, with completion scheduled for December. The one-story building will be erected on Ferry Road, east of the company's general office near Aurora. Like other new NI-Gas buildings, it will have its own natural gas Total Energy system.

The NI-Gas stockholders also heard C. J. Gauthier, executive vice president - operations, describe the vast supply and storage operations necessary to serve 875,000 customers in a 14,400 square mile territory. Gauthier reported that outstanding growth in the use of gas has necessitated ordering an additional 151 million cubic feet of gas per day from Natural Gas Pipeline Company of America for delivery starting next fall. This is the largest increment of pipeline gas NI-Gas has ever added.

During the meeting, stockholders elected Gauthier and William J. Crowley, executive vice president - finance, to the company's board of directors, raising board membership to 11. All nine of the other directors were re-elected. Later, in a separate meeting, board members re-elected all company officers.

NWS Jewish Congregation

Another Morn'nother Yawn..

by Frieda Aron

Any similarity between the column you read last week and the column I wrote was not even coincidental. It was pure gibberish. Perhaps it was a testimonial to some of the baseless hysteria the word Communism seems to stir up in people. Witness the "School for Anti-Communism" I tried to tell you about last week. There was a fund-raising banquet on Friday night, the last night of the "school sessions" at the Edgewater Beach Hotel and there were no more than 200 people to pass the hat at. The middle west being the hotbed of conservatism and the Christian Anti-Communism Crusade being one of the most successful right wing groups financially, it was an unexpected fiasco for the guiding light of the organization—Dr. Frederick Schwarz. Are the scared coming back to their senses?

The peak of incompatibility—bringing only silent thankfulness as its aftermath; when you talk your husband into eating at a restaurant that shrivels up your gastric juices with poor service and depressing atmosphere and he convinces you to see a movie that dulls your every instinct to stay alert and awake. It happened to us, both in the same night and there was never a happier couple who came home from an expensive and ghastly night out to the brightness of their noisily colorful walls of refuge.

In two weeks he will be leaving and the time grows short, but the many things to be done will get done. First there was the vaccination shot, then the whooping cough, tetanus, diphtheria trio, then the booster polio injection. The purchasing and the outfitting and the admonitions to be well and take care and be careful and be careful and be careful. Always the same worry—it's so far and we won't be seeing him—what if something happens and we're not around, what if he gets hurt or sick or lonesome????? But there can be no backing out—all the shots have had perfect takes. So, shortly our ten year old will be going out to visit his dearest friend who moved to Houston, Texas, and my ten year olds' Daddy is unbearably dejected at the prospect.

When the Braniff air line takes off for Houston, Texas on that Wednesday morning, I shall run and dig myself in, for the duration of the trip and try not to feel my face blushing or my interior writhing in anguish. Anyone going out west in the near future had better reserve a seat for that same day. The greatest entertainer in all the world will be holding forth and the secrets of the Aron family will be secrets no more. There will be the greatest flow of dialogue since man and man will be getting it all back on this one morning when Stanton Aron takes over the airline and he will, be assured of that.

If we were ever to go off the gold standard I have an immediate replacement. The Eye of the Beholder.

The Sisters of Our Lady of Ransom parish grade school here in Niles were recent recipients of a new station wagon. Shown at the blessing are from left, Rev. Richard Tessler, Assistant, Mrs. John T. Cartland, Catholic Women's Club President; Sister M. Georgiana, C.S.F., principal; Rev. Theodore B. Paluch, pastor; Mrs. Raymond Mathisen, Vice President of Catholic Women's Club; and Alex Franczak, Holy Name society president.

Ransom Women's 'S&H' Car Gift

On January 12th at an open meeting of the Our Lady of Ransom Catholic Women's Club, it was first announced by the President, Mrs. John T. Cartland, that there would be an S & H green stamp drive to try and collect enough books of stamps to enable the Catholic Women's Club to present the good sisters of the school a car of their own. The idea caught on not only with the women of the parish but the men and school children as well. Before long, everyone around was saving stamps for the sisters' new car.

Just three months later, on Easter Sunday, April 18th, at 2:00 P.M. the keys to a new 1965 Rambler 9-passenger, black station wagon, were presented to Sister M. Georgiana,

Nilehi Students Prepare For Final Exams

Final Examinations for Nilehi's freshmen, sophomores, and juniors will be held next Tuesday, Wednesday, and Thursday, June 15-17.

All three Nilehi schools are holding campus styles finals, meaning that a student is required to attend school only at times when he has an exam scheduled.

Bus service for students having to take exams beginning at 8 a.m., will run at the usual times; however, the schedule for return trips will differ.

At Nilehi East and North, buses will leave the schools ten minutes after the end of each exam period. At Nilehi West, the buses will depart immediately after each exam period. No late buses will operate.

Testing periods, at both Nilehi East and West are 75 minutes with 10 minutes between each Nilehi North's exam periods are 90 minutes with 15 minutes between each one.

Nilehi East will have exams for classes normally scheduled first, third, and sixth periods on Tuesday; second and fourth periods on Wednesday; and seventh and fifth periods on Thursday.

Nilehi West will have exams for classes normally scheduled second and seventh periods on Tuesday; first, fourth, and fifth periods on Wednesday; and third and sixth periods on Thursday.

Nilehi North's schedule is for exams in classes normally scheduled first, fifth, sixth, and eighth periods on Tuesday; second, fourth and ninth periods on Wednesday; and third and seventh periods on Thursday.

insurance coverage, and the proper company to handle it. Service and dependability, rather than premium rate, should be the criterion in choosing an insurance company representative, he said. Someone who would handle all phases of insurance coverage for the Park District without the Commissioners having to bother with it.

President Chameriski rolled the Commissioners on their individual views regarding the insurance coverage for the Park District. Each stated that premium rate was of some importance, along with service and dependability, and agreed with attorney Gaudier that it requires a specialist to handle insurance for the Park District.

Commissioner Sullivan moved, seconded by Commissioner Egan, "That the insurance program as submitted by Mr. Henry F. Green, for insurance coverage of the Niles Park District, be accepted and placed in effect for the remainder of the year or until the expiration date of the policies now in effect."

Upon Roll being called, the following vote was recorded: Commissioner Leske - NAY, Commissioner Schreiner - NAY, Commissioner Egan - AYE, Commissioner Chameriski - PASS, Commissioner Sullivan - AYE.

There not being a majority vote in favor of the motion, the President declared the motion lost.

Commissioner Leske moved, seconded by Commissioner Schreiner, "That the insurance program as submitted by Mr. Griff MacDonald, representing Hackett, Lloyd & Company, for insurance coverage of the Niles Park District, be accepted and placed in effect for the remainder of the year or until the expiration date of the policies now in effect."

Upon Roll being called, the following vote was recorded: Commissioner Egan - NAY, Commissioner Chameriski - NAY, Commissioner Sullivan - NAY, Commissioner Leske - AYE, Commissioner Schreiner - AYE.

There not being a majority vote in favor of the motion, the President declared the motion lost.

Commissioner Leske moved, seconded by Commissioner Schreiner, "That the insurance program as submitted by Mr. Edward T. Baumer, representing House of Security, for insurance coverage of the Niles Park District, be accepted and placed in effect for the remainder of the year or until the expiration date of the policies now in effect." Upon Roll being called, the following vote was recorded:

Commissioner Egan - PASS, Commissioner Chameriski - PASS, Commissioner Sullivan - NAY, Commissioner Leske - AYE, Commissioner Schreiner - AYE.

There not being a majority vote in favor of the motion, the President declared the motion lost.

The resident declared that he should re-evaluate the insurance problem and the status as submitted and make a final decision at the next regular meeting as to which proposal of insurance coverage to be accepted. Also, that Mr. Henry Green notified of the opportunity to adjust his previous quotations, if he so desires, and present it at the next regular meeting.

The President instructed the Secretary, at this time, to open any Bids received on chemicals for the operation of the Swimming Pool.

Student Summer Typing Program In District 63

On recommendation of the administration the Board of Education of East Maine School District No. 63 has approved a summer program in typing for current sixth, seventh and eighth grade pupils.

The children will be involved for a period of six weeks, one hour a day, five days a week, beginning June 28 and ending August 6. Typewriters and all materials will be furnished. The tuition for each child will be between \$20.00 and \$25.00, depending upon the number of pupils enrolled. All classes will be held in the mornings at the East Maine Junior High School, specific times to be announced at a later date to registrants.

If you are interested in having your child participate in this program you may contact the Superintendent's office.

Commissioner Schreiner announced that a tour of the Parks will be made on Thursday with Commissioner Leske and Park Director Weiss to check on the needs of the District.

In answer to an inquiry, Director Weiss reported that shelves and bins are being installed in the old garage at Grennan Heights for the storage of Recreation Equipment.

Commissioner Egan inquired as to the salary being paid to Mr. Fred Heckel, who is installing the shelves and bins. The Park Director reported that he is being paid at the rate of \$2.50 per hour.

Commissioner Egan requested a list of all individuals presently employed and those who will be employed for the summer, in order to aid him in making up a Budget for the Recreation Department for the fiscal year. This list should show the hourly, weekly and monthly salaries being paid.

It was announced that there is a need for additional tables at the Recreation Center to make it unnecessary for the custodian to move tables from one level to the other.

Commissioner Schreiner moved, seconded by Commissioner Sullivan, "That the meeting be adjourned."

Upon Roll being called, all voted AYE, none NAY, and the President declared the motion carried, and the meeting was adjourned at 10:20 p.m.

1. National Triplex Mower - \$1,375.00; 1 set of Special 8x12 turf tires - \$15.00; Electric Starter with Battery - \$165.00. - Total Price - \$1,575.00.

The commissioners agreed that both companies should be contacted again to have a demonstration of their product before a decision is made as to which mower to purchase.

Announcement was made of the resignation of one of the Park Police Officers, which will necessitate the need for a replacement. The Park Director was instructed to contact Niles Police Headquarters requesting the names of two or more reserve officers who may be interested in working for the Park District.

Commissioner Schreiner announced that a tour of the Parks will be made on Thursday with Commissioner Leske and Park Director Weiss to check on the needs of the District.

Commissioner Schreiner moved, seconded by Commissioner Sullivan, "That eight (8) tables be purchased for use at the Niles Park Recreation Center."

Upon Roll being called, all voted AYE, none NAY, and the President declared the motion carried.

It was brought out that because of considerable activity in the Park District Office, the Secretary was unable to provide copies of minutes of the past two meetings of the Board. It was requested that minutes be published within 3 or 4 days after the meeting to insure proper action on important matters coming before the Board immediately, which might not be the case if too much time elapses before the Commissioners receive the minutes.

Commissioner Egan moved, seconded by Commissioner Sullivan, "That the Secretary be paid for any time spent, outside of regular working hours, in preparing minutes of meetings of the Park Board, at the regular salary rate, in order that copies of minutes may be distributed to the Commissioners within three days after the meeting has been held."

Upon Roll being called, all voted AYE, none NAY, and the President declared the motion carried.

The Secretary read a letter from School District #63 regarding the need for a Certificate of Insurance to be submitted by the Park District, covering Liability when the School District facilities are being used by the Park District.

Standing: Helen Van Dyke Tempora, art instructor of the Niles Art Guild. Seated: Student, Diane Gresko, showing work which won for her the Guild's second art scholarship.

Niles Art Guild Scholarship To Diane Gresko

The Niles Art Guild, as one of its many goals, undertakes the sponsorship of promising young artists through scholarships for additional courses of study in the field of art. These young people are discovered in the classes conducted in the art gallery, store 229, Lawrencewood Shopping Center, Waukegan and Oakton, Niles, and are recommended to the Guild board of directors for special consideration by the instructors.

Diane Gresko, 7345 Lill, Niles, age 14, is the recipient of the Niles Art Guild's second scholarship award. The paintings she has done prior to her registration for classes and the work completed during the course were the basis of her selection for consideration.

The Guild is pleased with the opportunity to encourage the youngsters of Niles and surrounding areas in their pursuit of this exciting medium. If your child shows talent in this field and you are seeking classes in art instruction, contact Helen Van Dyke Tempora, 9511 Oliphant, Morton Grove by mail.

Seeks Oldest Niles Resident

North Chicagoland's WRSV (98.3 FM) is searching for the Niles resident who has lived in the village for the most consecutive years.

Red Davis, host on the station's weekday "Niles-American" program, started the hunt on the air in order to line up Niles old-timers. He plans to enlist their aid in gathering historical data on the recently-honored All America City.

Ned Davis' daily salute to Niles is broadcast from 10:05 to 11 a.m., Monday through Friday. Listeners are invited to nominate old-timers. The winner will receive gifts and a free dinner at International House of Pancakes in Niles, plus the services of a chauffeur-driven Cadillac limousine.

Promote Arthur Koenigsberger

The election of Arthur H. Koenigsberger, 8658 Osceola, Niles, to the position of Assistant Secretary of Walter E. Heller & Company, one of the country's largest commercial finance institutions, was announced last week.

Koenigsberger has been with Heller since 1954. The Koenigsbergers have lived in Niles for 12 years. Their oldest son, Arthur, Jr., attended the University of Illinois. Another son, Thomas, graduates from Maine East High School this month, and a daughter, Carol Ann, attends East Maine Junior High School.

June Week At Maine East

June Week at Maine East high school began Sunday with the commencement sermon service in the evening and will close tomorrow evening with graduation exercises. In between are a list of final events seniors will always remember.

Monday was the last day of classes for seniors. At the end of the day they returned to their homes and cleared out their lockers and at 6:30 held their banquet in the school cafeteria.

At 5:30 in the morning on Tuesday, a strong representation of the senior class gathered for breakfast at the O'Hare oasis on the Tri-State tollway. The entire class gathered in the fieldhouse at 8:15 to attend the honors assembly.

At one time, honors were part of commencement but with growth of the school and increase in awards given, the time required for this function made a separate day necessary. The entire school attended the honors assembly, after which seniors were dismissed and underclassmen went to classes.

Underclassmen took their final examinations at various times this week; seniors finished their exams last week.

Wednesday was the last day of classes and the evening chosen by the senior class for its prom, which was held at Chevy Chase and was followed by the after-prom trip to Galesburg, Illinois.

Tomorrow marks the end of the school year. All teachers in the district will gather at Maine South for a year-end workshop.

Troop 716

May 28th the Scouts of Troop
716 held their Bridgion Candle-
light Ceremony at Tam O'Shanter
Country Club. After the
flag ceremony the fathers pre-
sented the girls with their Cock-
ades which will be sewn on their
hats signifying the change from
Chester Pearson and Mrs. James
Beran gave the new num-
ber to each Scout as they
crossed the bridge. As each
participating scout lighted the
candle she recited from the
Girl Scout promises and Laws.

A court of awards was also
held at this time. Mrs. B.W.
Daymont and Mrs. Michael Knapic,
leaders of the troop pre-
sented the badges for Person-
al Health, Sign of the Star and
Gypsy. The scouts also re-
ceived their individual badges
which were earned. Each Pa-
rol presented a skit pertain-
ing to Personal Health, the
final requirement of that par-
ticular badge. Mrs. Chester
Pearson and Mrs. James Beran
showed films of the Fly
Up Ceremony from Brownies
containing photos and records
of Troop Activities were cir-
culated. Refreshments followed
this ceremony. The Scouts were
then invited to a Back Yard
Barbecue by their leaders for
June 3rd.

Bowls 278 At Classic Bowl

What a way to wind up the
season! On the final day, El-
leen Grodin, of the J.W.V.A.,
which she picked up, then struck
for a magnificent 278 game.

Eileen received a \$100 check
from J. Henry Aronson, pro-
prietor of Classic Bowl, plus
3 W.J.B.C. awards.

Eileen said it was a thrill
she'd never forget.

Another Morn

Knox—and we shall guard it
with greater security than the
gold bullion ever was. Want-
ing to treat the family to a
luscious dinner and having
heard that nothing was finer
than the eye of the rib, I ordered
the butcher to give me a 10 lb.
cut—well we would have it left
for another few meals, I fig-
ured. When he said \$20.50,
I fell dead on the floor of the
butcher shop. When revived, I
immediately cut the size down
to 5 lbs., and all during the
meal it was like eating gold
coin.
