was not anticipated? Certainly four months of budget-study prior to the election should have determined whether or not additional money was needed,

Why weren't the utility companies approached, prior to the increase? And since industry makes a great contribution to Niles, why weren't they forewarned about the increase? And most important, WHAT ABOUT THE PEOPLE WHO BLASE AND FRIENDS ARE DIRECTLY ACCOUNTABLE TO? Why weren't they consulted in the Progress Report PRIOR to the ordinance's passage? We're sure it will be aired in the next Report but this will be done after the horse has fled the barn,

In days of yore, in the pre-Blase days, Nilesites were left in the dark by much which went on, It may indicate public officials begin to think they can run things pretty much their own way, when they stay in office too long

The method of passing the ordinance was unworthy of these officials, and certainly unfair to all concerned with its passage, It destroyed the image which has been so carefully nurtured, that what goes on at Niles village hall is open to inspection, ,,)

This was a first class example of constituents being bamboozled by their public officials, Nilesites should shake themselves up, throw off the last vestiges of the summer doldrums, and battle for what rightfully belongs to them ... the running of their village out in the open.

Niles Wins 5 Foot & **Under Tourney**

The annual Niles Five foot and under little league tournament began on Saturday, Aug. 14, with eight teams entered, This tournament is a one loss elimination

In the first game the Niles team competed against Our Lady of Pompei, Doug Kurzydle

pitched five innings of shut out ball. The highlight of the game was Russ Anderson's home run with bases loaded. A balanced hitting attack with eight out of nine batters getting hits for Niles, resulted in the win of 10 where to 4.

Niles was pitted against Bensenville in the second bracket of the tournament. Bensenville jumped off to a five to nothing lead in the first inning, so. again Niles had to cme from behind, Randy Grabowski was the pitching hero in this game; he allowed only one run in four and 2/3rds innings. The hitters were Tony DiLorenzo and Tom Riley with two hits apiece, and Barry Mueller getting three. Ten to six was the final score.

In the third and championship game Niles was down three to zero by the third inning. The hitting star was Vince Dina, hitting two tremendous home runs and one single. Dina's second home run tied the score in the sixth inning. The game

was won in the ninth inning by consecutive singles by Doug Kurzydlo, Rich Bensen and Tony DeLorerzo. The pitching stars of this game were Jerry Porcaro, and Doug Kurzydlo and Rich Bensen.

The Niles five foot and under team is entering the Highwood tournament with high hopes,

Womans Club Seeks Entries For All America Booklet

Because the lethargy which grips us all in the summer months might have stayed the hand of Niles' literary lights, the Woman's Club of Niles will extend the deadline date for receipt of entries for consideration for publication in an All America City booklet of Niles authors and poets until September 1st, 1965, There will never again be a first compilation of writings printed in the All America City year and the committee wishes to make sure that those who have put off submitting an entry will have the opportunity.

Mrs. Ralph McDonnell has offered writings in several classifications and the lefter accompanying her exciting copy states, " 'Few of us would dare to voice our nobler sentiments in everyday speech for fear of being labeled rather stuffy, and for most of us, extemporaneous humor comes out sounding somewhat trite and something less than amusing. Initially, entries will be accepted from Niles residents, male and female, of all ages. An adult group for the benefit of creative writers will be organized in the fall and membership will be opened to residents of other communities at that time. It is planned to compile an annual booklet of writings which will include those of non-residents, who are members of the new group, in succeeding years,

Do not put off another moment mailing your copy of original poetry, story, article, essay, editorial, etc., to: Mrs. Max M. Gilardon, 9854 Glendale Lane, Niles, Illinois, 60648. A copy of this All America City booklet of Niles poets and authors will be placed in the history section of the new library so you must not miss this chance to be immortalized at least in the village of your residence.

The STOLED on

Continued from page 1 mered down shortly with no ection taken on the suggestion, The motion simply disinte. grated into thin air. Later on after the meeting was over the Mayor said, "I'll be on as many boards as I can, if I'm asked,"

In other actions: Emil 1 Anderson Co. requested thereoning of the whole tract of the Tam O'Shanter Club for rezo ning from R1-Residential, to MI-Light Manufacturing. The request was turned over to the zoning board. In face of the park condemnation proceedings, Attorney Geocaris was askef if this can be done, "It may take three years or more for such proceedings to go through, therefore it is legal to rezone the property," advised the Village Attorney.

*****Trustee Berkowsky motioned that a 5 yr. plan for improvement of all the village streets be adopted, and the parkway tree program be accepted. Trustée Bruno seconded the motion and it was unanimously agreed upon. A map had been prepared by the village engineer Harold Olson of all the streets of the village and would be used in the preparation of the improvement plans, \$3,000 has been allocated in the budget for the tree program, which will be shared by citizens and village. There will be one tree per family allowed (only on parkways) and the contribution by the village will be \$10 per tree, with the owner paying the balance of the cost.

********Trustee Marcheschi asked the village manager, J. Pryde, to notify the owners of the soon-to-be completed Lawrencewood theatre that if the village is not in receipt of their program of films, the theatre will not be allowed to open. The owners of the theatre have been known to specialize in "B" films, low-rating films with highly disreputable subjects, but they had promised to show good films before the permit was granted.

******Trustee Marcheschi was in receipt of a petition with 86 names, all the residents of the 8400-8600 blocks of west Kedzie requesting to have the name changed to Clara Drive, in memory of the Mayor's deceased wife. This is only for those two blocks. The motion was made, seconded and approved by the board.

"Committee To -Save Tam" **Meets Friday**

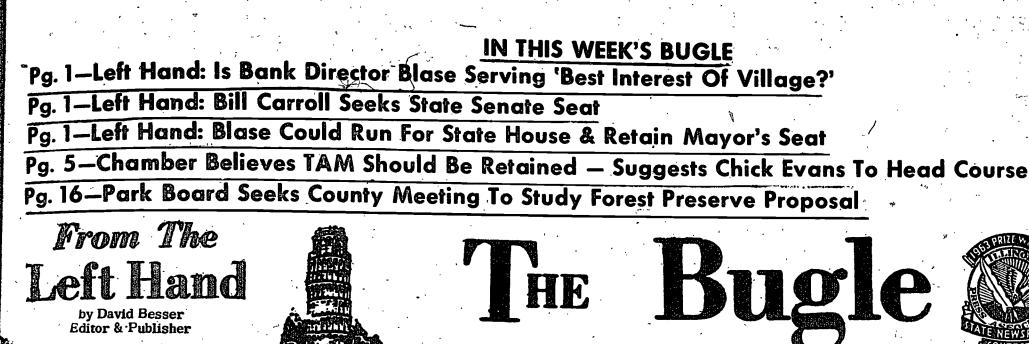

Who Are Interested In The Future Of Tam O'Shanter As A Recreation Centerl

There will be a meeting of the Committee to Save Tam, at the Niles Park Recreation Center, 7877 Milwaukee Avenue, in Niles, on Friday evening Augus 27, 1965, at 7:00 p.m.

A well known speaker will provide those present at this meeting with the many reasons why as much of the surrounding area in Niles, with its natural beauty, should be protected from the bite of the bulldozer, and the whine of the woodsman's saw.

Open land areas are fast disappearing, and this is the last parcel of land which the Niles residents of Niles will have an opportunity to obtain for recreational purposes.

'George Sieverson, Chairman Marion Ciepley, Co-Chairman

First O'The Month Meander-

Niles Trustee Ken Scheel, who unsuccessfully tried to pass a strong-conflict-of-interest resolution, was given the old Blase rough-gruff treatment, when he mentioned Blase's bank director's position was highly irregular. Blase blasted off at Scheel stating such remarks were indeed "childish". The Blase blast stunned Scheel into silence, while the remainder of Niles village board retained a similar silence.

Blase told THE BUGLE after the 'meeting if Scheel thought Blase's position was improper he should have come to him personally, rather than bring it up for the first time at the village board meeting.

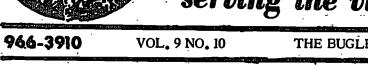

Once again, its the same old tune. Like Niles old era, all matters should be thoroughly aired privately, allowing public officials to put their best feet forward during public meetings. This was the wayNiles trustees passed the utility tax, and we assume this is now standard procedure in the All American City_ E.

Despite Blase's rough and gruff bluff...the question is of public concern... Is there a conflict of interest when a public official serves on a village board and for a private concern which makes use of village funds? Obviously, Blase should ask himself if he was selected because he is Mayor, or because of his acumen in his new field, Since the answer seems obvious Scheel's criticism is proper. Would it be proper for another official to serve on a competing bank's board? Since village funds are directly involved the implications surrounding such competition would certainly not be in the best interest of the village. And the "best interest of the village" should be the sole measurement in determining the right conclusion of the problem. * * * * *

Representative Bill Carroll has announced he will seek the new State Senate seat, which is being created as the result of the new re-districting here. Niles and Maine Townships will form its own district. Political sages expect a similar redistricting for the state House of Representatives, which will result in several new faces bidding for these offices.

* * In Democratic circles outsiders keep asking us about Niles village president's intentions and ambitions. One student of state politics said Nick, the Blase could run for state office, without relinquishing his Mayor's position. Thus, if he failed to win his race he

Bonds

Even though pay-as-you-go Revenue Bonds would likely be used if the Niles Park District purchased Tam O'Shanter Country Club, Park Commis-sioner Jack Leske told THE BUGLE Tuesday the park board would likely seek the approval of the residents in the district before undertaking such a vast project, Leske said the purchase of the course with Revenue Bonds would be three times greater than any other public purchase of a golf course ever undertaken by a public body in the United States, While Leske did not mention the price he based his figures on, it can be assumed it was on the \$3,200,000 purchase price which it is alleged the Emil-Anderson Company or its representatives paid when it consummated the sale with the family of the late George S. May.

using it.

Leske also noted it was paramount a Feasability Study of the TAM project was necessary before the park board could answer the many questions needed to make a sound judgement relative to the project. He said an engineering firm specializing in this field would make a comprehensive study to determine the feasability of the purchase. He cited the study by one firm of the underground Grant Park project, and the building of O'Hare Field, a company which would be consi-· continued on page 16

Leske estimated it would take roughly 33 years to pay-off the course, on a pay-as-you-go type of purchase. However, Leske emphasized this was only his rough estimate,

Commissioner Leske also explained he would be against the use of General Obligation Bonds, which would burden taxpayers with an additional tax for the course. He explained the golf activity is a special activity, and the cost of using the course should be borne by those

Ken Cohen Named March **Of Dimes** Chairman

Kenneth J. Cohen, 9045 Clifton Ave., Niles was today, appointed General Chairman for the 1966 Niles March of Dimes. The announcement was made by Harry E. Green, general campaign chairman of the Metropolitan Chicago Chapter.

As general chairman, Cohen will direct the community organization in the January drive for funds to open the door of health and hope to the victims of more than 600 types of birth defects.

In accepting his chair-manship, Cohen said, "Through research and Special Treatment Centers, the March of Dimes is opening the door to under-standing and the eventual elimination of birth defects. But the support of all of us is needed to maintain these programs. I know I can count on the residents of Niles to give generously to the March of Dimes,"

of the Kindergarten class, Mrs. Richmond was born in Chicago, but the family had been residing in Cleveland, Ohio many years prior to 1964. While living in Cleveland Mrs. Richmond was Kindergarten teacher in St. John Lutheran School of that city. There too she attended Western Reserve University. In the summer of 1964 the Richmond family moved to Glenview because Mr. Richmond was transferred to this area because of his work. They have two sons, one married; the other is attending Kent State University in Kent, Ohio.

The other members of the school staff will all be returning. They are Mrs. Louis Mueller, Mrs. Donald Bauder, Mr.

Ronald Marten, and Mr. Gerhard A. Schmiel, the latter as teaching principal. Mrs. Louis Mueller, teacher of Grades 1 & 2, has just rounded out twenty-five years of teaching in Lutheran schools in Wisconsin and Illinois.

The school although operated primarily for the children of members of the congregation has about 25% of nonmember children enrolled. Inquiries about late registrations may be directed to the school principal by calling 825-6207.

President Niles Chamber

Since we represent the bus iness and industry of Niles and are vitally concerned with the welfare and image of our Village, I am of the opinion that Tam O'Shanter should be retained by the Village in its championship status, one of the few in the world.

I do not believe that the Park Board's condemnation suit is in order or that it will accomplish any real purpose.

The Chamber of Commerce takes the position that all offers between the owner, Emil Anderson, and the Village should be more thoroughly scrutinized and negotiations continued.

We are interested in retaining TAM without involving the citizens in any further taxes. l believe that if the Tam O'-Shanter Country Club and its course can be purchased at a realistic price and is properly managed by a competent staff it can pay for itself. I would like to see someone with the background and experienceof the famous golfer, Chick Evans, pilot this operation.

l further believe that the Village Administration should use all of its power to retain Tam O'Shanter, this being a famous landmark and known throughout the world.

Niles now proudly enjoys the title of All-America City and should be allowed to keep Tam in its present state of natural beauty for the All-American sport of golf.

St. John Lutheran **Begins Adult** Instructions

A new adult instruction class will begin or Thursday, September 9, at 8 p.m., at St. John Lutheran Church, 7423 North Milwaukee Avenue, Niles, taught by Pastor Paul Bussert.

Everyone is invited to attend, members, who would like a refresher course, and non-members, who would like to know more about the teachings of the Lutheran Church. There is no fee for these classes, and anyone attending, is in no way obligated to join the church upon completion of this series. This is entirely up to the in-

dividual. One thing is certain, you will come away from these classes feeling spirtually enriched. Also, you will have the opportunity to ask questions pertaining to any doubts you may have about religion, or things that have long puzzled you. This is an opportunity you won't want to pass up. For further information, you may call Pastor Bussert, Ni 7-9867.

Panthers Protest Game After 39-33 Loss

An official protest was filed with the Central States League by the Panthers after last Saturday's game with Lake County, according to General Manager Marty O'Connor.

The protest was based on the fact that Lake County had the wrong numbers on their backs League rules specify

that halfbacks should be numbered in the 40's and ends in the 80's. Coach Chick Jagade asked the officials to see that this was done before the game started but was ignored

Lake County won the game 39-33 in a wild and woolyscoring deluge on both sides. The Panthers pulled ahead 33-32 in the fourth quarter

but couldn't hold it. Then the Panthers had several opportunities late in the game but were unable to capitalize from the 12 and 20 yard lines.

Jagade said the numbering hurt his team because he had drilled his defensive unit to cover certain numbers because of the league rules. When this was not possible, it took time

58 Varsity Candidates Turn-Out For Maine East's Team

A squad of 58 varsity candidates greeted coach Bob Schildgen and his associate coaches on opening day. The Maine East football team - that is - the 1965 version, promises to offset any lack of experience by displaying, from every indi-cation, enthusiasm for the game, and team unity. This attitude alone is conducive to self-improvement, and also good physical conditioning.

Coach Schildgen and his staff were most impressed with the squad's attitude and morale after the first few practice sessions. In addition, he stated that no one could possibly ask for better cooperation than what our men at East have given,

After hearing these comments, it is obvious, then, that a certain amount of calculated optimism is lingering over the Steamin' Demon'' camp) And why not - for the positive side was the return of 14 lettermen predominately seniors, who will form the nucleus for the '65 team. Of the 14 returning players, 12 played regularly in their junior years. This fact alone indicates the rebuilding necessary when a split in schools occurs, and only a sound football program can recover.

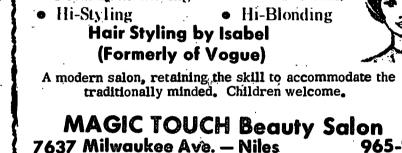

Maine's chief problem is rebuilding the offensive line. Only two starters return; end Bill Benesch and guard Tom Kruse. However, several others played considerably in the line. Included in this group are end, Jay Harker and tackles, Emil Collias and Dave Poncher and guard, Chuck Brandenburger. There is good experience returning at center, namely: Walt Zawislak, Dan Tokoph, Art Price, and a senior transfer from Evanston Township, Bob Ross. Several juniors will figure prominately at all line positions.

It is in the offensive backfield that Maine east's prospects are brightest. The halfbacks appear to be the strongest positions on the squad. Bill Dritlein, the team's highest ground gainer from a year ago leads the backs. Also available will be John Sharer and Dave Scharlau and Glen Thompson. Added depth comes from several juniors also: Skip Olson, Monte Beaver, and Jim Simpson. Big fullback Wally Pollack, a senior weighing 195# will receive support from juniors Doug Martens and Jack Reed, John Comstock, a senior letterman will be backed

up at quarterback by Larry Jolley and Bob Leesley.

Indications are that there are some fine junior candidates who

will be in position to contribute to Maine East's football fortunes when the season opens against Niles West on September 17th.

Waukegan Takes Niles Invitational **Pony League Tourney**

Waukegan North Side Athle tic Club showed the characteristics of a well rounded ball club. They featured both good hitting and sound pitching to overcome Mt. Prospect, Edison Park, Berwyn, and finally Lincolnwood to gain the coveted championship.

Many good teams were featured in this years tournament and every game could have gone either way. In the first game for Waukegan they beat Mt. rospect by the score of 4 to behind the three hit pitching of Low. This game was tight all the way and was tied 2 to until the top of the tenth nning~when Cornell and Ball hit back to back doubles to drive in two runs to give Waukegan the victory. Mt. Prospect show-ed a tight fielding and allowed only three errors in the game,

Waukegan next faced Edison Park. This game was one that featured much hitting by both ball teams. Low went three for Waukegan and Ball and Kox both hit home runs. Edison Park led the whole ball game until the 6th inning when Waukegan scored eight runs to take the lead and the ball game by the score of 13 to 10. Edison Park was lead in hitting by Dounle who has a triple and a single, and by Mariani who had two singles in four trips to the

Lincolnwood advanced to the finals by a victory over Niles by the score of 2 to 1, Chapman allowed Niles only three hits and Weber and Gentry combined for Niles to allow Lin-

colnwood three hits. The game was tied until the tenth inning when Sher for Lincolnwood scored on a wild pitch to end the game. The game was highlighted by the pitchers with Chapman fanning 21 batters and Weher and Gentry combined to fan

In the championship game Lincolnwood and Waukegan were well matched and the spectators saw a well fought and hard played ball game with Waukegan victorious to the score of 2 to 0. Turner hit his second home run of the Tournament and scored both runs for Waukegan. Chapman pit-ched a 3 hitter for Lincolnwood, but three costly errors

made the difference in the final score. The winning pitcher for Waukegan was Rox who allowed

Theatre in the United States is just 300 years old, The first play in the new country was introduced to Virginia colonists In August 1665, The actors were refugees from the Puritan rule of Oliver Cromwell, Puritan Statesman and Lord Protector of the English Commonwealth from 1653-58. The theatre was "the devils house" for the Puritans and all the actors fled to England, but unfortunately all the Puritans were not left behind. The name of

that first play was "The Bare and the Cubs", an ambiguous title, but the script and author are unknown, Apparently there were enough Puritan colonists to smell the scent of the devil and during the performance, the entire cast and the director were hauled off and imprisoned,

There was a full house at Lutheran General Hospital, Park Ridge, last Tuesday (Aug-ust 24) with hospital officials reporting 344 patients in the hospital. This figure does not include the 46 infants in the nurseries. nurseries.

"That means we had 344 patients in a hospital designed for 324," said T.L. Jacobsen, executive director.

Jacobsen pointed out that August is normally one of the slowest months for hospitals,

"If anyone had any questions on why Lutheran General is expanding, they should have been here that day," Jacobsen

He pointed out that despite the high census, the hospital International Council of Nurses. was able to avoid placing avoid the trip, which included a post-beds in the halls. By double countries, was a gift from her up private rooms and placing beds in the solariums, the record high number of patients could be accommodated.

Hospital officials are looking forward to this fall when two new patient floors will be ready for occupancy.

The hospital is currently in the midst of a \$6,200,000 expansion program which will add 263 beds for a total of 587. The expansion is adding three stories to the top of the original seven story building. five-story wing is being added to the west side of the hospital.

The hospital still needs \$500,000 to complete thebuilding. A friend of the hospital. Mr. A. D. Johnson, has agreed to give the hospital \$300,000 if other friends will provide the remaining \$200,000.

"In other words, for every \$10 the community gives the hospital receives \$15 from Mr. Johnson for a total of \$25,3 Jacobsen noted.

W. Craig Graduates From Hamburger U

William Craig of Niles was Hamburger University ---- in a university-style approach was from the McDonald's ham- along to its operators and manaburger restaurant at 7937 North Milwaukee Avenue in Niles.

He received his M.H. (Master of Hamburgerology) degree in formal commencement exises at the unique university where everybody majors in hamburgerology with a minor in Frence Fries.

Hamburger U., which boasts the meatiest courses of any university, is operated by the McDonald's chain of self-service hamburger restaurants as a training school for the men run its units. The local McDonald's is part of the big nationwide chain which now numbers nearly 700 units in 44 states and the District of Columbia.

Hamburger U. was born when phenomenal growth.

McDonald's got the preparation graduated from the world's of serving hamburgers down to most unusual university -- a science -- and decided that Elk Grove, Illinois. Craig is the best way to pass that science gers.

> Although telling the labortory apart from the lunchroom is one Hamburger U. problem that doesn't come up in other universities, Hamburger U. for the most part is operated like more orthodox institutions of higher learning - with classroom lectures and laboratory courses. Hamburger U. students, however, are apt to be more literal about cramming for exams.

Besides the actual preparation of hamburgers --- Applied Hamburgerology 101 --- students learn the fine points of restaurant management and details of the unique McDonald's system of operation which has been responsible for the chain's

New/School Year Lengthened By Four Days

The 1965-1966 high school calendar was revised at the Waukegan road, Morton Grove, Ship High School Board of Education, Monday, August 16, A new law makes it necessary to have 185 days of school in cluding teachers' institute. There will be two days of institute and 183 days of school with pupils in attendance. Thus, the school year for students has been lengthened four days. There will be no change in opening and closing dates. Three days will be taken from²² vacation periods --- one from Christmas and two from the Spring recess. A grading day for teachers was eliminated.

> There will soon be new sidewalks leading into Maine South and Maine East. The architect was instructed to secure bids

on the construction of walks 5 feet wide along Dee Road to the South school and along Dempster Street from Vernon. Avenue to the Maine East prop-They line.

Permission was given to the City of Park Ridge for a perpetual easement to use the water

main at Maine South High School for construction of a water line to serve Park Ridge citizens

Approval was given for the repair of tennis courts at Maine West, but not until one board member was assured that the library budget would not be reduced because of it. "Libraries are more important than tennis courts," he said,

This was a reaffirmed belief in the neighborhood school when it refused to grant transfers to two students-one from South to East and one from East to West. Dr. Earle W. Wiltse explained that transfers are made (1.) for E.M.H. stud-ents to attend Maine Township

High School East, and (2.) for students desiring subjects that are not offered in one school but are offered in another.

Unanimous approval was giv-en to experimentally open Maine West library one night a week during October and November to relieve overcrowding at the Des Plaines Public Library.

Review Of School District 64 Board Meeting

The public hearing on the 1965-66 budget for School Disttions by citizens attending the meeting. Final action on the budget will be taken at the September meeting.

The board accepted the few suggestions for changes in the budget for consideration. A number of questions regarding the form of the budget were answered. The main citizen interest, however, seemed directed at getting interpretations of some of the items of the budget,

The total budget for 1965-66 amounts to \$4,256,000. The largest fund in the budget is the Education Fund amounting to \$3,154,700. Salaries of all school personnel except custodians account for 89% of this amount, or \$2,811,000.

Most of the citizens attending the board meeting came to express their concern at the transfer of children to other schools to avoid unusually large classes. The transfers which require children to cross Busse Highway at Dee Road and Cumberland Avenue at Glenlake Avenue caused the most discussion. Solutions such as rerouting some junior high buses to transport children across hazardous streets and reassignment if the changes in class size as a result of summer moves allowed it were discussed. In response to questions, board members pointed. out that the employment of adult guards by the Board of education for supervision of busy streets was expressly forbidden by state law. Power to do this is reserved for the City Council and not the Board of Education.

The board members expressed concern for the safety

of these pupils and stated they would make as many changes as possible to avoid these hazards. It was pointed out that these transfers of children across hazardous streets would not now be necessary if the construction proposed last February had not been defeated at the polls.

The Bugle, Thursday, September 2, 1965

The board accepted a report from the superintendent stating that recent information on pupils moving into the district would require one less room than formerly thought at Roose-velt School, and therefore the kindergarten room could be moved to the first floor. Such a move would be made possible by using both new classrooms in the remodeled lunch room on the third floor,

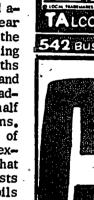

Superintendent Plimpton reported that the standardized achievement tests of last year showed that, on the average, the fifth-grade pupils had reading scores one year, two months above the national norms; and eighth-grade pupils made reading scores one and one-half years above the national norms. In each case, three-fourths of the class was above the expected reading level for that grade. The scoring of the tests provide for one-half the pupils of an average class to be above grade level and one-half below.

In other actions, the board accepted the resignations of: Mrs. Susan Huber, kindergarten, Merrill, and Mrs. Janice Harfield, Third, Carpenter for maternity reasons. Mrs. Marjorie Lutton, first, Jefferson, and Miss Martha Shupack, social worker, to be married, and Mr. Fred Todd, leaving teaching to work in industry,

The board approved the contracts of 41 teachers who will join the faculty for this year. A leave of absence of from six
