## From The Left Hand

by David Reesor  
Editor & Publisher

As one local Rabbi mentioned the past week, the Jewish community in Niles Township should be commended for the restraint he showed during the recent past weeks. The flames of hatred engendered here by a religious leader and a local newspaper were indeed a sad commentary.

One newspaper in Skokie will not make any comment on the racist advertisement which appeared in a second newspaper. Because the Skokie-based paper has Jewish owners it does not want to identify itself as siding with the Jewish community, lending itself to criticism of being prejudiced.

THE BUGLE has always stayed away from any in-fighting with other newspapers. It is not only in poor taste, but we believe it is boring to its readers and manifests a lack of objectivity. However, in this instance, the limits of decency were abandoned by the Pickwick newspapers and their owner and editor should explain to the community their inexcusable behavior in the Niles High election.

Since, both the owner and the editor are seeking the votes of local residents in June we would like to know if they created the racist ad in their newspaper themselves, or was it paid for, and by whom? And since John Birch literature has been distributed from their office is there an association between the editor and the JB group?

Along the election trail Nilesites might like to know there was a library election Tuesday, Diane Hanson and Clarence Culver were elected to the two posts and outgoing Board Member Sig Lewicki will be appointed to fill the vacancy caused by Edna Walger's resignation. We're afraid our friends on the library board preferred this method of insuring they would have seats on the Board, rather than risk an election which had three candidates compete for two positions.

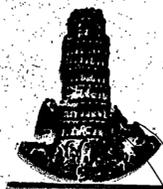

Niles residents in district 63, 64 and 219 once again have no representatives on their school boards. Since they're paying the major part of their tax bills to the school districts it would seem they would want someone from their area to watch the store.

Residents continue to wonder what is to become of the Mill Run theatre. According to Mayor Blase, it will take a bankroll of \$150,000 before the doors will be opened again. He mentioned the fear of under-financing prevents the Mill owners from leasing the theatre to persons with a less amount.

The upcoming release of returns of a survey on telephone service in Niles is not going to sit well with Middle States. While our mention of the survey last time caused scowls at the phone company, the overwhelming criticism of its

### Bake Sale All-America Success

More than \$500 sales was recorded Saturday in the first Niles All America bake sale held at Niles Recreational Center. Village Clerk Marge Lieske, who said the response to the sale was overwhelming, as many hundreds of Nilesites bought the more than 500 items which

were sold between 9 A.M. and 2 P.M. Mrs. Lieske (in center) is pictured with the many ladies whose culinary efforts raised \$500 to be distributed equally for the Hong Kong baby adopted by Niles, and for a Niles baby fund, to be used locally to aid a Niles baby.

### Citizens Committee Repudiate Racist Ad-After Election

The Citizens Committee for Niles Township and its candidates repudiate the purported ad that appeared in the Pickwick papers. This ad neither solicited nor paid for by the Citizens Committee and no member had knowledge of the copy prior to its issue.

We deeply regret the injection of religion into the campaign. The Citizens Committee was organized to encourage community-wide participation in school board elections and to arouse greater public interest in the affairs of the Niles Township High Schools. All members of the committee have

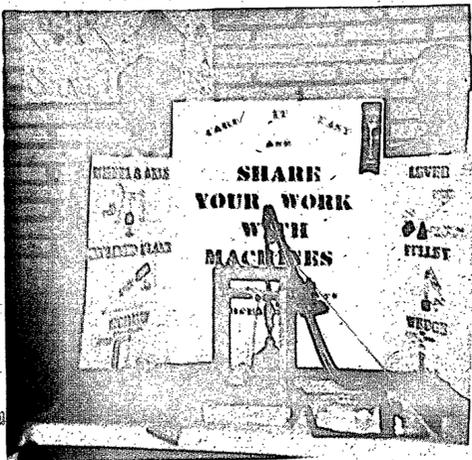

worked strictly within their bounds. We feel that we have accomplished our purpose in that the names of three very well qualified business men candidates have been added to the slate.

The choice is now up to the electorate of Niles Township High School District 219. The

Names of the 180 winners and runners-up in the 10th Annual Independence Hall Essay Contest were announced Saturday, March 26, by Dr. Sidney L. DeLove, president of Independence Hall of Chicago which sponsors the competition.

The winners are seventh and eighth grade pupils from 90 public, private and parochial schools in the northwest Chicago and suburban area. A winner and runner-up were selected from each school.

More than 12,000 essays on "What American Patriotism Means to Me" were submitted in the contest. Entries were judged by teachers from the 90 schools who volunteered for the tremendous task of selecting winners. Judges were not permitted to review the entries submitted by their own schools.

The winning youngsters and their parents will be introduced to the chaperones and learn the rules and regulations of the trip at a meeting at Von Steuben high school, 5039 N. Kimball Avenue on April 3 at 2:30 p.m.

## Is Maine Township Really Republican? "No" Says Blase

Is Maine Township really a Republican stronghold? You'll get a resounding "No" from Nicholas Blase, Candidate for Democratic Committeeman from Maine Township.

"I'm not saying that there aren't many Republicans in Maine Township," says Nick Blase, "but they certainly aren't a great majority that many people think they are."

"Of the thousands of eligible voters in Maine Township there are only 2300 registered Democrats. Four years ago there were 3500. What has happened to all of the Democrats? Did they all move somewhere else? What about the thousands of Chicagoans who have moved into Maine Township. Chicago is primarily Democratic. What happened to these people when they moved out here?"

"I say that nothing has happened to them, I say that there are thousands of Democrats in Maine Township who never register and never vote in primaries."

## Another Morning another Year...

Friends Area 966-9669

"Gentlemen of the Board:

This is a letter of praise and complaint. Praise for your workers and complaint about your policies. DO NOT turn this over to the complain department, however, for I am dedicating this to you and you alone. It is my declaration of unequivocal disenchantment with your platitudes, your slogans and your fatuous bragging; satisfaction guaranteed, your friendly service stores, our best friends are our customers and vice versa. This is a time of maturity for you and me, I'll accept no more phrases, only proof of your integrity, if you have any. Why do you never mention the deceit, the bilking, the continued cover-up we have been subjected to, particularly in the last few months?

The big stores destroyed the small stores with mass underpricing and now we consumers are being overpriced and undersold flagrantly. How come the insidious rise of prices coincides so neatly with the lowered quality of the same products? I adore your specials — the 25¢ each cans that are on sale at "3 for 79¢" — the 25¢ cans that are widely hobbled as a "4 for a dollar" item, this week only. In reality it is an item you are overstocked with and this is the perfect cut. Sure, once in a great while there is a legitimate cut, but let's not look at the rise every thing else will take that week."

The above is an excerpt from a letter I have sent to one of the large food chains and with further and more explicit instances of their special stores' qualifications for robbing the shoppers.

Here are just a few cases of "shopping values" I've run into the last two weeks, in assorted chain stores around this area.

1-----A can of apricots, weight and pricing right — opened the can and found 2 apricots.

2-----A frozen package of rhubarb (same brand) 33¢. In one store and 45¢ in another store, neither on sale, both the same size.

3-----A package of 200 napkins always selling for 25¢, still 25¢, but the napkin is so thin, that you will use three boxes where before only one was used.

4-----Liver advertised as baby tender, three slices to a package — opened to 5 cornerstones of cirrhotic liver in each package (Mottled, mangled chunks that were impossible to eat).

5-----A five pound sirloin tip, costing approximately \$7. one mass of gristle, couldn't cut it or eat it.

6-----A leg of lamb that was minus lamb and who wants to eat a leg bone?

It's up to us, housewives, to set up a darn loud howl and get on the backs of our "friendly neighborhood stores" and see that they stop cheating us, and taking hard earned money out of our pocketbooks for uneatable and wildly overpriced food. It's tough enough to get by without this continued gouging under the guise of satisfaction guaranteed...right to the door of the poorhouse!

## Importance Of Selecting Superintendent

President Gordon E. Kopald, speaking in behalf of the Board of Education, school district #63 said "The single most important function of a school board, far outweighing any of its other activities, is the selection of a superintendent. We strive for the very finest teachers, principals, administrative staff, buildings, materials, equipment, etc., but only with outstanding leadership can it all be put together so as to develop its full potential. How, then does a school board, aware of this vital role, proceed to acquire such a person?"

A year ago, shortly after Supt. Jim Bagg submitted his resignation, it was announced by the district #63 board that a nationwide search for an outstanding superintendent would begin.

Kopald stated "Our first step was to meet with, and seek guidance from, Dr. Robert Havighurst, a nationally recognized educational leader. Following his advice we retained the services of three prominent educators as a search and screening committee. They were: Robert M. Cole, Executive Director, Illinois Association of School Boards, Dr. Luvern Cunningham, Director, Midwest Administrative Center, University of Chicago and Dr. Guy E. Cornwell, Associate Director, I.A.S.B. Thus

the nationwide search began." In the interim, Dr. G. William Bullock, Jr., then assistant supt. for curriculum, was given a one year contract as acting superintendent. Kopald stated that "This was done to insure that the innovative programs the board sought would be implemented during the time of the search. Further, Dr. Bullock's name would be implemented during the time of the search. Further, Dr. Bullock's name was placed in candidacy with the others".

In May, 1965, the board met with their screening committee. Kopald reviewed the course of events. "We followed their counsel every step of the way. Recruiting material was developed, including a comprehensive set of criteria for the man we sought. The screening committee began by contacting placement offices and universities throughout the country. A vast number of inquiries and applications came in from all over the nation. During this time the board met frequently with it's committee. Then, during one of the meetings Dr. Cunningham said "We have now refined this large group to a handful of men, any of which we feel to be eminently qualified to provide out-

standing leadership to district #63. You, as a board must make the final decision". While all of this was going on Dr. Bullock had requested that his name be withdrawn from those in candidacy. We began by contacting the remaining candidates, inviting them to visit our district and meet with the board so that we might evaluate them. The number of finalists will then be further reduced, and the board will travel to their communities to seek further background on their qualifications. As such, a new superintendent will be named in the near future".

Kopald concludes "Only after all of this is accomplished will we feel we have fulfilled our single most important obligation...to the children of school district #63.

## "TOPS" Members At Convention

"Proud as Peacocks" the 40 ladies of Niles TOPS Club, Take Off Pounds Sensibly, who attended the Illinois State Recognition Day for TOPS Clubs all over Illinois, have returned from the convention at the Sherman House, in Chicago, on April 1st and 2nd. With 412 chapters in the State and some 2000 persons present, Doty Sullivan, Niles TOPS Leader, and one third of the club's membership gathered in the grand ballroom to see 22 of "their own ladies" graduate on stage as KOPS, Keep Off Pounds Sensibly. These are ladies who have reached their desired weights and maintained that goal for a period of three months or more. Their loss alone was 958 pounds of the 9000 pounds lost by all the graduates at the convention. As all the individual chapters' Queens were honored, Niles TOPS was represented

by Beverly Firmess (with a three week baby) who lost 52 pounds in 1965 while the stork was yet to visit her house. It was a thoroughly exciting and most inspiring weekend for the club as they shared in the honors.

With the convention's recognition for 1965 over now, the club is busily losing weight for 1966 anew already the average loss per member for the first three months is 7-1/2 pounds. Niles TOPS meets every Monday evening at the Niles Bowling Center. There is now a waiting list for new members, but ladies with a serious weight problem who are sincerely interested in a sensible plan for weight reduction are gradually being accepted. If there are any ladies in the area who are interested, please call 966-5797 for additional information.
