M.G. Legion

The Morton Grove American Legion Post 134 says thank you to their members, Legionnaires' wives and family, auxiliary members and family and other friends who annually assist at the post's four-day summer carnival by holding a party for them each year. This event is scheduled for this Saturday, Sept. 6 beginning at 9:30 p.m. at the post home.

Under the direction of carnival chairman Al Nehart, who is the newly elected commander of the Morton Grove Post, a mid-night buffet is to be served traditional with all American Legion parties.

Nehart indicates a fine four piece band will play for dancing; and during their intermissions, the Law's Banjos will entertain. The Law's Banjo pair appeared at the July local Legion carnival, during the state convention and last Sunday at the post picnic.

The Junior Auxiliary of Unit 134 of the American Legion of Morton Grove will meet this Saturday, Sept. 6 at 2 p.m. at the Legion Memorial Home. Election of officers for the ensuing year will take place.

Juniors are daughters and sisters of Legionnaires and servicemen who are under 18 years of age. Mrs. John Sepesy is the Junior Advisor. Dues of \$1 are now payable, and the girls may bring this to the meeting.

The young ladies meet independently once or twice a month and their prime project is helping

Choir School For Resurrection Youths

A three-day choir school was a new experience this week for over 30 children in the youth choir of Lutheran Church of the Resurrection, 8450 Shermer rd., Niles.

As a prelude to the year's choir program, the Rejoice (grades 3-6) and Young Christians (grades 7-10) met at the church from 9:30 a.m. to 1 p.m. on Tuesday, Wednesday and Thursday for a variety of activities under the direction of Mrs. John Sanderson, choir coordinator, and Mrs. Wayne McNamara and Mrs. Paul Tidemann, directors.

The choirs met individually to rehearse both anthems for Sunday morning worship services and contemporary folk songs chosen around the year's theme, "Joy Is Like the Rain." Both groups will be singing the latter for hospitals, rest homes, and other churches, as well as

for their own congregation, throughout the year. During an art period led by Mrs. James Christensen, the Rejoice made hand puppets to illustrate one of their songs, and Young Christians created large felt banners to be hung in the church. Later the younger children worked with rhythm instruments while learning music theory.

In student teaching sessions, the older group learned how to teach songs to young children and later practiced their skills before the group. They will have the opportunity to teach music in the Sunday Church School this year.

The closing session each day was devoted to a discussion of the meaning of the liturgy and the learning of the folk mass, Winds of God, to be sung with the congregation at the morning worship service on October 5.

"LIVES OF GREAT MEN ALL REMIND US, etc." so sang the poet. Too bad we are not reminded of them more often. Have you ever heard of Semmelweis, the doctor who was so distressed by the high mortality of mothers in childbirth and did something about it so that now you can look forward to having your baby? Do you think of Dr. Saulk when you have your baby immunized against polio? Or about the many dedicated scientists of the past and present who spend a lifetime making the world safe for you. You need not - for these men do not want public applause. The accomplishment is enough for them and they prefer anonymity. They seek only to serve.

Schultz. "This performance continues in high school."

Another test battery, the Differential Aptitude Tests, measures performance in abstract reasoning, clerical accuracy, mechanical reasoning, space relations, and language usage. The latter tests also tended to confirm above average performance abilities of Maine students.

Mr. Schultz states that the best use of test results comes when test information is given each student for the purpose of more effective decision-making regarding future plans. He said that assembling test data for research purposes is secondary to student decision making.

In concluding his report to the Board of Education, Mr. Schultz remarked, "I am pleased to present this type of information to the Board and to the public. Here we have evidence that student achievement at Maine is being maintained and that our student performance is not deteriorating as we frequently are led to believe by reports from some individuals who are critical of public education."

Couples Club Cookout

group. For reservations, call Barbara Leske at YO5-3935.

Troop 88

The girls of Troop 88 spent 3 days at Glenwood Farms, Marshall, Ill. in the Illinois River Valley. Planked steak, chicken, roasted potatoes and corn on the cob were some of the delicious campfire cooking the girls ate with appetites stimulated from swimming and riding horseback on the scenic trails.

To top off the trip the girls visited Starved Rock State Park and surveyed the countryside from the top of this bluff rich in the history of their state. The girls attending were Leanne Wiedemann, Jane Urfer, Linda Koss, Karen Grobner, Sue Foreman, Dottie Dunkelberger, Linda Demko, Barbi Del Beccaro, Debbye Baylen, Rhonda Raffae and Nancy Oddie, a former member of the troop who moved to LaVale, Wis., but rejoined us to renew old friendship and make new ones. M.G. Legion News

The fall season will be heralded with the beginning of the Morton Grove Post 134 of the American Legion weekly fish fries set to begin this Friday, Sept. 5. The 6-8 p.m. meals are served at the Post Memorial Home, 6140 Dempster st.

In addition to the ever popular perch, shrimp or a combination plate are also offered. Two seasons ago a chicken entrée was added and it has become a favorite with many now that Catholics are not obliged to eat fish on Fridays.

The every Friday fries will continue until next summer with the exception of a few days following holidays such as Nov. 28 and Dec. 26.

Children's portions are available and carryouts may also be had. The adult portion is served with baked potato and colelaw, roll and butter and coffee. Prices are moderate.

The twohead officers-elect of the Morton Grove Post 134, American Legion and its Auxiliary Unit have selected and announced their installing sgt. at arms and installing officers.

Mrs. James Campanella, who will be installed as president of Unit 134 with Albert Nehart as commander of the post in joint ceremonies Sept. 20 has chosen Mrs. Ed Lange and Mrs. John Sepesy as her two installing pair. Mrs. Sepesy, a past president of the unit will perform installing sgt. at arms duties. The installing officer services will be conducted by Mrs. Lange who is a past 7th Dist. president, just recently changed to that title from director at the American Legion Auxiliary state convention this summer. She also served the Morton Grove unit as president.

Nehart has asked past post commander Roman Lach to be his installing officer. Lach is a past 7th dist. commander. The 7th Dist. encompasses units and posts in the north shore Chicago and suburban area.

Past post commander William Kramer, to be installed himself as post sgt. at arms this year by virtue of his election as commander of the Post Rifle Squad,

will be the men's installing sgt. at arms.

Well known for performing the task required, Phillip Cancellieri will once again handle the master of ceremonies job.

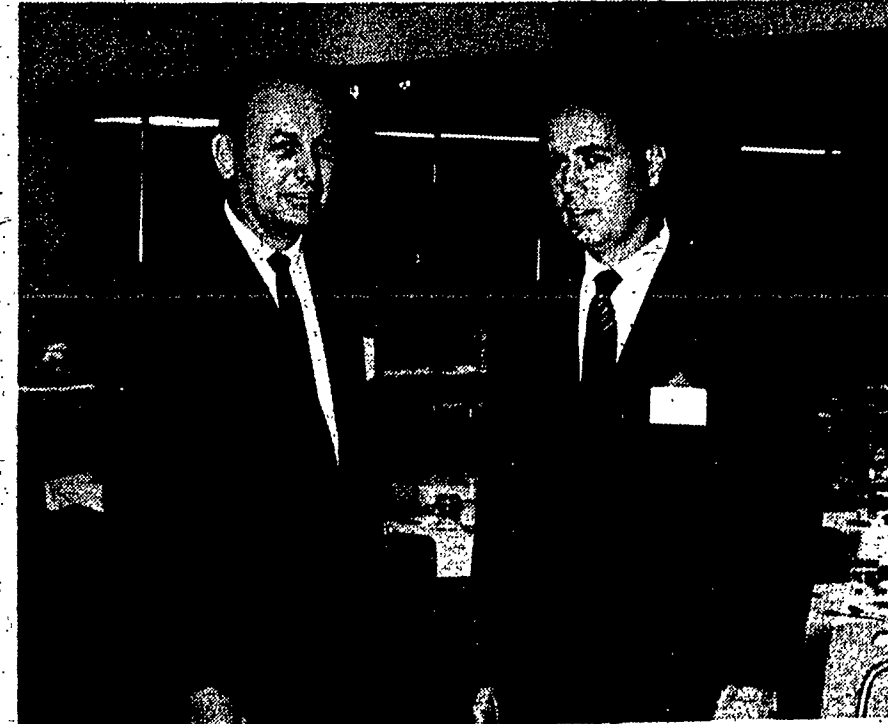

When Mrs. Charles Fencil of LaGrange Park was installed as president of the Cook County American Legion Auxiliary of the 1st Division, officers of the Morton Grove Unit 134 of the American Legion Auxiliary were on hand to witness the ceremony.

Mrs. Fencil was formally installed at a recent luncheon at the Sherman House.

The Morton Grove unit sent delegates to the monthly county meetings.

M.G. Board

as the method of its implementation." (Where do we get the money?)

Tr. Cohen explained to the board Tuesday night \$14,000 has been appropriated for crossing guards. "None of us realized a salary increase would be requested," Cohen told the board, "and we are bound to stay within our appropriation until 6 months have passed and we can reappraise appropriations and/or transfer funds."

While corporate funds could be used for the increase the board finally voted to refer the matter to the village finance director and allow him to determine which category could be used and how best to obtain the needed funds.

Police Chief Scanlon and Fire Capt. Glauner are taking applications now from adults and senior citizens to fill crossing guards jobs standing vacant. Guards are needed by the village in the School and Lincoln area and in the Oak Park-Beckwith area.

In other business Tuesday night the board announced hand sprinkling of lawns, etc. is permissible but automatic sprinkling has been forbidden until the "drought" is over. Reservoirs are about half full and the biggest problem is recovery of water from Chicago.

The Morton Grove-Chicago water contract expires in 1971

Urges Hearing Test

"No parent should let the new school term start without first having made absolutely certain their school-age children are hearing normally," according to Gerald L. Scott of North Suburban Hearing Aid Center, 8146 N. Milwaukee ave., Niles, local dealer for Beltone Electronics Corporation.

Mr. Scott pointed out that throughout its 29-year history Beltone has actively worked for hearing conservation. "Now, our modern-day environment which exposes everyone — and particularly teen-age children

and a negotiating meeting on a new contract has been requested by the village.

Tr. Houndt reported new street sweepers were delivered last week; Tr. Hilkin reported there were only 5 dog bites and 2 cat bites reported to the village during August.

Tr. Wilander reported on the progress of petitions received from residents in the Sherman-Beckwith area regarding traffic relief. Traffic counts and accident reports had been sent to the State of Illinois since all the streets involved (Lincoln-Marmora, Beckwith-Harlem, etc.) are under state supervision.

Wilander also read a letter commending the M.G. Fire Dept. for its work during the recent Pitt 'N Grill restaurant fire.

The board okayed an ordinance which approves the municipal occupational tax increase by 1/4%. While there is no increase in the tax itself, the rebate to the village will be increased by that amount. The village, after Oct. 1, 1969, will receive one percent in rebate—a total of about \$562,000.

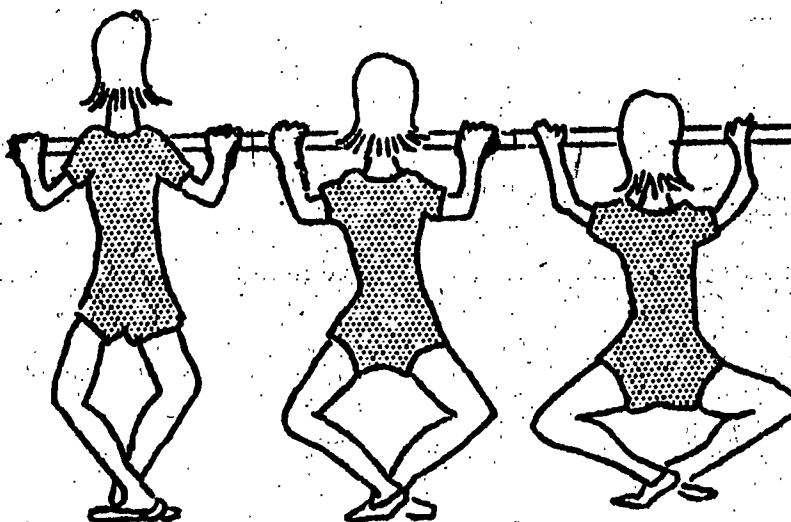

Bode told the board "we have uncovered and detected many discrepancies in the municipal code."

He went on to explain "we are accumulating them all and will move on them shortly. Attorney Nordberg is preparing suitable forms on which the trustees can take action."

— to so much noise, makes the need for periodic hearing tests even more essential than it was in the past years. If local schools do not conduct periodic testing of pupils, parents who believe their child may not be hearing properly should arrange for such tests through private facilities," he emphasized.

The majority of pupils will easily pass the simple, brief and accurate screening carried out through this procedure.
