Blase Against Richmond Busing Decision

Mayor Nicholas Blase, the Democratic Candidate to Congress from the 10th District has issued the following statement:

CASTLE INSURANCE

Your home is your castle. It probably represents the biggest investment you'll ever make. And you'll be smart to protect that investment with a State Farm Homeowners Policy. This low-cost package of protection provides broader coverage for your home and belongings and for you, in case of lawsuits... at less cost than many similar policies. Call me for the details!

"The concept of busing children from the city to the suburbs and suburban children to Chicago's inner city schools is no panacea for providing the same quality of education for every child.

Nor is the idea acceptable to people who move out of the city of Chicago into suburban communities in order to provide themselves with a different life style.

The courts target is suddenly suburbia and that lifestyle is now being threatened.

According to the courts, suburbia is becoming a new human social disorder, because they would dare to raise their standard of living; a spreading disease, because they can afford to live and raise their families. The anathema of the government. Or, is suburbia the government's 'cop out' to solve one of the nation's most pressing problems... funding education.

Two recent court decisions (Judge Austin of Chicago and Judge Merhige of Richmond) will dramatically alter the lives of those persons who have chosen to live in suburbia in their desire for a different and better way of life. First, the Austin decision, in defiance of the Supreme Court forcing the idea of low income housing in Chicago and suburbs without a qualification, and now the Merhige (Richmond) decision requiring the busing of suburban children into city schools and city children into suburban schools. The Richmond decision ignores the problems behind raising the standard of education for the city children.

We find our courts now making our laws, deciding on what our way of life should be. Our elected

officials, our legislatures and congressmen should be doing this, not our courts.

The answer to an equalized quality of education is not in busing, but in the State and Federal Government facing up to their responsibility of providing adequate financial support for big city schools (such as city of Chicago) thus giving every child an equal quality of education.

The State and the Federal Government must assume that financial task.

The Richmond decision will only serve to polarize the cities and suburbs and deteriorate whatever advances we have made in civil rights this past decade.

For these reasons I cannot abide the Richmond decision. It is unfair to those persons who have raised their standards of living, and after all, isn't that really what our country is all about... the opportunity to achieve to a better way of life and not be penalized for it? Are suburbanites to be condemned bigots and demagogues because they have worked and achieved a better way of life for themselves?

Gov. Richard B. Ogilvie has released \$1,223,832 in state grant funds to the Metropolitan Sanitary District of Greater Chicago to assist in the construction of 8 improvements to sewage treatment facilities.

The grants represent partial payment of the state's 25 percent share of eligible project costs under the Anti-Pollution Bond Act of 1970.

Included in the following projects which will be aided by checks issued is Wheeling and the amount of warrant is \$907,103.

Labor Endorses Mikva

Congressman Abner J. Mikva (D-Ill.) has been endorsed by 13 major labor unions in the 10th Congressional District in his campaign for re-election.

One of the labor leaders in the 10th district said, "In his 3 years in Congress, Congressman Mikva has acquired one of the most outstanding records and one of the best reputations in the House of Representatives. He warrants the whole-hearted support of the labor movement and the entire 10th district."

The unions, which represent more than 50,000 working men and women in the district, voted to support Congressman Mikva at a meeting of the AFL-CIO's Committee on Political Education (COPE) in Niles on Friday.

They reached their decision after listening to Congressman Mikva and his opponent in the March 21 primary, Mayor Nicholas Blase, discuss some of the issues in the campaign.

The vote was 13-to-1 in favor of endorsing Congressman Mikva, and that recommendation will be sent to the State Federation of Labor COPE organization for approval next week.

At the meeting, Congressman Mikva outlined his record in the field of labor. The AFL-CIO has given him an "Excellent" rating in the 3 years he has been in Congress.

programs are demeaning," Congressman Mikva said.

"They demean the people who live in them and, when public housing takes the form of the Taylor Homes, it demeans the community where it is located."

Congressman Mikva added that no one can possibly support building projects like Taylor Homes or Cabrini-Green "anywhere." He said that he would urge the Department of Housing and Urban Development to consider the rent stamp proposal "as one means of helping people get decent housing just as we help them get food and clothing."

Congressman Mikva said, "We do not ask General Foods to prepare a special cereal for poor people, nor do we ask Sears to create a special uniform for them. So we ought to stop creating special identifiable housing for them — housing that helps neither the people nor the community."

Mikva also said that he will check to see if legislative changes in the Housing Act are necessary to implement the rent stamp proposal.

"Innovative steps like this could break the impasse that now surrounds the housing problems in all of the major metropolitan areas of this country," Congressman Mikva said.

Under the rent stamp proposal, people would be permitted to buy rent stamps at less than face value, if they showed the need, and use them to rent housing where they choose.

Earlier that same week, Blase will be the featured Speaker on WEEF Radio (live) (AM-1430; FM-103.1) from 7-7:30 p.m.

Blase, who has been Mayor of Niles since 1961 presently serves as Education Chairman of the CCG (Cook County Council of Governments), a bi-partisan organization involving school districts, governmental bodies and municipalities throughout all of Cook County. An authority on funding education, Blase presently awaits a decision on his lawsuit (Blase vs Ogilvie, et al) challenging the State of Illinois on the use of real estate property taxes as a means of financing education.

LETTERS TO EDITOR

Clarifies Purchase of Carillons for Niles

Dear Dave:

An article recently published in The Bugle, relating to the Niles Carillons, is basically false. The Carillons have been installed, to the enjoyment of Niles residents, but to let this article be accepted would indicate that the news media can be used, unknown to the news editor, to impart false information.

According to the release submitted by Jahns, he "was instrumental in saving a total of \$2,730.00 on the carillons," that "an additional saving was realized by having Public Works install them for a nominal charge of \$300," and that "the carillons were originally quoted at an \$8,000 cost."

The original request which I made on Nov. 7, 1970, to the Niles Days Committee, for \$8,000, was based on the carillon cost of \$4,970; a tentative cost-figure of installation by Public Works (as given by Village Manager Scheel) of \$300; and, as I further stated in the letter requesting the funds, that "the remainder of the monies will be used for future purchase of tape cartridges."

In other words, the total amount of \$8,000 made the carillons self-supporting, with no future cost to the Niles taxpayer. The only "service" made by Jahns was to delay installation for three weeks.

The facts as stated herein may be corroborated by my correspondence file with Schulmerich Carillons, Village Manager

School and the Carillon representative.

Sincerely,
Mrs. Charles M. Bobula, Jr.

P.S. It is a matter of record in Niles Days Committee minutes that Mr. Jahns, as chairman last year, of the Executive Board of the Niles Days Committee had recommended that both Village projects suggested (the Art Center and Museum; and the Carillons) not be considered for funds. Fortunately, the Niles Days Committee members did not accept the recommendation and voted funds to go to both projects.

Roses for Niles

Dear Sir:

As a subscriber for many years to your fine newspaper, I think I can safely say your editorials are wonderful and some of them masterpieces.

Recently in answer to one of your editorials, that dealt with Officers of our Village government who attended a meeting in Hawaii. With some of our taxpayers money. Some individual wrote and said we should burn their tails.

I can only refer to him or her as tailburner since they did not have the courage to give their proper name. Now if this sort of sore loser type person would look out his or her window or somewhere close by, they would see what a fine job these so-called Crooks are doing with the tax dollars of our Village as to other

Nalepka-Biga

Nuptials

Recently married at St. Bede the Venerable church in Chicago Linda Nalepka and Frank J. Biga III. Linda is a resident of Chicago and will graduate from Loyola university in June with A.B. Degree majoring in History. Frank is a graduate of Loyola (1970) who formerly taught History at Niles West High school in Niles. He is now working on his Masters at Loyola. The couple spent their honeymoon in Florida and are now residing in Niles.

Banjo Bootleggers to Star at Nelson

The Banjo Bootleggers of Chicago will present a fabulous banjo, guitar and sing-a-long program at the open meeting of the Viola H. Nelson PTA, at 7:30 p.m., Tuesday, Jan. 25, in the school's all purpose room, 8901 N. Ozanam, Niles following a short business meeting and election of a delegate and alternate from the general membership for the nominating committee — conducted by our PTA president, Mrs. Sheila Keilin.

The Bootleggers consist of adults and children in costume who have appeared at many school, hospital and charity programs throughout Chicagoland. Please note the earlier time, 7:30 p.m., so that the children can also join us in an evening of "music and fun for young and old" — everyone is welcome.

Refreshments will be served by the Intermediate 1 room mother hostesses.

Take stock in America.
Now Bonds mature in less than six years.

Grandmothers Club Officers

Niles Grandmothers club, Charter #699, Board of Directors: seated, Malinda Geistler, vice president; Irene Felchner, president; Edna Guarin, dir.

Rear: Julia Hallapa, Hazel Atherton, Ann Divorack and Marie Waak.

The Board met at the home of Mrs. Geistler, to make plans for the Christmas Luncheon Party and discuss the philanthropic activities for the year, some of which are the U.S.O., Chicago Children's Diabetic Camp, Indian Center, various nursing homes, Northwest Retarded Home, Niles Lions club.

The regular meeting will be held on Wednesday, Jan. 26 at 12 noon in the Niles Park District Recreation Center. Luncheon, business and social hour are on the agenda.

Hostesses for the day will be Viola Ostick, chairman; Marge Winkelman, Marie Skutniet, Frieda Fitzgerald, Helen Kemp and Stella Wozniak.

Dagne to Speak at Oak PTA

Oak school PTA will have a meeting on the evening of Monday, Jan. 24, at 8 p.m., in the school gymnasium, 7640 Mainst., Niles.

Guest speaker for the evening will be District 63, Superintendent of Schools, Frank Dagne. He will discuss his recently publicized plan concerning school district reorganization, "Alternative, Voluntary Education." Following his presentation, questions from the audience will be answered.

An added attraction to the evening will feature Gary Flynn, school social worker; Mrs. Elsie Minkus, school nurse; Margaret Kolar, educational resource teacher; Mrs. Barbara Bullis, learning disabilities teacher; Mrs. Joyce Christensen, coordinator of special education; who will discuss their roles in the educational program of District 63.

Coffee will be served immediately following the meeting by the third grade mothers.

Conservation Department

Did you know we've consumed more energy in the last 30 years than in all previous human history? Did you also know that if we continue at the present rate, we'll exhaust some of our natural fuels in your lifetime and most of them during your grandchildren's? The history of man has been the harnessing of natural forces for new sources of power. Water, wind, atoms, even the sun.

The long-term survival of man depends on an inexhaustible energy source. Conventional power plants use non-renewable fossil fuels—coal, oil, gas—for power. These same fuels are also used for transportation, manufacturing, heating. The faster we grow, the faster we deplete our supply.

Commonwealth Edison has known this for a long time. That's why we got into nuclear power early. Dresden, the world's first privately financed nuclear power plant, has been generating power for over 11 years. Two additional units are

now in operation at Dresden. Four more nuclear-powered generating units will be in service soon—two at Quad Cities and two at Zion. And more are planned.

We know the world's future energy will have to be nuclear. And we're building for that future, today.

Golf-Mill State Bank Breaks Ground for New Building

Shown above l. to r. are: A. W. Heinson, contractor; L. Happ, Vice President Golf Mill State Bank; Robert Sharpe, President Golf Mill State

Bank; Albert Yort, Mgr. Milwaukee-Golf Development Corp.; Anthony D. Gaddini, Public Relations; and Jack Perry, architectural firm. (Staff Photo)

Ground-breaking ceremonies were held Tuesday, Jan. 11, at the site of the new building for the Golf-Mill State Bank, Niles. Located on a five-acre tract immediately south of the Golf-

Mill Shopping Center, the new bank building will consist of a lower level and 3 floors above ground. The \$2 million project is expected to be completed in October, 1972.

Bank President Robert A. Sharpe stated that the bank itself will occupy the lower level and first floor of the building, a total of 20,000 square feet of space. "Construction of our new building," Sharpe said, "will enable our bank to better serve our many customers, offering in particular drive-up facilities and many other conveniences. The new building program has been made possible by the continuous growth of Golf-Mill State Bank and our emphasis on personalized customer relations. The new facility has been especially designed with customer convenience

and service in mind."

Motor-bank facilities for Golf-Mill State customers will be featured at the new site. Provisions are being made for a large drive-in area with six auto service lanes and ample back-up space provided.

The new building, located at the southeast corner of Greenwood and Church sts., immediately south of the shopping center, will be load-bearing to accommodate a possible 10 stories according to architects for the project, Odis Associates. General contractor is A.W. Heinson and Company, Inc.

The 10-year-old Golf-Mill State Bank, which at present occupies quarters within the shopping center itself, has total resources of \$28 million.

Stop Smoking Clinic

The 5-Day Plan to Stop Smoking, conducted by the Hinsdale Sanitarium and Hospital, opens Sunday evening, Jan. 23. It will be held in Room 330 of Maine Township High School East, Dempster and Potter, Park Ridge. Those who wish to build will power and break the cigarette habit will attend five consecutive evening sessions, Jan. 23 through Jan. 27, from 7:30 to 9:15 p.m. Films, lectures, exhibits, and pass-out materials giving day-by-day instructions all help the smoker to overcome his addiction. A "buddy" system is set up to provide mutual encourage-

ment during withdrawal.

This nationally-known plan to stop smoking is brought to the community by the Maine-Oakton-Niles Adult and Continuing Education Program (MONACEP). The admission fee is \$5 for the entire course, and registration may be made at the door Sunday evening.

Dickens Promotes Laureys

Levy Named VP of Knox

The Knox Manufacturing Company of Wood Dale, manufacturers of projection screens, has announced the promotion of Mel Levy to Vice President - Consumer Sales.

Mr. Levy joined the Knox organization in March, 1969, as Sales Manager, after 23 years experience in the photographic industry. Prior to his association with Knox, Mr. Levy was sales manager and branch manager for another manufacturer and photo distributor in the Chicago area.

Mr. Levy lives with his wife Mildred and 3 children in Morton Grove.

Robert Lee Dickens, President of Dickens Design Group, specialists in packaging and corporate identity programs, has announced the promotion of William Laureys from Art Director to Vice-President and Creative Director.

Laureys joined Dickens in 1963 as a designer and since that time has served as Senior Designer, Project Director, Senior Project Director and Art Director before receiving his present promotion. He was educated at the American Academy of Art and created the package designs for such products as Budweiser Malt Liquor, Maybelline Eye Makeup and many Betty Crocker items.

Laureys and his wife, Carol, live at 9230 N. Odell ave., Morton Grove. They have 2 daughters, Laura, 13, and Lynn, 11.

WOULD YOU HIRE AN ELEPHANT TO CRACK PEANUTS?

Certainly NOT! It's like using us for just a Checking Account.

Let's face it, all Banks have checking accounts. And they're all pretty much the same. EXCEPT US!

We're out for Business. And that means we do things other Banks don't do, either because they're not equipped or not interested.

We'll go all out for loans to people who want to expand their businesses. Or handle trusts & estates with real zeal.

And our roots go deep in Skokie Valley so we can frequently put you in touch with the right people at the right time.

But maybe you work at the Village Hall down the street & just want a convenient place to cash your pay check. You should still come to us. Because even if you're not ready to use all our services, maybe over the years we can help you get ready.

"Those Wonderful Years"

"Ladies and Gentlemen be seated" as Sam Filippo of the "Remember When Minstrels" Room takes you back to the 1800's when Minstrels made up most of America's entertainment.

Go back to "Those Wonderful Years" as the parishioners and friends of St. John Brebeuf combine their talents and present a bit of nostalgia. The festival will feature seven cabaret shows with continuous entertainment. Opening night is Friday, Feb. 4 at 8 p.m. and 3 additional show nights are scheduled for Feb. 5, 11, and 12. More than 500 people donate their talents and time from writing scripts and casting to sewing costumes and building sets, arranging lighting and sound and preparing the menu. More than 4000 people are expected to attend the four show nights which will be held in the parish school at 8301 N. Harlem. The show rooms are — "A Trip Through the Time Tunnel," "The Nineteen-Twies," "The Roaring Twenties," "Remember When Minstrel Show," "Joe's Bar in the Thirties," "Poland's of Peasants & Kings" and "Those Fabulous Forties."

Steve Goodman to Appear in Concert

The Oakton Community College Board of Student Affairs will present Steve Goodman in concert on Sunday evening, Jan. 23. The concert will be held at 7:30 p.m. in the Niles Township North High school auditorium, 9800 N. Lawler, Skokie. Also appearing will be composer/singer Ed Holstein. Goodman is a native of Chicago and attended the University of Illinois and Lake Forest college. In the Spring of 1970 he went into music full time and played clubs throughout the south. Upon his return to Chicago he became a regular in clubs like the Quiet Knight and The Earl of Old Town. Out of his travels by train and bus throughout the south came two of Goodman's best tunes, "City of New Orleans" and "Yellow Coat." Goodman was discovered by Paul Anka at the Quiet Knight. Anka urged Goodman to come to New York and was successful in placing him with a recording company, thus launching him on a successful folk music career. He recently completed several appearances on the David Frost television show.

Tickets are available for \$1.50 in the College Center, Building #4, of the college campus located at 7900 N. Nagle (Nagle at Oakton), in Morton Grove. Tickets may be purchased from 9 a.m. to 5 p.m. Monday through Friday. For further information contact the Student Development Office, 967-5120, ext. 323.

"A Thousand Clowns"

Shown above are Hugh O'Brian (l) and Ben Spiegel, 14, (r) of Skokie who are currently appearing at the Arlington Park Theatre in "A Thousand Clowns." This play by Herb Gardner tells the story of a bachelor uncle rearing his precocious nephew and how their relationship is upset when a social service team comes to investigate the uncle because of his non-conformist way of life. Ben is an honor student at Niles North High school. The production will run through Sunday, Feb. 6.

Mill Run Spring Schedule

Mill Run Theater, the Niles-based showcase of live entertainment in the round, begins its third season with an impressive lineup of top stars.

According to Producer Jerry Kaufman, the following attractions have been booked for the spring season: Alan King and Lena Horne, April 21 through April 30; Don Rickles, May 9 through May 21; Wayne Newton, May 23 through May 28; Bill Cosby, June 1 through June 4; Pearl Bailey, June 15 through June 18; Sandler & Young and Pat Cooper, June 20 through June 25; and Dionne Warwick, June 27 through July 2.

During its third season, the theater also plans to bring back such stars as Liberace, Buddy Hackett, Steve Lawrence and Eydie Gorme, Sergio Franchi, and Sheeky Greene. Their engagements will be available by mail order, starting Jan. 16, and at the Mill Run Box Office and all Ticketron outlets around Feb. 1.

Ticket prices will range from \$5.50 to \$10.50.

The usual showtimes will be 8:30 p.m. on weeknights; 7:30 p.m. and 10:30 p.m. on Fridays and Saturdays; and 6 p.m. and 9 p.m. on Sundays.

For ticket information, call 298-2170. For information about theater party tickets of 50 or more, call Naomi at 298-2935. The Mill Run Theater, an intimate theater-in-the-round with an 1800 seating capacity, is located at Golf Avenue and Milwaukee Road in the Golf Mill Shopping Center in Niles, Illinois. Free parking surrounds the theater.

Major Gary A. Olsen, son of Mr. and Mrs. H. Theodore Olsen, 8212 N. Oketo ave., Niles, has been selected to attend the 1972-1973 United States Army Command and General Staff Officer Course at the Army Command and General Staff college, Fort Leavenworth, Kansas.

Major Olsen graduated from Maine Township High school in 1958. He received his Bachelor of Arts Degree from DePaul university and was commissioned a 2nd Lieutenant in the Army in 1963. During his Army career, Major Olsen has served 26 months in the Republic of South Viet Nam, attended the Infantry Officer Career Course at Fort Benning and the Military Assistance Officer Course at Fort Bragg; completed requirements for a Master of Arts Degree from the University of Detroit, and is presently attending the Lao Language Course at the Foreign Service Institute, Washington, D.C.

Camping Show at Arlington Park

The Chicagoland Recreation Vehicle Dealers Association is sponsoring their 4th annual exclusive Camping Show at the Arlington Park convention hall, Jan. 28 thru Feb. 6. This organization was formed to promote a more ethical and organized way of doing business by bringing to the public the best service. CRVDA is now headed by William Sames, president.

The show is all indoors and heated, featuring Travel Trailers, Fold-Down Campers, Truck

Coaches, and Motor Homes. Stars and TV and Radio personalities will be appearing including Jack Drees, Mark Edwards, Bob Kennedy, Jim Hill, and Midwest's Camping authority Art Mercier. Public is invited. Hours of showtime are as follows: Friday, Jan. 28 - 6 p.m. - 10:30 p.m.; Saturday and Sunday, Jan. 29-30 - 12 p.m. - 10:30 p.m.; Monday-Friday, Jan. 31-Feb. 4 - 2 p.m. - 10:30 p.m.; Saturday, Feb. 5 - 12 p.m. - 10:30 p.m.; Sunday, Feb. 6 - 12 p.m. - 8 p.m.

Winter Expo Fair at O'Hareport

The 1972 edition of the famous Winter Expo Flea Market, Antique Show, Arts & Craft Fair will be open to the public on Saturday, Jan. 29 and Sunday, Jan. 30.

The show will run at the O'Hareport Convention Center, 401 W. Lake st., in Northlake, from 9 a.m. to 6 p.m. It is a show for the entire family. Admission prices are 50¢ for children, \$1 for adults.

The exhibit area runs over 20,000 sq. ft. of indoor space with ample free parking. Booths will feature international works. Displays include a gala array of antiques as well as a fascinating assortment of attractive and unique items crafted by pure glass blowers, artists, leather workers and silversmiths.

In addition, civil defense and air cadet units will also display outside the O'Hareport convention area.

Family Service Workshop

Niles Family Service Director, Larry Renetzky, is shown discussing the recent Workshop Program with Mr. and Mrs. Fred Nielsen of Niles. The Niensens were one of the 11 couples who participated in this very successful Workshop Program. The final session was held on Dec. 7 at the Niles Family Ser-

vice office in Lawrencewood, and all participants were asked to evaluate their experience. Reactions were almost unanimously enthusiastic, although one participant expressed the feeling that members of the group could have been even more open about themselves than they had been, and another voiced the opinion that he could have gotten more help from the experts if the sessions had been more structured and formal — more of a lecture approach and less free give-and-take. Both of these opinions were strongly disagreed with by the majority.

The Workshop was conducted by Larry Renetzky, Director of Niles Family Service, Tom Jauch and Dr. Jack Grossman, psychologists, and Dr. David Busby, psychiatrist. The announced purpose of the program was "to help partners whose marriages are basically sound to find deeper meaning and satisfaction in married life." Problems in communicating, gaining insight to self, spouse and children, as well as understanding one's own and one's partner's expectations, marital sex, and many other areas of marital and family relationships were explored and examined.

The members of the group were asked by the leaders whether or not future workshops along the same lines should be offered, and the answer was altogether positive. They felt that many other couples should have the opportunity to take part in similar programs, and that young married people, especially, could give themselves many more years of happiness by learning more about marriage early in their years together. In addition, most participants were insistent that they did not want to lose the close relationship that had been built up during their four group sessions, and expressed a strong desire for follow-up meetings from time to time.

The next 10 hour Workshop (2-1/2 hours per session) is scheduled to begin Wednesday, Jan. 26, 1972 and continue each Wednesday through Feb. 16. Once again the Niles Rotary club will co-sponsor the Workshop. Fee will be \$10 for the first session, or \$25 for all four sessions. Participants are encouraged to attend all four sessions. Same leaders as mentioned above will be involved. All interested couples are urged to contact Niles Family Service at 966-1640, for registration as soon as possible.

Central telephone company of illinois completes Phase III

DES PLAINES SWITCHING BUILDING

3rd Crossbar Cutover Begins Sunday 2 a.m.

Very early Sunday morning when most of you are sleeping 160 Centel employees will be busy transferring approximately 10,000 telephone lines to our new \$3.7 million Crossbar in the Des Plaines Switching Building.

When all "827" and "298" prefix numbers have been cut over to the new Crossbar frame, Phase III of our 5-phase program will be complete.

This major expansion and modernization program began in 1967 when building additions got under way at both Park Ridge and Des Plaines to house new switching equipment.

In 1968 Phase I was completed with the cutover of the first Crossbar unit at the Des Plaines Switching Building at 767 Pearson.

Phase II was completed in 1969 with the cutover of another multi-million dollar Crossbar switching system, this time in Park Ridge. Both of these offered our subscribers speedier switching and direct compatibility with Illinois Bell switching equipment in the surrounding areas.

Sunday, January 23rd, Centel will complete Phase III with the cutover of its third (second one at Des Plaines) Crossbar unit.

Phase IV will get underway this spring when the fourth Crossbar unit is installed at Park Ridge with a cutover scheduled for 1973.

Phase V will begin in 1973 with installation of a fifth Crossbar at Des Plaines. To accommodate this final Crossbar system an addition will be made to the present switching building in Des Plaines.

Since the improvement program began in 1967 Central Telephone Company of Illinois has purchased Business Offices at 2004 Miner Street in Des Plaines and a new Division Headquarters Building is underway east of our business office.

Cost of improvements in the Park Ridge District since 1967 has been in excess of \$65 million, or an average of \$13 million annually. This is in keeping with our pledge to provide our subscribers with the best service available.

New Sound

Most noticeable difference of the new Crossbar will be the dial tone for "827" subscribers. These customers are presently in a Step-by-Step switching system and its dial tone sounds differently than the Crossbar system dial tone. In order that these subscribers might hear the dial tone difference Centel recorded both and they can be heard by dialing 827-4444.

Subscribers with "298" prefix will detect no difference in dial tone as these numbers simply are being transferred from one Crossbar to another in order to accomplish our objective of putting all numbers in Crossbar switching systems.

A brief service interruption will be necessary and for this reason we selected the 2 a.m. Sunday cutover time, a period reflecting the fewest calls.

Emergency numbers will be cutover last. Special attention and handling should reduce the cutover time to a minimum.

NEW CROSSBAR FRAME

What's a Crossbar?

The term "Crossbar" simply refers to a special type of switch that is used to handle dial calls.

The Crossbar switch is a rectangular device with horizontal and vertical bars crossing each other in a lattice work fashion. The bars are so mounted on the rectangular frame that they can move, pivot, or tilt with their movements controlled by electromagnets.

The connection is completed by first a horizontal and then a vertical bar moving together, thus forming "Crossed Bars."

The Crossbar system is one of the newest types of telephone switching equipment in use today and is especially designed for the needs of heavily populated areas.

Centel — 4th Largest Independent Telephone System

Central Telephone Company of Illinois is a division of Central Telephone and Utilities Corporation which owns and operates more than one million telephones in 10 states. The Centel System also owns and operates electric, gas and water systems.

Assets of CTU exceeds \$700 million and the system employs more than 10,000 people. Operating revenues in 1971 probably will exceed \$230 million.

The Illinois Division with more than 1,700 employees has a plant investment of almost \$113.5 million. Its 1972 construction budget amounts to about \$18 million.

Central Telephone Company of Illinois serves 20 communities in its three Districts of Pekin, Dixon and Park Ridge. The company has more than 171,000 telephone installations with about 120,000 of these located in the Des Plaines-Park Ridge service area.

Locally, Central Telephone Company operates out of seven buildings, one in Park Ridge and six in Des Plaines encompassing over 200,000 square feet of floor space. The company operates a fleet of 302 vehicles.

During 1971 the Park Ridge District reported 423,662,522 incoming and outgoing telephone calls for an average of 8,061 calls per minute.

Scouting Program

The National Council of the Boy Scouts of America makes the scouting program available, through local councils, for the use of worthy local community organizations. This may be a church, a club, a PTA, a lodge, a civic group, an industry or labor group, or a group of parents or citizens who organize for the purpose of using the scouting program. Any such organization or group is known in scouting as an institution.

Each institution appoints a representative to membership in the local boy scout council. In the local Northwest Suburban Council, these approximately 250 men control the scouting program and are called Institutional Representatives (IR).

This group of IR have the responsibility of electing to membership in the Northwest Suburban Council other citizens who are willing to help bring the program of scouting to boys.

An IR is a busy man with a big job. He enjoys the satisfaction that comes from assisting in the character development and citizenship training of youth.

In Niles there are 8 sponsoring institutions and IR. Inquiries may be directed to them regarding the scouting program their institutions sponsor for boys 8 years of age and over.

Local IR include: St. Isaac Joques Catholic church; Ed Liwoski of 2645 Paulina, Glenview; Oak PTA; Phil Rothenberg of 7733 Maple, Morton Grove; Niles Community church; Robert Koster, 8417 N. Osceola; Our Lady of Ransom Catholic church; Allen Kaufman, 9285 Home, Des Plaines.

Others are: St. John Brebeuf Catholic church; John J. Breen, 7259 Greenleaf; Wilson PTA; Harvey Olken, 9806 Huber ln.; Jefferson PTA; Paul Betts, 731 W. Buckingham, Chicago and Ballard PTA; Larry Solomon, 8894 Prospect.

Members of the Bar

Forty-three graduates of the John Marshall Law school were sworn in as members of the Illinois Bar at the admission ceremony in Springfield on Nov. 15. Included were: William L. Robinson, 9559 E. Sumac, Des Plaines, B.A., Northern Illinois university; Victor D. Quilici, 5845 W. Church st., Morton Grove, B.A., DePaul university.

MNLL Registration

First two days of registration for Maine-Northfield Little League's 1972 season will be this Saturday, Jan. 22 and Sunday, Jan. 23 at Flick Park, north of Glenview rd., between Pflington and Longmeadow, Glenview. Sign-up hours are 9 a.m. until noon on Saturday and noon until 3 p.m. on Sunday.

All boys who will be 8 years old before Aug. 1 through 15 years by July 31 and who live within the MNLL boundaries are eligible to register provided a parent or guardian accompanies them. The 1972 extended MNLL region includes the unincorporated area from Dempster st. to Euclid-Lake rd., including Timber Trails and the Willows areas, and from Shermer rd. to Route 83 and also includes part of Mt. Prospect proper. Boys who have played in the league before must register as well as newcomers. MNLL officers said that the extended boundaries are the result

of last year's enlargement of the organization which now includes an American and a National League.

New this year and of special interest to 13 year old boys and their parents is a proposed "Senior Prep" division. This division will be formed if enough 13 year olds sign up at registration. Its purpose is to provide equal competition for those boys who by their size or experience are judged not to be quite ready for full Senior League competition this year, or who do not wish to make the full change to Senior ball.

Registration notices were distributed through the schools and additional information will be provided at registration. Tryout dates and game schedules will be distributed when available. For those unable to register this weekend, a final registration will be held at the same hours on Jan. 29 and 30 at Flick.

Chiefs Defeat Oakton Raiders

The Oakton Community college basketball team (Raiders) were defeated by the Waubesa Chiefs Jan. 10, in a home contest at Niles East. The Raiders led 20-19 at half-time after slowing the ball down and taking only high percentage shots under the basket.

In the opening minutes of the second half Oakton began to run with the Chiefs and quickly found themselves 12 points behind. After Coach Tom Jordt called a

time out, the Raiders again slowed the ball down and came within 2 points of Waubesa, 46-44 with 10:24 remaining to play. At this time Mitch Woods (Niles), Oakton's 6'4" center and one of the key players in the delay game, picked up his 5th personal foul and was out of the game. Waubesa opened up after this and Oakton never regained their controlled pace and went on to lose by 23 points.

Maine East cager Gregg Maloney (40) watches as Russ Anderson drives for a lay-up. Anderson was high man with 19 points in competition Saturday night against Glenbrook South in a non-conference game which Maine East won, 67-55.

The Maine East cagers got rolling and swept two games over the weekend. On Friday night they traveled to Riverside-Brookfield and came back with

a 75-60 triumph. The Demons took on Glenbrook South in a non-conference game the following night and again emerged victorious, 67-55.

R-B went after Maine's big gun, Mark Bondeson, by double-teaming him. So Bondeson passed off to his teammates. Though he scored only 6 points, he played excellent defense, blocking shots and pulling down rebounds. Jim Cromer led the way for the Demons, tallying 17 points. Mike McDonnell was next with 15. Bill Castonzo added 12, and Russ Anderson was the fourth Maine cager in double figures with 10.

Maine started out fast and held the lead at the end of the first quarter, 20-13. The lead was 39-20 at the half and the Demons coasted the rest of the way. The next night Maine East again started out quickly. Bondeson, Anderson, and Cromer provided most of the points that gave the Demons a 23-15 lead after the initial quarter. But Maine hit a

Boy's Bowling

During Jan. 4's competition between members of Maine East's Boys' Bowling club, the best 3 game series went to Steve Tompkins with 573. Wayne Gilbert with 522, Dave Bunt with 521, Scott Friedman with 516, and Barry Siegel with 505.

Best games were bowled by Steve Tompkins (226) and Rick Kruse (202). Pizza winners for Jan. 4 with a total of 2,232 pins were members of Steve Tompkins team. Dave Koster, Brad Kroll, and Guy Marshall rounded out the winning group.

Varsity Wrestling

Maine East's varsity grapplers have a 5-0 record after beating Riverside-Brookfield this past week-end with a score of 44-11.

The competition ran as follows: Jay Check at 98 lbs., 0-0; Paul Board at 105 lbs., 6-4; Jeff Paul at 112 lbs., won by forfeit; Jim Sylverne at 119 lbs., won by fall in 1:53; Tom Bussil at 126 lbs., won by fall in 5:17; Don Isaacson at 132 lbs., 8-12; Scott Perlman at 138 lbs., won by fall in 4:15; John Palumbo at 145 lbs., won by fall in 3:30; Scott Vaughan at 155 lbs., won by fall in 1:42; Mike Kan at 167 lbs., 5-3; Marc Grant at 185 lbs., 8-9; and Mike Johnson at heavyweight, 4-10.

St. Martha's Sports Nite

St. Martha's Men's club will hold their annual Sports Night and Dinner this year, Tuesday, Jan. 25. Two innovations have been made reports club president Al Nehart.

Both boys and girls of high school age or younger are being invited to attend with their dads, and due to the expected large

BILLY WILLIAMS

crowd, the event will take place in St. Martha's Auditorium. Chicago Cubs all star left fielder, Billy Williams, is to be the guest. Dinner will be at 7:30 p.m., catered by Val's.

Ticket donation is \$7 for adults and \$5 for boys and girls of high school age or younger. Co-chairing the yearly affair which derives funds for the Catholic parish's youth sporting activities is Joe Sweeney, Vic Faraci and Bob Boetto. Reservations must be made in advance.

Maine East Holds Swim Marathon

Sunday, Jan. 23, will be a day long remembered by Maine East swimming fans.

From 9 a.m. to 7 p.m. on this date, the water in the Marzullo natatorium will churn with swimmers of many aquatic groups. Members of the swim teams, girl timers, Demon Guard, Terrapin club, faculty, staff, alumni, and swimming interested volunteer students of Maine East will participate in a fund raising swim marathon.

The purpose of the marathon is to secure enough money to provide the Maine East pool with an automatic judging and timing device known as a kyroscope. A kyroscope not only determines the order of finish in a swimming race to 1/10,000 of a second, but times each individual swimmer to 1/1,000 of a second. Its component parts are a computer with 7 memory banks, which are activated by an attached starting gun, and individual lane touch pads, which stop respective timing units for display by the memory banks.

The money (\$6,000) needed for this device and its installation is to be solicited by the swimming participants, in the form of pledges for each length of the pool that they swim.

Individual swimming participants will be limited to a maximum of 200 lengths. With an expected 150 swimmers participating, an average of \$40 will need to be solicited and collected by each swimmer to reach the goal of \$6,000.

Successful marathons for the same reason of purchasing a kyroscope have been held at Hinsdale, New Trier East, Deerfield, and Glenbrook South.

FOR SALE - AUTO

For Sale 61 Rambler. It runs.

From the LEFT HAND (Continued from Page 1)

sneered at our press credentials, which made us think we were back home again contending with the local village trustees.

Other car trips had us narrowly escape with our lives in Florida when a truck went berserk, and missed us by the grace of divine guidance. And in California the car in front of us burst into flames on a bridge leading into Santa Barbara, and the 75 year old driver walked away without a single.

There were 3 o'clock in the morning days when we got up in order to make "mileage" for the day. And there were smarter days when we ended our day's trip by 2 in the afternoon. And there were nights when old smart Dad, said, "Don't worry, there'll be a motel at the next town," and 3 hours later the troops were in revolt, because the next town never came with a motel.

The grinding of the wheels included a stop-off at a Colorado restaurant for an early morning breakfast, which included an unexpected horseback ride for the kids. And there were snowballs in Yellowstone in June, and a church bazaar in a small seaside Maine town, in which we found an out-of-date 1934 magazine, which had an article we had long wanted to read. And there was the hot Sunday afternoon, when we followed the red line which led to the historical sights of old Boston. Son no. 1 disappeared amidst all this history only to join his Dad in watching the demolition of a downtown building, which seemed much more interesting at that moment. And there were donkeys to be fed along the road to the Grand Tetons, and Grandma's cookies were put to good use. And we attended a charming Oriental wedding in New England, had a marvelous farm vacation on the Culver farm in Iowa, and re-visited some bits of army nostalgia in Gettysburg, and in Santa Ana, and Monterey, and Carabelle, Florida.

The wheels criss-crossed many times across the land, and across the borders to the north. We spent a short-time in Canada staying at a motel across from Windsor. One time there the daughter who was lost in the elevator was alone in the indoor pool. Suddenly crashing down into the water beside her, was a many-hundred pound planter which had decorated the pool for 25 years without incident. We were again on the right side of whoever watches over falling planters.

Jonquil Tr. ...

school district to sell the land at the present market price. In the Niles part referendum, which included the sports complex at Ballard Park, money was proposed for the Jonquil Terrace Park. Even a federal grant of up to 50% of the cost was okayed for the acquisition. But according to park officials Sullivan and Leske, when the Bank of Niles changed its mind and decided not to buy \$250,000 revenue bonds, the district had to use the remaining money in its accounts to

finish the roof on the ice palace at the sports complex, thus depleting the money needed to purchase any more park land. Resident Kay, obviously miffed by the problem, said he thought the taxing bodies were playing football with the same taxpayers' money. He said his area contributes to both the park and school districts and now the upping of the price is actually costing the taxpayers more money. Sullivan agreed with Kay's observation. While there is no money avail-

Cont'd from Niles-E, Maine P/1

able Sullivan said he was hopeful "Three banks" he is now negotiating with may buy the needed \$250,000 revenue bonds needed by the park district. However, whatever the financing conditions, Sullivan promised the land would be acquired. In other actions the accounting firm of Callero and Callero was hired to handle the books of the park district. The district authorized a \$600 a month payment for this service. Director Dressler said the savings of money formerly paid to former secretary-treasurer Ted Olsen will more than cover the cost. Finance chairman Leske, in recommending the hiring, said "We need a drastically more sophisticated way of handling our bookkeeping system." He said he felt uncomfortable giving treasury reports since they were so incomplete. He said the system of "fund accounting" will be undertaken which will spell out the exact amount of moneys the district has in each account.

In still other actions the PD okayed a \$425 expense for former director Norman's auto expenses, paid off at \$50 monthly.Former secretary-treasurer Olsen's son submitted a similar expense, noting the precedent set by approving Norman's expense.Okayed a Chicagoland fencing tourney for March 18 and 19 at the Grennan Heights Gym.Commissioner Keener recommended a similar judo tourney should also be considered so the community can become more familiar with this activity.Re-location of two bridges and the clubhouse is anticipated for TAM before the opening within the next 4 months.Woman's Club leader Mandy Honold requested a piece of the property across from TAM, on the south side of Howard and the west side of the river be donated for a Niles Historical and

are needed in Morton Grove and we must realize that fact and not discriminate against the private investor."

In addition to this the board voted unanimously on Cohen's other motion which was as follows: 1) Land use be limited to 60% of the land owned, with 40% to be used for green areas, etc. 2) 1-3/4 parking spaces per unit with no additional charge to the tenant or apartment owner. 3) Sufficient area allowed for fire vehicles. 4) Eliminate the off-street loading requirement in the present ordinance. 5) The following setbacks be required: 25' in front, 18' in back, 12' on the side. The minimum apartment size - 500 sq. ft. for a studio apartment, 750 sq. ft. for a one bedroom apartment and 1,000 sq. ft. for a two bedroom apartment. This would require changing the code from the present floor ratio area to a minimum lot area of 1,210 sq. ft. per unit.

Jerry Schwan, the Morton Grove representative to the North Suburban Mass Transit District gave his report to the board and stated that 3 unofficial meetings have been held so far and positive steps were being taken to get underway. The coordinating of bus and rail carriers as far as transfers, schedules and routing is of great concern and they hope to accomplish this with federal funding. Ed Brice read the annual report to the FBI by the Police Chief and while suburban crime in the U.S. has increased 11% in 1971, Morton Grove reports a reduction of 9-1/2%. Most notable in the decrease was burglary which dropped 32%. Mr. Brice said the Chief should be commended for a job well done. Martin Ashman said a meeting was held with officials of the Water Dept. of Chicago to discuss the renewal of our contract

to purchase water from them and in the meantime negotiations were underway with Evanston to get a supplementary supply from them if Chicago permits this.

David Cohen reported the Sales Tax receipts for October, 1971 as \$74,392.05 and the MFT receipts for December, 1971 as \$24,321.06.

Richard Zembron, Social Services Director reported two new youths were referred in Dec. 1971. He still sees 4 youths on a weekly basis and is in contact with 4 more. Trustee Dick Hols moved to have the following ordinance approved by the board. The approval of the acquisition of the property at 6326 Lincoln ave. for a new fire station. The lot is 125' by 250' and can be purchased for \$28,500. The board agreed.

After a lengthy discussion on the drawbacks of having too many carnivals in Morton Grove the board agreed to allow the Rene Gittleman Foundation hold their annual carnival in Linne Woods on May 8-15. After this the board decided to have Fred Huber set up a meeting with the Forest Preserve District to discuss this matter since they are the ones who issue the permits for carnivals.

Supt. Jim Dahm of the Public Works Dept. said that with the permission of the property owner 4 poplar trees were cut down at the Northeast corner of Harlem and Church since they caused problems with sewers and vision.

Engineer George Holt gave a report on the 5 year Motor Fuel Tax program. The board approved a contract calling for the village to maintain 1/2 the cost of a traffic light at Austin and Oakton. Skokie will maintain the other half.
