Through the years we've used much space pointing out the shortcomings of public officials at all levels of government. We believed the officials volunteered for their positions, and they were there to represent the people who voted for them, rather than representing themselves or any special interest groups. When we popped off about officials who strayed from their original purpose it was in hopes the poor guy soiling up his evening beer before his TV set would get a fairer shake from the guys representing him.

A euphoric cloud settled around us at a recent Niles park board meeting causing us to actually

Maine Township Officials Veto Vote

Maine Township officials unanimously rejected a request Tuesday night to place on the November 7 ballot the question whether or not to abolish township government.

Gino's Rustlers Steak House was temporarily lassoed by the Niles Village Board Tuesday night in the restaurant's attempt to change zoning on property to be used for a new site.

The Board decided to rule on the property, located at 8805 Greenwood Ave. and 8384 Dempster St., only when more information about the building materials, traffic problems and sewage had been determined.

Mike Kevitch, representing the firm, told the Board that after a zone change had been acquired, such information could be obtained.

Trustee Peter Pesole objected

strenuously, saying that he wanted to see definite plans concerning the project.

"Certain questions must be asked before anything is done. After they are answered, then I will vote," Pesole said.

Kevitch said plans will be made available to the Board so the Board can vote on the zoning change at its next meeting, October 24.

The restaurant will be a fast food operation with cafeteria-style tables. The parking lot will have low-key lighting. Deceleration lanes will be constructed on Dempster and Green-

Welcome Dist. 63 Superintendent

Dr. George A. Gogo and his wife Betty were the guests of honor at an open house given Sunday, Oct. 1, by the Board of Education of East Maine School District #63. The open house gave members of the community and staff the opportunity to meet and welcome Dr. Gogo, the new superintendent of the school district.

Students at Apollo School decorated the hallways with signs welcoming Dr. Gogo. Refreshments

were served by the cafeteria staff of the school. The Board wishes to express their thanks to all who made the reception a success. Special thanks are due Board Member Arlene Nidetz, who was in charge of the arrangements. Additional thanks are expressed to students of the In-school Work Experience Program from Special Services at Maine East High school, who addressed the three hundred invitations for the reception.

LWV Files for Township Government Abolishment

Mrs. Verna Beaver and Mrs. Helen Moshak of Niles Township and Mrs. Nona Geldernick and Mrs. Alma Joan Ebner of Maine Township members of the ad hoc committees for the dissolution of township government in Niles and Maine townships, filed petitions for writs of mandamus with the clerk of the circuit court, Wednesday, October 4.

This action was taken on behalf of the more than 12,000 petitioners (6122 Niles township, approximately 6000 Maine township) who requested referenda to abolish township government.

The committees have carefully complied with all requirements of the law in filing these petitions. The right to ask for these referenda is based on Article VII, Section 5 of the 1970 Illinois

Constitution, which states, "Townships may be consolidated or merged, and one or more townships may be dissolved when approved by referendum in each township affected". The committees have specifically requested these referenda to be held at the general election Nov. 7. Recent legislation expanded the election code (46-28-4) permitting a question to be placed on the ballot in a referendum by presenting petitions bearing signatures of voters equal to ten per cent of those who voted in the last general election within the boundaries of the township.

This is the second group of citizens to file such petition. Members of the ad hoc committees for dissolution of township government in Northfield and Palatine townships filed petitions Thursday, Sept. 28.

Barbaglia Named Christmas Seal Chairman

Charles L. Barbaglia, 7100 W. Oakton, has been named the 1972 Christmas Seal campaign chairman for the Niles area.

His appointment was announced this week by Claire V. Hansen, general campaign chairman for Chicago and Cook County.

The \$1,175,000 campaign, which opens in November and runs through December, is conducted annually by Chicago Lung Association, formerly the Tuberculosis Institute of Chicago and Cook County.

Barbaglia, vice president for the Bank of Niles, knows that good health is one of the greatest assets a person can have. "Because Christmas Seals protect our

health, I feel it is well worth my time as a Seal volunteer."

"Just as important to residents of Niles is the important work being done by Seals in the field of air pollution. We need clean air to make our community a better place to live as well as to safeguard our health," says Barbaglia.

An active civic member, Barbaglia is president of the Niles Chamber of Commerce and a member of the Lions club and the Maria Council of the Knights of Columbus. He has also been a director of the American Cancer Society and worked as a fund raising chairman for the Heart Fund.

ND Cross and Anchor Club

Notre Dame High School's service organization, The Cross and Anchor Club, opened its 16th year of operation with a \$1,000 donation for the renovation of the reception area of the school and \$500 to the wrestling team.

The Cross and Anchor Club provides ushers for school events, traffic control for the ND parking lot and handles all concessions at the school.

Officers of the C. & A. are senior Ken Roehl, president; VP and sales manager, senior Steve Penio; Treasurer, Mike Mikate; Chief Usher, Bill Keener; and traffic manager, Phil West.

In a letter to the club, Rev. Donald Haycock, c.s.c., principal wrote: "Let me congratulate the Cross and Anchor for its wonderful spirit of service to the school."

Because of the size and scope of the club, several faculty serve as moderators. Guiding the organization are faculty members: Rev. Joseph Strodt, c.s.c.; Rev. Andrew Guljas, c.s.c.; Brother Rodney Struble, c.s.c. and Mr. Tim Galvin, c.s.c.

LWV: Antiquity of Township Government

Township government is a product of 19th century America. It existed to provide government for rural areas, although 17 counties in Illinois chose not to adopt the township form of government. As farmland became cities and villages, many township duties were assumed by other governmental bodies, leading to a duplication of services and to the obsolescence of the township layer of government. The uncontested slates of candidates and notably small turnouts for township elections indicate an apathy toward a unit of government of little relevance to the average citizen.

Township government is funded by direct tax levies on the property tax bill. Three separate township taxes are levied, one for each of the following funds: General Town Fund, Road and Bridge Fund and General Assistance Fund, totaling over a half million dollars a year. Recent legislation has removed the legal tax rate limitation on the General Town Fund levy. This means the taxing power of township government is no longer restricted. The control of this taxing power lies solely in the hands of the five-man town board. The last flicker of "grass-roots government" long acclaimed by proponents of township government has been extinguished. The electors assembled at the historic annual town meeting no longer have the power to vote the final action in determining any of the three budgets or tax levies.

In viewing the official audits of township funds, the committee is concerned over the high administrative costs for general assistance in relation to the actual services rendered. This official audit figures over the past 4 years follow:

	1968-69	1969-70	1970-71	1971-72
Actual services ...	\$21,136.88	\$17,126.39	\$22,684.52	\$42,414.50
Administration costs	14,411.98	14,889.09	15,313.34	18,127.59
	(* 4,796.80)	(* 4,736.28)	(* 4,800.00)	(* 4,796.24)

* (Supervisor's salary included in administration figure, paid out of Town Fund).

The administrative costs rightly include the supervisor's salary. While it is paid out of the General Town Fund, it is specified that he is paid this salary in his role as supervisor of the General Assistance Fund. These figures do not include his car allowance and other fringe benefits.

The Road and Bridge Fund is another area over which the committee voices concern. The township highway commissioner maintains approximately 27 miles of road in residential unincorporated areas. The number of miles diminishes as annexations take place. The annual appropriations for the Road and Bridge fund for the past three years have been:

	1970-71	1971-72	1972-73
	\$260,300.00	\$432,200.00	\$399,500.00

In view of the fact that 85% of the township residents live in cities and villages and pay for the maintenance of their streets to other levels of government, the dual taxation for unincorporated roads is unfair. Only half of the portion collected in the municipalities is returned to them, not half of the total collected in the township as has often been misstated.

Township government is a costly layer of government, providing no services to 85% of the people that could not be better provided by the municipalities in which they live.

Approximately 6,000 citizens of Maine township have petitioned the township officials to put the question of dissolving township government on the ballot November 7, 1972.

(Prepare Ourselves for Retirement or Put Out to Pasture? - Workshop)

Niles Family Service announces that it will be conducting a retirement workshop starting Monday, Oct. 16, at 8 p.m. The Niles Lions Club will be sponsoring this workshop entitled, "Por or Pop?" (Prepare Ourselves for Retirement or Put Out to Pasture). Also, the Niles Chamber of Commerce will be assisting through informing business and industry. It is important to note that this initial workshop will be only for residents of Niles.

Due to the initial public interest in this Retirement Workshop "Por or Pop?" and the donation of a meeting place, the workshop has been changed from the Niles Family Service Office to the Niles Park and Recreation facilities at 7877 Milwaukee ave., Niles. The meeting room is located on the first floor.

Now, how was this "Por or Pop?" workshop born? Mr. and Mrs. Leonard Zielski, one of the couples expressing interest in this area, have helped to create and to plan for this workshop. Greatly through their interest and devotion, this workshop is becoming a reality.

According to Mr. Larry F. Renetzky, Director of the Niles Family Service, "Retirement is almost as certain as death. To retire in our day is not easy; in fact, it may be one of the most difficult adjustments of your lifetime. Since retirement can be quite complicated, its success depends greatly on the planning efforts by you and your spouse." Mr. Renetzky indicated that Mr. and Mrs. Zielski, a middle age couple, realize this and feel that a workshop on preparing for retirement will be most beneficial to all, rather than waiting or finding oneself put out to pasture.

The following is an example of what can happen: Recently our agency became aware of a couple who reached retirement without planning for it. Due to the husband's gradual loss of eyesight, he was forced to take an early retirement. He always felt that his company benefits would be good and with Social Security he would have no problem. To his amazement at his going away party he received only a new watch and a few days later was notified that his retirement income from the company would be about one-third of what he was counting on. This couple is now facing many dilemmas. Should the husband try to find work elsewhere? Shall the wife, who is a few years younger, think in terms of working for the first time in her life? Should they look towards cheaper housing? How do they adjust their budget from a moderate income to a poor income? Do they go to live with their children? etc.

This couple is a prime example of someone who has not adequately planned for retirement.

The kinds of questions raised above are common concerns of those who are nearing retirement thinking about retirement, or are recently retired. A few of the areas to be covered in the workshops are: finances, including Social Security, housing, transportation; legal aspects, such as wills, etc.; leisure time, the impact that meaningful activity or the lack of it has on the body; marital and other family relationships, one's attitude toward retirement, etc. These and other areas of concern raised by the group will be explored and dealt with. There will be a number of experts from each of the above areas, along with several films, to help inform, educate, guide and direct the participants as they try to prepare for retirement.

The Workshop includes all those who are interested in planning for their retirement whether

In their 40's, 50's or older. We are urging couples to attend, however, individuals are welcome. Due to the Niles Lions Club sponsorship, the fee has been greatly reduced to \$1 per person or per couple per session. Participants are urged to attend all sessions to get the full impact of planning for most every phase of their retirement. All who wish to attend are requested to pre-register by calling the Niles Family Service, 966-1640.

Voter Registration Up

Philip Raffie, Maine Township Clerk, announces that during the registration period which ended Monday, Oct. 2, over 2,200 Maine Township residents registered in his office. This is not an unincorporated area figure only, but includes residents of all the municipalities in the Township who have registered with the Township Clerk.

A number of people have requested this information and the figure would seem to indicate high voter interest in the coming election. Considering the number of people with October moving dates, and those who preferred to wait and register in their precinct polling place Oct. 10, Raffie predicted that we will undoubtedly have a record number of registered voters in Maine Township come election day.

ND Melodons Under New Direction

Notre Dame High school's jazz band, The Melodons, is opening the school music year under the direction of Mr. Gregory Mullen, successor to the former director, Rev. George Wiskirchen, C.S.C., who is now at the University of Notre Dame.

Mr. Mullen will direct a group of upperclassmen and a lone freshman, Jim Green, a trombonist. This year's section leaders are: Mike Merchut, senior, saxophone; Rick Stagl, senior, trumpet; Bob Sutter, senior, rhythm; and sophomore John Whelaga, trombone section.

A number of student arranged charts will be played this year. The music includes senior Bob Sutter's arrangement of Blood, Sweat, and Tears' "Lucy in the Sky with Diamonds," senior Mike Merchut's arrangement of Charlie Mengis's "Norwegian Wood," and several numbers arranged by senior, John Kornegay.

Mr. Mullen, a former Meldon himself and a graduate of the University of Notre Dame feels the band is as excellent as in past years and he commented on the exceptional saxophone section.

Meldon performances have long brought recognition to N.D. Among the many highlights of their past season was their performance as the only high school group to perform at the opening of the Kennedy Center for the Performing Arts in Washington, D.C.

White Hen Pantry

White Hen Pantry, 118 W. Station Street, Bannington, Illinois

NI-Gas premieres a new pollution-free energy service at White Hen Pantry food store.

Experimental fuel cell at a White Hen Pantry food store supplies the most pollution-free electrical energy from an on-site power plant operated by natural gas.

Though still in an experimental stage, this new fuel cell power plant is the most pollution-free energy source known to man. The most modern coal or oil central power stations release large amounts of sulfur dioxide, nitrogen oxides, hydrocarbons, and solid particles into the atmosphere. But not the fuel cell power plant. Because it uses an electrochemical process and runs on natural gas, its harmless by-products are carbon dioxide and water, practically eliminating all sources of air pollution.

The fuel cell power plant will be one of 37 installations, all financed by private funds, that will be put into operation through the U.S. during 1972.

We're doing our part to protect your environment.

Ski Club

Maine East's ski enthusiasts are thinking snow already. Ski club's first meeting for old members as well as for students interested in learning how to ski will be Oct. 12 at 7:30 a.m. in room 230.

Trip dates will be announced, and when weather permits, members will be able to ski every Friday night at Wilmot Hills, Wisconsin, tentatively to begin Friday, Dec. 15.

Sponsor James Farrell points out that most of the club's past incoming members had no previous skiing experience and that Ski club offers lessons for new members with no experience. He also announced that plans for a racing clinic would be discussed at the meeting.

ND Book Co-op Plan

A pilot program for a used book co-op begun by Notre Dame High school students government has succeeded well.

About 200 Notre Dame students saved up to six dollars a book this year when they bought their books from the student government co-op.

Shortly after he was elected student body president last spring, Jack Detzner suggested the co-op as one of his first projects.

Phil West, senior organizer and man in charge of the co-op stated: "Jack Detzner had the original idea and provided advice whenever we needed it; however, twenty-five ND students sacrificed a lot of time to help with the success."

Working with Paul West in the co-op were Hank Mustelak, Bruce Hildner, and Tom Haynes.

"An interesting sidelight was the respectability the student government gained," West said. "For example, when parents walked by our tables and saw students could save money, they realized we were an active group trying to help them and Notre Dame."

Celebrate Veteran's Day on Nov. 11

In conjunction with Gov. Ogilvie re-instating Veteran's Day back to its original Nov. 11 date during this past summer's legislative session, the Morton Grove American Legion Post #134 announces their commemoration of the occasion will take place, therefore, the weekend of Nov. 11 to salute the actual date. Formerly, the local Leg-on had planned on Oct. activities when the Monday Holiday Bill was still in effect.

Post Commander Frank Hilbert has announced the traditional dance which furnishes funds to the Auxiliary for their rehabilitation work of hospitalized veterans will be held Saturday, Nov. 11. The actual parade will take place Sunday, Nov. 12, enabling more residents to both participate in and view it on a day when most working people are home.

Preschooler Testing

Michelle Zeld, two-and-a-half-year old daughter of Mr. and Mrs. Barry Zeld, 8560 Madison dr., Niles, is shown with Project PreDict staff member Mrs. Patricia Markley taking part in a testing experiment for Maine Township's new model early intervention program for preschoolers.

At the Project PreDict center in the Oakton school building, Park Ridge, specialists, including a speech therapist, psychologist, learning disabilities teacher, physical therapist, nurse, and others, are setting up guidelines and developing screening techniques to be used in identifying youngsters living in school district #62, #63, and #64 having developmental problems. To aid the specialists in determining the best testing procedures and techniques to use in screening the children, a group of preschoolers were brought to the testing center recently by their mothers to take part in a screening demonstration.

The project staff will be ready to begin screening youngsters in the area, on a referral basis, within the next few weeks. The program will provide diagnostic and instructional services for preschool children who show signs of delay in developing good motor coordination or who show symptoms of socialization and language problems. In addition, the program will provide training and counseling for parents to enable them to help their youngsters in overcoming any developmental lag in these areas. There will be no charge for the service.

Project PreDict is a federally funded project under Title III of the Elementary and Secondary Education Act. The program is being administered by Maine Township High School District 207. Richard W. Frankle is project director.

Board Revises Policy on School Facilities Use

Utilization of school facilities by non-school groups was the major topic of discussion at the regularly scheduled meeting of the East Maine School District 63 Board of Education held Oct. 3 at Melzer school. Considerable discussion preceded the adoption of new policies for the district, including input from representatives of several community groups.

The need for revised policies concerning the use of school facilities was necessary because of the costs incurred to District 63 such as use of school custodians, increased cost of utilities, and additional maintenance costs. In addition, several principals reported instances of abuse of privileges by various groups, including damage to school property and student projects. Parents have also reported that their children had been missing items from their desks in the classrooms.

The Board policy directs that each building principal identify designated classrooms that might be used by non-school groups. These classrooms would then be

made available, in addition to the gym, multi-purpose rooms and cafeterias. Classrooms that contained student belongings and student projects would not be made available.

Rates for rental of facilities were also revised. The new rates are determined by type of organization making the request. Rates for Division 1 (Youth groups serving the community of District 63, such as Girl Scouts, Scouts, Cub Scouts, Brownies, Blue Birds, Campfire Girls, Indian Guides, and church and synagogue youth groups); no charge for the use of any school facilities. Division 2 rates (Private organizations such as homeowners groups, religious schools, community organizations, church and synagogue adult groups); \$10 fee for gymnasiums, cafeterias, or multi-purpose rooms; \$5 for each classroom. Rates for Division 3 (All taxing bodies such as park districts, municipalities, library districts); \$20 for gymnasiums, cafeterias, or multi-purpose rooms; \$10 for each classroom.

Dr. Gogo, superintendent of

District 63, commented that these rates were in line with those charges by surrounding districts. The increased rates were necessary to help defray the costs to the school district in making the school facilities available to the public.

School affiliated groups such as PTA's would be permitted to use the school facilities without charge.

In other action, the Board approved the appointment of Officer James Gerhardt of the Niles Police Department as trustee officer for the current school year. Other resolutions approved included student teaching agreements with Northern Illinois and Illinois State Universities; approval of the appointment of classified personnel; payment of accounts payable; the purchase of six relocatable classrooms currently being leased by the district; and the approval of a Special Education Building Grant from the state.

The next meeting of the Board of Education will be held at Ballard School on Tuesday, Oct. 17 at 7:30 p.m. The public is invited to attend.

"National Business Women's Week"

Mayor Nicholas B. Blase is shown with Mrs. Irene Montwill, President Elect of the Skokie Valley Business & Professional Women's Club as he signs the Proclamation designating the week of Oct. 15-22 as National Business Women's Week.

National Business Women's Week has been celebrated since 1928 when it was originally sponsored by the National Federation of Business & Professional Women's Clubs of which Skokie Valley is a member, to honor working women in their communities for their contributions to business and professions. Each year the proclamations are signed by the President of the United States and by governors and mayors throughout the country.

The NFBPW was formed in St. Louis, Mo. in July of 1919 when 212 women met to promote the interests of working women - the result was an organization, independent, non-partisan, self supporting and self governing which now carries a membership of over 178,000 women in the United States. The Skokie Valley B & PW was formed in 1954 and encompasses members from Chicago, Morton Grove, Niles, Lincolnwood, Des Plaines and the entire Skokie Valley area.

National Business Women's Week was originated to pay tribute to all working women, whether or not they are members of BFW, and Mayor Blase has authorized a "salute" to the working women of Niles to be placed on the signboard in front of the Niles Police Department for the week of Oct. 15-22.

 "Only an Orphan Girl"

Hours of work precede any dramatic production, and so it is with Maine East's production of "Only an Orphan Girl," presented Oct. 27 and 28, beginning at 8 p.m. in the Maine East auditorium. Here the cast meets with Director David Jeffers. (L. to

R.) Jan Branstis of Park Ridge, Faith Holland of Morton Grove, Carey Carbonara of Niles, Mr. Jeffers, Arnold Schaefer of Morton Grove, Bonnie Brown of Park Ridge, Jan Heisen of Des Plaines, Sue Klobasa of Niles, and Gary Latkow of Park Ridge.

'Pinocchio' at Niles West

The Niles West High school Children's Theater is giving two performances of the play "Pinocchio" on Saturday, Oct. 21, at 12 and 3 p.m.

The price of admission will be \$6 per person. For information on where to obtain both individual tickets and group ticket rates, call 966-3880, extension 287.

"Pinocchio" is a dramatization of the popular children's story about a puppet who comes to life. The show will be directed by Jerry Orr of the English faculty and student director Randy Kaplan.

The part of Pinocchio will be played by sophomore Mark Nesselson. Other important roles are Gepetto, played by Gene Nesselson, and the Blue Fairy, played by Lynn Barr. Ellen Roine, an exchange student from Norway, will play the part of an old woman.

Niles College Opera Music Concert

THE CORNERS

of Where it's at and What's happening.
 By Ed Hanson

The political arena. So far the presidential battle of the century is like a prize fight where the champion has not yet entered the ring. But the challenger (Sen. George McGovern) is throwing punches like crazy (lots of 'em low blows) at an invincible opponent.

Meanwhile, back at the White House, the champ. (President Nixon) seems to be speaking softly and carrying a big lead. Informed sources say, Nixon is negotiating a new four year lease for the White House. Others say he is waiting for the playoffs and World Series to get over with before he enters the political arena.

Still others insist he's going to pull one of his famous surprises like announcing some sort of truce in the Viet Nam war. Or it may be, and this is my own personal opinion, that he is very busy writing.

Writing - writing what?
 Why his acceptance speech - what else?

And speaking of being busy (this is a sneaky way to get into the commercial) the UPPER CRUST RESTAURANT & PIE HOUSE, 2501 W. Dempster st., Niles has certainly been one of the busiest places in town during their official grand opening. They made an offer of buy one pie - and get one FREE, and I understand they could hardly make them fast enough. The UPPER CRUST RESTAURANT & PIE HOUSE offers 60 varieties of pies - both fruits & creams. And that's not all they offer. You can have a great breakfast, a delicious lunch or a hearty dinner and even late snacks at their California style restaurant which is open 7 days a week, from 7 a.m. 'till closing.

Another place that's been busy is the new BEAM 'N BARREL RESTAURANT AND LOUNGE, 7136 Milwaukee ave., Niles. An instant success, is the way the Angelo family terms their new place with it's, "cozy & rustic atmosphere that appeals to both the young and old." Do you like barbequed ribs? I had some last week at the BEAM 'N BARREL and they are downright delicious. They're those choice, meaty, thick, baby back ribs, covered with a tasty, tangy, candied sauce that you'll have to taste for yourself to appreciate. The BEAM 'N BARREL also offers the finest of steaks, seafood, chicken and sandwiches. It's rapidly becoming a popular "after - the - theatre" place for late dining with the "young-goers," too.

Workmen, carpenters, etc., are busy these days remodeling what was formerly known as ED ROBERT'S COLONIAL RESTAURANT, at 9101 Waukegan rd., Morton Grove. The new posh place being constructed is the new FIRESIDE RESTAURANT AND LOUNGE. Plans to completely renovate the hotel rooms is also part of the overall plan as soon as the new FIRESIDE RESTAURANT AND LOUNGE, 9101 Waukegan rd. is completed. In my next column I'll have full details about what the new management plans for your future dining and hotel living pleasure.

George of the New NILES RESTAURANT, 7635 Milwaukee ave., looked forward to being very busy when he announced his complete dinner specials for only 99 cents. He featured three 99 cent dinner specials which included soup or salad and dessert starting last week. "I certainly was right, Ed, when I anticipated a rush of new customers with this dinner special, Ed," George told me this week his Bugle ad advertising this special is really bringing the customers in.

A merchant that gives good values and advertises it, particularly in BUGLE newspapers is bound to be busy and do business. Take the case of MINELLI BROS., 7780 Milwaukee ave., Niles. MINELLI BROS., Grocery, meats, and liquors have been constantly advertised week in and week out in Bugle papers. Their terrific meat and grocery buys attracts customers in droves to their store resulting in increased volume week after week. They constantly win new customers while they retain old ones. And that's the secret of building business volume. And their liquor "buys" are also comprised of the best in name brands at the lowest prices. And many housewives tell me that their produce is not only the freshest in Niles but the lowest in price, too. A comparison of MINELLI BROS. meat and produce values shows their prices are lower than many large chains and independents and their quality is of the highest. No wonder, so many housewives make shopping at MINELLI BROS. a weekly habit.

Jake, like President Nixon, is a busy guy these days. For his famous JAKE'S RESTAURANT, 7740 Milwaukee ave., Niles is always one of the busiest places in town. With his old fashioned 59 cents breakfast specials and his "all you can eat - \$1.50 specials it keeps him hopping. And to make Jake even busier he's organizing a big HALLOWEEN PARTY for all his friends and customers this month. He'll have musicians in colorful costumes and special gifts for the "Treat & Trick" youngsters. So plan to visit JAKE'S RESTAURANT this Halloween - you 'n the family will be in for a very happy time.

See you next week

The Prince and the Pauper

Princes are happy-go-lucky lads with nothing cluttering their minds except ice cream and new toys... and paupers run merrily through open fields as carefree as they are poor. Right? Wrong! At least that's not the way Mark Twain, author of *The Prince and the Pauper*, saw it. The Prince and the Pauper, the story of two look-alike boys who, "just changed places" will be dramatized at the Mill Run Children's Theatre beginning on the weekend of Saturday, Oct. 21-Sunday, Oct. 22.

The entire production, under the supervision of Harry Lee Rogers will run through Friday Nov. 17.

The look-alike duo will bring heart-warming adventures to young people of all ages when they meet each other and decidedly challenge fate by altering it to suit their own needs.

Weekend performances will be staged at 1 p.m. and tickets may be purchased for \$1.75 each. Special discount rates are also available for groups attending weekday shows of "The Prince and the Pauper." To reserve discount block seats, and for all other ticket information, call 298-2333.

Reservations are not necessary for the Saturday and Sunday performances, as all seats are available on a first-come, first-serve basis.

Liberace Dazzles in Mill Run

Wladislaw is Polish for Walter, Valentino is an affectionate name-sake, Liberace, a family name. In any given order... they all add up to "Mr. Showmanship" Liberace, who has become a legend in his own time. With candleabra in hand, and controversial clothing on his back, Liberace, the piano playing virtuoso, returns to the Mill Run Theatre for a two week performance Tuesday, Oct. 3 through Sunday, Oct. 15.

Liberace, accurately nicknamed "Mr. Showmanship," has a string of successes dating back to the Twenties to his credit. He has been honored by his fellow performers and critics, and has been awarded two Emmys. Five gold million seller record albums more than demonstrate a devoted list of followers. The world famous pianist mixes his keyboard talent with a humor that has charmed audiences around the world. And when his audiences leave a performance, they take with them a reminiscent familiarity and exciting newness provided again and again by "Mr. Showmanship" Liberace.

Showtimes are Tuesday through Saturday evening at 8:30 p.m., Saturday matinee at 2:30 p.m., Sunday matinee at 3:30 p.m., and Sunday evening at 7:30 p.m.

The Lion in Winter

History comes alive with humor and melodrama in "The Lion in Winter," now starting its second week at the Country Club Theatre in Mount Prospect.

If you think that Henry II had problems with Thomas Becket, wait until you see what he has to contend with in "The Lion in Winter!" He has considerable difficulties with three ungrateful and rebellious sons, who are all scheming to become England's next king. This is only one complication; the other concerns Henry's love-hate relationship with his resolute wife, Eleanor of Aquitaine.

Although "The Lion in Winter" is concerned with such somber subjects as hatred, vengeance, lost love, greed and the threat of death, each speech contains more humor than some hit comedies have in an evening. As its author, James Goldman, describes it: "The Lion in Winter" wants to be funny and a little terrifying — like the people in it. Above all, it wants to be a vision of a world with tears but without tragedy, with passion, pain and funny things all caught in bright comic light."

Presentations of "The Lion in Winter" are being staged on Tuesdays through Fridays at 8:30 p.m., Saturdays at 7:30 p.m., and 10:50 p.m., and Sundays at 7:30 p.m. To reserve your tickets to the play or the dinner-drama special offered at Country Club Theatre, call 255-2025.

Golf Team Sets Record

The Oakton Golf team set a new school record on Oct. 9 at Glenview Park District Golf Course.

The record low set down on that date was 304. It was a double-dual meet with Mayfair and Triton. Mayfair also set a new school record for them with a low total of 296, there by beating OCC, but the Raiders scored a victory over Triton whose total score was 331.

The lowest score among all the players in the meet was turned in by OCC team captain, John Murnane, with a 72. A new addition to the team, Jim Lange, scored a 77 as did Joe Daneluck, followed by Bill Richardson with a 78, and Jim Weser's 85.

The golf team has improved considerably since the addition of Joe Daneluck and Jim Lange and its scoring beyond pre-season expectations of Coach Borowski.

ND Dons Drop First Game This Season

By Mike Lemanski

Notre Dame's Dons lost their first game of the season last Friday night to Holy Cross, 22-6. Holy Cross had control of the game from the start. They allowed only 2 first downs for N.D. the whole game.

Holy Cross had the ball first and carried it down to Notre Dame's 16 before losing the ball on downs. The Dons had the ball for 3 downs before they punted.

Notre Dame's defense waited for exactly 3 plays before Greg Mandolini picked off and errant pass and ran the remaining 47 yards for a touch down. The extra point was missed.

From here it was all Crusaders. They took the following kick-off and marched 59 yards in 12 plays to make the score 6-6. The run for the 2 point conversion was good, and the score was 8-6. The first quarter and half ended this way.

The second half see-sawed back and forth until a short N.D. punt gave Holy Cross the ball on the N.D. 42. It took just 5 plays to

make it 14-6, and one more play to make it 16-6.

Notre Dame took over and had a good drive going until they fumbled on the Holy Cross 40.

Once again they see-sawed back and forth until an interception gave Holy Cross the ball on N.D.'s 25. Terry Athas then passed 25 yards for the score. The extra point was missed and the score was 22-6.

Holy Cross' offense was led by Joe McHugh and QB Athas, both who had over 50 yards rushing. N.D.'s ground game was nothing. Bob O'Donovan led rushers with 26 yards.

On defense, the Dons were again led by Marty DeVolder with John Rotunno and Gary Guziec right there.

Niles Falcons Football Pee Wee

The Niles Falcons Pee Wees returned to their winning ways on Sunday at Joswiak Park by defeating the Portage Park Packers 12-6. Young Johnny Sullivan, subbing for the Pee Wees at quarterback, led the team in running and also scored one of the touchdowns. Again this week it was a team effort. The Pee Wees stuck to a ground game controlling the ball throughout most of the game.

The second T.D. was scored by halfback Russ Donah on a quick opener through the middle. The Pee Wees are 4 and 1 for the season.

The luckless Midgets 0-4 for the season lost another touch one to the Kilbourn Cowboys of Chicago by a score of 7-2. The Midgets started out strong in the first half and were leading 2-0 on a bad pass from center which they recovered in the end zone for a safety. The defense made too many mistakes in the second half which cost them too many penalties. Also the running game was not up to par.

Midget

Halfback Bill Serintoni's touchdown in the 4th quarter was all the stingy Falcons needed as they defeated the Kilbourn Cowboy Bantams 6-0. The Falcons gaining their second victory in four games held the cowboys to a minus 60 yards. Serintoni's T.D. came on a 27 yard scamper off tackle after 5 minutes of play in the fourth quarter. A recovered fumble by the left tackle Papich set up the T.D. The game was so exciting the Falcons were penalized 15 yards because the fans were making too much noise. During the last few minutes of play the Falcons put on a fantastic defensive stand when they held the Cowboys at the fifth yard line in 10 plays. The game ended with the Cowboys on the Falcons 6 inch line.

Bantam

Maine East girls have found their place in the world of soccer — they're soccettes. Maine East varsity soccer coach Robert Dolaske remarks that the soccettes have a very important job. "Many important seconds can be lost throughout the game when players have to run after balls which go over sidelines. The soccettes aid both the referees and team members by retrieving and flagging down balls which go out of bounds." Soccette managers for the 1972 season are varsity, Mary Unger and Sandy Jankowski, both of Morton Grove; sophomore, Barb Foster of Park Ridge and Karen Koperny of Niles; and freshman, Ruth Kanter of Des Plaines, Lisa Zandberg of Morton Grove, and Elise Dony of Morton Grove. Soccettes from Park Ridge are Karen Lichner and Denise Stollton, and from Des Plaines are Christie Dalrymple, Debbie Rickert, Diane Steinken, Nancy Steinken, and Nikki Summers.

Maine East Soccettes

Soccettes from Niles are Monica Berger, Margie Berresheim, Mary Christi, Dawn Degenhardt, Carrie Ferrara, Carol Frankenberg, Laurel Fredricksen, Mary Ganczak, Dianna Gattuso, Candy Giampoli, Lynn Kennebeck, Leslie Kroll, Carol Mendrala, Sue Paulus, Eileen Sautry, Debbie Soltan, Karen Stavropoulos, Mary Ann Stornello, Mary Ellen Szuba, Carol Wegner, Karin Wittje, Barbara Zechlin, and Joan Zechlin. Rounding out the list of Maine East soccettes are the following from Morton Grove — Robin Alperin, Eva Dragon, Julie Kahan, Unadine Milam, Cindy Robin, Debbie Shapiro, and Sue Sikorski.

Tam Tennis Club Preview

Shown measuring the Tam O'Shanter water tank after it was repainted to look like a tennis ball are Tam Tennis Club Manager and Head Professional Ed Gordon (L.) and Club Professional Jim Blake. The ball will be repainted on its original tower shaft, and persons attending the Club's Opening Preview on Sunday, Oct. 15 from 1 to 6 p.m., can win prizes by guessing how many tennis balls would fill the tank. Ed and Jim have some mathematical calculations to complete using the dimensions they obtained to have the correct answer available at the prize drawing.

Remember the one about guessing how many beans were in the glass jar? Now, the enterprising young tennis professionals running the new Tam Tennis Club, located at Tam O'Shanter Country Club, Niles, are offering prizes for guessing how many tennis balls would fit in the historic golf course water tower. The round water tank positioned next to the indoor, air conditioned tennis structure has been appropriately repainted to look like a giant tennis ball.

Ed Gordon, formerly Head Tennis Coach at Luther college, Decorah, Iowa, who now heads Tam Tennis Club, said the landmark water tower guessing game with awarding of prizes was just one event scheduled for the Club's Opening Preview Party to be held at the newly-completed clubhouse on Sunday, Oct. 15, from 1 to 6 p.m. The Club's first indoor tennis season begins on Nov. 1. The eight-court facility is located at 7686 N. Caldwell ave., just north of Howard st. and is a development of J. Emil Anderson & Son, Inc., Des Plaines. Members, prospective members, dignitaries, special guests and the general public are invited to attend the Preview. Tam Tennis Club is a division of Tam O'Shanter Golf Club, Inc.

Other activities during the Opening Preview Party include a special tennis match between Jim Blake and Neil Kramer at 2:30 p.m. Blake is a Professional at the Club and a member of the Midwest and U.S. Professional Tennis Association. Kramer, Assistant Club Professional, was a tennis star at Evanston Township High School and Bradley University.

A fashion show to be held at 1:30 p.m. and 4 p.m. will depict the latest tennis attire and accessories, including some of the color clothing making inroads into the traditional all-white tennis scene.

Mrs. Edna Semander, widely known for her role in introducing the highly-popular trend toward body contouring through Swedish rhythmic exercises, will demonstrate what it's all about. Her famous Swedish exercise program will be offered at the Club in a special room set aside for warm-up and exercise use.

In addition, a number of other activities will take place at the Club throughout the afternoon. Refreshments will be served and the entire Professional Staff will be on hand to greet and meet guests.

Alnor Instrument Co. Groundbreaking

The Ground-breaking ceremony for the new Alnor Instrument Company plant at Caldwell and Gross Point Roads in Niles was held on Friday, Oct. 6 with many dignitaries present.

Those present representing Alnor Instrument were Norman Obermaier, chairman of the board; A. A. Asplio, general manager; E. J. Sheehan, Owner's Consultant; Donald J. Fox, general sales manager and Paul P. Black, Alnor's attorney.

Also present were William H. Fife, Jr., president and Eugene Wesoloski, vice-president of Mills; Fife and Mac Donald, Inc. (Alnor's Advertising Agency). Several trustees and representatives of the Village of Niles were also present.

Alnor Instrument Co., presently based in Chicago, is a leading manufacturer of instruments designed for precision digital temperature and control as well as of other temperature measuring devices, air velocity and dew point indicating instruments.

The new facility will be a 75,000 sq. ft. office and manufacturing center.

The 8-1/2 acre industrial tract on which the facility is located is heavily wooded with pine and broadleaf trees and special arrangements have been made by Alnor officials to retain as much of the wooded setting as possible, thus enhancing the natural beauty of the community.

In addition to the main tract of land, Alnor purchased two adjoining lots, rezoned for use as a tree preserve and a parking facility amidst a wooded setting. Village of Niles was selected for its natural beauty, convenience and pleasant surrounding for employees.

Completion of the modern facility is set for mid-1973.

Webster, chairman of the board on behalf of the directors, officers and fellow bank employees. Serving as master of ceremonies, Arthur R. Weiss, president, congratulated Bruhn on his 35 years of service and reviewed the highlights of his career to date. Talks and other presentations were made by William Staat, vice president of the bank, Arthur Behrens, retired vice president and W. C. "Bud" Ziehn, former employee of the bank who is now president of the Des Plaines Insurance Agency, Inc.

First Photo-Check Applicant

Frank Fugent, 941N. Northwest Hwy., Park Ridge, is the first in Chicagoland to apply for Photo-Checks, a new checking account innovation introduced last week by Citizens Bank & Trust Co. Citizens is the first bank to offer Photo-Checks in this area and Mr. Fugent is Citizens' first customer to apply for them. Photo-Checks bear the picture of the user in the upper left corner of the personal checks. Husband-and-wife photos are printed on joint accounts at no added cost.

A primary benefit to the new checking plan is its easier cashability. With the photo on the check, the bank says, merchants can quickly and positively identify the check holder.

The bank added that Photo-Checks are safer for the legitimate check user and will reduce check fraud, Forgers, counterfeiters and other swindlers

will probably experience difficulty should they attempt to pass a lost or stolen Photo-Check. Customers may obtain Photo-Checks the same way as did Mr. Fugent. To have pictures taken, interested people can stop by Citizens' "photo center." It consists of a booth and Polaroid camera used especially for taking the picture on Photo-Checks. The Polaroid is used to take the picture in seconds so it can be submitted for printing without delay. The "photo center" is located in the Customer Services Division at Citizens, One Northwest Hwy., Park Ridge. There is no charge for the photo. The cost is \$3.95 for an initial supply of 200 checks. In addition, Citizens is sponsoring a contest as a promotional incentive. Three Polaroid 450 automatic land cameras are to be given away. The drawing is Thursday, Oct. 19 at noon.

Plimpton Leading Mikva Campaign in Maine Township

Blair Plimpton, Park Ridge,
has been named Maine Township
Co-Chairperson for the Citizens
Committee to Re-elect Congress-
man Abner Mikva.

Dr. Plimpton was Superinten-
dent of School District 64 from
1947 to 1971. He helped organize
the Park Ridge Family Counsel-
ing Service, as well as the Maine
Township "Hot Line," for fight-
ing drug abuse.

He said that he decided to help
head up the Maine Township cam-
paign because of Congressman
Mikva's performance as an ef-
fective legislator, both in the
Illinois House and in the U.S.
Congress.

"As a school administrator, I
have been aware of his ef-
forts on behalf of education both
at the state and national level."

Flynn Cites Drug Abuse Problem

Thomas Flynn, the 4th Dis-
trict Democratic Senatorial Can-
didate, today called "Drug Ab-
use" the number one enemy of
suburban Cook County. He said
that in his three month study
of law enforcement problems in
the 4th District the subject of
Drugs was constantly mentioned
the discussed with open fear. Par-
ents especially showed fear and
apprehension along with a feel-
ing of helplessness.

Flynn said, "Drug Abuse must
be stopped now and not later. The
time for talking and conferences
is past. We no longer have the
luxury of time. Action must be
taken now. I for one am sick
and tired of seeing officials and
school administrators on TV
asking for money and more mon-
ey. Money is not going to solve
the problem. People will and
must solve this terrible problem.
The young know what "High,
Speed, Grass, Weed, Trip, Bum-
mer, Rounder, Coke, Mainline,
H. Shor" and more mean. We
now must erase these words from
our language. I propose the fol-
lowing actions.

1. The establishment of a joint
multi county Northeastern Illinois
Metropolitan Drug Control Coun-
cil. The Council will be a co-
operative effort of all public of-
ficials under the direction of our

Pucinski and Lyons at Democratic Meeting

Congressman Roman Pucinski
will be the featured speaker at a
special meeting of the Maine
Township Regular Democratic
Organization, Thursday, Oct. 12,
at the Bunker Hill Country Club,
6635 Milwaukee, ave., Niles, 8
p.m., announced Nicholas Blase,
Committeeman of the organiza-
tion.

Featured with Pucinski will be
Thomas Lyons, Democratic Can-
didate for Attorney General of
Illinois.

Sam Young Campaign Events

The Republican leaders of the
United States Senate and the
House of Representatives—Sen-
ator Hugh Scott of Pennsylvania
and Representative Gerald Ford
of Michigan—will be in the 10th
District next week for two events
planned for Sam Young, Republi-
can candidate for Congress.

Dr. Plimpton said, "He has ac-
tively supported strong ethics
legislation, hand-gun control,
prison reform, and improving
drug rehabilitation and prevention
programs."

Dr. Plimpton will be working
with Bob Neugebauer, also Co-Chair-
person of the area Committee to
Re-elect Congressman Mikva, at
the Maine Township Campaign
headquarters, 716 Center, Des
Plaines. Anyone interested in
joining the Mikva campaign should
call 297-1760.

"Although I usually vote Rep-
ublican when I feel candidates
for an office are about equal,"
Dr. Plimpton said, "I am ac-
tively supporting and working for
Congressman Mikva because he is
far and away the best person
for the job."

smile at the public officials, while losing some of that feeling we had for the beer drinking TV fan.

Here in the empty chamber room in Niles were 5 guys, who attended two and three meetings a week, no pay, and yet were slowly winding their way toward a new recreation program, which would affect thousands of people during the coming year. Aside from two or three strays, the cavernous room was cold and empty, and only the drone from the podium lessened the deadening sound. We know few people would consider themselves average, but here in this room were 5 unpaid average guys going thru a 4 page agenda, which was crammed with activities demanding their decisions. They had to concern themselves with creating a new district for handicapped children, an effort which is both noble and complicated. They voted time and time again on paying construction costs for the enclosure for the Ballard ice rink. And they mulled over personnel problems, recreation activities, and a multiple of decisions, many of which probably could have been decided without Board action. They announced committee meetings that week, on-the-spot inspections of the park facilities. They accepted a deed for a land purchase which took almost ten years leading to this night's culminating action.

They also engaged in bickering. The park director, a strong-willed guy who stands toe-to-toe with the elected officials, was confronting one of the Board members. There was an ego trip or two, which members engaged in. But at the end of the two hours the twice-monthly meeting was not yet over, and it continued on into its third hour.

We're not growing so soft as to tell you these guys don't pull plenty of mistakes. They have, and it is likely they will continue to do so. But we remember last year they were pilloried by both a Skokie newspaper, as well as Niles village board, which was subtly trying to put the crunch on the district in hopes it would fall under the aegis of

the village. They withstood allegations of corruption and malfeasance, and today are succeeding admirably.

Meanwhile, we met the beer drinking TV fan at 2 other meetings, in which he sounded off about public officials, threatening to "get him" at the next election if he didn't vote the way the once-a-year "citizen" insisted he vote.

The contrast of the public official, attending two and three meetings weekly, usually playing to an empty hall, while the beer drinker is ensconced in his den, watching Lucy and the other bird brain shows, is demoralizing. And listening to the seldom-if-ever-meeting-attender disparage the guys who work for free, and on their behalf, gets a bit wearing.

A Letter-to-the-editor writer comments about the carillons Niles Days money bought for the Niles village hall. He asked why we never commented about the matter.

It's always been our opinion the Niles Days money should be accumulated with a long-range aim to support one major project. We always believed some type of community center, which could be pointed to as having been the results of Niles Days moneys, is preferable to dribbling away the money on a multitude of small projects.

As for the carillons, it was the brainchild of one lady Nilesite, who pushed hard for the chimes. When we first heard of the project we concluded the lady has been hearing bells in her belfry for years, and thus the carillons were a natural choice. But we're sure she meant well, even though pushing through a project one instigates is often an ego trip, in which the creator often secretly takes undue pride for.

during storms, floods, etc. I can't praise them enough. They come without being called in time of need. They've asked us to consider this and I think we should meet with them to discuss it." Houndt continued.

Ed Brice said that Capt. Larry Schey of the Police Dept. has proposed a program that he hoped would get board approval. It is in the area of public relations and would allow young residents from 14 to 18 years old to accompany a police officer in a squad car on Friday evenings from 7 p.m. until 11 p.m. Those interested in this (if approved by the board) should then contact the Police Dept. to obtain the necessary waiver forms and to get the approval of Chief Glaumer and receive a time schedule. The youth would then be required to fill out a form giving his honest opinion of the proceedings. The board will get Atty. Nordberg's counsel and make their decision. Several residents of the west side of Morton Grove were present to discuss a problem of skunks in their vicinity. Mr. Zandberg of 7820 Arcadia said that skunks were now seen day and night and that he learned that they were the most rabid of animals which made their presence dangerous as well as annoying. "I think the time has come for action to be taken in eliminating them," he said. Arthur Gerbe, 7628 Arcadia, said that he phoned several people on the subject and was told by experts that they can be eliminated by traps or by shooting them with a rifle which police can use when they happen to spot a skunk while on night patrol. Capt. Schey said removing the carcass could become a problem. John Hilkins said that the excessive rain has forced the skunks out of the Forest Preserves and into the open fields. He said that cyanide has been used by an exterminator and that some skunks have been eliminated this way. Because some conservationists will complain about shooting the animals with a rifle it is felt that poison or traps may be the best answer. "We've asked several firms to come in and help, but only Orkan has responded," said Hilkins. "How-

wood, and a private fence will border the west side of the property. The restaurant will seat 120 people.

The Board, presided by Keith Peck due to Mayor Blase's absence, did approve a resolution which gives \$15,624 to the Niles Mass Transit District for improvements. The district, formed to maintain transportation systems in the northern suburbs, received the money from additional motor fuel tax funds.

In other action, the Board granted a B-2 Special Use Zoning Permit to Niles Import Motors at 6637 Touhy Ave. This allows the area to be used for a used car agency and lot. Restrictions on the area included building bumper barriers near residences there, low-key lighting and no ornamental flags after the opening of the lot.

The Board revealed that \$9,962 would cover the cost of the resurfacing program scheduled for Chester Avenue from Roseview Drive to 685 feet south of Roseview and for Betty Terrace from

ever, the residents should know that if the exterminator does come to their home they will have to pay for the service."

Chief Christ Hildebrandt said that this week is Fire Prevention Week and said that the Fire Dept. had every successful Open House last Sunday. Administrator Fred Huber said that he recommended the acceptance of the low bid of \$8,697.00 for 44 trees on Waukegan rd. made by the Cydell Landscaping Co. The board agreed. Mr. Lindheimer of Frontiers Imports asked permission to erect a fence on his property to help relieve a problem of vandalism. He said he would go along with any suggestions by the Beautification Committee, etc. Capt. Schey said this would be a good idea since vandalism is a big problem there. The board agreed to permit the construction of the fence pending approval of Fire, Police and Beautification Dept.

John Hilkins announced that 89 pints of blood were received in our last Blood Drive, but said our goal was 100 pints.
