End O' The Month Meanderings ...

Somebody should place a skull and bones on the pillar
dividing the road from the viaduct at Dempster and
Milwaukee. The number of persons killed there should be
graphically illustrated, perhaps, cautioning drivers, and
perhaps leading to the correction of this death trap.

Through the years we periodically mention this area as
needing correction and periodically we're told the state will
do nothing about it. Obviously, the viaduct was built for
another era when traffic was limited.

Many years ago we were driving west on Ballard Road. At
Greenwood there was a 2-way stop sign which enabled the
north-south Greenwood traffic to move through the
intersection without stopping. An auto in front of my car
didn't realize the Greenwood traffic didn't have to stop and he
missed being hit by an oncoming Greenwood car by a whisk of
good luck. We were determined we would contact the
authorities in hopes of correcting the obvious hazard ... but
we didn't and 2 weeks later an auto accident there resulted in
a fatality. A 4-way stop sign was immediately placed there
and subsequently a stoplight was erected.

It takes a concentration of action to move the state highway
division to act and there is an obvious need for immediate
action in the Dempster area.

Niles officials chose the very ladylike Carol Panek to fill a
trustee vacancy two weeks ago which brought comments from

VILLAGE OFFICIALS AWARE OF CRIME RISE

Niles officials are aware of the
recent increase in crime inci-
dences, said Village Manager
Kenneth Scheel last week, refer-
ring to the notable extension in
shoplifting, auto thefts and ro-
bberies. "These are, in all likeli-
hood, possibly due to the present
economy."

Mayor Blase, Police Chief
Emrikson and the village man-
ager have already discussed the
situation, he said.
Further plans are in process in
an effort to eliminate the possi-
bility of other incidences. More
manpower will be used in patrol.

Morton Grove Police apprehend burglar

[by Alice M. Bobula]
Investigation by a Morton Grove policeman while on a routine early morning patrol resulted in the arrest of a 20-year-old man for burglary of the Glen Morton Medical Center, 9129 Waukegan rd., on Jan. 20.

Mark R. Stephenson, 20, of 9111 Waukegan rd., was charged with burglary, theft and resisting a police officer. Also taken into custody were Robert Equadi and John Stephenson, also of 9111 Waukegan rd. John Stephenson, a known addict according to police records, was charged with possession of stolen property and possession of a hypo syringe.

Officer Michael Starr stated he was on routine patrol at 3 a.m. when he observed a broken window on the east side of the Glen Morton Medical Center. A call for a backup unit brought Sgt. J. Paulis and Officer J. Holas on the scene. The three policemen checked the center offices and found the offender crouching under a desk in the reception office.

Missing from the offices were an unknown quantity of glass syringes and a protoscope with attachments.

Further investigation by Morton Grove police led them next door to a motel where the suspect involved a friend, Robert Equadi, and the suspect's brother, John Stephenson.

According to a statement by Equadi, John Stephenson used drugs of various types and had taken a "green-type" pill around 5 p.m. the preceding night, falling into a deep sleep.

Equadi retired to his room, he said, and around 1 a.m. the suspect came to his room, attempting to involve Equadi into "ripping off the Glen Morton Medical Center next door." Equadi refused, but at the suspect's insistence, went down to walk his dog in back of the Center, leaving the suspect in the area.

An hour later, Equadi said, the suspect returned, carrying various drug bottles and a case with an instrument. Equadi said the suspect tried to get him to return to the Center, but Equadi refused, returning to his room to sleep.

Bond was set on Mark Stephenson, reportedly also wanted by Chicago police, at \$35,000. Bond set on John Stephenson for \$1,000 was later reduced to \$500.

Niles Businesses suffer shoplifting increase

The present economy crisis was blamed by Niles police for the recent increase in shoplifting. One incident involved a group of seven.

Apprehended in Turnstyle last Saturday afternoon were three adults and 4 juveniles. Those arrested were charged with theft.

A 34-year-old male from Morton Grove was charged with theft from K Mart.

Five separate incidences at Sport Mart, 7233 Dempster st., involved an 18-year-old man from Niles who was charged with theft and possession of Cannabis; a 19-year-old female from Chicago who was charged with theft; a 19-year-old male from Chicago, charged with theft and possession of marijuana; an adult 30-year-old female; and a 32-year-old Chicago woman charged with theft.

Two juveniles apprehended at Goldblatt's in Lawrencewood for shoplifting were turned over to the Youth Officer.

A juvenile shoplifter at J. C. Penney's in Golf Mill was turned over to the Juvenile Bureau.

GOLDEN SENIOR CITIZENS OF MORTON GROVE
Well another great Wednesday has come and gone. As usual our President opened the meeting with a pledge of allegiance to the American flag and the members sang "America". Our chaplain was a little late so Wally asked the blessing on our club and a special blessing on the officers. Then we had some homemade cake as usual which is out of this world. The members don't seem to get enough of this delectable baking.

A Miss King from the Social Security office spoke on the benefits we are entitled to and explained the changes in this last year. Then she answered all questions, which the members enjoyed. After finishing her assignment the members gave Miss King a standing ovation which thrilled her and she thanked us.

The next speaker will be the Honorable Abner Mikva, Congressman, on Feb. 12. So if you want a profitable and entertaining afternoon, be sure to come to the Morton House Restaurant, 6401 Lincoln, Morton Grove, where we meet every Wednesday at 12 noon.

All seniors of Morton Grove are invited.

NILES ALL AMERICAN SENIOR CLUB
We met for the first time in our new Trident Center and it is so very bright and roomy. It is a pleasure to be there. We had invited Debbie Nelson and Bill Hughes and Mary Kay to lunch but because of an unexpected delay at the park district, Debbie and Mr. Hughes couldn't make it, but Mary Kay joined us. So we could at least thank her for making us so welcome.

We also welcomed our new members, Agnes McCauley, John B. Bloom, Maryann Bloom, Peter J. Lutgen, Svea H. Lutgen, and Henrietta Boughiey. We are very happy to have them.

We send our best wishes to Jean Kennedy who is still very ill and hope that Phyllis Tuscano is coming along well. We miss both of these gals, also Jennie Menina who is recovering from a bad knee.

Hope all of our members are well enough to attend our business meeting and birthday party next week.

Chicago ban on phosphates upheld

[by Alice M. Bobula]
Chicago's 3-year-old ban on the sale of phosphate detergents was upheld last Thursday, Jan. 16, by the U.S. Court of Appeals. The city can now continue its efforts to enforce the anti-phosphate law.

Proctor & Gamble and the FMC Corp. of America, a major manufacturer of phosphates, had filed, several years ago, the suit protesting the anti-phosphate law on which the U. S. Court of Appeals ruled last Thursday.

According to a Proctor & Gamble spokesman, the company plans to carry an appeal to the U. S. Supreme Court. "Chicago's anti-phosphate law denies the consumer an effective cleaning product," he said. "Because of our desire to maintain a good, effective product, we will ask for a stay on the recent decision to enforce the phosphate ban, at the same time asking the U. S. Supreme Court to review the decision."

Evidence had been introduced, in the Court of Appeals ruling, that phosphates in waste and water discharges have a detrimental impact on Lake Michigan waters by stimulating the growth of unwanted algae.

In retrospect, Chicago banned in February of 1972 all detergents containing more than 8.7% phosphates. In June, 1972, an anti-phosphate law was passed, removing all phosphate detergents

Trailer ordinance tested at Zoning Board

A 4-year-old trailer ordinance, passed in 1970, was upheld by the Niles Zoning Board Wednesday night, following a complaint by a Niles resident of a motorized home being parked in front of a neighbor's building set back line.

Mr. and Mrs. Joel Lipitzky appeared at the Zoning Hearing, petitioning for the ordinance to be set aside in order that he may park a 21 ft. Champion Motor Home in his 85 ft. long driveway at 8105 Prospect ave. in Niles.

A neighboring Nilesite on Cedar Lane asked that other arrangements be made for the motorized home, that the ordinance be enforced for proper enjoyment of environment.

Another resident, also on Cedar Lane, stated that the parking of the motorized home in his neighbor's driveway presented no problem, that the Lipitzkys be allowed to continue to park it on their driveway.

The petition was denied by the Zoning Commissioners, predicated on the fact that the ordinance was made into law to provide for the numerous recreational vehicles such as boats, trailers, pickups, travel trailers, etc. of various shapes and sizes to be parked elsewhere than on driveways or in the street.

Honor Student

A Niles student was among the 2300 at the University of Wisconsin-Whitewater who achieved academic honors during first semester of the 1974-75 school year. Karen Miller, 8128 Farnsworth dr., Niles, earned first honors.

Of the total honor students, 260 received grades of straight A for a 4.0 average.

The Notre Dame varsity swim team won three of its recent meets. On Jan. 14 they beat Elmwood Park 58-25 and took 9 of 11 first places. The winners were the medley relay team of Tim Burke, Jeff Stahl, Don Knill and Mike Walsh, Brian Walsh in the 200 yd. individual medley, Dave Herdrich in the 50 free, Craig Zebold in the diving, Ed Zonsius in the 100 butterfly, Steve Gould in the 100 free, Tim Burke in the 100 back, Jeff Stahl in the 100 breast, and the 400 free relay of Gould, Zonsius, Mike Walsh, and Eric Otten.

The Dons took second place in five events: the medley relay of Jim McNab, Otten, Mike Walsh, and Fran Gambro; Zonsius in the 200 free, Mike Walsh in the 200 individual medley, Burke in the 500 free, and McNab in the 500 freestyle.

At Elmwood Park the J.V. swimmers for N.D. also won 62-21. They took 10 out of 11 first places and 6 second places.

On Jan. 17 the N.D. team beat St. Patrick H.D. 93-79 on the varsity level. Here they took six first places. Winners for N.D. were the medley relay of Burke, Stahl, Knill, and Gambro; Jim Brennan in the diving, Brian Walsh in the 100 free, Zonsius in the 500 free, Burke in the 100 back, and Stahl in the 100 breaststroke. Five 2nd places were earned by Zonsius in the 200 free, Otten in the 200 individual medley, Gambro in the 50 free, Otten in the 500 free, and the 400 freestyle relay of Gould, Otten, Brian Walsh, and Zonsius. Zonsius broke the school record of Joe Lunkes in the 200 free by the

new time of 1:54.7. The old time of Lunkes was 1:55.3 set at Marmion in 1973.

The next afternoon they swam Lake Forest H.S. and won 43-40. Here they also took 6 first places. Zonsius won in the 200 yd. free, Brian Walsh in the 200 individual medley, Don Knill in the diving, Zonsius in the 500 free, Stahl in the 100 breast, and the 400 free relay of Gould, Brian Walsh, Otten, and Zonsius. Maine East Sophomore Basketball victory

When the Maine East Demons and the Maine South Hawks met in a sophomore conference game, the Demons were going for their tenth win of the season and their third straight win in conference play.

The Demons won 63-48.

The Hawks won the opening tip and scored to lead 2-0. Scott Russ then scored to pull the Demons into a tie. After that basket the two teams went to a quick paced game, which saw action up and down the court. Neither team was able to gain a lead on the other, for if one team would score, the other would come back to tie.

But near the end of the quarter, the Demons were able to gain a lead due to South mistakes, and the Demons scored six straight points to lead at the end of the quarter, 14-10.

The second quarter opened like the first, with both teams going up and down the court. The Hawks came back to tie the game at 14, but the Demons, with the help of three point play, took the lead at 17-14.

But the Hawks seemed to gain momentum after an apparent Demon fast-break basket was over ruled because of traveling. They came back to score six straight points to lead 20-19. The last three minutes were the most exciting as the Demons looked like they were going to pull away. With the help of good shooting and hand turnovers, they built up a 28-21 lead. However, Maine South closed the gap as they scored seven straight points in the last minute, to come within one when the half ended 29-28.

The first half featured some good fast-paced action up and down the court. Even though it wasn't good, sound basketball.

the fans seemed to enjoy it. The half featured inconsistency for both teams as they showed both good offense and good defense, but then the next minute they couldn't score a basket or they let up six or eight points in a row.

The Demons won the third quarter tip and went to score, leading 31-28. The Demons switched from a man-to-man defense in the first half to a half court press in the second half. This switch resulted in numerous mistakes on the Hawks' part, and the result was easy Demon baskets, as the Demons lead going to 5 at 35-30. The Hawks were not able to adjust, and they soon found themselves trailing by 12 as the quarter ended 44-32.

The Demons came out as the fourth quarter began to win the game. They quickly ran their lead up to 18 points, 50-32. It seemed that from wherever they shot the ball it went in. After the Demons gained a substantial lead, they sat back waiting for the game to end. The Hawks tried to come back and cut the lead to 14 at 54-40, with a little over three minutes remaining. However, the lead was too large to overcome, and the Demons wound up winning 63-48.

The Demons had four players in double figures with Scott Russ and Sam Donnatucci both scoring 14 points. Larry Wayland and Mike Stone both scored 10 points. The leading scorer in the game was Smith of Maine South with 20 points.

SPORTS**Maine East's varsity swim team**

Maine East's varsity swim team, from l. to r.: Diving coach Art Belmonte, manager Mike Edleson, manager Dave Dobkin, manager Sidney Rothenberg, manager Wayne Lipson, Gordon Kasper, and Alan Miller. Middle, l. to r.: Scott Strauss, Mike Brodner, Lee Lannert, Jon Tice, Alan Rose, Tom Drodz, Gerry McKevey, Norm Serlin, and head coach Ron Davitt. Back, l. to r.: Chris Dickson, Jim Schaefer, George Morgan, Scott Schwandt, Jim Zimmerman, Robert Grazian, Alan Andrews, Jim Leparski, Mike Brennan, Richard Childs, Mike Suppan, and Lloyd Esses. Upcoming competition for the varsity includes the Glenbrook South Titan Relays on Saturday, Jan. 25; hosting New Trier West on Friday, Jan. 31; hosting East Leyden on Saturday, Feb. 1.

ND Fencers have tough week-end

The N.D. Fencers had a dual meet and tournament this week-end. The first event was the dual meet with Niles West. The meet was a disaster insofar as the 5 of six starters went 1-2 for the day. Garry Gronke, fencer, his last dual meet for the team went 3-0. The final score was 10-8. Niles West, NW had never beaten N.D. in 17 times since the series began and they brought to an end NDHS's longest winning streak of 56 in a row.

The Saturday event was the annual varsity team of 3 competition. This is not really a team event except that each team faces each other team, but the factor deciding the champion is total wins. There were 7 teams, each getting a bye. N.D. got its bye in the second round, Niles West in the 3rd and New Trier West in the

7th. This is important because of the standings throughout the meet. At the end of the first round N.D. was 8-1 with the lead. In Round 2 N.D. was 5th due to its bye. In Round 3 it was 3rd with 14 behind NW(15) and NTW(19). In Round 4 N.D. was still 3rd with 20 behind NW(21) and NTW(25). Round 5 N.D. was tied with NW at 25 each and NTW was several bouts ahead. In Round 6, the score was NTW 33, N.D. and NW 30. At this point, NTW was finished fencing and it was between N.D. and NW for 1st place. Niles West had Niles East last and due to a sprained ankle of Jans of NE, they were hurt and lost to West 9-0. This was a near impossible task for N.D. to match since Gordon Tech was not a push over. N.D. won 7-2, but those 2 losses were the difference and for the first time in 4 years did not win the event, but gave a very fine performance in taking 2nd.

With the loss of one fencer this year, the team is not as strong as it was at the beginning, without excuses, the team is just another

Ms. Lori Velco, chairman of the Consumers Affairs Commission for the village of Skokie, will discuss consumer rights, ways in which consumers may get more for their money, and "good buys" in the Chicago area.

Babysitting is available by reservation at fifty cents per hour for two year olds and over. Call 966-3830 before Feb. 4.

Pat Handzel, coordinator of the Center, invites women of all ages to "drop in" and visit the rotating Women's Resource Center which will be located in Des Plaines at the First Congregational Church during the week of Feb. 3 thru 7. Information about careers, job

educational opportunities, and personal growth is available. Vocational interest tests and counseling are also offered.

The Center is open from 9 to 8 p.m. daily except Thursday when hours are from 7 to 9 p.m. only. All programs are free.

...So says ARTINVEST, a well-known New York City art gallery dealing in collector's graphics. "The appeal of authentic prints today for the art-buying public is greater now than any other trends in art collecting in this century."

Now the residents of this area will be able to enjoy and possibly profit from this great interest in fine graphics when ARTINVEST, in participation with Congregation Adas Shalom Sisterhood, holds an Art Auction on Saturday, Feb. 8 at 7:30 p.m. and Sunday, Feb. 9 at 1 p.m. at 6945 W. Carrington revamps Hyatt House from top to bottom

Jon Carrington, Hyatt House general manager, accepted his transfer to the 320-room complex in much the same way a new occupant looks at a not-so-new house — something needed to be done to brighten up the place and give it a new look.

The nearly 12 year old hotel was showing its age. A facelifting was in order to compete with the more youthful and more stylish. Wanting to try his hand at decorating, Carrington got the okay to go ahead, and was given free rein to act as his own interior decorator. The six-month long job of tip-toe glamorization of over 100 sleeping rooms, lobby, meeting rooms and public areas, cost \$250,000.

"Graphics were painted on the walls and ceilings to create an archway effect to those long, long hallways; we achieved a feeling of warmth to the 4-walled meeting

rooms; and instead of the traditional look we opted for luxurious surroundings with a today feeling in our suites," explained Carrington.

The suites are different in both color scheme and decor but are the same structurally. Each consists of two bedrooms, three bathrooms with dressing rooms, living room, conference room and wet-bar.

The guest rooms, too, are harmoniously color coordinated to the rest of the west tower and "whether we have families or single occupants, we are most concerned with their needs." Like the use of cosmetic lighting in the bathrooms, full length mirrors and most with settee sofas," stressed Carrington.

In this age of specialization, Carrington is the exception. Because of this, he saved his employer a considerable sum of money.

Impressive growth marks Bank of Lincolnwood years

The 21 year history of The Bank of Lincolnwood is a tale of a success story.

Totals have increased from \$2.5 million in 1954 to \$77 million in 1975. Loans, from some \$400,000 at the end of 1954 have mounted to \$38 million at present. The growth is most impressive when portrayed graphically.

The officers of the bank are: Richard Goodman, chairman of the board; Raymond A. Elden, president; Carl L. Gubitz and R. Mohrbacher, Sr., vice presidents; Mollie Graff, Gary A. Schroeder, Charles H. Borowsky, Harold Ward, Saul R. Barkin, Edward C. Schultz, vice presidents; Estelle Nied, Craig Rheingruber, assistant vice presidents; Joseph E. Dow, Anthony Spinnato, David Sorenson and Rose Frankenstein, assistant cashiers; Irwin Robinson, auditor; Bernice Cantor,

assistant auditor; Joseph T. Fitzpatrick, comptroller; and Ruth Hectman, loan officer.

Gubitz is one of the original employees still with the bank. Another original employee, Mary Whelan, former secretary, is 90 years old and retired, living in Florida.

Elden recalls many examples of assistance given to the local firms which, "helped to make bigger customers out of little ones...and the bank just naturally grew along with its customers."

This progressive institution has promoted one banking service after another since it opened for business on Feb. 20, 1954.

It has offered everything from Lincoln rose bushes to Heritage oil lamps and auto seat belts to three volume sets of Carl Sandburg's Biography of Lincoln.

In 1960, a colorful event marked the completion of a

remodeling program at the bank's original location, 4656 Touhy. An additional 2000 sq. feet of floor space was added. At that time, the bank boasted of having almost 50 employees.

In 1967, the bank built a new modern nine level office and bank building at its present location across from the Hyatt House at Lincoln and Touhy. The design of the present bank on five separate levels has won wide acclaim, both in the bankers field and in lay areas. 1973 marked the year that the new mini banking center was opened at 4320 Touhy. A beautifully landscaped five drive-in window edifice further enhanced an already fine community.

A new time and temperature message sign was just installed at the intersection of Touhy and Lincoln. Messages are community oriented—disseminating information to area residents.

Peerless Federal branch bank approved for Niles

(by Alice M. Bobula)

The Niles Zoning Board approved a Special Use permit, during their Wednesday, Jan. 22, Hearing to Peerless Federal Savings & Loan of 4930 Mil-

waukee ave., Chicago, for a branch bank at 7759 N. Milwaukee ave. in Niles.

Approval was predicated on one of four revised traffic-flow plans presented to the Zoning

Commissioners, on installation of bumpers and a sidewalk along Mulford, with the necessary landscaping, and a variation of parking spaces from the required 20 cars to 18.

The branch will accommodate 3 tellers and a manager, according to Timothy Sheehan, president and executive officer of Peerless Savings & Loan, with space for 2 more tellers. The building will be fully alarmed into the Niles Police Dept. for security. Closing partitioned walls in the basement provide for a community room in the basement for use by area residents.

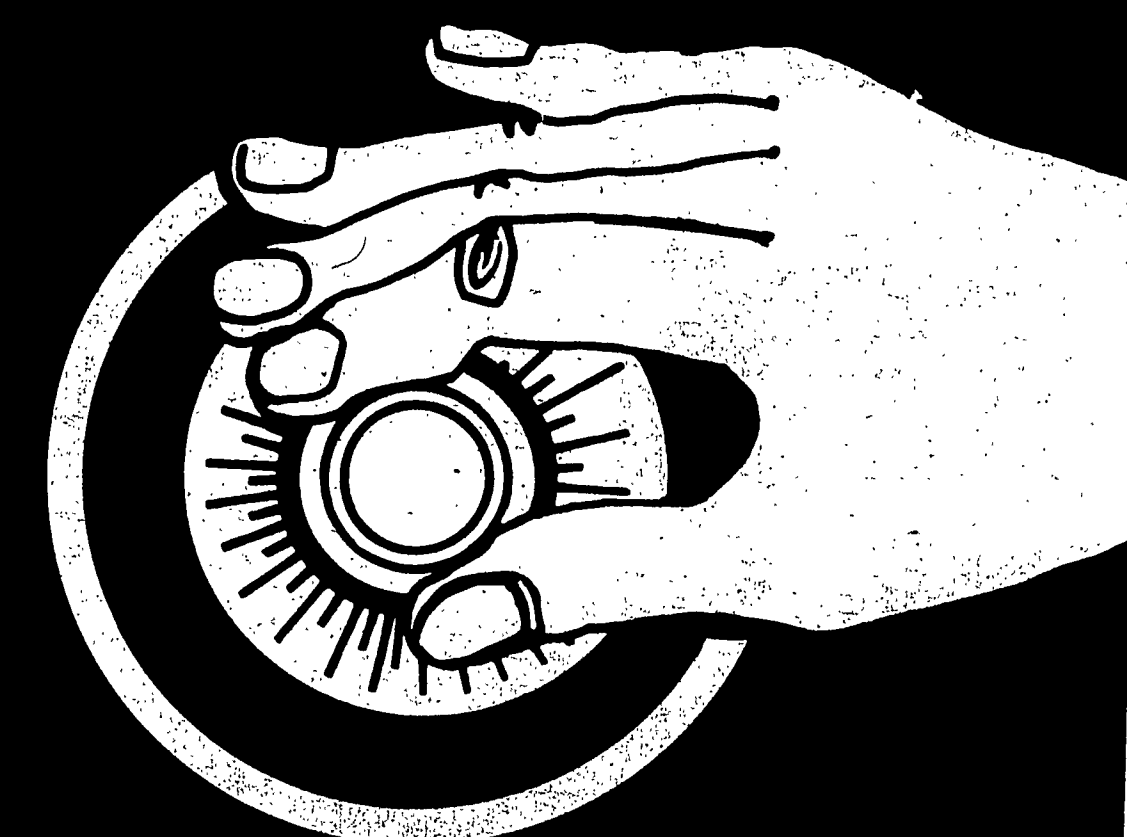

The one-story bank building will be set at the south end of the southeast corner of Mulford and Milwaukee ave. The bank entryway will be at the east end of the property, on Mulford, and will exit on to Milwaukee ave.

The Chicago-based savings and loan company purchased the Niles property, contingent upon approval of the special use zoning permit.

In other action, Zoning Board Commissioners approved a Special Use permit for a Child Day Care Center at 8361 1/2 Golf rd., valid only to Mrs. Eileen Lombardo as operator of the Center. Commissioners specified that future operators must re-petition the Board for re-zoning of the property.

Centel plans \$17 million modernization program in 1975

During 1975 Central Telephone Company of Illinois will spend over \$17 million for construction and modernization, most of it in Des Plaines, Park Ridge and surrounding service area.

This year approximately \$1.3 million will be spent to complete the installation of the fifth Crossbar switching system serving customers with 296 and 299 prefixes. This \$5.2 million installation marks the completion of Centel's conversion to Crossbar

Switching equipment. Manufactured by Western Electric, Crossbar is designed for heavily populated areas and offers direct compatibility with Bell equipment.

Other improvements in the Des Plaines central office include the installation of new traffic measuring equipment, a smoke and fire detection system to provide constant surveillance of switching gear, and new equipment for transmitting billing information.

One of the major expenditures will be the installation of new cable and conduit at a cost of \$1.3 million. These new facilities are needed to provide service to the office and residential complexes, commercial area and other developments now under construction or on the drawing boards.

Another \$1.9 million will be spent for equipment on the premises of new business customers or present customers who wish to upgrade existing equipment.

Centel's Traffic Service Position System, the all-electronic toll switchboards, will have increased memory capacity for storage of office and call processing data after the addition of equipment costing \$163,400.

To allow for more efficient operation, Centel will spend \$168,000 to remodel the following areas: the Des Plaines commercial office on Miner st. and the first floor of the Prairie ave. building in Des Plaines to accommodate the Plant Service Center and Assignment Section.

Besides its operations in Park Ridge-Des Plaines and surrounding communities, Central Telephone Company of Illinois serves customers in the Dixon-Savanna area in the northwest part of the state, as well as Pekin and surrounding communities near Peoria. It is one of the largest divisions of the Centel System which serves more than one million telephones in nine states.

Norwood Federal grows thru innovation

Throughout its almost 50 years of service to the Northwest portion of the city and adjacent suburbs, Norwood Federal Savings and Loan Association, 5813 Milwaukee ave., has tried to stay attuned to the wants and needs of area residents by introducing new and different savings programs whenever practical, and in the year just completed, this tradition was maintained.

According to Norbert F. Babicz, President, Norwood Federal took several steps in 1974 to be certain its service to savers and mortgage loan customers was the best available anywhere in greater Chicago.

Among the innovations introduced last year was the formation of the Norwood Federal Investors Club," Babicz commented. "Savers become eligible for membership in the Club by maintaining at least \$5000 in their accounts, and in return, they receive an array of distinctive, free services."

"Such things as service fee, free travelers checks, notary public service, lamination for important cards, a credit card registry to protect against loss, and Bill-O-Matic service that makes savings automatic and effortless are just some of the Investor Club privileges," Babicz continued.

Current plans call for the establishment of a special lounge in Norwood Federal's contemporary building reserved for the exclusive use of Investor Club members, and because the Club represents an "affinity" group, group travel discounts will become available in the near future.

Aware that not all of the 15,000 savings customers at Norwood Federal find it possible to maintain a \$5000 balance in the accounts, the Association also took steps to assist the smaller saver. For example, late in the year, Norwood Federal's Board decided to lower the minimums on all of its various high-yielding certificate accounts to \$1000.

"We felt strongly that all of our savers deserved the opportunity to take advantage of the higher-than-passbook interest we pay on savings certificates," Babicz pointed out. "Now it's possible for virtually all of our customers to select from a variety of accounts depending on their savings goals, ranging from the new 6-year, 7.75% certificate that has an effective annual yield of 8.17% down to a 1-year account that pays 6.5% per year."

All Norwood Federal accounts pay the highest return permitted under current regulations, and in Nov. of last year, the Federal Savings and Loan Insurance Corporation increased account coverage from \$20,000 to \$40,000, making Norwood Federal accounts among the safest and most profitable investments to be found anywhere.

New services were not the only accomplishments at Norwood Federal, however. Realizing that the Association's customers lived throughout the Northwest city and suburban areas, Norwood Federal began construction of its first branch office last year. Located at 5417 W. Devon, when completed, the branch will provide full services and convenience particularly for residents of the Edgebrook/Sauganash neighborhoods. More than just another office, the branch will have four teller stations, two walk-up windows, and even a night depository. When opened, the branch will be able to handle all savings transactions whether or not the customer's account was opened at the main office, and of course, new customers will be able to open any type of account at the branch site.

The construction schedule calls for completion of the Devon office in late Spring," Babicz stated. "At that time, we plan an exciting Grand Opening celebration, complete with prizes, free gifts, refreshments, and a warm Norwood Federal welcome for every-one taking time to visit us."

Golf Mill Merchants installation luncheon held

Jan. 15 marked the installation of officers of the Golf Mill Merchants Association for 1975. At a luncheon meeting held Wednesday at the Millionaires Club, outgoing president Michael Doerner, owner of Doerner Jewelers, turned the gavel over to the newly-elected president M.J. Anderson, manager of JC Penney's Golf Mill store. Mr. Doerner was presented with a plaque in appreciation of his services during the past year. Mr. Anderson, a native of Minnesota, started his career with Penney's in 1952.

Other officers and board mem-

bers include: Vice President Alan Sersted (Little Miss & Mr.), Secretary Stan Appelbaum (Rustique Hearthe Shop), Treasurer Len Happ (Golf Mill State Bank), David Maikon (Baker Shoes), Robert Loesch (Sears, Roebuck and Co.), Jerry Burbine (Thomas Organ Studios), Sid Ellman (Jackie's Circle), and Charles Sheffick (Karoll's).

Mr. Burbine entertained the group of 52 members and guests with a selection of organ melodies and Mr. Sheffick acted as Master of Ceremonies. Herb Adler, executive promotion director, introduced the "Spirit of 76" theme for the coming year.

Golf Mill Bank assets cross \$40 million mark

New record highs in growth were achieved during 1974 at Golf Mill State Bank, announced Robert A. Sharpe, president, today in releasing his bank's year-end figures.

Growth in assets of 13.2%, from \$36.5 million a year ago to \$41.2 million as of the year-end period, resulted in an all-time high total.

The bank, which completed its 14th year of business this past July, also reported new record highs in total deposits and loans for the end of the 12-month period on Dec. 31, 1974.

Total deposits increased by 13.3%, from \$33.3 million on Dec. 31, 1973, to an all-time high mark of \$37.8 million at year-end 1974.

Loaning activity at the bank was steady last year, Sharpe said. Total loans and discounts outstanding on Dec. 31, 1974, surpassed \$22 million reaching a total of \$22,480,000 for an increase of 8.3% over the \$20.8 million figure of the previous year.

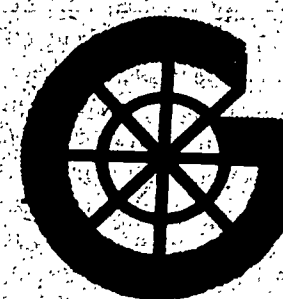

Capital accounts, including reserve for losses, increased 10.8% to \$1,874,000 as against \$1,686,123 for the previous year.

Commenting on the bank's healthy figures, Sharpe said, "Our record this year — and over the past 13 years — is evidence of Golf Mill Bank's forward thrust and continuing determination to be a leader in providing modern banking service to both businesses and individuals in the area."

Clever advertising

The First National Bank of Des Plaines advertisement in this issue says, "Let's drive inflation away with a low cost auto loan from first and bonus discounts for your auto dealer."

Mills, Fife & MacDonald, Inc., ad agency for the bank, really came up with an inflation stopper for this type of thinking could stimulate people into buying new cars which is just the kind of shot in the arm our present economy needs.

With a low cost loan from First National, plus a big discount or rebate from your car dealer, and a free checking account for the term of your auto loan is just too good a deal to pass up.

The First National Bank of Des Plaines ad referred to appears in the Eagle's financial section of this paper.

Johnson: Cook County Federal stronger than ever

"Cook County Federal Savings and Loan enters 1975 in the strongest financial position in its history," stated its President, Clayton L. Johnson. "Although 1974 was a year of economic uncertainty for our nation and unprecedented inflation world-wide, Cook County Federal Savings has made strong gains, and mortgage funds are available. High mortgage interest rates and the unavailability of mortgage funds caused a drastic slowdown in the building industry, but in 1975 we believe there will be ample funds for housing, and the flow of savings will increase substantially."

During 1974, the total asset of Cook County Federal Savings increased from \$4,670,232 to

\$81,756,400. Savings deposits increased \$1,696,816 to some \$64,971,914. First mortgage loans increased from \$3,206,364 to \$72,304,528. Interest paid to savers amounted to \$3,721,545 and reserves and surplus were increased to \$4,755,862.

Also in 1974, insurance protection afforded by the Federal Savings and Loan Insurance Corporation was increased by Act of Congress to \$40,000. Multiple accounts enable people to save more in one institution and be fully insured while their savings continue to earn the highest interest rates allowable by law.

The Cook County Federal Savings staff will continue to assist its customers in selecting a savings plan best suited to the individual's needs, whether it is the saver who prefers the convenience and flexibility of a regular passbook, with no penalty for withdrawals, or the saver who prefers the income of a certificate paying the highest rate available and compounded daily.

An important new service to Cook County Federal Savings customers is the new tax free, government approved pension plan for the self-employed. The Keogh Plan helps the customer save dollars, and can be set up and handled right on the premises.

Name new officers at Cook County Federal

Clayton L. Johnson, President of Cook County Federal Savings and Loan, 2720 W. Devon ave., recently announced the appointment of new officers of the association.

Those named Assistant Vice President in the Mortgage Department were Larry Schimmel and Lillian Eklund.

Deane Carroll was named Assistant Vice President for Ad-

vertising and Public Relations. Also promoted were Shirley Lack, Assistant Vice President, Insurance and Mildred Dahl, Assistant Vice President, New Accounts.

Karin Yost and Sylvia Alterio were each appointed Assistant Secretary and Wilma Hamersley and Joan Geist were named Cashiers. Helen Leake was appointed Vault Manager.

Tax sheltered retirement fund

Tax-sheltered retirement funds are now available at the First National Bank of Des Plaines for the self-employed and employees not currently enrolled in a tax-qualified retirement plan, announced Arthur R. Weiss, president.

Depending on the savings plan chosen, highest bank interest of up to 7 1/2% can be earned with 6-year investment Certificates of Deposit. Those who are self-employed can deposit up to \$7,500 of their annual earned income (or 15%, whichever is less) in a savings account that takes full advantage of the new higher limits of the Keogh plan recently amended by Congress. Those employees not currently participating in any other tax-qualified retirement plan can deposit up to \$1,500 (or 15%, whichever is less) of their annual earned income in such an account under the new IRA Congressional plan.

The full annual deposit can be deducted from earned income on income tax, while you are in a higher income bracket. Taxes on the savings and compounded interest, however, are deferred until the participant begins withdrawing from it at retirement. Since it is intended as a retirement income, there are stiff tax penalties for early withdrawal.

According to Mr. Weiss, "A self-employed person who annually deposited only \$1,500 for example could potentially save \$40,060.65 in 15 years or in 25 years \$106,312.49, based on a 7 1/2% Certificate of Deposit with interest compounded daily."

Niles office major factor in future growth

According to Otto C. Martinek, president of Republic Federal Savings, their new office at Cumberland and Dempster in Niles is expected to become a major factor in Republic's future growth.

"This area is strong and growing", Martinek said, "and we believe that our 50 years of experience and more than \$95 million in assets will attract both savers and those seeking mortgages which will substantially contribute to our own overall growth."

"One of the nicest presents we received on our 50th birthday was the warm community reception of our branch when it opened last November. Mr. Martinek also said, "Republic is very community oriented," adding that the new modern office facility scheduled to replace their current temporary headquarters next year provides for a special room to be available for community and civic functions.

Mr. Martinek also announced a "Mini-Grand Opening" at the new office during the month of February to "encourage people to come in and say hello."

During February anyone who visits the office will receive a free plant and become eligible in weekly drawings for four free 19" G.E. black and white portable TV sets and a free grand prize, a 25" G.E. color TV console.

Mr. Martinek added that anyone making a qualifying deposit would receive an additional gift.

Office hours at the Niles office are 9-8 Monday, Tuesday, Thursday and Friday; 9-2 Wednesday and Saturday.

Another "boom year" at Callero & Catino Realtors

1974 marked another banner year for the local real estate firm of Callero & Catino, reports W. C. Walters, general sales manager. "Not even the poor mortgage market in the last quarter slowed the momentum of spring and summer sales," says Frank T. Catino, the firm's president. "but our new construction suffered a considerable setback." The realtor and builder attributes the 1974 record to the excellent quality of service rendered to public since the company entered in an exceptionally fine training program some three years ago. "I am extremely conscious of the caliber of men surrounding me," boasts Frank "with pride in his eyes. 'The profound desire to upgrade their knowledge in our real estate endeavor together with its honest application for the benefit of the public makes them so great. No wonder most of them are or are about to be \$1,000,000 a year salesmen.'"

Inspired by their men, Callero & Catino have expanded into the Des Plaines-Mt. Prospect area, to their new branch office at 621 W. Golf Rd., Des Plaines, where Rudy Mussar is the sales manager. Catino, like many of the Callero & Catino crew, over the last few years has greatly enriched his real estate knowledge not only thru various seminars, but also by the successes of Frank in the building-development field, by "Dutch" Callero in the taxation and financing area (Dutch also heads a very successful C.P.A. firm of Callero & Callero here in town) and Walt Walters in the sales and investments arena. Basil Paulos, Bill Carter, Joe Des Parte, John Paul Jones, Burt Gardner, Bill Alston, Phil Novak, Russ Hume, Ben Sosnowski, Tom Moran, Mike Matkovich, George Seiferth, Terry Witt, Tom Catino and Flo Krok, the company's very capable secretary, all of whom have contributed greatly to each

other's and the company's success. In spite of the economists' pessimism Dutch, the tax wizard, feels that 1975 will be equally good and as a result, he and Frank are expanding the Mt. Prospect subdivision and adding a new subdivision in Roselle. "Must admit, the 7 1/2% mortgages for new homes commitment which we have just procured has greatly influenced our decision," states Dutch, "and as long as Walt and his crew so successfully keep on selling, we will provide them with this additional opportunity," adds Frank.

Indeed, talking to those guys at Callero & Catino makes the future surely seem brighter.

Tax News Income not taxed on Illinois return

This is the sixth in a series of articles on ways you can save money on your Illinois State Income Tax return this year. The articles are written by H. & R. Block, America's largest tax service.

Some types of income, while taxable on the Federal return, are not taxable under Illinois income tax law.

Interest received on any directed obligation of the U.S. Treasury is non-taxable. Such obligations include treasury bonds, savings bonds, and treasury notes and bills. Taxpayers who cash in series E bonds on which interest has accrued for many years, will find the accumulation to be non-taxable to Illinois.

Illinois income tax law exempts income from Federal land banks, central banks for cooperative and Federal home loan banks.

Also exempt are annuity payments and pensions under the Railroad Retirement Act of 1937, social security benefits and any other income exempted by Federal statutes or treaty.

Life insurance proceeds paid to you as a result of the death of the insured are not taxable to you unless the policy was transferred to you for due consideration.

Military pay earned on active duty in the U.S. Armed Forces or for active duty training in the Illinois National Guard is not subject to the Illinois income tax law.

A U.S. Supreme Court decision in the case of Mitchell vs. Mahin, 283 U.S. 2d 465, excludes from Illinois income tax proceeds from pension and profit-sharing plans owned before Aug. 1, 1969. Thus most people drawing pensions in Illinois are exempt from Illinois tax on the pension.

Money & You

Social Security Part I

Submitted by LeRoy Plaziak, President of Skokie Trust & Savings Bank

The subject of social security is once again making major headlines. The wage base subject to social security taxes has jumped from \$13,200 to \$14,100 but more importantly an advisory council of prominent private citizens has examined the social security system and is expected to recommend to Congress an increase in the wage base to \$24,000 in 1976. At today's tax rate that would mean a maximum social security tax for high-paid workers of \$1,404 a year against the maximum tax this year of \$824.25.

In the next several columns of Money & You, we will review as many of the provisions of the social security system as space allows. All of the information provided in these columns will come directly from social security information booklets.

Today, social security is the nation's basic method of providing a continuing income when family earnings are reduced or stop because of retirement, disability, or death. Nine out of 10 workers in the United States are earning protection under social security. Nearly 1 out of every 7 persons in this country receives monthly social security checks. Nearly all of the nation's 23 million people 65 and over have health insurance under Medicare. Another 1.7 million disabled people under 65 have been covered by Medicare since July 1, 1973. Nearly every family, then, has a stake in social security.

Through the years since social security was enacted in 1935, there have been many changes to improve the protection it gives to workers and their families. At first, social security covered only the worker when he retired; but in 1939, the law was changed to pay his survivors if he died, as well as certain dependents when he retired.

Social security also covered only workers in industry and commerce when the program began. But in the 1950's, coverage was extended to include most self-employed persons, most state and local employees, household and farm employees, members of the Armed Forces, and clergymen. Today, almost all jobs in the United States are covered by social security.

Disability insurance was added in 1954 to give workers protection against loss of earnings due to total disability.

The social security program was expanded again in 1965 with the enactment of Medicare which assured hospital and medical insurance protection to people 65 and over. Since July 1, 1973, Medicare coverage has been available to people under 65 who have been entitled to disability checks for 2 or more consecutive years and to people with severe kidney disease who need dialysis or kidney transplants.

In the past 7 years, monthly social security benefits have more than doubled. In addition, as a result of legislation enacted in 1972, social security benefits will increase automatically in the future as the cost of living goes up.

Who gets checks?

Who gets a monthly social security check? The question can be answered in one word: People. All kinds of people. Young people, old people, poor people, rich people. Men, women and children.

Sponsor retirement seminar

Shown above at the Jan. 15 Seminar on the Employee Retirement Income Security Act of 1974, sponsored jointly by the First National Bank of Morton Grove, the Morton Grove Chamber of Commerce and the Skokie Valley Industrial Association are First President Marvin Von Aswege (left) Charles Vosnos, Director, Chamber of Commerce President Phil Cancellieri and First Vice President Charles R. Langfeld.

Held at the Morton Grove American Legion, the Seminar was well attended and was accorded high praise by all for the thorough coverage of this new Federal law which will prove vital to businessmen everywhere. Speakers included lawyers, accountants and tax men from leading firms. Cancellieri commented: "We in the business community appreciate the leadership taken by the First in this vital area."

Skokie Trust & Savings reports outstanding year

LeRoy J. Plaziak, President of the Skokie Trust & Savings Bank, announces that the bank has grown in total assets exceeding 60 million dollars. This milestone in the bank's growth places Skokie Trust in the top 10% of all the banks in the United States, and Mr. Plaziak is proud of this development in the 18th year since its organization.

This record year of growth also brought a significant increase in gross profit. The bank's per share earnings rose by approximately 9% bringing those earnings from \$5.80 per share to \$6.32 per share as of Dec. 31, 1974. As a result of this growth and increased earnings, the Board of Directors of the Skokie Trust & Savings Bank voted an extra 25 cents per share dividend in addition to the normal \$1.25 paid in previous years. This total dividend of \$1.50 per share was paid in January to stockholders of record Dec. 14, 1974.

All of these things made 1974 an outstanding year. In spite of the economy, Mr. Plaziak is optimistic about 1975 and feels that this year could be as good as 1974 for Skokie Trust.

1st Natl. of Des Plaines free checking

A free personal checking account is being offered by the First National Bank of Des Plaines with all Certificates of Deposit and Investment Savings Accounts requiring \$1,000 minimum deposit announced bank president, Arthur R. Weiss.

"We believe that the free personal checking account will be an added incentive for customers to take advantage of the higher interest rates for these options," explained Mr. Weiss.

For example, the 6-year 7 1/4% Certificate of Deposit earns up to 7.78% effective yield when the interest is left on deposit for one year.

Numerous plans are available for each type of savings investment with interest compounded daily. Mr. Weiss cautioned, however, that there is an interest penalty for early withdrawal.

CitizensBank's Dimension 60

CitizensBank of Park Ridge has announced that it will hold a First Birthday Open House on Wednesday, Feb. 12, for members of its Dimension 60 program of services and activities for citizens over 60 years of age. The Open House will be held in the bank's first floor lobby area from 1 to 3 p.m. and will include refreshments, gifts, entertainment and special presentations on travel plans and other plans for Dimension 60 members.

For more information members are asked to call Dimension 60 coordinator Carol Lutz at 825-7000, ext. 273.

J. and Jim, and Jim's wife, Barbara (who plays one of Robert's girl friends), are members of the Music On Stage cast for the award-winning Stephen Sondheim musical which opens Jan. 24 at Wheeling Northbrook Holiday Inn. Notre Dame off to Jazz Festival

The jazz band of Notre Dame High School, directed by David Creighton, will participate in the 16th Annual Oak Lawn Jazz Festival at Oak Lawn, on Saturday, Feb. 1, sponsored jointly by Oak Lawn Community High School, Oak Lawn Band Parents Association and Lyon-Healy music company with music department chairman Kenneth T. Kistner serving as chairman for the festival.

The OLFJ has become one of the major high school jazz festivals in the United States because of the number of bands performing and the quality of the music. One hundred-six entries representing 80 schools will be participating in seven categories.

The festival is sanctioned by the Illinois High School Association, and any Illinois High School Jazz Band within 200 miles of Oak Lawn may apply to participate.

The Oak Lawn Jazz Festival has seven classifications which schools may enter: Class AAA competition for high schools with an enrollment greater than 1601; Class AA, enrollment between 801-1600; Class A, enrollment less than 800; Junior High School, grades 5-9; Combos, nine or fewer members; Vocal Jazz Ensembles; Roger Pemberton Clinic-non-competitive for any jazz band of at least 13 members.

One of the highlights of the day's activities will be a concert by The Northwestern University Jazz Ensemble, led by Cliff Colnot. This superb jazz band represents one of the newer university jazz programs in Illinois and will perform at the end of the daytime festivities.

Nine bands will be selected to play on the evening program beginning at 7:30 p.m. in the Spartan Gym. Tickets for the evening program are available from the Oak Lawn Community High School Music Department (424-5200) and any of the 13 Lyon-Healy music stores in Chicagoland. Students tickets are \$1.25 and adult \$1.75.

7 from Niles West to All-State Band

Several Niles West High School music students have been selected to be members in the 1975 Illinois All-State Band.

These seven Westhi band members are: Evan Kharasch, Julie Duda, Judy Sloan, Sheldon Sloan, Alan Zunamon, Alan Medak and Sue Fleming.

Students compete on a state-wide basis for acceptance into the organization, which will be featured at the Illinois Music Educators State Meeting at the Arlington Park Towers hotel the week of Jan. 20. The All-State organizations will appear in concert on Saturday, Jan. 25, at 3 p.m.

ED HANSON

"THE OLD SHOOTER"

It was the 17th of January, a Friday, at 8 p.m., when I walked into the Emergency Ward of Lutheran General Hospital. "My breath," I said to the nurse, "is coming in short pants." Right away she figures I'm a comedian, but then she listens and she knows. So they come up with all the modern hospital things — oxygen, shots, etc., and soon I can breathe again. While I'm in the hospital, I see the old "shooter". Now I'm one of the few guys who knows he's been a "shooter". That's the current name. Years back, guys like him were called "torpedos". Then they became known as "hit men" or "button men". Today they're called "shooters" or "mechanics". He was lying in the bed next to me and I could hear his labored breathing.

When I turned my head and recognized him, I said, "Shooter, I haven't seen you in many years."

"That's right," he said. "Last time was in the Forest Lounge. The night you talked me out of killing a guy."

"I now work for that same guy, Shooter." Then, as now, to kill a newspaper guy was foolish. Only one, and his name was Jake Lingle, was ever 'hit'."

"Yeah, you're right, Eddie. What a stink that raised. He was a Trib crime reporter."

"Jake Lingle was the mentor to Capone — Al Capone. In the recent True Magazine article, when they said that Lucky Luciano was the man who created the crime syndicate, they were wrong. It was Jake Lingle; the newspaper guy with the college education which Capone respected so much, and who was the father of our modern crime syndicate."

"Eddie, I'll never argue with you. You once did me a favor. I'll never forget it. Besides, you got brains. So ...?"

"So, nothing."

"Some guy, Eddie, said it's a small world."

"Right 'Shooter'... the guy you were going to hit with that snubnose '38 and those lead Dum-Dum bullets which you dipped into garlic, I didn't even know in those days. Oddly enough, today I work for the guy."

"Does he know?"

"I once told him about the incident, but he probably doesn't believe me."

"I can't verify it — you know that! But, so what. In your heart, you know and I know you're right, Eddie."

"I feel better now ... so long 'Shooter', see you around ..."

The aforementioned man has killed 59 men before retiring. He started as a \$500 "shooter" and shortly before he retired which is about 8 years ago he received as high as \$50,000 for one "hit".

Once in his early years some guy gave him a contract for \$1,500 to "hit" a former business associate. The "shooter" cased the guy for a couple of weeks. He discovered that the man was a far nicer guy than his client. On a warm Christmas Eve he opened the living room window and had a clear shot at his intended victim. But then the "shooter" lowered his "kinky" 9-millimeter Browning automatic and said to himself, "I can't kill this nice guy for no \$1,500."

He went back to his client and told him so. "I want \$3,500 to kill this guy, this nice family guy," he told his client. So the client agreed. And the "shooter", true professional that he was, shot the nice family guy for \$3,500.

As he later told me, "I'd felt like a piker, Eddie, to knock off such a nice guy for a lousy \$1,500. \$3,500 made my conscience and my pride feel better."

After all, a man who doesn't take pride in his work ain't worth a hell of a lot.

Jake takes pride in his work. Jake of Jake's Famous Restaurant of Niles has got the hens laying overtime. For Jake is offering Omelette Specials which are made with 3 large eggs. Something like 22 different types of Omelettes are being offered by Jake. If hens had a union or they had a representative like Pete Pesole, they'd have every right to picket Jake's Restaurant.

Jake is asking these hens to perform something which is above and beyond the line of duty. After all, if Jake wants to make his Omelettes with 3 large eggs, he's placing a strain on the female gender of the chicken population — which is unfair. Particularly to the roosters of America. For that answer to that age old question, "Which came first — the chicken or the egg?" has a simple solution. The answer being the rooster!

And if Jake is making the hens of America fatigued, what is he doing to the roosters of America?

George of Ridgewood Restaurant, 9235 N. Waukegan rd., Morton Grove, tells me that he'll be offering that famous Greek specialty, Gyros Sandwiches and plates. And remember, with dinner you can help yourself to their free salad bar or you can have a free garden fresh Greek Salad ... Ridgewood also offers "All you can eat" for only \$2.35 — children \$1.75.

Tedd's Early Times, 7420 Milwaukee ave., Niles, has added Lobster and Surf and Turf to their extensive menu. Tedd's offers the highest quality foods at very low prices and they're really packin' 'em in these days.

"The Godfather" coming to OCC campus

"The Godfather," a 1972 film starring Marlon Brando as the aging head of a powerful Mafia clan, will be shown at 8:15 p.m. on Jan. 31 at Oakton Community College, Oakton and Nagle, Morton Grove.

First in a 13-week series of gangster and detective films sponsored by OCC and MON-ACEP, "The Godfather" is a Francis Ford Coppola production set in 1945 on Long Island with

sequences shot in Sicily. More extensive program notes are available upon request.

Admission to each feature, in Building 6 on the Oakton interim campus, is free for OCC and MON-ACEP students, and a 50 cents donation for others is requested. A \$5 donation is asked for a season pass.

For further information, contact Michael Danko 967-5120.

Niles West's creative arts series

Niles West High School's third annual Creative Arts Series will begin Feb. 23 and end in mid-May and attempt to expose the entire community to various forms of art, explained Hugh McGee, Series coordinator.

This year, a total of 16 events will be highlighted — ranging from a concert with Mitch Miller and the Westhi and junior high music departments to a Gallo Gymnastics Show, from Children's Theatre to Chicago's Second City.

These are just a few of the planned activities. Others include a Skokie Valley Symphony Orchestra "pops" concert, poetic readings by Gwendolyn Brooks with dance interpretation by Darlene Blackburn, a Westhi performance of "Fiddler on the Roof," and a piano recital by Ira Levin and his Northwestern University teacher, Donald Isaak.

According to McGee, last year's community response helped make the Series both a "financial and an artistic success." This year, he said, community members will again have an opportunity to purchase patron passes; however, patron seating must be limited to 200 to insure adequate seating for general admissions. As a result, McGee urges anyone interested in obtaining a pass to do so immediately.

To obtain the pass, enclose your name, complete address, and phone number with a check in an envelope and mail to Mrs.

Maine East dance concert

One-two-three, one-two-three, one-two-three. This year Maine East's Orchestras dancers are keeping in step with the dance concert theme of opposites attract.

The dance concert, presented Feb. 28 and March 1, will show different styles of dancing — with dances from Slaughter on Tenth Avenue to Sesame Street. Other dances include Tin Man, Wooden Indian, Varsity Drag, and Rat Race.

Some of the male dancers in this year's dance concert will be Andy Gross, Don Fishman, Dave Mozdren, and Craig Rebo.

The jazz band, directed by Mr. Ken Gelz, will accompany the show, whose student director is Melanie Hirsch.

approved by Niles trustees during
Tuesday night's board meeting,
swiftly and without apparent
opposition.

Passage of amendments had
been delayed since first proposed
last November for a "meeting of
the minds" of all concerned.

Police and pension boards
control investment of respective
pension funds amounting to two
and a half million dollars, pres-
ently invested in treasury bills,
municipal bonds and certificates
of deposit.

"Altho it is obvious there are
those people who think we
shouldn't make a change," ob-
served Mayor Nicholas Blase
Tuesday night, "we would like to
professionalize both boards."

The amendments provide for a
9-member Pension Board each for
Fire and Police Departments.
Each Board will consist of 4
civilians: a trustee, a banker, a
lawyer and an accountant; 4
pension-member fire or police-
men (including one pensioner) to
be elected by their own member-
ship; and the Chief of the
respective department if he is a
pension member.

The same laypeople (civilians)
will serve on fire and police
boards.

In other action trustees delayed
final action on a special use

Joseph M. Kovalik was requested

technicalities.

Joseph Salerno's request for an
amendment of the Niles building
code. He proposed an increase
from \$33.50 to \$40 for permit fee
at time of construction of eleva-
tors, dumbwaiters and escalators.
An increase was requested also
for inspection fees from \$11.50 to
\$20. He noted the last ordinance

Nab two in strong-arm robbery
Fast action by police solved one
of two strong-arm robberies in
Niles last week of a motel and a
store.

Co-operative teamwork be-
tween Niles and Chicago police
resulted in apprehension of two
Skokie suspects within minutes of
a strong-arm robbery of a Niles
Motel on Jan. 19.

Arrested were John Walton,
Jr., 32, and Rosemary Walton,
21, both of 9333 Skokie blvd.,
According to Niles police, a
man and a woman had sought to
rent a room at the Capri Motel,
7120 Milwaukee ave., around 1
a.m. Sunday morning.

After viewing the room the
couple and the clerk returned to
the office to register. As the clerk
turned his back, the man began
beating him about the face and
chest, stating, "Give me all your
money." The clerk complied,
handing over approximately \$30
from the cash box in the office.

The couple left the motel and
were seen to enter a blue 1968
Chrysler which proceeded to go
south on Milwaukee ave.

A description of the car and its
license plates radioed by Niles
police resulted, 5 minutes later,
in the apprehension of the fleeing
car and its occupants at 4900
Milwaukee ave. by Chicago po-
lice.

No leads in robbery
The second strong-arm ro-
bbery, of the 7-11 Store, 8208
Oakton, took place last Friday,
Jan. 24.

According to the store clerk,
said Niles police, a young man
entered the store, around 1 a.m.,
and came to the service counter.
Leaning on the counter, with his
right hand held threateningly
under his coat, he demanded,
"Give me your money, or else!"

"You're foolin'," she respon-
ded. "No, I ain't," came the
rejoinder and the clerk promptly
handed over \$70, after which the
man left the store.

The clerk described him as
being 20 to 25 years old, between
5 ft. 6 and 5 ft. 8 inches, medium
build, with black curly, shoulder-
length hair, full beard and having
a mustache.

Shoe store robbed of \$565
On Jan. 19, Franks Shoes, 8760
Dempster st., Niles, was separa-
ted from \$565 in cash.

Rate increase.

Cont'd from Niles-E. Maine P.1
According to a sales clerk, she
had gone to the rear of the store
to seek a pair of shoes for a
customer on Sunday. Upon her
return to the service desk, she
saw that \$265 had been taken
from the cash register and
another \$300 from an open safe
behind the counter.

Robbery of home nets \$756
Jewelry and a desk calculator,
estimated at a total value of \$750,
were reported missing by the
owner of a Niles home in process
of being sold by a real estate firm.

Following tours of the home
during open house on Sunday,
Jan. 19, said the owner, he noted
that someone had entered the
master bedroom, removing a
calculator valued at \$425 and
miscellaneous jewelry.

No means of entry were noted
by police.
Gas station held up;
another burglarized
Two Niles gas stations suffered
cash losses, last week, by robbery
and burglary.

According to Niles police, a
young male approached the em-
ployee of Clark Gas Station, 6747
Touhy, on Jan. 19, requesting a
gas can, stating his car had run
out of gas.

As the attendant reached under
the counter, a blue steel revolver
was shoved into his stomach and
he was told to go into the rear of
the station.

The gunman fled after taking
\$60 in cash, the attendant's coin
changer which had been strapped
to his belt, and another \$100 from
the attendant's wallet. The wallet
was returned.

The gunman was described as
being thin, 22 to 25 years old, 6 ft.
to 6 ft. 3 in. tall, weighing 180 to
190 lbs., medium Afro hair,
having a partial beard and
wearing a dark jacket and shiny
shoes.

Forcible entry of the Niles
Danny Boy Texaco Station, 6901
Milwaukee ave., also on Jan. 19,
netted the intruders approxi-
mately \$160 in cash.

According to an employee who
came to open the gas station on
Sunday morning, someone had
entered the station, breaking the
lower section of the front window.
A full beer can lay on the floor,
apparently used to break into the
cigarette machine, which yielded
\$3 in change. Further investi-
gation revealed loss of another
\$100 in bills and change from an
unlocked desk drawer in the
office.

Niles Trustees act on Nursing Home complaints

[By Alice M. Bobula]
Niles trustees decided unani-
mously during Tuesday night's
board meeting to adopt the State
of Illinois Minimum Code regard-
ing nursing homes.

The long-delayed action was
spurred by recent disclosures by
Chicago newspapers of "bad"
conditions at a nursing home in
Niles.

Niles attorney Richard Troy
was directed to prepare a Niles
ordinance for adoption of the
State Code, for presentation at
the Feb. 11 meeting.

"Up to now," said Mayor
Nicholas Blase, "nursing homes
have been exclusively under
supervision by State ... under
Home Rule we can adopt the
State Code."

The penalties for improper
maintenance or care at the
homes, explained the Mayor,
could then be incorporated thru
Niles ordinance. Enforcement of
the village ordinance would fol-
low, "by a knowledgeable indi-
vidual, possibly a registered
nurse."

Under the village ordinance,
said Troy, "we would be able to
revoke nursing home licenses for
any serious violations."

The Niles Commission of Com-
munity Health, chaired by Niles
resident Tony Guarnaccio, has
recommended adoption of the
State Code.

To date, there are six nursing
homes in Niles: Gross Point
Manor, 6601 Touhy; Niles Manor
Nursing Centre, 8333 Golf rd.;
Pleasantview Convalescent and
Nursing Centre, 6840 Touhy ave.;
Regency Nursing Center, 6631
Milwaukee ave.; Golf Mill Nur-
sing Home, 9777 Greenwood and
a newly constructed, not yet open,
nursing home close to the Golf
Mill Nursing Home.

burglars away." Mayor Bode said that keeping lights on when people are away from home or asking their neighbors to check on their house when they leave for a vacation may be of some help. Also, the mayor said an alarm system could be beneficial. Mr. Bower, however, said most of the homes on his block did have alarms and some of them who had been robbed also had dogs. Chief Glauner then told him that the police keep a close watch on burglaries. "We have a selective enforcement unit out. There are 6 cars in it and 4 are unmarked. We are watching the area very closely," said Glauner. He then said that 2 burglaries were cleared, including one for \$5,000. Herbert Houndt told the board the cost of repairing the clogged 18" water main at the west end of Morton Grove may run as high as \$30,000. Houndt said the cause of the trouble was found to be an automobile brake drum which could have been placed there by a thoughtless vandal. "There was nothing funny about this," said Houndt. "Work was completed late this afternoon after two weeks. There were some men who worked for 36 hours straight and we had men on for 24 hours a day to prevent property damage," he continued. "I hope that nothing like this ever happens again," said Trustee Houndt. Before ending his report, Houndt asked Fred Huber to arrange a

Feb. 3 meeting of the Street and Sidewalk Committee. Architect Charles Conlon said 7 bids were received for the addition to the Public Works Dept. garage and said he recommended accepting the low bid of the R. E. Johnson Co. of Morton Grove at \$39,000. Herb Houndt moved to accept this recommendation and award the contract to E. R. Johnson and the board agreed. Bob O'Shea said the new ordinance concerning pin ball machines was hurting his business. Mr. O'Shea said that when people come into places of business such as his and see that the machines are dark, they go elsewhere to play them and do their drinking. Martin Ashman said he felt that such machines (the flipper type) should at least be allowed in establishments that serve drinks, since it is legal in Illinois and should be legal here, too. Ashman then moved to have Atty. Berrafato draw up an ordinance stating this, but Trustee Cohen said, "I think the attempt to limit this to liquor serving establishments won't be defensible in court." Ed Brice said maybe we can limit the age of players to 19 or older and Cohen then amended Ashman's motion to have the attorney look into the legal aspects of this matter. The board passed this motion.

Fire Chief Hildebrandt said there was a meeting with the

managers of the Morton Grove Theatre and he said permanent railings had been put in and things were better there now. Mayor Bode said he has been elected to serve on the Cook County Council of Governments. The mayor then congratulated Clerk Fred McClory who was chosen as President of the Suburban Clerk's Association. McClory said Vehicle Tag sales were down and reminded citizens the deadline was Feb. 15.

Martin Ashman moved to have the firm of Ashman & Associates handle two zoning cases for Morton Grove which are Ritter on Lincoln ave. and Adriani on Dempster. The board agreed.

Ashman then noted that the Oct. 1974 sales tax receipts were \$70,600.20 and said this was a decrease from the year before.

Dave Cohen said the Fire Dept. handled 49 alarms from Jan. 13 to Jan. 26. Ed Brice said there was still some vandalism going on around the pumping station and said he thought a cyclone fence might be helpful.

DEAN'S LIST

a fellow-Morton Grover it could never happen in old stodgy M.G. While Niles moves along more like a 3-year-old racehorse, the community across the street on Dempster moves along like an old gray mare.

There's almost an imaginary iron curtain which descends between the two towns.

In Niles the top guy is a very political man. Yet, most of the action at the village board seems to be devoid of this politics. Blase is an involved Democrat, a committeeman, yet, sitting at board meetings it's hard to detect actions which are made to benefit his political party.

In Morton Grove the village president and his allies are Republicans, and while they're not at the committeeman stage, nevertheless, politics breathes heavily at the meetings. Whenever a crucial vote takes place, Bode and his friends vote in a bloc.

I remember mentioning this a couple of years back and was castigated by one of the trustees for mentioning what is considered past history in the village. Yet, a couple of months later, after a village election, we met and Bode and his buddies lumped together at Republican Township headquarters congratulating each other on their "non-partisan" village victory.

Niles has a great deal more revenue from shopping centers which can be spent on public services. And free bus service and a youth and senior citizen building makes the town look much more progressive. But it's the style and the thinking of the public men which gives the towns such a contrast. Niles is not afraid. Not afraid of innovating and not fearful of criticism from its own citizens. Morton Grove is uptight. Go to a public meeting and you can feel the defensiveness of many of its officials.

Such public attitudes seem to be the mark of the two towns. If you bring up the subject of the need for a village manager in Morton Grove, they get uptight. And if someone suggested choosing the president of the League of Women Voters as a board member, the board would become jointly paranoid.

It's really too bad such attitudes exist. Board members in one town are just as nice guys as are the guys and gal in the other town. But the uptight attitude does not bare well for the community. Obviously, an infusion of new people in the political process would arouse the entire community. But such action is doubtful, and M.G. will continue to move at a snail's pace while surrounding Niles and Skokie continue to leap into the future.

Four candidates seek Park seats

Four candidates filed their petitions by the 5 p.m. Jan. 27 deadline for the two upcoming vacancies on the Niles Park District Board of Commissioners.

Two are seeking the 6-year term of office which will be vacated by Park Comr. Walter Beusse. Two will contest for the 2-year unexpired term vacated by Robert Romano, Sr. who was appointed to fill the vacancy left by former Park Comr. Gerald Sullivan's resignation last year.

Seeking the 6-year term of park office are Donald J. Fergus, 8006 Ozanam, electrician and past president of Niles Baseball League; and Steve Chameriski, 7054 Seward, a former park commissioner.

Candidates for the 2-year term are Jeffrey M. Arnold, 7140 W. Carol, an attorney; and Bob Romano, 7364 Lee St., son of the present park commissioner.

The homeowners are seeking an injunction to prevent construction based on these charges.

The suit also will seek to expunge the zoning from which the homeowners said they believe Calamaras profited. The land is zoned B-1, a business category that permits multiple family housing.

Calamaras apparently bought the land for \$100,000 then sold it to Katz-Weiss for \$750,000, according to the group's attorney, Edward Joyce.

Although Calamaras denies owning the land, he signed the building permit application in September identifying himself as beneficiary of a trust in which the land was held.

Residents have been organizing opposition to the 98-unit building since November, charging that it will aggravate traffic, congestion, and flooding problems in the area.
