State tax reduction protested by Park

[By Alice M. Bobula]

Fun and prizes at Niles Days starting July 16

Only two more weeks before the big Niles Days event. On Wednesday, July 16th, the Niles Days Festival '75 which is being held at the Four Flags Shopping Center.

Niles Park District commissioners Thursday night unanimously approved a resolution expressing dissatisfaction over the possible reduction of the State Multiplier from the present 1.48 to 1.44, reducing the amount of tax available by 2 and a half percent.

The resolution, which will be forwarded to Springfield, stated "deep concern (by the Niles Park District) over the proposed action of the Illinois Dept. of Local Government Affairs to reduce the State Multiplier without serious consideration of the impact of the percent."

With the ascendancy of young Jeff Arnold and Steve Chameraski onto Niles Park Board, several Niles watchers have inferred Village President Nick Blase is ready to take over the park board. They point to Jeff's being actively aided by Blase's precinct workers during last April's election and they contend Madame President Jones and Chameraski are also part and parcel of the Blase political machine. Concluding 3 park members are in Blase's hip-pocket, they have a majority which could swing the board into dissolving its district and joining with the village in becoming one taxing district.

Blase, whose flamboyance includes flashy cars and a hyped wardrobe, also extends it to his language when he says: "If there's a lot of political—I want no part of it." Nick explained, "If the park board was to vote 3 to 2 in favor of disbanding the district and coming into the village district, I would not want to get involved. But if there was a 4 to 1 vote with Jack Leske, whose opinion I respect, favoring the resolution for joining with Niles, then I would be supportive."

Nick said former park director Webb's Norman tried unsuccessfully to get something started a couple of years ago when he saw the dire financial straits the park district was in. But when resistance to Norman's plan hit the fan, Nick said this reaction "left me cold." He said after that action he sort of washed his hands of the whole matter.

The Left Hand has reviewed this matter many times before but for new local patrons we will once again explain Niles Village offers are overflowing with bounty while Niles Park treasury is forever scratching to keep its head above water. The village has the benefits of real estate taxes, permits, Continued on Page 30

NILES ALL-AMERICAN SENIORS CLUB

Dan and Theresa Erickson were honored guests May 24th at ceremonies of the rededication of the Daniel P. Cook School in Elk Grove to the Patricia Marshall School, renamed to honor their daughter, the late Mrs. Patricia Marshall, a teacher there from its inception. Mrs. Marshall was a kindergarten teacher and later was in charge of the Arts and Learning Center and then became its principal. Mrs. Marshall passed away in January of 1975.

We are delighted to hear from Irma Conrad about the progress her husband, Wally, is making at Holy Family Hospital. He is out of intensive care and is improving each day. Keep up the good work, Wally. We miss you and will be looking forward to seeing you at the club soon.

GOLDEN SENIORS OF MORTON GROVE

We had Mr. Richard A. Stein of the Associates back again to explain the amount the Senior Citizens would have to pay for the low housing they are planning to build at Waukegan and Dempster. However when everyone left the meeting, everyone was confused on how much rent they had to pay and the specifications of the building. He brought a resume of the rent each person must pay according to their income. Everyone got a copy to take home and study.

Mary Ellen Cohen of the Life was there with her Mother. Her mother is a member of the Golden Seniors but she is away on vacation on her farm in Kankekee, and we expect her back with a sun tan.

Everyone enjoyed the Senior Citizen bingo game. In ten games we had 18 winners.

Monday, June 30th we are having a pot luck dinner and according to Christian, our president, it is sure going over great. This is one time you can go back for seconds.

SENIOR CITIZENS CLUB OF NILES

It was a cloudy, raining morning on Tuesday, June 17 when the Senior Citizens of Niles and their guests left the Recreation Center to spend the day at the Arlington Race Track.

We left the Recreation Center at approximately 11:15, driving down Milwaukee Ave. to Dempster to Northwest Highway to the Arlington Race Track. We arrived at around 12 noon, ready for a nice luncheon of fresh fruit salad of cherries, grapes, pineapple, oranges and grapefruit. Then we had a large portion of roast sirloin of Au Jus, baked potatoes, carrots and peas, rolls and coffee, and a delicious desert of ice cream topped with coconut and chocolate syrup. It was delicious. We were all seated in the Classic Room where we could see the muddy track.

It sure was an exciting day as we made our bets, and went back to the cashier to get our winnings, (if had some). Our two big winners were Mae Kruesewski, winner of a Quinilla, and Rose Foerster, winner of a Daily Double. We had many winners, some losers, and some who came out even, but we sure had a very enjoyable exciting day that we didn't even know there was a tornado so close.

The third race was dedicated to our Senior Citizens Club of Niles, and after the race the officers of our club were escorted by an Andy Frain Usher to the Winners Circle and had our picture taken with the winning horse and jockey. President, Lawrence Wutzen, Vice President, Gene Koster, Program chairman, Martin Dworak, Sunshine girl, Josephine Bain, and Secretary, Elsie Geyer, were in the picture. It was very exciting to be so close to the horses and the jockies.

A wonderful time was had by all, so we are planning on going to Arlington Park again in the near future.

Tigers 23-Indians 13
A tremendous team effort with the entire line-up getting honors for the victory. Tiger home runs were hit by Richard O'Connor, Joe Dorjath and Eric Aniolowski. Three baggers were credited to Jim Kline, Jim Strand and Joe Dorjath. Mike Dary, Kevin Croke and Chris Appel contributed to the hitting. Joe Kins and Mark Bucci joined their teammates in a great victory.

Tigers 15-Athletics 11
Tiger pitchers Jim Kline and Eric Aniolowski weathered a great Athletic effort to bring in another win for the team. Richard O'Connor hit 2 doubles and the bats of Mike Dary, Kevin Croke, Eric Aniolowski, Joe Dorjath, Jim Strand and S. Chris added two points in the win column.

Twins 10-Tigers 5
Two outstanding catches by Twin outfielder Phil Partipilo sparked the defense for the victory. One of Phil's catches was a diving reach for a low liner with the bases loaded. Jim Standek tripled with 2 men on base. Marty Hedrich, Jim DiCicco and Stan Kapka allowed 5 Tiger runs.

Senators 12-Orioles 2
Tony Past really found his batting eye as he belted a four bagger for the Orioles.

Angels 20-Knights 8
Bob Hanson of the Angels hit a grand-slam homer to lead his team to a win over the Knights.

Twins 16-Eagles 2
Dave Bledsoe won the hitting honors for the Twins with 4 hits at 4 times at bat. Jim Szadek is still showing his power by slamming

Yankees 10-Indians 9
The winning Yankees were sparked by the fine defensive play of Bob Harris and the fleet-footed base running of Gary Kogneby and Mike Brizzofara.

Senators 14-Twigs 11
There's gloom in Twinsville as the Twins hit the dust for the first time this year. Eight fielding errors led to their defeat. Greg Searle and Jim Standek pitched well for the Senators while 2 home runs gave the winners a great morale boost.

Knights 13-Orioles 11
This was a hitter's game with Jeff Swital leading the Knights' bats with 4 for 4 and 2 RBIs and Cary Singer and Perry Sipron each doubled and singled.

Tigers 20-Yankees 11
Triples for the Tigers were hit by Jim Kline, Kevin Croke and Joe Dorjath. Jerry Tietz did them one better and hit a four bagger. Mike Dary and Jim Kline pitched effectively for the winners. The losing Yankees were cheered by the fine pitching effort in the last two innings by Jim Zenian.

Senators 11-Pirates 6
It took a sun drenched, humidity laden day for the Senator bats to get hot. They amassed 11 runs on 14 hits with Ron Reeve leading the way with 3 hits. Brian Briars and Dan Jendrycki had 2 hits each with Scott Chamness and Don DeLouise of the farm team contributing to the fray with 2 hits apiece.

Associated Talmud Torahs

The Associated Talmud Torahs of Chicago is especially pleased to note the achievements and successes of its staff members and programs in the last month, said Rabbi Leonard C. Mishkin, Superintendent of the ATT. We are pleased that in the search for upgrading the professional standing of all of our staff members that along with the various certificates and graduate degrees which have been awarded to our various faculty members, we take special pride in Rabbi Abraham Bruckenstein, Principal of the Hillside Torah North Suburban Day School, who received his doctorate in Hebrew Literature at the last convocation of the Hebrew Theological College. At the same time, Rabbi Dov Leibenstein, member of the Supervisory staff of the ATT and Director of the Teachers Institute for Women, received his Doctorate in Religious Education, Mrs. Saul Schwartz was awarded a graduate scholarship to study Educational Psychology at Loyola University.

Rabbi Aryeh L. Raitzik, Supervisor in charge of Special Projects, received an overwhelming amount of mail from parents and principals of the students of the various affiliated schools whose students attended the Annual Young Peoples Retreat on the Memorial Day Week-end. There was an unusual amount of inquiry

into secondary Jewish education by the students and their parents which can be directly attributed to the Retreat as well as the faculty and the discussion leaders who participated in that four day program.

Rabbi Mishkin and the Education Committee have been very pleased with the parent and student body concern with secondary Jewish education and have accepted Rabbi Isaac Mayesky's suggestion that the program of studies for the 1975-76 school year at the Consolidated Hebrew High School reflect as far as possible the suggestion of the interested students and parent body. One particular deviation from the usual closing exercises and graduation this year and last was the students' request that, instead of a formal graduation, a more intimate get-together of students and teachers be held in a home. This year, the closing "party" was held at the home of Rabbi Mayesky, Director of the Consolidated Hebrew High.

Also in line with the idea of meeting the needs of the communities, the Associated Talmud Torahs of Chicago has officially approved the opening of a South Side Branch of the Ida Crown Jewish Academy and the affiliation of the South Suburban Hebrew School in Park Forest with this educational agency. In both of these last instances, the parents and community are very actively involved in the selection of the staff.

Services held for Nilesite Gus Ziagos

Gus Ziagos, 54, director of Physical Education at Northeastern Illinois University, died June 24 at his home at 8446 Normal St., Niles. He had been an associate professor at the school since 1968. A native of Chicago, Mr. Ziagos attended the city's public schools and was graduated by Chicago Teachers College-South in 1948. He was an outstanding right-handed pitcher on the baseball team there.

After earning his master's in 1954 at DePaul University, he became a physical education instructor at Chicago Teachers College-Sabin. While attending DePaul, he taught physical education at Kelth, Webster, and Parker elementary schools.

In 1961, he joined Northeastern Illinois (then known as Chicago Teachers College North) and was named director of health, physical education and recreation in 1965, the position he held at the time of his death.

Colleagues credited him with an outstanding program for training teachers of health and physical education. He produced "graduates who command respect in their profession," as one put it.

At the same time, his department fielded "good teams that generated a great deal of campus enthusiasm" without the financial inducement of grants-in-aid, and with coaches who were also members of the teaching staff.

He was noted for seeing to it that women and minority groups were not slighted in the university's athletic programs, whether intercollegiate, intramural, or recreational.

Twice voted one of the ten best teachers at U.N.I., Mr. Ziagos found time to serve on dozens of committees, to counsel students in a fatherly fashion, and to review books for the Chicago Schools Journal.

Mr. Ziagos spearheaded the current drive for a new Health, Physical Education, Recreation and Athletic building. The de-

He saw four years service, beginning in 1943, as an Army Medical Corpsman in the Mediterranean Theater of Operations, and was discharged as a Staff Sergeant with two battle stars. He held a citation from the American Red Cross for 20 years of service.

Twice Mr. Ziagos represented the U.N.I. faculty at salary conferences with other state universities.

A tireless committeeman, he had served on groups dealing with physical health, faculty and staff welfare, first aid, ethics and standards, fire and air raids, buildings and grounds, promotion, salary and tenure, instructional standards, public relations, financial aid, educational screening, and intercollegiate athletics.

His community service included that of advising the Park Lawn School for Mentally Retarded Children. Mr. Ziagos was a life-time member of the Parent-Teachers Association of Illinois. He was a Cubmaster for Pack 251, C.S.A.

His travels were wide. Mr. Ziagos had visited 36 of the United States and ten European nations, including a year spent in Greece.

LETTERS to EDITOR

Thank you for my husband's life

Editor's note: The following letter was sent to Niles Fire Chief Al Hoelbl from a grateful citizen.

Dear Chief Hoelbl,
Forgive a few tear-stained words on this letter. Believe me, they are tears of thanks! Do you realize what a fine group of dedicated men you have working for you? I sure do! There just aren't enough words in our language to express my sincere heartfelt thanks.

My husband Paul suffered a heart attack last Saturday morning—thank God I had the presence of mind to rush in the house and dial 827-2121—what a wonderful number! Seems like your men were in the back yard before

I could turn around—they needed additional help and had those men there in a matter of minutes! I know that God was right there working besides you, guiding your minds and your hands, and Praise the Lord you did it—you saved Paul's life. Today, Tuesday, he is alive—a little confused perhaps—but alive! I'd like to shout this so everyone near and far could hear me!

I hope someday Paul and I will be able to thank each one of you personally. God bless you all—a special big "thank you, boys" from Paul.

Gratefully,
Anna Steinhofel

Stopped for traffic violation; Linked to Burglary

Two Niles 16-year-old youths and an 18-year-old, stopped by Niles police for traffic violations early Saturday morning, June 21, were linked to the burglary of a Milwaukee Ave. bar-restaurant which netted burglars \$25 in stolen liquor, said Niles police.

The 2 juveniles were released to their parents. The 18-year-old Niles youth was charged with theft and contributing to the delinquency of minors and released on \$2,000 bond.

Police said the three had been stopped on Albion and Normandy at 3 a.m. on Saturday for failure to dim car headlights. In determining two passengers to be juveniles, all three were taken to the police station. Investigation revealed the license plates of the car were reported earlier to have been involved in a theft, said

police. Further investigation revealed the trunk of the car contained a hammer, 2 screwdrivers, 4 bottles of Southern Comfort liquor and 24 cans of Old Style beer, cold with condensation.

Police checked local bars and restaurants for evidences of burglary: The Chambers at 6881 Milwaukee Ave. was found to have been burglarized earlier between 1 a.m. and 2 a.m. with forcible entry through a rear doorway.

Drawers and the cash register had been rifled said Niles police. The owner of the restaurant stated that packages of cigarettes and cigars had been taken. Also taken were 4 or 5 bottles of Southern Comfort and numerous cans of Old Style and Hamm's beer, he said.

Attempted theft of Golf Mill Store

Richmond Brothers store in Golf Mill reported the attempted theft of 6 men's suits Sunday afternoon, June 22, said Niles police.

A man was seen leaving the store when he was observed by the store manager who shouted for the man to stop.

The man dropped the suits said police and ran from the store followed by the manager and 2 salesmen who stopped him in the parking lot.

He offered to pay cash for the suits, said the store manager, pulling cash out of his pockets. He then reached into his pocket and pulled out a "sharp object," breaking away from his captors and fled eastbound across Milwaukee Ave. said police.

Police are looking for a man 5 ft. 10 inches tall weighing about 170 pounds with gray and black hair in a crewcut and wearing glasses.

Weight No More is a scientific technique that can change your eating habits for the rest of your life and become the key to making that life happier... because Weight No More can do something about it! Weight No More is equally effective with men and women and uses no amphetamines, no pills, no shots and no devices. This program is merely a sensible way of eating that promises every overweight person a healthy way of losing weight.

Since the inception of Weight No More classes overweight individuals seeking help have reached outstretched hands towards Weight No More. They found friendship and guidance coupled with a dynamic adult educational reducing program.

The success of Weight No More students is based upon its personal interest in each individual's needs. Menu sheets used are nutritionally balanced and will be individualized whenever necessary; recipes add extra flair and can easily be applied to the weekly menu sheets. Therefore, our way of eating is never boring and in fact is very interesting.

Individual weigh-ins are guaranteed and since the Weight No More program was written by a woman who herself has lost 110 pounds on the program it is certainly a most outstanding program.

Open-house sessions will be held at the Niles recreation Center, 7877 Milwaukee Ave. Niles, in the lower level; Tuesday, July 15 at 1 p.m.; Wednesday, July 16 at 10 a.m. and Wednesday, July 16 at 6:30 p.m.

Cub Pack 45 wins "Best of Show" at Scout-O-Rama

Congratulations are in order to Cub Scout Pack 45, of Oak School, who received "Best of Show" Award at recent Scout-O-Rama. Competing against more than 250 other booths, this was quite an honor. Nice going boys and all the leaders and parents who worked hard to make our booth such a success.

Our Annual Picnic was held on Saturday, June 7 at the Bunker Hill Picnic Grove. The theme of activities was geared to Olympic events. Kids and adults alike had a good time. Besides the Olympic events, there were games and prizes for every age group, including the adults.

The Olympic events were an obstacle course, standing broad

jump, ball throw, the 50 yd. dash and tire roll. Each boy competed against boys of his Den and a point-scoring system was used to determine the medal winners. At the end, the boys were presented with beautiful "handmade" gold, silver and bronze medals. Those who did not place were presented with "participation" medals. All boys who participated were proud of their achievements.

The picnic was planned and coordinated by Myrna Newlan and Uta Hofmann; thanks to all their hard work, the picnic was enjoyed by all. Of course, nothing could have been accomplished without the cooperation of everyone who attended.

Skokie Federal tops \$100 million

Skokie Federal Savings' President John R. O'Connell announced his association has exceeded the \$100 million milestone in asset size.

Since the end of 1974 Skokie Federal experienced a \$20 million growth in assets bringing it to the present size of \$110 million. During that same period savings deposits also increased a record 26% to \$93 million.

O'Connell stated that the crossing of the \$100 million milestone underscores public acceptance of a locally managed institution with deep roots in the community.

In celebration of this milestone he also announced that residents of the community are invited to visit either office, Dempster and Skokie Boulevard or Lincoln at Oakton, and register to win an eight-day, seven-night trip to Hawaii.

Skokie Federal Savings first opened for business 18 years ago on January 2, 1957 at 7944 Lincoln, a few doors south of the Lincoln-Oakton intersection. All that time there was no other savings association between Park Ridge and Evanston. And on grand opening day Skokie Federal had a staff of just two employees. Rapid growth spurred a move in 1960 to larger quarters at 4915 Oakton, former site of the Skokie Public Library, and then in 1967 to its present headquarters at

4747 Dempster.

Another key date was September 1973, when Skokie Federal Savings opened the township's first savings and loan branch office at the southwest corner of Lincoln and Oakton in downtown Skokie.

It was evidently a true homecoming for Skokie Federal Savings since this building housed its first office in 1957.

Golf Mill Bank to open Motor Bank at 7 am daily

Golf Mill State Bank will begin observing "early bird" hours July 7 at its drive-in facility, announces Charles E. Maguire, senior vice president.

The drive-in facility, connected to the main bank at 9101 Greenwood Avenue, will open daily at 7 a.m.—a full hour earlier than previously.

Maguire commented, "early bird" hours are being featured at Golf Mill Bank so that those who have to be on their way early in the morning and commuters can avail themselves of banking services.

"Our study of local traffic patterns and commuter train habits," Maguire said, "showed a need for early morning banking hours. Our response is to offer service to those who need it when they need it."

The \$44 million bank will be one of the few area banks providing 13 hours of drive-in banking service (7 a.m. to 8 p.m.) Monday thru Friday. Saturdays the drive-in will open 7 a.m. to 3 p.m.

Centel struck by IBEW Union

Central Telephone Company was struck at 12:01 a.m. Tuesday by members of Local 336 of the International Brotherhood of Electrical Workers.

J.S. Vanderwoude, Division Personnel Manager, identified the company's inability to assign overtime, and its detrimental effect on service, as the primary issue blocking progress in contract negotiations.

"The company's ability to provide the quality of service expected by our customers has been seriously impaired by the unwillingness of members of the union to work overtime," Vanderwoude said. "In recent months, union members have refused to work overtime necessary to handle emergencies and other peak workloads. In order to provide high quality service on a around-the-clock basis, the company must have the ability to assign overtime."

During the strike, management personnel will fill-in and provide most customer services including long distance and local services as well as repairing and installing telephone equipment.

Other contract items that haven't been resolved, including the economic package, are pending the settlement of the overtime assignment question, Vanderwoude said.

Negotiations between company and union representatives have been going on for approximately five weeks with the last session breaking off late Monday. In an effort to avoid a strike, negotiations continued throughout the weekend with Federal Mediator Sherman Warady. Approximately 875 Central employees are represented by Local 336 of the IBEW.

Vanderwoude added that the company is ready to meet at any reasonable time and under any reasonable conditions with authorized representatives of the company's employees in an effort to reach a settlement.

Niles fireman completes special school

A Niles firefighter was among 75 firemen from 20 area fire departments to recently attend a one-day school on extinguishing natural gas fires. The school, held in Peru, Ill., was sponsored by the Northern Illinois Gas Company.

Li. Carl Fox was among the group to actively participate in extinguishing simulated gas explosions, and fires in a variety of "broken" gas mains and residential gas meters.

Firefighters had to wear protective face shields because of the intense heat and ear plugs because of the tremendous noise created by "breaks" in gas mains with as much as 460 PSI pressure. Dry chemicals and water fog were used by the participants in extinguishing the fires.

This is the fourth year that municipal fire departments have been invited to attend the school on the theory of Richard McClelland, Safety Director of NIGAS that fire departments are called to gas emergencies before gas company personnel can arrive.

Among departments from the northern suburban area to attend at the invitation of Richard Leiter, District Superintendent of the Glenview division, were Morton Grove, Schiller Park, Norwood Park Township and Niles.

Niles Fire Chief Albert L. Hoelbl commended the NIGAS for sponsoring this type of school as an opportunity for the utility companies and fire departments to cooperate for the benefit of the public safety.

Legion Carnivals Evening with 'Hurricane'

Ken Riehl

The feature ride at the American Legion Carnival being held July 10 through 13th on Cook Electric Company grounds on Oakton Street west of Lehigh features the new Hurricane.

Spectacular to view, even more spectacular to ride, it features six gleaming, four-passenger cars which revolve around a towering center pylon. Cars climb to a height of 33 feet and zoom down, climb and zoom again. The combination of centrifugal force and alternating dips and climbs produces a truly exceptional ride sensation.

Ample, free parking is available in the immediate area. The event starts at 6:30 p.m. on Thursday and Friday, and 4 p.m. on Saturday and Sunday. A half-price hour, from 6:30 to 7:30 p.m. on Thursday, and from 4 to 6 p.m. on Saturday will be held.

Residents of the area are invited to support the carnival, the proceeds of which go to support state and national programs, plus community programs such as veterans' rehabilitation, graveside and wake ceremonies for departed comrades, the blood donor program, Santa Claus's arrival, and Easter Egg hunts among many others.

Entertainers needed

Entertainers—singles and groups—are desperately needed at veterans' and other hospitals, according to the Red Cross, which books volunteer acts for special hospital programs.

"You get a chance to break in your act before a very appreciative audience," says Shirley Marcus, Red Cross entertainment chairman.

Singing groups, on singles, small bands and combos, dancers, comics, novelty acts, in fact any and all kinds of entertainers, are needed to fill bookings at hospitals throughout the metropolitan area, according to Mrs. Marcus.

"Our need right now is so desperate that we are in danger of having to cancel shows if we can't find talent," she said. Transportation can be furnished, if needed, by Red Cross. For more information, call 467-5800, ext. 213.

"A Night to Remember"

For the second successive year, a group of parents of Loyola Academy alumni have scheduled a dinner dance called "A Night To Remember." It will be held at the Academy, 1100 N. Laramie Avenue, Wilmette, Friday, July 18, with a reception beginning at 6:30 p.m.

The party will be held under a huge and attractive tent, set up in the quadrangle, back of the school. The theme will be fun and nostalgia of "the good old days" and all the entertainment will be built around this idea. Music for dancing will be provided by Bert Rose and his Orchestra. They will play popular tunes of the olden days, as well as modern music.

For further information about reservations please call: Mrs. Roger Briggs, 251-0602.

Summer Caravan

As part of a twelve state tour, the Jewish National Fund Summer Caravan will visit the Chicago area with special performance at the Mayer Kaplan JCC, 5050 W. Church St., Skokie on Wednesday, July 2 at 1:30 p.m.

The "Caravan" is a trio led by Avinoam Brog, the Western Youth and Education Director for the JNF, and a native of Kibbutz Mishmar Hasharon. Mr. Brog's life to date has held the diverse experiences of teaching Israeli folk dancing in Israel, Mexico City and the U.S., as well as fighting in the Israeli Defense Forces in both the Yom Kippur and Six Day Wars.

Accordianist Dani Ben Ami, a native of Tel Aviv, was both a composer and music teacher in Israel and is a veteran of the Israeli Air Force.

A native of Safed, guitarist-

singer Naomi Shemer, has been named "the nightingale" by Israeli artists and has entertained frontline Israeli troops.

Through song and story the trio's performance combines the teaching of Israeli culture and the role of the Jewish National Fund in reclaiming the Holy Land's soil.

"It is a pleasure to perform for the warm and friendly American audiences of all ages," says Brog. "Our goal is to provide a joyous and fulfilling way of learning to participate in Israeli culture."

Old Orchard summer concerts

This year's Old Orchard Summer Concerts will begin their evenings under the stars with Henry Mazer, Associate Conductor of the Chicago Symphony Orchestra directing the Chicago Orchestra Strings on July 7 at 9:15 p.m., the Old Orchard Shopping Center, Skokie Blvd. and Gold Rd.

The green and white gazebo outlined in twinkling lights will set the scene for a beautiful and melodic evening of symphonic music. Mr. Mazer who is now in his fifth year with the Chicago Symphony Orchestra and has been sought after as a great conductor of orchestras throughout the United States, will open the evening's program with Mozart's A Little Night Music.

Their second selection, The Tchaikovsky Serenade with its voluptuous Russian melodies and beautiful folk tunes shows what the possibilities are to create rich and beautiful string sounds.

Featured as guest pianist in their final selection, Shostakovich's piano concerto, is Sheldon Skolnik, a young American pianist who since his debut with the Chicago Symphony Orchestra has been the recipient of glowing press notices, distinguished awards and growing acclaim.

This piece of music is actually a concerto and dazzling showpiece for not only the piano but also for trumpet solo.

Subsequent outdoor concerts will be held each Monday evening in July.

OCC summer session breaks enrollment records

Over 3,600 students have enrolled for nearly 15,000 semester hours of classes for the 1975 summer session at Oakton Community College, according to John Gagin, director of admissions.

This record-breaking figure represents an increase of about 39 percent over the 2,645 who attended Oakton last summer.

This Summer, 62 percent of the Oakton students are women while 38 percent are men. Gagin points out that of those attending summer classes 89 percent are part-time students.

Over half of the Oakton summer students attend another college or university during the year and are enrolled at Oakton to complete one or more of their general education requirements, Gagin said.

He attributes the large enrollment increase to the normal growth of the college as well as to the tight job market.

"Spoon River Anthology"

Providing the folk tunes to complement the confessions of the Spoon River characters, this trio of singers is appearing at Guild Playhouse in Des Plaines on July 11, 12, 18 and 19. Dave Duhaime and his sister, Dawn, of Barrington, and Joel Cohen of Niles are combining their musical talents with those of the eight actors portraying 75 different characters in Edgar Lee Masters famous work. Tickets to "Spoon River Anthology" may be reserved by calling 296-1211 between noon and 8 p.m. daily except Sunday.

Eight actors with the aid of three singers will portray a series of 75 earthy characters in Des Plaines Theatre Guild's Summer Playhouse production July 11, 12, 18 and 19.

The play is a dramatic adaptation by Charles Aidman of the long beloved "Spoon River Anthology" by Illinois poet and lawyer, Edgar Lee Masters. It is presented at Guild Playhouse in Des Plaines as the busy community theatre's celebration of America's Bicentennial, under the direction of Judy Castaldi of Deerfield, with Dori Strong of Edison Park as producer.

Portraying the most interesting of Masters characters from the sleepy town of Spoon River will be Joel and Melinda Mattson of Arlington Heights, Gene Kahn and Harold LeBoyer of Skokie, Marshall Kievet and Christine Gyssler of Des Plaines, Sandy Rode of Elk Grove Village, and Karen Knudsen of Palatine.

From these eight multi-talented suburbanites will arise merchants and ministers, spinsters and harlots, opportunists who rose mightily in the world, failures who never stopped their self-pity, children and oldsters, drunkards and sobersides, murderers and healers.

The trio of singer-musicians who interject folk tunes to complement the poetry of the anguished, desperate of funny confessions is composed of Dave and Dawn Duhaime from Barrington and Joel Cohen of Niles, who accompany themselves on guitar and banjo.

The original Masters book, first published in 1915, contained 244 apocryphal epitaphs of people lying in the graveyard of a little Illinois town called Spoon River, each an unflinching confession telling of a life that had been lived, lost, and either enjoyed or endured.

Retaining Masters' title for his album of gravestone vignettes, Charles Aidman make a stage dramatization of this popular book by dealing with only 70 most inter-related of Spoon River's citizens. The device proved stage-worthy and became a pronounced hit first in Los Angeles and then in 1963 on Broadway in New York.

Des Plaines Theatre Guild's production has been adapted slightly from Aidman's original script by director Judy Castaldi, who has added some of Masters other characters to bring the total portrayed on the Guild Playhouse stage to 75.

As in Masters' original book, Aidman used the device of letting long-buried men and women who had envied or hated or guiltily loved each other, speak for themselves through their imaginary epitaphs. Through the avatars by these assorted personalities in the little prairie town, a portrait of the whole town itself emerges—a portrait of the whole mid-west heartland, if not of all pre-urbanized America itself, a composite of the strivings, joys, ideals, lusts, resentments of our culture.

The simple setting and lighting for DPTG's version of "Spoon River Anthology" has been designed by Jan Zabinski of Des Plaines. Tickets at \$2.50 each, and may be reserved now by calling the Guild Playhouse box office, 296-1211, between noon and 8 p.m. daily except Sunday.

Request "Rusch Drive" for Niles new street

Residents of St. Andrew Home, 7000 S. Newark ave. in Niles asked that a new road created by the road widening construction at Touhy-Harlem-Milwaukee be named "Rusch Drive."

"It would be a great tribute to the memory of Monsignor Francis S. Rusch, one of Niles' pioneers," they stated in a letter to Mayor Nicholas Blase last week.

According to the letter, Monsignor Rusch was instrumental in the construction of St. Hedwig Orphanage in 1910 at Harlem and Touhy and for construction of the St. Andrew Home for the Aged in 1951.

Mayor Blase conceded the idea had merit and referred the request to village administration for investigation and recommendation.

Mostow walks against Dystrophy

In conjunction with the 1975 Skokie Bicentennial celebration, 72 year Ben Mostow of Skokie will match years with miles as he walks 72 miles Thursday and Friday, July 3 and 4th, to raise money to fight muscular dystrophy and related neuromuscular diseases.

Beginning at 9 a.m. each morning, Mostow will walk 36 miles or 144 laps non-stop around the Niles West High School track, located at Oakton and the Edens Highway in Skokie.

Last year, Mostow raised over \$3500 in his 71-mile jaunt from

Skokie to Waukegan and back. This year with the generous support of local residents' and merchants he hopes to raise even more. A special collection box will be set up at the site for those wishing to contribute.

All the money Mostow receives for his marathon walk will be presented to the Muscular Dystrophy Association on the Jerry Lewis Telethon, Labor Day Weekend, on WSNV-TV, Channel 44.

Mostow has dedicated this year's walk in memory of the late Bob Kennedy.

Mikva releases Current Survey on Market Price Increases

By Bob Deuser

Average meat prices have increased by 30 percent in the 10th Congressional District grocery stores along with a 10.3 percent increase in typical market basket prices since June, 1974 according to a year-long survey compiled by Cong. Abner Mikva's staff.

Commenting on the survey at a June 30 press conference Mikva said, "This means that on June 21, 1975 the average price for eight meat items in the twenty five 10th District grocery stores surveyed was \$12.03. The same eight items had cost \$9.10 on June 29, 1974." A typical basket of 27 items cost \$17.86 on June 29, 1974, according to Mikva, but by June 21, 1975 the same basket cost \$19.20.

Local grocery stores showed significant food price jumps in the past year, according to the survey. The Mikva survey claims in Niles, the Jewel-at 8730 Dempster and the National at 279 Lawrencewood had an average meat case price increase in the last year of 35.2 percent and the average market basket price rose by 10.1 percent. Morton Grove grocery stores surveyed showed similar price increases. According to the survey, the Dominick's at Waukegan and Dempster and the Jewel at 5917 Dempster showed average meat case prices up by 30.7 percent over last year along with a 9.3 percent increase in the cost of an average market basket.

The Mikva survey showed bacon registering the biggest price increase of any commodity over the past year. It rose one year by 77.6 percent going from 98 cents on June 29, 1974 to \$1.74 on June 21, 1975.

Lettuce had the largest decrease, lowering in price by 17.5 percent, as it dropped from 57 cents on June 29, 1974 to 47 cents on June 21, 1975. The report also said 11 non-meat items surveyed had lower prices on June 21, 1975 than a year earlier.

Referring to local grocery chain price wars as "healthy," Mikva said despite claims to the contrary "no single chain has constantly lower food prices."

The charts below list the meat case and market basket increases in Niles and Morton Grove.

To slow down what the report calls a "roller-coaster ride to higher prices" Mikva suggested, "The first fundamental step is to stabilize grain prices because they provide the base for other foods and the food for live stock." Calling for more aggressive government actions, Mikva called on the federal government to "institute vigorous anti-trust action against the four companies which presently control 90 percent of grain trading in this country. We could also curb grain price increases by establishing a national grain reserve that would buy commodities in good years and hold them in reserve for the lean years. The result would be price stability for the consumer and the farmer."

Mikva also said the government could help stabilize food prices by suspending existing regulations which result in higher costs for transporting food. Charging the Interstate Commerce Commission with having a "sordid record" in regulating trucks, Mikva claimed 40 percent of the trucks on the highway run empty because of ICC and other government regulations. Mikva also noted that it takes 50 to 100 percent longer to move commodities from the West Coast to New York City than it did 20 years ago.

Commenting on the cause of higher oil prices Mikva said, "Oil prices are not being set by a free market but by OPEC (Oil Producing Exporting Countries). Our major oil companies are delighted to follow suit, and adding that \$2 tariff of President Ford's and you have the ingredients for higher oil prices."

Referring to the defeat of Chicago Mayor Richard Daley's controversial re-map plan by the Illinois General Assembly, Mikva credited State Rep. Aaron Jaffee for the "tremendous role" he played in helping Mikva retain his seat. Saying Jaffee's actions were "essentially imperative in bringing together votes to defeat the reapportionment," Mikva called Jaffee "the most important liaison with State Rep. Clyde Choate (D-Anna)" whose downstate voting block prevented Mikva from losing his Congressional seat.

Niles Store,

Home Burglarized

A cash box containing \$33 was taken June 19 from The Frame Smith, a store in Golf Mill, said Niles police.

According to the store manager the cash box kept under the front store counter was intact when he left Thursday night at 9:30 p.m. Upon returning to the store at 10 a.m. on Friday he discovered the cash box to be missing. The store showed no visible signs of entry, said police.

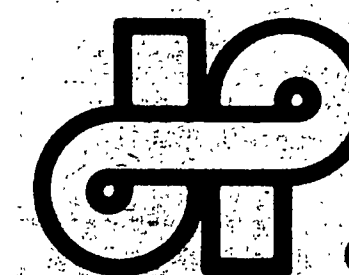

The apparent burglary of a Warren Oval home in north Niles was reported by a neighbor. In checking the victim's home at 6:30 p.m. on Saturday said the neighbor she observed the south basement window was smashed and each kitchen and the patio door was open.

Investigation by Niles police revealed nothing apparently was disturbed and everything appeared to be in order. The owners of the residence were away on vacation.

Continued from Page 1

vehicle stickers, state income tax and sales tax rebates which enables it to run the one of the best ships in all the fleet in north and northwest suburbia. When you have the very luxurious free bus service, the excellent senior citizen and teen center, the fine family service program and the most modern and up-to-date public service forces, equipment and buildings, you know you are living in a village which is overflowing with the green stuff.

The park board conversely must struggle throughout the year just to retain the status quo, sweating and straining throughout the year. If the swimming season hits a bad few weeks of weather, the red figures showing up there could place the entire year's park program in jeopardy.

Last year we were told the ice rink ran \$80,000 in the red. Thus, not being able to sustain itself, it places a burden on other areas within the district. Fortunately, the Tam golf program has been a rousing success which has helped offset the ice rink disaster.

While the village rakes in sales tax revenue from its many shopping centers, the park district must rely on real estate taxes and recreation fees as their sources of revenue.

The anti-consolidation forces contend the Blase octopus would rip its tentacles around the district, choking it with patronage workers. They believe the waste plus the unnecessary politicking would not be in the best interests of villagers.

Pro-consolidation advocates believe the well-run village is the best testimony as to what could be done with the parks if they were under village guidance. Being able to utilize the many sources of money the village now has would be a bonanza for park users according to the 'pro's'. They also believe the highly-professional operation of the village would bear well for administering the park program.

Blase pointed out a referendum would have to follow a park resolution before any consolidation could take place. He said problems do exist which would have to be considered. There are parts of Niles which are in the Park Ridge park district and parts of the present Niles park district which are not in the village.

Philosophically, Nick said he would be in favor of a consolidation. But he emphasized he would not start such action contending, "Fights you don't need."

Our young old friend or old young friend Jack Leske seems to hold the key to such action. Jack, who is now in his 3rd millenium on the park board, has long been the most independent force on the Board. He has gone out of his way to steer the park board free of politics. And even though the district has had some very choppy days in bounding over the financial waves, he has preferred this more burdensome course. As Nick noted, he respects Jack's opinions. And even though the district might have a majority of its members favoring the consolidation, Nick said he wouldn't get involved without Jack's support. We can conclude, so goes Leske, so goes the future of Niles park district.

Normally, that's where this column should end. But we're not sure of its accuracy. Because we are familiar with board members in all taxing districts, they have a quality which runs counter to the conclusion we alluded to. All boards, village, park, school, zoning and library jealously guard their own independence. And even though several Niles park board members may have received support from Blase's forces in becoming elected, they still like their place in the sun they've made for themselves. It runs counter to the very instincts which made them run for office to have them dissolve their authority. It would seem highly doubtful Millie Jones, now president of the board, would actively want to diminish her role. And it would seem highly unlikely Steve Chameriski, who worked so hard to return to the park board, would want to lessen his role by becoming a mere appointee to a commission. And since Bill Keener is a very strong advocate of being independent, it seems highly unlikely the park board would initiate such action.

We would guess if a vote was to be taken today the majority of the Board would oppose such a consolidation. Thus, if such a proposal was to reach the voters it would have to come by a petition from residents, rather than from a board resolution. And as Blase said; if the park board did not show overwhelming support for a consolidation he would stay clear of it.

If our antenna is as good as it used to be, I believe the matter will rest at this point.

Burglaries...

2) Do not keep cash in any great amount at home, or other items of unusually high value. Rent a safety deposit box at the bank.

3) People who live in apartments should be alert to strangers in the building and report suspicious movements at once. It is a known fact that apartment thieves frequently operate during daylight hours.

4) Close and lock all doors, including porch, basement and garage, make sure all windows are secured. Consult a local locksmith for burglar-proof hardware for windows and doors.

Participate in Operation Identification and borrow an engraver from the police department to mark your valuables.

6) If you're leaving for a weekend or longer, notify your police department when you'll be leaving and when you expect to return.

7) Cancel all deliveries, such as mail, laundry, newspaper, cleaning, etc.

8) Have a neighbor or the post office hold your mail until you return.

9) Never advertise your departure with an item in the local paper. Give the story about your trip after you've returned.

10) Tell the right people. Ask your neighbors to watch your home and leave a key with one of them. Ask them to report any suspicious persons or cars to the police IMMEDIATELY! The police telephone number is 965-2131.

Re-zoning Petition for eight 2-Flats Denied

The Niles Plan Commission and Zoning Board of Appeals Wednesday night denied a petition by McNeill & Cross to re-zone 8114 through 8124 Dempster St. from construction of eight 2-flat buildings and delayed action to July 23 on a Special Use petition by Cities Service Oil Co. (Citgo) for a Quick Mart Service Station at Prospect and Oakton St.

Zoning commissioners told petitioner-builder John McNeill that construction of eight 2-flat buildings on the 6 lots at Dempster and Prospect Ave. was "completely out of the question...it will be too crowded."

Approximately 20 residents of the area directly north of the property petitioned for re-zoning from business and single family to multi-family were present to object to the construction of the eight buildings.

Attorney Robert Walner, representative for approximately 100 residents west of the property also objected to the density of the construction.

Commr. Charles O'Grady told the petitioner's attorney that the "scars tactics" of "going commercial" (stores) in this area did not have a sound basis. "Any businessman with a traffic-producing business will not come into this area because of the traffic problems," he said.

The petitioned area, north of Dempster and west of the Dempster St. underpass can be served only by westbound traffic. It is directly across from the area where two persons were killed in the past 7 months and another injured.

The Zoning Board denial is subject to final decision by the Village Board of Trustees. Petitioner John McNeill told The Bugle he would pursue his petition for the 8 building construction to the trustees.

Commissioners continued the Citgo petition for a new Quick Mart building at 8120 Oakton St. in order that the petitioner may submit new plans to meet village requirements on parking and building setback.

The Quick Mart building is intended for sale of gasoline and packaged commodities such as bread and milk. Citgo representatives stated there are no plans for oil changes of auto repair.

Complicating the petition is the question of a parking easement on the east side of the property. Thomas O'Brien as legal representative for Harold Kuempel,

owner of the adjoining east property informed the Zoning Board that his client intends to sue for parking privileges on Citgo-owned property, a verbal agreement at time of purchase. Citgo denies the agreement and is also prepared for legal action according to Citgo legal counsel James Orphan.

The Zoning Board unanimously approved Wednesday night a change in zoning from Business to Residential for three single family residences at 6622 Albion Ave. to petitioner Gerald La Cerra of 6610 Milwaukee Ave.
