Governor signs appropriation for Oakton campus

Governor Dan Walker last week signed House Bill 289 which included money for the construction of Phase I of the permanent campus for Oakton Community College, college officials have been informed.

This legislation, which provides funding for higher education capital projects by the Capital Development Board, included

\$10,055,175 for Phase I construction of the new Oakton campus in Des Plaines.

A companion bill, H.B. 3096, was also signed by the Governor. It authorizes the CDB to issue bonds to fund the higher education projects included in H.B. 298.

The money for OCC will build 180,000 sq. ft. of classroom,

laboratories, and support facilities plus Phase I of site development, it was pointed out. Phase I represents about 65 percent of the space needs of the college's permanent campus educational program.

College officials now anticipate that groundbreaking on the permanent campus will be scheduled in October. Building

construction will be bid and started in Spring, 1976.

Oakton purchased the 170-acre site east of the Des Plaines River between Golf and Central Roads recently for \$2,365,000. Funds for the site purchase, part of the local share of the cost of the campus, were accumulated in the Building Fund. Oakton officials anticipate that the college's share of

construction costs for Phase I can be met from the Building Fund budget without need for a referendum.

It is a provision of the Illinois Community College Act that the state contribute 75 percent of the construction costs of building a campus for public community colleges.

Nobody asked me....but....

Why doesn't any company come up with a garlic salad dressing that tastes like good restaurant dressings?

Why is it every Bear football fan's heart is beating a little faster these days after Saturday night's win to a losing team? Bear fans, like Cub and Hawk fans can be sold the Brooklyn bridge over and over again during pre-season play when their heroes are blown up 10 feet taller than they stand.

Why are Americans so enthralled by movies like Jaws, The Godfather, Earthquake and The Towering Inferno? Do we crave for a little excitement in our lives or is today's economic climate similar to the 30's when escapist movies did their best business?

Whatever happened to the many family gatherings we used to have? In those bygone years, 20, 30 or 40 family members were often in the house during a non-invited evening of fun. Today it takes a special invitation to attend a function to gather together the ever-dwindling clan.

Do people really enjoy a Saturday night out at a "very good" restaurant, which is overpriced and much too noisy?

When was the last time you sat around the kitchen table and played a game with one of your not-so-young children?

When was the last time you sat in "front" of your house on a lawn chair and watched the world go by while drinking a glass of lemonade? Why in suburbia are the neat, front lawns devoid of people? And why don't suburban men sit on their front doorsteps in their undershirts as their Dads did in the city?

GOLDEN SENIORS OF MORTON GROVE

Wednesday was another good day. We had over 60 people again. For summer vacation, that is very good. Well, for good attendance this summer, the officers of the Golden Seniors decided to give the faithful a Sloppy Joe lunch. It will be the third Wednesday of August.

With deep thought and a lot of hard work, George did it again. He put together a theatre party which was superb at Drury Lane South. First we had a nice air conditioned bus ride to 95th Street, then a delicious chicken dinner. There was so much chicken that most every one asked for a doggy bag. Then we saw Mrs. Pat O'Brian and Dennis Morgan in "Skip and go Naked" which was very good. They got a 5 minute ovation for their performances. We got home at midnight. What night owls!

SENIOR CITIZENS CLUB OF MORTON GROVE

Please let us know 10 days in advance of the picnic.

On July 23rd, the Seniors had a night out at the Candlelight Theatre. We had a very nice dinner and saw My Fair Lady. The acting, the costumes and the music were excellent. I know everyone had a good time.

Our next trip will be Aug. 22nd and 23rd. We go to Keeler, Michigan, Marshall Michigan, Battle Creek, Holland and Douglas, Michigan.

Don't forget the White Elephant and Flea Market Aug. 16th and 17th. Clean out your attics, basements and closets.

Silvestri wins junior golf despite penalty

Bob Silvestri, 18, learned a golfing lesson last week. He was nailed with a two-stroke penalty for arriving late at Indian Lakes for the Northern Illinois Junior Open. Bob lives at 9811 Maynard, Niles.

Silvestri's foes also learned a lesson. The Niles golfer won the boys' 17-19 division with a one-under-par 71 that included the two penalty strokes.

The rule is in effect to keep tournaments from becoming sloppy and it's a rare day indeed that someone shoots good enough to win a trophy after two unwanted strokes before hitting a ball.

MG Riders dominate Indiana Horse Show

Riders and horses from Northwestern Stables in Morton Grove traveled to the Indiana State Fair Horse Show, held July 17-19. Will Simpson rode his horse "Glenda Jo" in the Junior and Preliminary Jumper divisions, winning the Championships in both. Will and "Glenda Jo" won 7 out of the 8 classes in these divisions, jumping 150 fences in 15 clean rounds! At the Championship awards, they received a standing ovation from the audience. The announcer said, "In 38 years in this business, I've never seen a horse and rider dominate a show like this pair. It's got to be a record!" Will also rode Horst Stuckenbrock's "Ramona" and Mr. and Mrs. Norton Small's "Joint Venture" in the Preliminary Jumper division with impressive wins on both horses.

Will rode Frank M. Jayne, Jr.'s "Another Venture" in the American Horse Show Assoc. Medal class -- an equitation class -- and placed 4th. He rode "Another Venture" to a 4th place win in a class for Junior Working Hunters over fences, and won a

5th in the Junior Working Hunter Stakes on Mr. Jayne's "Just For Me."

Tia Schurecht rode her horse "Phase II" in the Junior Working Hunter division and won the Junior Working Hunter Reserve Championship.

Doug Boyd received a blue in Equitation 14 and under on the flat, a second in Equitation over fences, and 6th place in the U. S. Equestrian Team Medal class, all on his mare "Misty Morn." Doug and his horse won the blue in a Junior Handy Hunter class.

Jill Jacobs rode her chestnut pony "Good 'n' Plenty" to the first place win in the Pony Hunter Stakes. Jill received a 6th in a class for Equitation over Fences.

Danny Jayne and his horse "Magic Bus" received the second place ribbon in a class for Children's Hunters over Fences and won the 5th in the Children's Working Hunter Stakes.

Bonnie Herdman rode Frank Jayne's "Just For Me" to the third place win in a class for Junior Working Hunters under Saddle.

NILES PONY "AA" BASEBALL

Dodgers (Sony) 2- Cardinals (MacCleane) 1

In an exciting game the Dodgers gave the Cards their first loss of the season 2-1. Pitching for the Dodgers Ken Ugel and Mike Linhart. Good defense by the Dodgers was the difference. It was unlucky 13 for the Redbirds as their win streak was stopped 2-1 by the Dodgers. After 13 straight Cardinal wins, the Redbirds were held to only 2 hits, 1 each by Greg Jensen and Rob Pullen. Jeff Hoff made a sensational play on Scott Chamness line drive with 2 on to end the last Cardinal threat in the 7th. **Cubs (Hons of Niles) 7- Expos (Joseph Electronics) 1**

Three hits by Rick Szatkowski, 1 by John O'Brien and Don DeSantis, 2 hits by Joe Marino and Mike Tait. Great pitching by Frank Chrzanowski, John O'Brien and Joe Marino.

Mets (Town & Country Auto) 13- Dodgers (Sony) 1

This was the Mets 9th win of the season.

Cubs (Hons of Niles) 6- Phillies (Hollywood Perforator) 2

Three hits by J. Marino, 1 hit by J. Walsh and Don DeSantis, and a 3 base hit by Dave DeSantis. Cub pitching gave up only 1 hit. A great job from F. Chrzanowski, J. O'Brien, J. Marino and R. Szatkowski.

Mets (Town & Country Auto) 8-Cubs (Hons of Niles) 2

The Mets broke a 2 to 1 deficit in the 5th inning to a 8 to 2 victory for #10 and 4 straight wins. Rich Schumacher pitched 4 innings gave up 2 hits, 2 runs and struck 5 batters. Golden Fish in Lake Michigan

President of Salmon Unlimited, Ken Dumong announced today the successful release of 100,000 Golden Rainbow Trout, and 100,000 Rainbow Trout along the Illinois shores of Lake Michigan. 50,000 Golden Rainbows and 50,000 Rainbows were released at Waukegan, Ill., 50,000 Golden Rainbows were also released at 68th St., Chicago, Ill., 50,000 Rainbows were released at Waveland Ave., Chicago, Ill.

The Golden Rainbow is a unique and colorful addition to the Lake Michigan Sport Fishery. The fish were four to five inches long at release, and will attain a weight of over twenty lbs. at maturity. Both species of Rainbows released are of a domestic strain, and hopefully will not leave the Illinois shores of Lake Michigan.

The rare Golden Rainbow Trout were produced through selective breeding at Rushing Waters Trout Farm, Palmyra, Wisconsin. In order to draw attention to this unique strain of Rainbow Trout, twenty five six lb. Golden Rainbows were released at Waukegan, Ill., June 7, 1975. The lucky fisherman who catches the

first Golden Rainbow, will receive the value of one ounce of pure Gold on the day it is caught, the next four lucky fisherman who catch one will receive a custom Gold Rod, Reel and line combination. All of the twenty five Golden Rainbows released have a red tag in their dorsal fin.

Anyone catching one of these tagged fish, should contact Salmon Unlimited at 312-463-0549 for further information.

Friendship transcends language barrier for Vietnamese child

To see two boys sitting on the floor playing with miniature cars seems like the most natural thing in the world. To see smiles break into laughter as the speeding cars are caught by arms, trapped by legs and sent whizzing back and forth is a pastime for many four-year-old boys.

But what isn't the most natural thing in the world is that no words are spoken. No words can be spoken because one active, brown-eyed boy is South Vietnamese and can speak no English to his American playmate. And in reply the American boy can mine only the language of friendship, a language that transcends all speech barriers. And to see these two boys, one American and one South Vietnamese, play so contentedly in Pediatrics at Resurrection Hospital is to forget any doubt that may linger as to how well some Vietnam refugees will blend into the American "Melting Pot."

His experiences at Resurrection Hospital may well be permanently etched into four-year-old Viet Dao's mind as he gradually gains cognizance of the American way of life. Seeing the smile on his face and the brightness of his eyes, one would hardly suspect all the things that have happened to amaze him—the long trip that carried Viet and his family from Saigon to the Philippine Islands, half way across the Pacific Ocean to Guam and then half way across America to Arkansas before reaching Chicago.

The Dao family was among the first group of 60 Southeast Asian refugees to arrive in Chicago from Fort Chaffee, Arkansas. When their jet touched down at O'Hare Airport on June 23, Viet and his father Uy Quoc Dao, his mother, his two brothers and one sister were greeted by John Cardinal Cody and representatives from Catholic Charities of Chicago, sponsors for the entire group.

And one would think from the beaming smile on Uy Quoc Dao's face as he sits with his son in the hospital that he's glad the trip is over—glad to be in the United States. Even though his son is in the hospital with pneumonia, Uy Quoc Dao seems glad to be here, glad his son is receiving proper and gentle care.

From his quick smile and bright eyes, it doesn't seem possible that this man has seen years of war; that he has been wounded three times; that he has lost a brother to the Viet Cong. Now he is in a strange country, but it's difficult for Americans to see their nation as a "foreign" country. Yet to Uy Quoc Dao, America is indeed strange. Perhaps the kindness that his family received from Catholic Charities, that his son Viet has received from Resurrection Hospital, will make their period of adjustment to American life a little less foreign.

Norwood Park Pastor

The Rev. Bruce A. Chouinard will be installed as pastor of the Norwood Park Baptist Church, 6131 N. Newark Ave., Chicago, on Aug. 17 at 3:30. The public is invited. Reception following in lower auditorium.

Shown above is Dr. Alfred Lescher from Resurrection Hospital's Department of Radiology points out the pneumonia in four-year-old Viet Dao's x-ray that kept the young South Vietnamese refugee in the hospital after his arrival in Chicago on June 23.

Lavern wanted to know more about his job. So he went to our college.

Lavern Danley isn't your typical college man. For one thing, he's 27, married, with two children. And he's been out in the world working for 10 years.

But since he's been working for Commonwealth Edison, he's developed a new interest in higher education. Lavern recently attended Commonwealth Edison's after-hours school. It's our own little college, where more than 700 employees are enrolled in nearly 50 courses, from shorthand to nuclear power fundamentals. All at a nice price—free to any employee interested.

Lavern took courses on transformers, math, and mechanics. And what he learned in the classroom, he puts to work on the job.

Example: After studying transformers at night, Lavern works on them during the day, down beneath the sidewalks of the Loop. By knowing what to look for, he can fix a small problem before it becomes a large one.

"There's no doubt about it. What I learned at school helps me do a better job," says Lavern. "And the way I see it, when the work gets done better and faster, that keeps costs down for the company. Which helps keep the rates down, too. Which is good for everybody."

Attorney to speak at NOW meeting

Diane Burgis of Park Ridge announced that attorney Charlotte Adelman will speak at North Suburban NOW's meeting Aug. 18, 8 p.m. at the Glenview public library, Glenview.

Ms. Adelman, whose practice has included among other things, sex discrimination litigation, in private practice with offices in Chicago's downtown. Monday night she will discuss what constitutes discrimination against both men and women.

Mrs. Adelman has won many history making cases in Illinois. She was the attorney who filed suit in federal district court against the five major Chicago newspapers charging sex discrimination for their practice of sex segregating the help wanted ads, the result of which was the integration of the ads in March, 1972.

She also filed and won in 1972 the first sex discrimination in employment case with the Fair Employment Practices Commission. Many of the northsiders remember that case, for the result was that Northbrook was ordered to hire the first, and very qualified female dogcatcher.

Recently Miss Adelman organized and chaired the public hearing at the Loop YWCA on problems of collection of court ordered child support. This March she won the first case in

Illinois to rule that employers cannot discriminate in employment against women with small children. Her client was awarded three years back pay.

The public is invited to all NOW's activities, and is welcome to join the question and answer period following the presentation.

A non-member donation of \$1 includes refreshments. For further information on NOW's North activities call 825-0295.

The Many Faces Of Women

Niles Family Service Thought For The Week

By Larry F. Renetzky, ACSW

"Celebrate Life"

[PART 2]

Being free means serving - serving your country, state, community, neighbor, or just people in general. Certainly you cannot sit back and expect all the goodness of life to come and embrace you. Get outside yourself. Experience things, situations, places and above all become involved in creative living. No matter what your role in today's complex society it is essential that you perform your duties efficiently, but in order to accomplish, your work must be done willingly.

Working gives you the opportunity to end each day with a feeling of achievement; it makes you realize your own importance in the celebration of life. Working gives you a sense of belonging. Through work you meet new people, often making life-long friends. Remember, when evaluating a job, that your occupation must be measured by the happiness it gives you and others as much as by the size of the paycheck. Each day of work should leave you with a feeling of satisfaction. A job that you like tends to develop within you a love for quality in your work. You strive to do better throughout your working life because you know that your job is important to you and to your community.

Another means of celebrating life is through laughter. - a tonic which can cure many little aches and pains. If you can laugh, then you doubtless possess a sense of humor. And if you have a sense of humor, the worst situation in which you find yourself can become a mere joke. But laughing can also limit your activities. Yes, that's correct; there are many activities which are simply impossible to participate in while laughing. For example, medical authorities say it is impossible to develop an ulcer while you are laughing. It is also impossible to feel insulted, hurt, or unhappy while laughing. Love of life-all life-is no mere joke, however. It is a basic means of celebrating life.

Director at International Convention

The rapid increase in alcoholism among teenagers and women; the increasing public awareness of alcoholism as a disease, and the greater effectiveness of treatment programs were the major topics discussed at the recent International Alcoholics Anonymous Convention in Denver, according to Maine Township Council on Alcoholism Executive Director John D. Callaghan who represented the council at the event.

Callaghan said the convention which celebrated AA's 40th anniversary is held every five years. More than 25,000 persons from 31 countries were present from July 2nd to 4th. Attendees included members of AA, Al-anon (spouses) and Alateen (children). They were offered a total of 114 program events including expert speakers, panel discussions, social affairs and spiritual gatherings.

One featured speaker, Dr. William Rader, a California psychiatrist, called alcoholism "the No. 1 drug problem among teenagers today." He said the problem would continue so long as "positive drink images are made by peers, parents, and the media."

Parents feel comfortable that their children aren't taking dope," Rader added. "They know drinking is legal and they may have alcohol in their own homes."

"But the dangers of it are terrific. We're seeing 12-year-olds in AA. Just think what that means. A teen-ager can become an alcoholic in 10 months, while it might take 10 years for an adult," he stated.

The theme of the conference, "Let it begin with me," Callaghan said emphasizes the fact that alcoholism cannot be treated until the victim recognizes his or her problem and voluntarily asks for help and enters into treatment.

Help, he continued, is more and more available as more segments of our society accept alcoholism as a disease, not a character defect. Evidence of increasing public awareness was brought out in panel discussions concerning the relationships of alcoholics with the courts, clergy, the media, the medical profession, prisons and industry.

Other panels discussed alcoholism among members of the armed forces, Indians, women, and Spanish-speaking people. Also discussed were new and improved treatment and rehabilitation programs, and the progress made by professional workers in the field.

Oakton reworks proposed budget for 1975-76

Administrators and trustees at Oakton-Community College are reworking the proposed budget for 1975-76 to reduce unit costs and initiate economies necessary for the financial soundness as well as the continued growth and development of the college, according to Howard J. Levin, chairman of the business and finance committee of the OCC Board of Trustees.

Levin pointed out that apportionment funding per student credit hour from the state for this fiscal year will probably be about \$18 instead of \$21.70 passed by the legislature of \$19.20, the amount resulting from Governor Walker's amendatory veto.

Because state support of community colleges is based on

apportionment enrollment, rising enrollments have consistently resulted in additional state funding to cover costs, Levin said.

State officials now tell us, he added, that community colleges cannot expect any supplemental funding on the basis of surplus enrollment.

"With Oakton's enrollment now estimated at well above earlier projections, the per credit apportionment will be lower," he said.

Compounding Oakton's budget problems is the reduction in expected local tax revenue, down an estimated \$225,000 because of the state's change in the tax multiplier.

Levin said that Oakton's total revenue loss for 1975-76 from state and local taxes is estimated at over \$600,000, or 8 percent of total anticipated revenues.

New teachers at St. John Lutheran

Gary Kloess

Two new and excited teachers begin this fall at St. John Lutheran school in Niles. One of them is Miss Daren Schiewe, a 1975 graduate of Concordia

Daren Schiewe

Teachers College in Seward, Nebraska. She had a major in music and will be using her talents for the school and parish. Miss Schiewe will be teaching first and second grade and developing a new music program for the school. Her home is in Berkeley, Illinois, and she is looking forward to teaching at St. John's.

Mr. Gary Kloess is a recent graduate of Concordia College in River Forest. His family lives in Chicago and he is delighted to be teaching in Niles. Mr. Kloess

spent one year in an intern program teaching in Michigan and so comes to St. John's fully qualified with some teaching experience. He will be teaching grades five and six, taking care of the athletic program and helping with the youth program at the church. St. John's school is fully accredited and helps children learn in a happy, Christian environment. For any information about the school, call 647-8132 or 692-4560. Registration for the new school year is Monday, August 25th, from 2-5 and 7-9 at 7435 Milwaukee.

No books will be sold on the first day of school, September 2.

All pertinent information regarding book sale schedules, dental cards, emergency cards, physician's certificate, and school fees has been mailed to all Maine students.

Oakton registration

Open registration for the fall semester at Oakton Community College will be held on Monday and Tuesday, August 18 and 19, according to John D. Gagin, director of admissions and records.

Classes for the fall term will begin on Monday, August 25.

Late registration will be held during the first week of classes for part-time students who enroll for 11 semester hours or less, Gagin said. He advised that there is a late fee charge of \$5.00.

Services held for George Barker, St. Paul officer

George W. Barker, 51, widely known in the Chicago savings and loan industry and marketing vice-president of St. Paul Federal Savings and Loan Association of Chicago, died Friday morning, August 1, at Loyola Hospital in Maywood following a long illness.

Mr. Barker was for 20 years a resident of Cicero and more recently made his home at 708 Oakwood Drive, Westmont. He was the father of nine children.

He was a gifted singer and entertained frequently at business and social gatherings. During World War II, Mr. Barker was a member of the Soldiers Show Company, which also included famous artists such as Red Buttons, Mickey Rooney and others.

He had been associated with St. Paul Federal since 1955 and prior to that had been loan officer for nine years with Oak Park Federal Savings and Loan Association.

Mr. Barker was a member of many civic and business organizations. Included were the Oak Park Chamber of Commerce, a charter member of the Oak Park Club, past president of the American Marketing Association's Chicago chapter, member and formerly on the board of directors of the Chicago Financial Advertisers, and a member of the Czechoslovak Savings and Loan League.

He was also the director of the Home Loan Associates, director of the Savings Association Council, director of the Loretta Hospital Advisory Board, charter member of the Savings Institutions Marketing Society of

America and a committee member for SIMSA's marketing awards for 1975, past president of Our Lady of Charity Holy Name Society in Cicero and a member of the Cicero Civic League.

He was born in Chicago on December 16, 1923 and attended St. Giles School in Oak Park, Quigley Preparatory Seminary, Stanford University, the University of Oregon and the U.S. Savings and Loan Institute.

Survivors include his wife, Loretta Josephine (nee Kelly), eight daughters, Nancy (Mrs. Edward Belda), Kathleen (Mrs. Frank Kucera), Cynthia, Claremarie (Mrs. Ronald Szopa), Ann Celeste, Mary Joe, Loretta and Eileen; one son, George; and a sister, Rosemary (Mrs. William DiVito).

Services were held at Notre Dame Church, Clarendon Hills. Burial in Queen of Heaven cemetery, Hillside.

Controller named at Skokie Federal

John R. O'Connell, President of Skokie Federal Savings recently announced the appointment of Alfred R. Dittich to the position of Controller of the association.

O'Connell said, "Mr. Dittich's outstanding qualifications ensure that Skokie Federal will continue to provide the finest financial services to residents of the community."

Dittich attended the University of Illinois, is a member of the American Institute of Certified Public Accountants and was an Auditor with Ernst and Ernst for six years. He also served as Assistant Treasurer for two other major metropolitan savings institutions for eight years.

Norwood Federal posts mid-year gains

New high levels, in virtually every category as of June 30th, 1975, were recorded by Norwood Federal Savings and Loan Association, 5813 N. Milwaukee, Chicago, according to Norbert F. Babicz, President.

Total assets of the Association grew \$9.7 million over the total reported on the 1974 mid-year date, reaching \$65,241,866, against last year's figure of \$55,458,150.

Most of this growth came from increased savings deposits, which stood at \$57,929,326, up \$9.4

million from the June 30, 1974 total of \$48,456,107.

"This increase enabled us to expand our mortgage loan activity, and we now have first mortgage loans totaling \$54,924,380, some \$6.8 million over the comparable 1974 figure of \$48,059,522," Babicz observed.

One of the most progressive savings institutions on the Northwest side, Norwood Federal recently opened its first branch at 5415 W. Devon.

Public invited to view Bicentennial decorations

The public is invited to share in the Bicentennial celebration at the First National Bank of Des Plaines marking the 200th anniversary of the signing of the Declaration of Independence. According to Arthur R. Weiss, bank president, the Bicentennial decorations will be on display for everyone to see in the main lobby during normal banking hours.

The decorations include an authentic, one-quarter scale replica of the famous Liberty Bell. Part of a limited edition, the symbolic bell, created by Schulerich Carillons, Inc., Sellersville, Penn., is cast in traditional black bronze, musically tuned, and faithful to the smallest detail of the original—the uneven lip, the misspelled inscription, the beautiful filigree on the frame.

This inspiring symbol or our national history has tremendous appeal to people of all ages," stated Weiss, "and we feel it is an essential ingredient of the Bicentennial celebration."

Also on display in the lobby are flags out of America's past, which represent significant events or places in U.S. history. Each of the flags is displayed with a plaque which identifies it.

Included in the collection is the first official U.S. flag, the Betsy Ross, designed with the 13 stars united in a ring. The flag of the First Continental Regiment, composed of Pennsylvania militia, was originally displayed in 1775 and carried through the war until the British surrendered at the Battle of Yorktown in 1783.

Another interesting flag on display, the First Navy Jack, has 13 stripes and a rattlesnake stretched across it with the motto: "Don't Tread On Me." A popular symbol of protest against British injustice, the rattlesnake is also incorporated in the design of the Gadsden flag.

The Grand Union flag, apparently first officially hoisted on January 1, 1776, represented the whole nation and thus was known at that time as the Continental Colors. The original Star-Spangled Banner flag took its

name from the stirring poem written by Francis Scott Key. The Moultrie flag flew over Fort Moultrie, South Carolina during the battle with the British. The Bunker Hill flag waved proudly over the heads of the minutemen at the Battle of Bunker Hill.

A green pine tree and the motto "Appeal to Heaven" appear on the flag of the Washington Cruisers named after "cruisers" which were sent down Boston's Charles River by George Washington to bombard the British. State and national symbols are combined in the Rhode Island

Regiment flag, which shows the symbolic anchor on a white field with the motto: "HOPE". The arm and sword and the Latin motto "Conquer or Die" stand on the Three County Troop flag, the Bedford, which waved over the minutemen when they gathered at Concord Bridge to fight

The Liberty Bell, the flags and other historical decorations can be viewed in the First National Bank's lobby at 733 Lee Street, Monday thru Thursday from 8:30 am to 2:30 pm, Friday from 8:30 am to 8 pm, and on Saturday from 8:30 am to noon.

Among other advantages, the direct deposit system protects the Social Security beneficiary against

Social Security at Norwood Federal

Simply by filling out an uncomplicated form and notifying the Social Security Administration of a change in address, it is now possible to have monthly Social Security checks deposited directly into a Norwood Federal savings account, according to Donald J. Babicz, Executive Vice President.

"The service is available at both our main office, 5813 N. Milwaukee, or at our new branch, 5415 W. Devon, Chicago," Babicz commented. "Most important, this direct deposit service has the full endorsement of the Federal government."

Among other advantages, the direct deposit system protects the Social Security beneficiary against

theft, forgery, or even robbery. And, savings accounts are credited immediately upon receipt of the check each month, providing interest earnings until the funds are withdrawn.

"This is one of the most progressive developments in many years for Social Security recipients," Babicz commented. "It is particularly helpful for aged people who have difficulty getting from one place to another. Under the direct deposit system, they can receive receipts through the mail each month which cannot be lost or stolen, and we will furnish them with materials to enable them to make all transactions at the nearest mail box."

'Murder Without Crime'

"Murder Without Crime," a mystery by J. Lee Thompson, opens at the Chateau Mystere Theatre on Thursday, Aug. 28. The Chateau Mystere Theatre is located at The Chateau Louise Resort, just 21 minutes from O'Hare Airport on Rt. 31, West Dundee, Ill. Showtimes are 8:30 p.m., Tuesday through Friday, 7 p.m. and 10:30 p.m. on Saturdays and 3:30 p.m. on Sundays.

"Murder Without Crime" revolves around Steven, a young man who is separated from his wife. Steven has been having an affair with a nightclub singer and leads her to believe that he will divorce his wife and marry the singer. A battle ensues when she learns that Steven's wife is on her way to his apartment. In a jealous rage the singer attempts to stab Steven; she is accidentally murdered in the struggle and Steven hides her body in a trunk. His landlord surmises what has happened and begins an exercise in sadism that does not let up until just before the final curtain.

The 3-act play, produced by Bob Fredricks and under the direction of Dick Sasso, will run

for eight weeks at the Chateau Mystere Theatre.

"The Mousetrap," currently in its 40th consecutive week of successful performances, will close August 24th.

The Chateau Louise Resort is owned by Gaslight Club, Inc., which operates clubs in New York, Washington, D.C., Chicago, O'Hare and Chicago-Gold Coast.

Chicago boat cruises

A rare opportunity to study the ecological, economic, and historical development of Chicago's waterways will be offered in a series of all-day cruises being sponsored by the Chicago Travel Club during September and October. And, of course, one can go along just to enjoy the fresh air.

The cruises will leave from Mercury dock on the Chicago river at State Street and Wacker Drive at 8:45 a.m. and proceed through the locks into Lake Michigan, south along Chicago's beautiful shoreline to the Calumet river, thence through the port district into Lake Calumet, through the entire length of the Chicago Sanitary and Ship canal and the south branch of the Chicago river and back to the dock about 3:30 p.m.

Breakfast and lunch are served aboard the heated, glass enclosed sightseeing boat. The cruises are fully lectured. Because of limited capacity, reservations are necessary, according to Al Kapinski, executive director of the club.

Complete information may be obtained from the Chicago Travel Club, Room 928, at 30 West Washington St., Chicago, 60602, or by phone at (312) 263-2743.

The group will leave from the "J", 5050 W. Church St., Skokie, at 10 a.m., and return at 8 p.m. A barbeque will be prepared for lunch and supper, bring your own hot dogs or hamburgers for roasting. Cost to members is \$4, non-members \$5. Call Ozzie Samuels at the "J", 675-2200, ext. 234 for any further information and reservations.

Fun Makers plan Lake Tahoe trip

Fun Makers, Inc. is planning another vacation and local residents who have travelled with the group previously, will be pleased to hear of it, as accommodations are always excellent; the price is reasonable, compatibility reigns high and a good time is had by all.

All funds derived by the organization are turned over to a charity, civic or fraternal organization or some worthy group in the township. Previous vacation profits have been donated to Orchard Village, the Morton Grove American Legion Post #134 and its Auxiliary Unit for use in the rehabilitation of veterans' programs, and to St. Martha's Church.

This current vacation trip is being planned for Oct. 26-29 and is to the fabulous Harrah's in Lake Tahoe. It is one of the most luxurious hotels in Nevada.

A spokesman indicates every room has remote color controlled TV, computerized bar, private dressing alcove, 2 separate and complete bathrooms which also each have its own television, telephone, heat lamp, etc.

While visiting this western state, vacationers can enjoy the romance of the old west, visit ghost towns such as Virginia City, also see Nevada's capitol, Carson City, and enjoy one of the largest casinos in the world.

The 4 day, 3 night trip has a \$245.00 price tag attached to it. In addition to the gorgeous hotel suite, it includes chartered non-stop jet airline round trip transportation, transports between Reno and South Lake Tahoe, full breakfast daily and all tips, taxes and gratuities.

A \$50.00 deposit is all that is required at present.

As in the past, payments are staggered and there is no penalty or extra charge for this accommodation.

Single occupancy is slightly higher.

Additional information may be obtained from either co-chairmen, who are both former commanders of Post #134 in Morton Grove, Tony La Rosa, 965-7386; or Al Nehart, 584-0990.

Space is filling up quickly as when former travellers hear of new plans, word of mouth causes reservations to be snapped up at a fast rate.

Oakton course to feature Opera season

The fall season of the Lyric Opera of Chicago will highlight the course Introduction to the Music Theater (HUM 106-01) at Oakton Community College during the fall semester, according to Patrick V. Casali, assistant professor of humanities and foreign languages.

Casali said the course will include at least two field trips to special student performances of the Lyric Opera.

"In addition to the opera, we will look into American musical comedy and ballet," said Casali. "The main goal of the course, which carries three hours of college credit, will be the understanding and enjoyment of the most thrilling forms of theater in existence, the musical stage."

The class will meet on Monday, Wednesday and Fridays from 12:30 until 1:20 p.m.

Open registration at Oakton Community College is scheduled for August 18 and 19 from 9 a.m. until 12:00 noon and from 6 until 8 p.m.

BCI schedules art fair promotion

Imagine being the proud owner of an original oil painting that can be admired year after year in your home—a real collector's piece that will add beauty and distinction to your residence.

Yes, a one-of-a-kind painting signed by an international artist can be yours when you participate in the special art fair promotion currently being sponsored by the Bank of Commerce & Industry (BCI), 6100 Northwest Highway.

Available among the hundreds of works-of-art in stock are portraits, seascapes, landscapes, still lifes, and other subjects, all beautifully colored and mounted on attractive wooden frames. Each one an original.

Customers may obtain the paintings by depositing \$50 or more into a new or existing savings or checking account, and then purchasing a work of art at an attractive price—ranging from \$6 to \$55, plus Illinois sales tax.

"This is the third consecutive year that BCI has sponsored an art promotion," said Richard P. Larsen, BCI president. "Our success last year plus numerous inquiries from our customers as to when the promotion would be scheduled again prompted us to arrange one for this summer."

Larsen emphasized that the selection of paintings will be constantly changing with new works being added regularly.

"Remember that these paint-

ings are one-of-a-kind, so if you miss out on the one you like, it may be difficult to locate another that is similar," he continued. "The best thing is to make your purchase right away or ask one of our staff to set it aside for you. We want our customers to be

pleased with our paintings and with our service."

In addition to the paintings, each customer who makes a purchase will receive a handy decorator book that offers all the necessary little tips needed to place a painting in an attractive setting. Also a free gallery light will be given away with each painting purchase of \$30 or more.

The Bank of Commerce & Industry lobby is open 6 1/2 hours per week for the convenience of its customers. Hours are: Mondays through Fridays (closed Wednesdays) from 8:30 a.m. to 3 p.m., Friday evening from 5 p.m. to 8 p.m., and Saturday from 8:30 a.m. to 1 p.m.

The Fortune Theatre offers special ticket prices to students and senior citizens, as well as group rates. For ticket reservations and information please call: 827-6932 or 631-8209.

Learning can be profitable and fun

Eight teachers and forty students recently completed a very exciting and rewarding six weeks Title I Summer School Program in District #71.

Teachers were able to use very innovative and individualized approaches as well as using individualized equipment to teach pupils Language Arts, Mathematics, Science and Physical Education. Children advanced as much as one year in various subject areas, with the average rate of gain about ten weeks during the six week period.

Children learned much in the classroom that enabled them to develop confidence in their abilities as well as strengthen

their knowledge of basic skills. Field trips were also coordinated to enable the children to explore, observe, collect and to learn from.

Scientific trips were planned at Miami Woods, Pioneer Park in Aurora where they were able to observe science as it relates to the development of agriculture and the history of our country, and to River Trails Nature Center in Wheeling, Ill. Children collected many items. Some children and two teachers also saw two wild deer at River Trails Nature Center. This was a rare treat for this area.

A Language Arts trip was planned at the Robert Crown Theatre in Evanston. The children enjoyed very much seeing the play "Androcles and the Lion".

Parents assisted greatly in writing the objectives of the various subject levels, in observing classes, in parent-teacher conferences, and in

Arlington Park Theatre to re-open in August

Mr. Lonn announced today the end of the Arlington's production hiatus, and that work has resumed with the scheduled re-opening set for the week of August 19.

Confirmation on opening date, and details on play, cast and ticket prices will be forthcoming immediately, along with plans for subsequent productions.

Benefit Day for Chicago Lung Association

A special benefit day for Chicago Lung Association, the Christmas Seal agency, will be conducted at all Chicago area Dominick's Finer Food Stores on Wednesday, August 27.

On that day, five per cent of the amount of a purchase made by shoppers who present a special benefit day identification will be donated by Dominick's to Chicago Lung Association.

"This special benefit day is an easy way for the general public to help support Chicago Lung Association in its numerous programs to protect lung health," stated Mrs. Richard D. Culver, president of the Association. "Money raised through this effort supports educational programs and research."

To participate in the benefit at Dominick's, shoppers must obtain a special identification card to give to the cashier at the store so their purchase will be credited to benefit Chicago Lung Association. The special ID cards are valid for one day only and must be used on Wednesday, August 27, the date of the benefit.

Persons wishing to participate in the Chicago Lung Association benefit day at all Dominick's Stores may obtain an ID card by calling Chicago Lung Association at 243-2000 for their free shopper's identification card.

When was the last time you went to a Chicago beach? Or a picnic in a park or a forest preserve? When was the last time you rode on the 'L'? The CTA?

When was the last time you WALKED to the store? Or carried groceries home 3 or 4 blocks? Or pushed them home in a shopping cart?

When was the last time you sat at a counter and ordered a chocolate-soda? Or a green river? Or bought a bag of candy and chomped on it while you browsed?

How long has it been since you walked down the street and window-shopped after supper?

When was the last time you were in an army store? Or a dry goods store?

When was the last time you bought meat from a butcher in a store that had sawdust on the floor?

Whatever happened to that long box-grabber the grocers used to use to pull down a box from the top shelf?

When did you last drink cold water from a fountain? Whatever happened to those great summer straw hats which were skimming thru the air at ballgames? What happened to panama hats?

Why don't the girls of all ages re-discover those shimmy organdy gossamer dresses? Or even just those pleated accordion skirts?

When was the last time you saw cream flannel pants worn with a navy-blue jacket?

When was the last time you went dancing at a ballroom? Or even in a dimly-lit nightclub?

Whatever happened to Cuba-libras (rum and coke)? Or gin rickeys or even Tom Collins? Are they still drinking Kool Aid which our Mothers use to "over-water" to make it last longer? And when was the last time you ate a peanut butter and jelly sandwich?

Whatever happened to those gazebos and bands which played in the center of the green? When was the last time you licked an ice cream cone? And bit into the bottom of the cone and sucked out the last melted ice cream drops?

When was the last time you stopped in the '5 and 10' for an ice cream sandwich?

When did you last see your footprint in the hot tar in the street?

Whatever happened to sucking on a piece of ice?

When was the last time you took the kids to the museum? Or the zoo?

How long has it been since you drove home late at night on a hot night with the windows rolled down?

When was the last time you walked down the street holding your favorite girl's hand? When was the last time you walked down the street?

How long has it been since the cop on the beat leisurely walked down your street? And all the kids knew his name?

When was the last time the butcher threw in a few bones for the dog?

Who builds treehouses these days? Or bangs together a few boards and makes a clubhouse for the gang? Who still puts skate wheels on a board and scoots down the street? Or builds up the board with a box, 2 sticks to guide the vehicle, and places a can with a candle in front for a light?

Where are all the alleys where you used to play "kick the can"? Whatever happened to the milkman who came to your door? When did the bakery truck last stop by your house?

Are the scissors sharpener men a thing of the past? And whatever happened to the monkeys and the organ grinders? And the balloon men?

When was the last time you went down to the corner lot and saw the kids playing softball?

What do kids do today when they want to drink a milk shake at the corner drug store?

Are they still brown bagging french fries and putting catsup on them?

Are Mary Janes, malted milk balls, bulls eyes and kisses still in demand? And do guys still sit under trees during the hot summer days and trade baseball cards? Or drink water from a quart milk bottle?

Home center. . .

Contd. from Lincolnwood P. 1

and Albion Avenues. Joseph Lumber has a contract to buy the site, formerly the home of the Minolta Camera Corp. and now unoccupied.

A homeowners group representing about 35 families presented a case in opposition to the proposed center.

"The planned lumber center will be detrimental to public health, safety, and welfare. It is designed in such a manner as to provide traffic risks, fire danger, lighting problems, and esthetic problems," said Terry Gordon, an attorney and spokesman for the homeowners.

According to a Chicago planning and zoning consultant hired by the lumber company, the center would have a beneficial impact on neighboring single-family homes.

"This type of use is oriented toward the homeowner, not to the large apartment owner or commercial user. It will provide a service to the community," said consultant William S. Lawrence of W. S. Lawrence and Associates.

A real estate appraiser, Terrence Veller, Chicago, testified that the home center would be a definite improvement over the vacant industrial property that now occupies the site.

Paul D. Gilson, chairman of the OCC Board of Trustees' Facilities and Planning Committee, expressed his pleasure that the college's five-year search for a permanent facilities was ending.

"I am glad we are now moving ahead on the permanent campus," he said. "The interim facilities need to be vacated before the fall of 1979 under the current lease agreement. The permanent campus will save the college about \$500,000 a year in rental and related costs."

"With the continued growth of the college and the commitment of the Board, we will need additional space in Niles Township as well as on the permanent campus. I hope that in the next two years we can find facilities in Niles Township at economical cost."
