

Election '76 Centers Open

August 17 marked the openings of Election '76 centers in eight local libraries. These centers designated by the Election '76 logo, will provide library material on the elections and campaigns this year, and will distribute program information for Election '76.

Election '76 Centers in our local

libraries will furnish information concerning candidates, issues & political matters. Voting records, public statements, legal requirements pertinent to campaigning, etc. will be included. Additional temporary locations will be designated to provide Election '76 information.

Election '76 is a community

outreach project designed to stimulate discussion and participation of our citizenry in the electoral process. Sponsored by Oakton Community College this project is partially funded by an Illinois Humanities Council grant.

Issue forms, candidate appearances and educational sessions are planned throughout the area

this fall. Election '76 seeks to involve as many people as possible in various ways so that the campaigns and the issues are more intelligible. The project is issue-oriented and non-partisan.

The libraries participating in the project are Des Plaines, Evanston, Glenview, Niles, Morton Grove, Oakton Community

College, Park Ridge and Skokie. Materials will be continuously updated throughout fall campaigns.

For more information, contact the research librarians at one of the libraries, or O.C.C. Election '76, 967-5120, ext. 329 or 310.

Niles has had a case of Shopping Centeritis the past few years.

The suffix 'itis' means 'inflammation of'. And what Niles officials have been successfully doing is inflaming sales tax revenues for the village which is nearing the \$3,000,000 annual figure. This enormous amount of money has enabled the village to give its residents a free intra-village bus service, and the purchasing of first class facilities for its village administration and youth center-senior citizens buildings without taxpayers having to come up with additional tax money.

We've told the story many times how a former trustee, John Stanley, initiated annexation action which assured Niles would annex Golf Mill, in the pre-1960 days when the village extended to Dempster Street. When the shopping center desired Niles water Stanley insisted the center would come into the village if Niles borders became contiguous with the center. Stanley then badgered, cajoled and used whatever talents were required to talk landowners between Dempster and Golf Roads, who had property alongside Milwaukee Avenue, to voluntarily become a part of Niles. He bounced back and forth across Niles main street, annexing a very erratic path to the center. One owner might say he would join in the annexation, but his neighbor would balk at such a plan. Stanley would jump across Milwaukee Avenue and sweet talk the owner directly across from the first annexee to come into the town, and then hopefully his neighbor would also come in. It took Stanley several back and forth jumps before he reached the promised land, Golf Mill, which then came into the village.

In those early days the 16,000 populated Niles got a tremendous financial boost when it immediately began receiving hundreds of thousands of Golf Mill sales tax dollars.

Niles Park District's board of commissioners approved its 1976-'77 tax levy ordinance of \$1,174,367 at Tuesday night's meeting. Commissioner and finance chairman Jack Leske said this was a levy decrease from the previous year.

The meeting, chaired by park vice president Jeff Arnold, in the absence of vacationing president

Millie Jones, now sends the approved ordinance to the County, which authorizes it to distribute these tax monies to the park district.

While the figure is just for tax monies the total budget of the district is \$2,140,795. The difference of the two figures is made up by fee charges, grants and land

checks. The amount of the payments will depend on other income and resources and take into account the fact your parents live in your household.

Niles Scouts hike Philmont Trails

CIMARRON, NM—A group of Niles area scouts arrived August 9th at Philmont Scout Ranch and Explorer Base, a 214-square mile wilderness camping area of the Boy Scouts of America, near here.

The Scouts Andrew Bierwaltes, Peter Baranowski, James Covey, James Elder, Edward Klancnik, and Mike Kreps were among 15,000 young Scouting men and women expected to hike Philmont's mountainous trails this summer.

Under the adult leadership of Richard Covey the group will backpack between 50-75 miles in 10 days as part of a 12-day stay at the ranch.

Upon arrival at Philmont, the Niles area Scouts received training in backpacking and wilderness camping techniques from Philmont's Ranger staff. While on the trail the Scouts/Explorers will have the opportunity to participate in several programs offered at 21 staffed mountain camps. The programs range from Western lore and nimrod safety to rock climbing and orienteering.

The Niles area youth are members of a Niles area Troop sponsored by St. Johns Brebeuf.

NILES PONY AAA BASEBALL	W-L-T

A's	12-5-1
Cubs	11-6-0
Giants	6-6-4
Expos	6-10-1
Red Sox	4-12-1
Braves	3-14-1
Padres	

Cubs 7 - Expos 0
The Expos were forced to forfeit this game with 2 outs when they were batting in the 7th. The Cubs were leading at the time 5-4, but the score went to the forfeit score of 7-0. Mike Zieball got the key hit, a double for the Cubs with 2 outs in the 6th. Mike Ugel was also 2 for 3 for the Cubs with 2 RBI's.

Braves 15 - Cubs 12
The Expos outlasted the Cubs with 13 hits and 8 walks. The Cubs with 5 hits and 16 walks. Everyone on both teams scored at least one run. A great game for everyone, except the pitchers for both teams who were very tired from a long night.

The Cubs made a valiant effort to try and catch the Braves in this game. Going into their last turn at bat the Cubs were down 15-5. The Cubs scored 7 runs in the last inning but still lost 15-12.

Padres 12 - Braves 8
The Padres finished their season on the upswing, as they dealt the Braves a 12-8 defeat. Mike Maloni, Dennis O'Donovan, and Steve Cohen delivered the key blows, while Russ Donash and Jeff Sliwa sparked the team in the field. Braves rallied for 4 runs in the final inning, but couldn't pull the game out. Other Padre hits in a winning effort to victory number 3 of the season, Ken Borowski, Russ Donash, Joe Booker and Jeff Sliwa. Steve Cohen pitched the 1st inning and had arm trouble. Joe Booker relieved and went 3 innings and Mike Maloni pitched 1 inning. Rich Szatkowski went 4 innings for the losing Braves.

Giants 17 - Cubs 2
The Giants finished the regular season with a tremendous effort as they beat the Cubs 17 to 2. Tom Spino and Jeff Zelisko combined to pitch a no-hit game and allowed only 2 unearned runs. All the Giants got at least 1 hit, and as a team banged out 19 hits and scored 17 runs. Gary Amato got 4 hits including a home

run. Tom Spino had 3 hits, and Gregg Fleisher, Russ Maycan, Tracy Parker and Lou Matsie, all had 2 hits each, with Russ Maycan and Jeff Zelisko each a home run. The Giants sure finished the season on a high note, beating the two teams that were tied for 1st place, in the same week. As the manager of the Giants, I express my thanks to a wonderful group of boys, for a job well done, they certainly can take pride in a season in which they won 11 and lost 6 and had to this, with the loss of their #2 pitcher for the entire season, and still finish only 2 games out of 1st place.

The Giants looked the best team in AAA baseball in this game, as they scored 17 runs on 13 hits, while holding the Cubs to 2 runs on 1 hit.

A's 10 - Expos 3
Three innings each of great pitching by Rich Rinka and Jim Walsh, who also led the team in hitting each going 2 for 3. Graig Esses had a very good defensive game at 2nd base. The A's showed why they are #1.

The newest bank in town celebrates a birthday!

One year ago The Morton Grove Bank opened its doors at 8700 Waukegan Road. Now, after a year of phenomenal growth, The Morton Grove Bank has proven itself an integral member of its community, from both a business and a personal point of view. A full service bank, The Morton Grove Bank has reached out and found it is more than welcome in this area.

Through group resources, The Morton Grove Bank is capable of commercial loans up to \$2 million, and assures all businesses large and small of its resources. Families and individuals are invited to visit and discuss their financial needs in confidence. As hundreds of customers already know, The Morton Grove Bank has established itself in a single year.

The president of The Morton Grove Bank, Marvin E. Neland, explains: "Community service and

lending capacity have attributed to the immediate acceptance and steady growth of this bank. While operating from temporary quarters in the bank building, our people have made up in customer service for whatever we miss in working space." He further stated: "We are fully renovating our quarters now in order to increase the appeal we have already initiated. We are grateful to all the people of Morton Grove, Skokie, Niles, Park Ridge, Lincolnwood, Golf and Glenview, who have welcomed our bank and expressed confidence in us."

In turn, Mr. Neland welcomes all people to drop by the bank and see the renovating plans for the future of area banking.

Morton Grove and the entire area join in a salute of this refreshing new neighbor, and we wish The Morton Grove Bank well through a long life of service.

MGM Realty reports increase

MGM Realty, Inc. reported an increase in home sales of more than 30% for the first six months of 1976 over the same period during 1975, according to Robert B. Green, president. The firm's sales volume totalled \$31 million for the period from January to June compared with approximately \$20.5 million for the same period in 1975.

Green attributed part of the increase to the addition of a fourth office in Wheeling at the end of last year, but he said buyers' attitudes have changed. He attributes this change in attitude to the turn around of the economy and, especially, to the availability of mortgage money.

"With increasing apartment rental costs, more and more families are purchasing homes for the income tax savings and for the equity they acquire in owning their own property," Green said.

Besides Skokie and Wheeling, MGM has offices in Chicago and Niles.

Car Wash

Holy Family Hospital's Junior Volunteers, "Cheer-Aides," are sponsoring a car wash at the hospital on Saturday, August 21, between 9 a.m. and 4 p.m.

Area residents wishing to take advantage of the opportunity to get their cars or vans cleaned inside and out should enter the hospital's parking lot from the River Road entrance. The charge for a car wash is \$1.00 and vans will be washed for \$1.50. An additional 25 cents is asked for vacuuming the inside of vehicles.

This is one of several projects which the Cheer-Aides sponsor during the year for the benefit of the hospital.

Norwood Federal reports gains

Norwood Federal Savings and Loan Association, whose Main Office is at 5813 N. Milwaukee, Chicago, achieved substantial growth in all categories as of the end of the Association's fiscal year, June 30th, according to Norbert F. Babicz, President.

Total assets stood at \$84,500,000 on the June 30th date, up 30% over the 1975 total of \$65,240,000. The majority of this asset increase was accounted for by a 27.4% increase in savings deposits, and total savings reached \$73.9 million at mid-year, compared with last year's figure of \$58 million.

"Most important to all of us at Norwood Federal, these increases enabled us to expand our mortgage loan portfolio significantly," Babicz observed. "Mortgage loans outstanding were \$72.9 million on June 30th, up from the 1975 total of \$55 million, or a \$32.5 million increase."

"The dollar figures are impressive, but the fact that they represent the goal of home ownership for hundreds of area residents is of greater import," Babicz stated. "During the past twelve months, we approved 548 mortgage loans, 57% ahead of the number recorded in the same period a year ago."

In addition to its Main Office on Milwaukee ave., Norwood Federal operates full-service branches at 5415 W. Devon and 980 N. Northwest Highway in Park Ridge.

Holy Family extends patient menu

A new attractively designed menu offering a wider selection of food items has been developed by Holy Family Hospital's Food Service Department for the hospital's patients and visitors to its dining room.

Meals for patients are prepared on a six day rotating cycle so the menu does not repeat itself on the same weekday for six weeks. Previously, the menu would repeat itself every two weeks.

With the shorter cycle, a wider variety of menu items are available to the patient. For example, the number of daily entrees has been expanded from two to three. Extra salads and more desserts have been added. "Jell-O," ice cream and a special dessert are now available every day.

For breakfast, another hot cereal is now offered patients along with three more cold cereals.

A new item unique to Holy Family's Food Service operation is now offered to patients on the Sunday luncheon menu—a Danish Shrimp Sandwich served open-face style with cold shrimps, sliced tomato, lettuce, thousand island dressing and potato chips.

Children staying in Holy Family's Pediatrics section—upon the approval of their physician—will find lunch-time more enjoyable. Food items such as hot dogs, hamburgers and pizzas will appear on the menu more frequently.

During the process of revising the patient menu, all recipes for hot and cold items have been updated, rewritten and also improved. They have been placed in special recipe books for quick reference for Food Service personnel.

The hospital's dining room menu, also placed on the six day rotating cycle, has added, on a regular basis, entrees such as steak sandwiches, London Broil and Steamboat Round of Beef.

Mikva to travel to Israel for Trade Subcommittee

Congressman Abner J. Mikva will visit Israel in mid-August to study the status of emigration to that country by residents of Romania as well as of the Soviet Union and other Eastern European countries. The Congressman will make the trip on behalf of the House Ways and Means Committee's Subcommittee on Trade, of which he is a member. He will be in Israel during the Congressional recess August 13 to 22.

The Subcommittee on Trade oversees the granting of most favored nation trade status to other countries and reciprocal trade agreements. In January, Congressman Mikva visited Romania as a member of a subcommittee task force that reviewed emigration and trade policies between Romania and the United States.

Romania has enjoyed most favored nation status since last year and the agreement is up for renewal shortly. The visits to Romania and Israel by Mikva and other members of the Trade Subcommittee are specifically aimed at reviewing the implementation of the emigration provisions of the agreement.

Under the Jackson-Vanik provisions of the Trade Act, no country can enjoy most favored nation treatment from the United States unless it agrees to maintain a reasonable emigration policy as to its religious and ethnic minorities. The Jackson-Vanik proviso has special significance to Jews living in Communist countries who desire to emigrate to Israel as the Jewish homeland.

Ruehle-Bastani

Miss Patricia Ruehle and Mr. Hamid Bastani announce they will be married at 1 p.m. on August 22 at the Baha'i House of Worship in Wilmette. Miss Ruehle is the daughter of Gene and Olive Ruehle of Tiffin, Ohio and lives on Courtland in Niles. Mr. Bastani is the son of Badroddin and Parvin Bastani of Chicago. They will both live in Niles following their wedding.

Miss Ruehle will be the first Baha'i in Niles to be married at the House of Worship. The Baha'i marriage ceremony is very simple and non-traditional. There are three conditions to a Baha'i marriage. First, the consent of the bride and groom to the marriage. Second, the written consent of all parents. And third, the Baha'i marriage vow, which is the only requirement of the ceremony. Therefore, the couple creates their own ceremony by selecting readings from scriptures, etc. No clergy is involved in the Baha'i ceremony. The bride

and groom marry each other before God and witnesses.

Miss Ruehle is employed at the Baha'i National Center in Wilmette and is a secretary in the International Goals Office. Mr. Bastani is a senior architecture student at the Chicago Circle

Campus of the University of Illinois. They both warmly invite the public to come and observe their Baha'i wedding and join them in a potluck at Gilson Park, across the street from the House of Worship, following the wedding.

Blood Pressure Tests

Nearly 200 persons have received blood pressure tests at Holy Family Hospital since a new community health program, Hypertension Screening, began early in July.

Area residents are encouraged to have their blood pressure checked on Wednesdays between 1 and 3 p.m. in the hospital's Health Service Center on the ground level. Persons wishing the test should come to the reception desk in the lobby inside the hospital's main entrance. No appointment is necessary.

At Holy Family's weekly screening, participants are given an on-the-spot appraisal of their blood pressure levels and are advised to see their personal physician if their readings are found to be elevated.

Hypertension, or high blood pressure, is considered the #1 killer among Americans, affecting 23 million persons. Only 11 million, or less than half, realize they are sufferers, according to the Chicago Heart Association.

A blood pressure test is simple and painless. It involves taking a person's blood pressure with an arm cuff. In addition to the tests, information on hypertension is available at the hospital, as well as pointers on how to guard against heart disease.

Tax levy . . . Continued from Page 1

acquisition money already on hand.

Another interesting figure which manifests the sound financial condition the district is in is a \$1,048,700 in certificates of deposit, which Niles park district is drawing interest on, while holding the money for future payouts during the year, as well as for future park development.

A breakdown of the \$1,174,367 figure shows the general corporate fund will receive \$315,000. The levy for the corporate fund administration is \$88,200, for parks and facilities maintenance, \$172,400 for parks and facilities development, \$29,500, for replacement, \$9,900 and a plus 5% for loss and costs in collecting taxes.

In the Recreation Program Fund \$236,250 is earmarked. Personnel services for administration is \$20,500; Recreation Supervisory salaries are \$86,250; contractual services are \$58,000, commodity charges levied are \$31,000, fixed charges total \$8,000; total capital improvements are \$19,750 and replacement, \$1,500, plus 5% for loss in costs and collection for a total of \$236,250 for the recreation program fund.

Additional monies levied is for the Illinois Municipal Retirement Fund, \$63,000; total levied for general liability insurance, \$26,250; for auditor, \$7,350 and for bond and interest redemption purposes, \$478,445. Adding \$23,922 for 5% loss and costs in collections the total levied for bond and interest redemption purposes is \$502,367.

The total levied for the handicapped fund as provided by referendum is \$24,150. Bond and interest redemptions for bonds outstanding are as follows: The September, 1962 series for land, swimming pool and 4 parks totals \$54,925 in payment for the coming year. The September 1, 1968 bonds for 4 parks, a second swimming pool, the gym and ice rink totals \$166,864 for '76-'77. The February 1, 1974 bonds for land and the golf course total \$164,891. The total bonds and interest which are gradually being retired total \$478,445 plus \$23,922 for a 5% estimate for loss and costs in collection bringing the total levy for bond and interest purposes to \$502,367.

In other actions Tuesday night Roseman Tractor Company was approved as the low bidder and will deliver a 3600 ford tractor (1976 model) for \$5,745.20. It will be used primarily for lawn cutting.

Park director Bill Hughes was authorized to make the choice for 1 pole with 2-400 watt high pressure sodium lights for the Ballard Park complex. Low bidder was Skokie Valley Electric which Hughes indicated was his choice for the project. Alternate bids with different wattage, and number of poles were included in bids.

Bids for paving the Ballard parking lot were received from 5 companies. Paveway Construction Company's \$10,220 was the low bid and was accepted by a 2 to 0 vote with Commissioner Chambers abstaining while present members Leske and Arnold approved the low bid. Completion will be in 20 days.

In new business the board approved a \$1,000 fee from the Golf-Maine Park District enabling its residents using the ice rink. Hughes stated increased ice skating lessons have made the rink more profitable resulting from similar action last year with the neighboring park district.

Funmakers Travel Club

Funmakers, the group travel club, founded and run by two past commanders of the Morton Grove American Legion Post #134, has planned their next vacation; and invite township residents to join them in this fun holiday.

Funds derived in the past from trips to such exotic places as Hawaii, the Caribbean, South Lake Tahoe and Las Vegas, have been contributed to the Auxiliary Unit of Post #134, St. Martha's Parish, Poppy Day, Legion Baseball, Orchard Center and Orchard Village.

This vacation is a two fold plan. Journeying to Orlando, Fla. Oct. 17-24 of this year, participants may either choose a golfing package or a Walt Disney feature. Both include round trip air transportation from O'Hare to Orlando, 7 days and 6 nights deluxe accommodations at the Red Carpet Inn a continental breakfast the first morning, a farewell dinner and all baggage and transfers between hotel and Orlando Airport.

The Florida Swing feature, however, entails participants to unlimited golf 5 days at nine golf courses including the challenging Magnolia at Disney World. It has a cost of \$274.00 per person, based on double occupancy.

The Magic Fun Disney World package, meanwhile, entitles vacationers to 2 day's admission and 16 attractions at Disney World, a day's admission and 16 shows at the fabulous Sea World, and also a day's admission to the Stars Hall of Fame. It has a price of only \$256.45 also based on double occupancy, per person. Children under age of 12 may be included in this portion for only \$199.00 each.

Al Nehart and Tony La Rosa urge those interested in participating to make reservations soon, as an extra special function of this

sort is bound to fill up quickly. As in the past, payments are staggered. A \$100 per person deposit is all that is required at present.

Cancellation clause, also, is very liberal. A full refund is offered in the event of cancellation prior to 45 days before departure. After that time, one-half of total tour cost is refundable, unless replacement found; then full refund less only a \$10.00 service charge per person.

The pair of tour conductors have successfully operated more than a half dozen trips over that past 4 years; and those who have partaken of the activities have had a most enjoyable time.

Further information and/or a brochure is available by phoning La Rosa, 965-7386; or Nehart, 337-1444.

Racquetball Club benefit

The Four Flags Racquetball Club of Niles will hold its Second Annual Invitational Tournament to benefit the Cystic Fibrosis Foundation on Sept. 10-11-12. The tournament features the best players from around the state and is the top event of the club's year.

In addition to matching up top players in the area, the tournament will provide needed funds for research in the fight against cystic fibrosis. Over six million children suffer from lung diseases with CF being the most serious. Even today, only half of all CF patients live to the age of 18.

Four Flags still has space for more entries. Any racquetball clubs or players interested in competing, contact John Van Der Wel, 8245 Golf rd., Niles at 966-8787.

Storybook Ice Show at Lakehurst

The loveable, tousel-headed characters of Raggedy Ann and Raggedy Andy come to life at Lakehurst Thursday, Aug. 19 thru Sunday, Aug. 22 in an ice show staged by the famous Canadian skater Paul Leduc. In addition to the main ice show, Leduc and a cast of top professionals present a variety of other fun-filled activities, especially planned to delight youngsters.

Lakehurst presents the Storybook Ice Show in the Central Court of the enclosed shopping mall at the intersection of Waukegan Rd. and Rte. 120, Waukegan. The main show is a 30 minute performance starting at 12, 4 and 7:30 p.m. on Thursday, Aug. 19, and Friday, Aug. 20, and at 11 a.m. and 2 and 4 p.m. on Saturday, Aug. 21, Sunday, Aug. 22, performances are at 2 and 4 p.m.

After each performance every child visiting the Balloon Factory receives a free red, white and blue balloon.

At his special doghouse, Spotty and Astrodog meets and chats with children at 3 and 6:30 p.m. weekdays, at 1 and 5 p.m. Saturday and 1 p.m. Sunday.

Another great performer is the '76 Clown, sculpting small animals from balloons and distributing them to the audience. His 15 minute show goes on at 2 and 6 p.m. weekdays, 1 and 5 p.m. Saturday and at 3 p.m. Sunday.

In addition to the free activities children can hop a ride on Lakehurst's Raggedy Ann and Andy Express. The smokeless, trackless train chugs around the mall throughout the day. Each ride is 35 cents.

The Lakehurst Storybook Ice Show promises great entertainment for people of all ages. Especially the many admirers of Raggedy Ann and Raggedy Andy.

Birthday with Ronald McDonald

Six year old Melanie Newman of Lincolnwood was the lucky recipient of a birthday party with Ronald McDonald at McDonald's on Milwaukee & Oakton in Niles. Mrs. Florence Goldberg, Melanie's Grandmother, made the high bid at the WTTW Auction and gave the Ronald Party to her granddaughter and 25 six year old guests.

Ronald personally picked up the six year olds with a specially arranged bus, and a photographer took pictures of Melanie and every guest.

Special jobs vital to Air Force mission

Necessity, as stressed by Webster's Seventh, denotes indispensability - the quality of being needed - essential.

Each year some 75,000 dedicated, young "essentials" find themselves in Air Force recruiting offices around the country. Many come prepared with finalized plans for the future, knowing exactly what station in life they hope to reach.

Others, fully aware that some type training will be required to make their world a success, turn to the Air Force as a means of obtaining the needed background

and practical experience. Often they envision the Air Force jobs as filled with airplanes only, and fail to recognize the many mission-support vocations that are vital to mission success.

To provide additional insight to potential Air Force newcomers regarding some of these professions, "The Air Force Recruiter" newspaper took an inside look at some of the most readily available jobs that are intrinsically tied to the overall successful accomplishment of the Air Force mission - vocations that are truly "indispensable."

Personnel Management

What techniques does a personnel manager use to select new employees? What does he need to know about testing, placement, orientation and training of new employees?

Answers to such questions will be stressed in a new course offered by Oakton Community College. Personnel Management (IND 160) is a three-credit course designed for students majoring in business or supervision. It will provide a practical source of information for individuals who would like to enter the field of personnel management or those already in personnel, according to Robert N. Malooley, Coordinator of Industrial Management and Supervision.

Students enrolling in the course should have taken Introduction to Business (BUS 101) or need to be currently employed in the personnel field.

Two sections of the course are being offered. IND160-N1 may be taken at Notre Dame High School, Oakton's newest extension center in Niles, 7655 Dempster st., on Monday and Wednesday evenings, 6:00-7:15 p.m. Ample free parking is available at Notre Dame.

A second section, IND 160-SO, meets on Tuesday Evenings 7:30-10:20 p.m. at the main campus, 7900 N. Nagle, Morton Grove.

Open registration for all Oakton courses will be held on the Interim Campus, Building 6, Oakton and Nagle, Morton Grove, on Monday and Tuesday, August 23 and 24, from 9:00 a.m. until 12:00 noon and from 6:00 to 8:00 p.m. Classes will begin during the week of August 30.

For further information on admission and registration, contact the Oakton Admission Office at 967-5120, ext. 392.

Family Relationships courses

Two courses of special interest to parents are being offered by Oakton Community College at Notre Dame High School, Oakton's newest extension center, 7655 Dempster in Niles.

Sociology 104, Marriage and the Family, deals with courtship, marriage, child raising, and factors contributing to changes in roles and dimensions within the family. This three-credit course will be taught on Tuesdays and Thursdays, from 7:30 to 8:45 p.m. Students enrolling must have had Introduction to Sociology (SOC 101) before enrolling in Marriage and the Family (SOC 104-N1).

Child Psychology (PSY 211) focuses upon providing the physical and social experiences which encourage a child to develop into a bright, happy, and competent person. The class will consider why some children become well-adjusted and bright while other children display

emotional disturbances and/or retarded development.

A three-credit course with no prerequisites, it is offered on Monday and Wednesday evenings from 7:30 to 8:45 p.m. Notre Dame High School's central location in the college district, its existing classroom facilities, and ample parking for 600 or more cars make it an ideal extension for Oakton's evening classes, college officials point out.

Open registration for all courses will be held on the Interim Campus, Building 6, Oakton and Nagle, Morton Grove, on Monday and Tuesday, August 23 and 24, from 9:00 a.m. until 12:00 noon and from 6:00 to 8:00 p.m. Classes will begin during the week of August 30.

For further information on admission and registration, contact the Oakton Admissions Office at 967-5120, ext. 392.

LEFT HAND...

Continued from Page 1

its very first year. But more importantly, it taught village officials there was gold in shopping centers, and subsequent officials learned their lesson well. Today, the village likely has the highest proportion of shopping center stores of any community in the Chicago suburban area.

Across the street from Niles, Morton Grove sat back idly and watched Niles pick-off these centers. Niles aggressively sought Golf Mill while Morton Grove slept. Niles was actually farther from the Golf Mill center than Morton Grove. And since the center needed city water it could have just as well received it from MG. But old sleepy MG passed up the opportunity and now Morton Groves pay about 50% higher village taxes than Nilesites and have far less services.

While Nilesites can thank the foresight of John Stanley, and the subsequent aggressiveness of latter day officials, their approving and adding additional shopping centers has caused a genuine problem in the community. In recent years Niles moved northwest and annexed the Dempster Plaza center at Dempster and Greenwood and wend its way thru the maze of the unincorporated area and grabbed the center on west Golf Road. In addition the Candlelight center was built at Oakton and Milwaukee, the Four Flags center at Golf and Milwaukee, and the Treasury and Memo complexes plus several smaller centers north of Dempster on Milwaukee Avenue. Now, Republic Lumber has just closed its doors in Four Flags, the Treasury is closing up shop on Golf Road and Candlelight has just been sold to Marvin Hyman, who has been most successful in developing smaller centers at Harlem and Milwaukee, and two small centers in the Milwaukee Avenue area north of Ballard Road in the 9000 and 9400 blocks.

Hyman has been reported to be considering changing the Candlelight name to Oak-Mil center. Having a more mellifluous ear we have long referred to the area as Mil-Oak.

which is less confusing than using a similar name like the center farther north. But whatever its name Hyman obviously is convinced the area can handle another center. And in the event it can't we imagine he could successfully turn the center into offices which would prove highly profitable.

Aside from this center the village has a tremendous amount of vacant space in other centers and it could prove a burden if the economy reverses itself in the future.

The concept of Niles, a town of 35,000 people, being unable to support these burgeoning centers is not significant. Niles has long been a weigh station among commuting suburbanites who bounce back and forth from their homebase to Niles to do their shopping. It is a great bonanza for Niles receives tax revenue without having to provide services to these people.

Niles is not unlike many communities centered in rural areas which has only a minimal population but which services farm people from many miles around. Saturday morning the exodus into these towns makes that day almost festival-like. Unlike those areas, shoppers surrounding Niles don't have to wait until Saturday, often popping in and out of the community several times a week.

Shopping today is more than just a trip to the store to make a purchase. To many it is a genuine recreation. People of both genders and all ages often spend hours wandering around, perhaps buying, perhaps only looking, but expending much time in this barren cultural nadir. It is a sign of the times and it is a cultural mores which cuts across all economic groups as well as ethnic and educated groups.

We're sure graduate students are studying the function of shopping centers in the day to day lives of Americans. It's a relatively new strata of Americana and it has become an important part of their lives.
