## Niles holds license revocation hearings

by Alice M. Bobula  
Village license hearings were held recently to show cause why two Niles business licenses should not be revoked or suspended.

Under Niles code a business license may be withdrawn or made temporarily inoperative, pursuant to public hearing, if it is determined the conduct of the

owner is adverse to general welfare of residents.

The owner-operators of two establishments in Niles unrelated but within several blocks of each other on Milwaukee ave. had been arrested recently by agents of the Metropolitan Enforcement Group (MEG), a Cook County drug-detection agency.

Skipper Andrade, 36, owner-

pharmacist of Niles Drugs at 8001 Milwaukee ave. was arrested Tuesday, Jan. 4 and charged with 7 counts delivery (sale) of a controlled substance sold without a prescription. He was freed on a \$100,000 bond the same day after posting \$10,000 cash.

Owner of the Paraphernalia Shoppe at 8109 Milwaukee ave., which deals in drug-related ap-

paratus, Richard Nizynski, 25, was previously seized Dec. 29 and charged with possession and delivery of cannabis (marijuana) and possession of MDA, a hallucinogenic and Tuinal, a barbiturate. He was freed on \$50,000 bond after posting \$5,000 cash.

Attorneys for Andrade during the Jan. 21 license revocation

hearing sought numerous times for dismissal of proceedings on various grounds but the motions were denied.

MEG agents testified during the hearing to events leading up to and subsequent seizure of the pharmacist and underwent cross-examination by the store-owner's two attorneys. The MEG agent Continued on Page 21

## Teen job programs work

Last year the Niles Youth Commission's nonprofit referral service began its local Rent A Kid employment service. Rent A Kids babysat, mowed lawns, cleaned, painted and did odd jobs around employers homes. Many teens acquired permanent position in law offices, jewelry stores and several other businesses.

Rent A Kid is in the unique position of giving young people a chance to learn to fill out their first job application and to learn what it means to apply and report for a job. They are often scared and nervous. They appreciate having someone around to help them out.

About 100 teens in the Niles community have signed up with this youth commission sponsored program, seeking employment.

## OK service contract for NORCOM system

by Alice M. Bobula

Trustees Tuesday night authorized negotiations by the village of Northbrook toward a 1 year contract for service and maintenance of equipment for a new police communications system.

The resolution provides a maximum of \$13,084.50 as Niles' share toward total cost of servicing mobile radios, portable units and other equipment used in the North Regional Telecommunications Network (NORCOM), a pilot program linking 13 north suburban police departments of Niles, Morton Grove, Skokie, Lincolnwood, Wheeling, Winnetka, Wilmette, Northbrook, Glenview, Golf, Glencoe, Kenilworth and Northfield.

Due to the huge sharing system by the 13 villages Police Chief Clarence Emrikson noted the advisability of contracting a single repair company for main-

taining radio equipment. Northbrook was authorized as the representative community negotiator.

The service contract will be re-evaluated for cost at the end of the year.

Emrikson said the radio communications system is planned for inter-community police efficiency as well as inter-village proficiency. Combined operation and maintenance of the 13 suburbs assists in decreasing costs he said.

The new Duplex system of satellite repeater transmissions on separate channels differs from the previously used Simplex police radio system which received and transmitted on the same frequency, resulting in overlapping of transmissions.

Trustees and spectators were given a visual and audio demon-

## Maine East indoor track season opens

Coach John Coughlan and his trackmen started the indoor track season Saturday, Jan. 15, by beating Riverside-Brookfield and Niles West on all three levels. Maine East's varsity trackmen topped the Niles West score of 38 and the Riverside-Brookfield's score of 30 with an 86.

The largest contributor to our high score was Brian Briars, taking first place in both the high and low hurdles with times of 6.49 for the high and 6.11 in the low. Brian also came in first in the long jump, jumping 19'5". Joe Lenart jumped in second place with 18' and 3/4". Jim Joern jumped 11'6" in the pole vault and, considering he was the only one, he won first place. In shot put senior Mark Domanchuk won,

hitting 47'5". Ted Broten tied second place with Niles West, in the high jump, jumping 5'6". In the triple jump Mark Ruchniewicz jumped 36' and 1/2" while Bill Komperda jumped 35' and 4.5" taking third and fourth places, respectively.

In the two mile run Jeff Mattes, Gary Mattes, and Ken Struck came in first, second, and fourth with times of 9:56.6, 9:57.8, and 10:09.3. Mike Babcock ran 5.68, coming in second, and Jay Teichmann came in third with a time of 5.8 in the 50 yard dash. Jay also showed his skill in the 220 by coming in fourth with a time of 25.4 just after Tim O'Hagen, who came in second with a time of 24.26. Pat Donahue ran first place in both the 880 and the mile run. His times were 2:04 in the 880 and 4:30 in the mile run. Bob Kirby came in right after Pat in the 880, taking second place with a time of 2:09. Other runners in the mile run were Bill Feid, second with a time of 4:32.5, and John Gagliardi, fourth with a time of 4:45.6. Dave Cwik and Tom Tomasik placed first and third with times of 53.5 and 54.3 in the 440. Maine East also placed first in the four lap relay and the mile relay with times of 1:16.6 and 3:39.3.

Final sophomore scores were Maine East 91, Riverside-Brookfield 22, and Niles West 30. Bill Joern was the high scorer for Maine East.

Final freshman scores were Maine East 63, Riverside-Brookfield 61, and Niles West 16. Upcoming track events for all levels are Jan. 27 against Glenbrook South and Maine North and on Feb. 3 against Hoffman Estates.

When your car is stopped on an incline, "hold" it steady with the brake, not with the accelerator. Using the accelerator in this fashion causes needless engine wear and wastes gasoline!

## Notre Dame varsity basketball

Back row: Head Coach Ralph Hinger, Mgr. Tim Schaefer, Sam Gabuzzi, Ron Bielski, Joe McEnerney, Bennie McCarthy, Bill Reilly, Tom Hlava, Ed Eshoo, Bill McGrath, Mgr. Dennis O'Donovan, Jeff Patton, Mike Lepold, Captain, Mgr. Pete Finan.

## Edington leads Oakton track team

Larry Edington won four individual events to lead the Oakton Raiders in the first Oakton Open Indoor Track Meet of 1977. Edington won the 60 Yard high hurdles tying the school record held by All-State Runner Dave Braun, the high jump, and the pole vault. Edington also tied for first in the 60 yard dash with Oakton freshman Dave Greenberg. Both runners tied the school record held by Tom Matayka.

Other high placers for Oakton were Mike Hanrahan who placed second in the Pole Vault, Tom Riley who ran second in the Mile Run, and Norm Gonzales who ran fourth in the low hurdles.

This was OCC's first home meet of 1977, and the team did very well. Coach Savage is looking forward to a winning season again.

## On Dean's List

James J. Baum, 7528 Emerson, Morton Grove, has been named to the Dean's Honor List for the fall quarter at Augustana College, Rock Island. The list covers students whose grade point average is in the A range, from 3.50 to 4.00.

## Niles West varsity bowlers

The Niles West High School varsity bowlers knew all along that Niles East and Maine East would be their toughest opponents. It was confirmed recently, when the two took over the top two spots in the conference, pushing the up-to-then first place Niles West Indians to 3rd. That leaves Niles North in 4th, St. Benedict 5th and Glenbrook North in 6th place.

After the first half of the season, the Indian team was in first place and doing "great", according to coach Lucile Swift. They beat Maine East 4-1, and four other teams, to win 1st place, losing only to Niles East. Coach Swift praised her team's consistency during that time and credited their "togetherness" with part of the reason for their success.

## But then things changed. The Falcons Junior Football

The Falcons Jr. Football Association elected their 1977 slate of officers at the annual banquet in December. The new officers elected were: Mr. Ron Biede, President; Mr. Dick Kozlowski, Vice President; Mr. Al Rogge-man, Treasurer; and Mrs. Gert Schoose, Secretary.

The association expressed their sincere thanks to the outgoing officials, Mr. and Mrs. Bill White and Mr. Harvey Berliner for all the hard work and time spent in making the 1976 season the most successful in the clubs' eight year history.

## The new officers met on January 17th to set up the 1977 schedule and appoint this years program directors.

Phil Bierman and Eric Nell-essen helped to lead the team to victory by scoring their high scores for the season. Bierman did an excellent job, scoring a high 6.5 in tumbling. Corky Muskin scored 6.4 on still rings and Nellessen scored a 4.9 on pommel horse and a 3.8 on parallel bars. Dave Graff also did an excellent job on trampoline, scoring a 5.4.

Indians lost a close match by only 4 pins. And another by 26 pins. "The bottom seemed to drop out," lamented Swift. This time, when they met the Maine East team, the Demon bowlers turned the tables and beat the Indian team 4-1.

But the final reckoning will not come until the end of the season when Niles West meets arch rival Niles East in the Indians' last match.

Bowling varsity for Niles West this year are seniors Jan Abrams, Kim Hren, Linda Burns and Cheryl Selin, juniors Lauren Hirsch, Sharon Serota, Lori Spector and Maureen Kite, and freshman Ellen Murphy.

There are still some openings in the Niles Park District's Pre-school Program. This 15 week program is open to children who are 3 years old or older by April 1, 1977, and who are toilet trained.

To register, just bring the child's Birth Certificate to the Park District Office weekdays between 9 and 5 p.m., or on Saturdays from 9 a.m. until 12 noon.

All classes begin the week of Jan. 31, so register now. For further information, call the Niles Park District at 967-6633.

## Park Ridge woman swindled in con game

A 56 year old Park Ridge housewife was bilked last week of \$3,970 which she had put up as "faith money" to two con artists in a phony "pigeon drop" scheme in the south mall at Golf Mill Shopping Center.

The victim told police she was approached Friday afternoon by a woman around 39. As they were talking a second female, approximately 30 years old, approached asking for advice on a packet of money containing large bills she had found in the mall.

The second female said she would contact her boss for advice, a CPA reportedly located on the 5th floor of the Golf Mill

Professional Building. She returned to say her boss advised her the money was for real and that the three should share it.

The victim told police she and the first woman agreed to each put up "faith" money. Each left to obtain money, the second suspect accompanying the victim to her home where she picked up two bank books in order to withdraw the \$3,970 from the banks.

The three met again in a department store at Golf Mill and showed their faith monies. The second woman revisited her employer, returning to inform the victim that the boss wanted to see

her, that she would hold the victim's money.

When the victim reached the fifth floor office it was closed. When she returned to the department store, both women had fled with her money.

One of the women was described as 5 ft. 6 in., weighing 120 lbs., slender, with black curly hair, dark complexioned and wearing glasses.

The second woman also wore glasses, was 5 ft. 6 in., weighing 135 lbs., medium build with black hair and a coffee complexion.

Niles police said the "pigeon drop" is the predominant swindle used to fleece people out of their money.

## Nortran opposes discontinuing of commuter train by Milwaukee Road

NORTRAN (North Suburban Mass Transit District) said that it opposed discontinuing a new, morning "reverse" commuter train operated by the Milwaukee rd. from Chicago to Morton Grove and Deerfield.

Joseph DiJohn, executive director and general manager of NORTRAN, said that he has asked RTA (Regional Transportation Authority) to urge the railroad to continue the train, #2103, for several more months "and publicize it heavily so that potential users may find out about it, try it, and ultimately become regular users."

DiJohn's request to RTA was sparked by the Milwaukee Road's notification to NORTRAN that it intended to seek to drop Train #2103 because of low ridership. The train has been operating only since Oct. 31, 1976.

DiJohn said that there "is certainly a need for a morning reverse commuter train to permit workers in Chicago to get to their jobs in Morton Grove and Deer-

field. Whether that need is great enough to generate sufficient riders to justify Train #2103 can only be determined after a reasonable period of operation and heavy publicity."

Train #2103 leaves Union Station at 7:17 a.m. and makes two stops in Chicago, at Western ave. and Healey, and two suburban stops - Morton Grove at 7:38 a.m. and Deerfield at 7:50 a.m. The train then returns to Chicago as a regular, Milwaukee rd., Chicago-bound commuter train.

Leonard Eisenberg, NORTRAN trustee from Glenview, said he feels there is every reason to operate #2103 for several more months, "especially since the train must be moved North in the early morning anyway so that it can make its regular commuter run into Chicago. Running this train as a reverse commuter involves little more than four extra stops and the slight additional costs which these stops generate."

## Mikva opposes IRS tuition tax proposal

Congressman Abner J. Mikva today strongly opposed an Internal Revenue Service proposal that would require employees of educational institutions to treat as taxable income scholarships given to any members of their family under a tuition remission program.

In testimony at the IRS public hearing, Mikva said that the IRS proposal "is in clear violation of statute, the intent of Congress and the long standing practice of the IRS."

It is estimated that about 27,000 students at private colleges and universities are studying under tuition remission programs.

Mikva, who is a member of the House Ways and Means tax writing committee, said that it is inappropriate for the IRS to focus on private universities as the object of its first attempt to tax certain benefits as compensation.

"The proposed IRS regulation seizes on one small piece of the 'benefits in kind' problem and thus aims the axe exclusively at the private liberal arts colleges," Mikva said. "With these institutions already in the financial

ropes, the IRS ends up in the role of the bully."

Mikva said that many university employees apparently took positions in private institutions, sometimes at great financial sacrifice, because they knew that their children would be assured of a college education.

"Without the tuition remission program, current faculty and staff may be forced to drift away to the better salaried positions in private industry or to tax-supported public institutions with an added cost to the public," Mikva said. "The burden will be shifted to the detriment of all concerned."

Recently the Treasury Department abandoned plans to tax certain employee benefits such as free airline passes to airline employees and Mikva noted that those actions underscored the inconsistency and unfairness of the proposed regulations to tax tuition remission programs.

## Dempster Plaza Bank employees lauded for Senior Citizen shows

Laughter rang throughout Golf Mill Nursing Home as over 100 patients applauded the performance of Dean Weiss who right before their eyes transformed himself into a hilarious clown. As Dorothy Schuessler, Social Director, said, "There isn't a lot for these people to smile about so this is really a wonderful treat."

Celia Hansen and Nancy Koutoupis were hostesses for the

Bank and helped serve two beautiful cakes which the Bank brought over along with an unbreakable comb for each patient & ten decks of cards for use of the patients.

Also to attest to this program is a letter received from St. Benedict's where Mr. Weiss also performed.

Dear Miss Hansen:  
I wish to express the appreciation of everyone at St. Benedict's for the splendid program presented here by Mr. Dean Weiss on January 4. The Residents enjoyed

Mr. Weiss's clown act more than almost any other program of the Christmas season.

In addition, it was presented at just the right time: the doldrums after the Christmas festivities, with the weather too severe for the people to go out socially, or to have many guests at the Home. I hope that you will express to Mr. Weiss and to everyone who

had anything to do with the program our deep gratitude for the treat! Laughter is the best gift that anyone can bestow on our Residents!

Sincerely yours,

## Furnace Fire Safety Tips

The Niles Fire Prevention Bureau advises that during the record breaking temperature these past weeks, furnace systems in buildings are being worked to their maximum capacities.

Furnace filters should be replaced according to manufacturers directions, in most instances this is on a monthly basis during the winter heating season.

Fan belts on hot air furnaces should be checked for fraying or cracking or if the belt is loose. Motors should be oiled as directed by the manufacturer and checked, if the motor is making noise, that could mean bearings were worn.

Furnace humidifier motors should also be checked on a regular basis. Keep all combustibles away from furnace area and from hot water tank so there is less chance of having flammable material start on fire.

During the spring, furnace chimneys should be checked for necessary repair work.

## OCC spring artists' workshop

Chicago actress and comedian Jan Bina is leading a five-week module on improvisational theater in the Artists' Workshop series at Oakton Community College from Jan. 20-Feb. 15.

The Artists' Workshop program presents three modules each semester, taught by practicing Chicago-area artists, musicians, and actors who discuss their own experiences and then offer students the opportunity to participate in the artistic process, according to coordinator Richard Storing, associate professor of humanities at Oakton.

Ms. Bina, who recently left Chicago's Second City Theater Company to begin a career in comedy, will introduce Oakton participants to the principles of improvisational theater. After her presentation, students will themselves act out ideas and situations which provide appropriate material for dramatic or comedic expression.

From Feb. 24-March 24, singer/composer Tony Zito will lead a workshop, teaching students to recognize the various types of popular music, from blues and jazz to show tunes and rock.

Carol Yasko, a member of the Chicago Mural Group, will lead the third workshop from April 12-May 5. As an artist who guides neighborhood residents in planning and painting murals on buildings throughout the city,

Ms. Yasko will discuss the history and purposes of the mural movement. In addition, she and class members will collaborate in painting an indoor mural in an Oakton classroom.

Artists' Workshop sessions meet every Tuesday and Thursday morning from 11 a.m.-12:15 p.m. in Building 3, Room 308, on the Oakton Interim Campus, Oakton and Nagle, Morton Grove. Community members, as well as students, are invited to attend free of charge.

For further information, call Richard Storing at 967-5120, ext. 384.

All films begin at 8:15 p.m. in Building 6 on the Oakton Interim Campus, Oakton and Nagle, Morton Grove. A 50 cents donation is requested of OCC and MONACEP students; \$1 from others. A season pass, providing admission to all 13 evenings of film entertainment, is available for \$5.

## Chicago Sportsmen's and Vacation show

The 38th annual Chicago Sportsmen's and Vacation Show coming into the International Amphitheatre Friday evening, Feb. 18; thru Sunday night, Feb. 27.

An authority for the statement is none other than John Bromfield, Mr. Sportsman himself, who will be here for Golden Eagle Productions, directors of the world's largest sports show, for the 18th consecutive year as master of ceremonies for the colorful parade of Outdoors Champions stage and water presentation in the center arena.

"To clear up any confusion regarding the Amphitheatre," Bromfield said, "we will have all of the facilities we've had in the past, both upstairs and downstairs, to house the various sections of the exposition. It's only the adjoining Stockyards Inn being razed, not any part of the Amphitheatre."

Already signed for the twice-daily stage and water show are casting queen Ann Strobel, archery star Ann Clark, Bill Fontana and his burling dog, Dalton Peck and other top Canadians in log-rolling and other lumberjack events, plus snappy novelty acts. The entire show is designed for the whole family, one reason the period of the expo has been designated by the City of Chicago as Sportsmen's Show Time.

Opening night hours will be 6 to 11 p.m., Saturdays and Sundays noon to 11 p.m. and weekdays after the opener 1 to 11 p.m.

The new Community Symphonic Band of Maine and Niles Townships welcomes local musicians who are interested in practicing and performing all types of music, according to O.D. Premo, band director.

Sponsored by MONACEP, the adult and continuing education program of Oakton Community College, the Community Symphonic Band began last fall with 22 members, but still has room

for more, especially those playing lower brass and lower woodwind instruments, Premo said.

He emphasized that the band also welcomes those who would like to return to playing their instruments after some time away from the world of music.

Jan. 24. Late registration will be accepted.

## Area residents in Jan. 30 dance recital

Some 40 Northwest side residents will take part in a city-wide recital of ballroom dances and theatrical production numbers from 1 to 5 p.m. on Sunday, Jan. 30 at the Ambassador West Hotel, 1300 N. State Pkwy.

The dancers, students of the Niles Fred Astaire Dance Studio, 7403 N. Milwaukee, will perform at least one routine in categories from disco to waltz.

A team of professional judges, one from New York and one from California, will provide the students with a taped critique and a grade. Awards will be presented to the top scoring male and female dancers from among the 200 Fred Astaire students expected to participate.

Judged on appearance as well as execution, the students traditionally dress in elaborate home- or dressmaker-sewn costumes, some costing several hundreds of dollars, according to Robert Garvey, studio manager. Tuxedos or tails are required for the men.

"Even though the students are basically competing against themselves for a grade, they usually put 15 to 30 hours practice into each routine," he adds.

The recital, which is open to the public, will be followed by dinner, general dancing and a 9 p.m. professional show performed by the Fred Astaire teachers. Tickets for the recital are \$10.

## New Youth Committee Service

The Maine Township Committee on Youth will provide Community-based rehabilitation services to delinquent youths thru a new contract with the Illinois Dept. of Corrections, youth coordinator Robert Zapata announced today.

Zapata said the department's Unified Delinquency Interaction Service is designed to work with delinquents in the setting of their own community, rather than confining them to more expensive, and often less effective, state institutions.

Under the contract, youths found delinquent by the court will be referred to the township

committee on youth and linked with a staff member who will provide counseling and frequent personal contact. Zapata said these services are now being provided as part of the larger police and court referral system now operated by the township.

The committee on youth is currently providing these special services to about 15 youths and hopes to expand their capacity to serve 50 or more thru a volunteer advocate program, Zapata added.

Volunteers and persons wishing more information about the program may call the Maine Township Committee on Youth at 296-6644.

## Sheriff's Police apprehend gas station robbers

Quick action by a victim and the Cook County Sheriff's Police resulted in the immediate arrest of two men and a woman early Wednesday morning, Jan. 19, after the armed robbery of a service station at 9618 N. Milwaukee ave., Maine Township. Sheriff Richard J. Elrod reported.

Sheriff's Police said one offender, Keith Hoeck 20, 580 Mark Lane, Wheeling, entered the service station at 5:25 a.m. Wednesday (Jan. 19) and ordered the lone employee, William Block, about 25, at gunpoint to give him his money.

Block offered no resistance, gave Hoeck \$25 to \$30 and was ordered to lie down in the station's back room. Hoeck made his escape in a waiting car parked down the street.

Block notified the Sheriff's Police Communications Center immediately and a message was

dispatched to patrolling squads. Sheriff's Police Officer Michael Gaydos stopped the car about a quarter mile north of the station at Milwaukee and Deerlove.

Sheriff's Police said the offenders, Hoeck; George Bennefield, 18; and Jodi Saloga, 17, also of 580 Mark Lane, Wheeling, were arrested by Officer Gaydos who was assisted by Lt. Raymond Olson and Officers Raymond Schniepp, Ellen Block and Elliot Cohen.

Sheriff's Police said the offenders did not resist arrest but tossed the weapon and a ski mask, which was not used in the robbery, out the car window, but police recovered the items.

The three were each charged with armed robbery and were scheduled to appear Feb. 8 in Niles Circuit Court. They were to appear for bond hearing later Wednesday in the Niles Court.

## License hearings...

directly involved was not present due to another over-long Chicago court commitment.

Andrade reportedly remained in another room on advice of his attorneys and was not present at the hearing.

Paraphernalia Shoppe owner Nizynski was present but did not testify during the Jan. 24 hearing on his business license. Two MEG agents basically involved in the Dec. 29 arrest gave testimony to alleged drug sales.

Each license revocation hearing concluded with determination at a future date following review of all evidence as presented.

Hearing Officer Gerald Murphy, recently appointed to Niles Village Prosecutor noted "if the findings of the hearing(s) tend to violate the (village) ordinance, the business license of the owner will be revoked."

Mayor Nicholas Blase Tuesday said no decision will be forthcoming at the present in either case. According to Blase the Paraphernalia Shoppe owner has officially committed himself to moving outside the village, in which event "no likely action will be taken."

"Indications are that the owner of Niles Drugs will also be moving out in 30 to 60 days," said Blase. If a letter to that effect is not forthcoming stated Blase, another license hearing will be held to admit testimony by the undercover agent making the alleged drug purchase who was not

present at the initial hearing. A decision by the village following the second hearing will be made promised Blase.

## Teen jobs...

Cont'd from Niles-E.Maine P.1

Ordinarily an employer calls and describes the job requirements. Personnel goes through their files and find potentially qualified teens. The teens negotiate hours, transportation and the pay with the employer.

The Niles community has been relying more and more on Rent A Kid to meet their specific needs. Response has been very positive and assuring that the job program does supply a need to the village and outlying areas.

Application forms are available for teen employment. Any Teen-ager 14 or over can register for work. These application forms can be picked up by teens at 7601 Milwaukee Ave., or mailed out upon request. Homeowners and businesses can call or mail in their job specifications to: Carol Chaconas, Youth Coordinator, 7601 N. Milwaukee Ave., 967-6100, ext. 51.

## Daniel T. Dericks

Marine Private Daniel T. Dericks, son of Mr. and Mrs. Robert Dericks of 5925 W. Carol, Morton Grove, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

## NORCOM...

Cont'd from Niles-E.Maine P.1

stration of a 2-way portable radio unit held by a policeman which transmitted from within the court chambers to a patrol unit at Oakton and Oriole ave.

In other business trustees heard an annual Northwest Municipal Conference (NWMC) report of activities by its Executive Director William Muhlenfeld. NWMC, a regional association of 20 Illinois municipalities in the northwest area, shares in regional ideas, projects and programs.

The Division of Consumer Fraud was directed to investigate, with subsequent report, "free gift" offers tagged to residents' doors. Innocent people are hooked into buying expensive products said Tr. Angelo Marcheschi who noted the existence of a prohibitive village ordinance.

Trustees approved, in accordance with state announcement, extension of vehicle sticker sales to Feb. 15, 1977.

Trustees approved the annual resolution required by the State Transportation Dept. for emergency repairs along state highways in the village.

Village Manager Ken Scheel noted the absence of 12 STOP signs, taken from street intersections over the weekend. Rather than risk traffic accidents Scheel asked collectors to telephone him at 967-6100 for STOP signs not in use.

suggestions, and improvements will necessarily be undertaken.

When his report was completed, Mr. Henrici said approval for the interior design was needed and moved to retain Brim and Braun Associates for this job. The cost was to be about \$22,500 or 9%, not to exceed \$25,000 and the board passed the motion. Henrici then said three million dollars worth of General Obligation Bonds would cost \$20.31 for each \$10,000 assessed value to a homeowner.

Mayor Herb Houndt announced the formation of a Family

Disaster Fund to be administered for Morton Grove residents by clergy in case of fire or other unforeseen disasters which may leave a family without necessary funds for food, housing, or clothing. This plan was formed by William Simkins, President of the Morton Grove Lions Club. This is to be a private fund and will be administered by the First National Bank of Morton Grove. Those individuals, organizations, etc. wishing to be a part of this may send contributions to the Morton Grove Disaster Fund, c/o The First National Bank of Morton Grove, 6201 Dempster, Morton Grove, Ill. 60053.

Mr. Henry Ages was present to tell the board that a study dealing with underground water retention was undertaken by the Village Engineer George Holt at the Vamstad subdivision. The survey showed the cost of an underground retention facility would be 16 times more than one on the surface. Mr. Ages said the developer was going to re-submit another request to the Plan Commission including this new survey and asked the board convey to the Plan Commission their feelings on the matter. Mayor Houndt said they could not do this at present and would have a decision on the matter at a next meeting. Engineer George Holt said, "Underground retention at its best is sub-standard and we will not put up with it. That's why we recommend they go with surface retention."

Captain Larry Schey of the Police Dept. reported that on Friday the C.B. Citizens Patrol will become a reality.

Engineer Holt said that there were two bid openings last Friday. The first was for the maintenance of traffic and street lights. He recommended accepting the low bid of the Hecker Electric Co. for \$15,672. Next Mr. Holt recommended the Allied Chemical Co. who bid \$6,545 for patching material. Both recommendations were followed by the board.

Atty. Gabe Berrafato said at the last Plan Commission hearing it was decided to hold another session to hear testimony concerning the variance sought for the proposed Police and Administration Complex.

Ed Brice said due to the recent bad weather, many broken water mains and service lines have had to be repaired. If there are still problems in some homes, he advises keeping the water running for a while.

Juanita Goldberg said she felt it would be proper to draft a plaque of appreciation to John Slater for his hard work as chairman of the Beautification Committee and the board agreed.

Nick Marino will head up the committee dealing with our Public Works Dept. according to Mayor Houndt and he made this report. Mr. Marino said there is a shortage of rock salt due to the continuing bad weather. "So far," said Mr. Marino, "Morton Grove has enough salt, but if the severe weather continues, we may be facing a shortage."

Mr. Thomas Weichmann of 8921 Birch, Morton Grove, appeared with several friends and relatives regarding tickets they have received for parking their vans with Recreational Vehicle licenses in front of their homes. He said he feels this is not fair to drivers of these vans. Mayor Houndt admitted that we should take another look at our ordinance and suggested that Trustee Marino take it up at the next meeting of the Street and Sidewalk Committee.

He emphasized that he hoped that this issue would be a one-time occurrence, giving the College sufficient working capital to avoid a similar action in the foreseeable future.

Loska stated that he believed this method was a significant improvement over using tax anticipation warrants, which would have cost the district more and would only solve the problem temporarily. In addition he pointed out that issuing bonded indebtedness in higher amounts for Phase II and contingent capital construction had also been considered, but was felt to be unwise in view of the unresolved issue of the boundaries of the district.

Oakton has managed a balanced budget every year since it began operations as a college in 1970, despite mounting financial pressures from enrollment growth, inflation, and reduction of state aid.
