Mardi Gras will be theme at OCC career fair

Tuesday, Feb. 22 is Mardi Gras for tourists and residents of New Orleans—and also for visitors to the Oakton Community College Career Fair.

In keeping with the traditional Mardi Gras festivities, Oakton's Hotel/Motel Management program will create a complete cafe, featuring live music, champagne fountains, and costumed waiters and waitresses. In addition,

clowns and other gaily costumed figures will meet Career Fair guests who stroll down an authentic New Orleans street, actually in the hall to Oakton's Room 629.

Other aspects of the Hotel/Motel Mardi Gras and open house include a more traditional display of hotel and dining operations, featuring a bedroom display, a formal dining

room setting, and a complete front desk registration where guests will actually sign in—for chances on door prizes, rather than overnight accommodations.

The Career Fair exhibit by Hotel/Motel Management students is twofold, according to Eugene Bertog, program coordinator. First, the activities will attract more students to the program, but, just as important,

they are designed to acquaint top hotel executives in Chicago and the suburbs with the Oakton program and students.

Currently in its third year, Oakton's Hotel/Motel program is one of the most popular vocational curricula and enrolls employees from most of the major hotel chains in the Chicago area, who are sent by their employers for further, specialized training.

Bertog said.

Oakton's Career Fair will be held from 6:30-9:30 p.m. in Buildings 5 and 6 on the OCC Interim Campus, Oakton and Nagle, Morton Grove. Designed for high school juniors and seniors, as well as adults contemplating a return to school or a career change, the Career Fair will feature Oakton's 27 vocational programs.

Win State Team Championship
with total of 170.9 points

Maine East girls are gymnastics champs

The Maine East Girls' Gymnastics Team has been Number One all season, and now they've finally won the big one — the State Team Championship. The girls have been working hard towards this goal all year, and all their long hours of work out paid off. Coach Betty Axelson knew they had the potential to be State Champions, and all the girls came through when it counted to total up an unbeatable score of 170.9

points for the Number One team. Leading the Demon machine was Sr. Captain Donna Mancini, who placed 4th Number One team, in the All-Around with a total of 31.9 at the end of Preliminary competition. Sr. Co-Captain Ellen Barret was the star of the vaulting competition as she performed her Tsukahara vault to win this event with a 9.2.

The death of Charlie Bacher this past week reminds us of an important link in Niles' history of which many newcomers may not be aware.

Niles Fire Chief Al Hoelbl, who is Charlie's stepson, gave us a mini-history of the Bacher-Hoelbl families which were early Niles pioneers.

Charlie grew up in the Halsted-Willow neighborhood on Chicago's near-northside. His father was in the coal and wood business, having horses which hauled this cargo about the city. He eventually rented the horses to the City of Chicago, which used the horses for hauling garbage wagons back in the second decade of the 1900's.

The early deaths of Charlie's parents resulted in three teen-age boys moving in with their friends and neighbors, the Hoelbls.

When Niles' present chief was a baby he was a sickly child, necessitating the family move to "the country", which in those days was Touhy and Milwaukee Avenues. In 1933 the family moved into the present home of Eddie Bacher, Niles Public Works head. Ed went to work for the village earning 50 cents an hour and Charlie became a truck driver. In 1934 or '35 they became volunteers in Niles' all-volunteer fire department and in '48 Charlie and Charley Pickup became Niles' first regular firemen. The first fire chief, George Pasek, was still a volunteer. While Charlie moved across the street into the first fire station (now the Third District Courthouse), Eddie went to work at the Niles Public School, behind his home.

Charlie was drafted into the Army prior to World War II, being released just before Pearl Harbor. He returned after Dec. 7. During 1941 he married Al Hoelbl's mother, before returning to the Army for a 4½ year tour of duty which took him to Guadalcanal, New Guinea and other Pacific ports of call, as a first sergeant in the amphibious engineers.

In 1951 Charlie suggested Niles' present Chief Al Hoelbl take the test in Park Ridge for its fire department. Charlie asked Al to do it as a favor since friends on the Park Ridge

Niles Township Board ok's suit against Black

Shocked and angered by the unauthorized actions last week of Clerk Louis Black, Niles Township Supervisor Charles N. Anderson sought action from the Township Board Monday night.

The board authorized Anderson to move immediately to institute legal proceedings against Black for official misconduct in office.

Anderson requested direction from the board in the Black matter under provisions of Chapter 139 section 33.3 and other sections of the Illinois State Statutes.

"Both the board and I have patiently endured Black's odd behavior because there existed the possibility he would steady down and perform the functions of his office. After all, Black was originally elected to office as part of our administration and we felt patience was in order, especially in view of the injuries he suffered in a serious automobile accident," Anderson commented.

"The time has come when the board can no longer overlook and tolerate Black's activities.

"It is with regret and great reluctance that we must ask for the removal and disciplining of Clerk Black in order to protect the integrity of the electoral process," Anderson concluded.

Free blood pressure tests

NILES ALL AMERICAN SENIORS CLUB

Our Valentine Party, the highlighted affair of our Club month, was celebrated on Feb. 10. The turnout was simply astonishing — over 100 were in attendance which shows that no inclement weather can keep our members away from a party such as this one.

Being our Valentine Party, everyone brought in a signed card. And, at the door received a numbered Valentine heart, whereupon he or she were to find the corresponding number, and that person was their luncheon partner. Excitement prevailed as the hunt was on to find that matching number and the exchange of valentines. It was quite a scramble but good fun!

The ladies contributed their favorite specialties — luscious cakes, jello molds, homemade salads — chicken, tuna — baked ham, corned beef, etc. Topped with all the coffee one could drink — a luxury these days.

Everyone enjoyed the luncheon, and in addition to the card all received an appropriate favor filled with Valentine candies presented by the Committee.

Special thanks were extended to all those who made the party the success it was.

Stephanie and Casey Pochelski spent several wonderful but cool weeks down in Florida the early part of last month relaxing and enjoying the sights.

Several of our members have been ill or hospitalized these past few weeks — Joe Sarno, Svea Lutgen, Bill Meyers, Hazel Wekony and Charlotte Prashch. We look forward to all of you being back with us shortly.

Hinger to receive NDHS alumni award

Ralph J. Hinger, teacher and head basketball coach at Notre Dame High School, has been named the first recipient of the NDHS Alumni Association's "Distinguished Service Award". This award is to be given each year to the individual who has distinguished himself by his loyalty and dedication to Notre Dame High as well as by outstanding representation of the school's tradition of leadership, responsibility, and pride. Hinger was chosen by the Alumni Board of Directors who represent 6,000 alumni. The vote was unanimous.

Ralph Hinger

Hinger is in his fourteenth year on the faculty. He came in 1963 from St. Ignace High School in Chicago where he had coached for eight years. A 1945 graduate of St. Philip High School in Chicago, he entered the University of Notre Dame that fall on a basketball scholarship. His three-year bas-

ketball career at UND was interrupted by one year's service in the U.S. Army. He received his A.B. in 1950 and began his coaching career at St. Vincent de Paul High School in Mt. Vernon, Ohio. His record here at NDHS at the end of last season was 209 wins and 107 losses. His overall record at that time was 368 wins

and 188 losses.

His name will be placed on a plaque which will be displayed in the school foyer. The award will be presented to Hinger at the half time of the Notre Dame Homecoming game against Carmel of Mundelein on Feb. 18. The varsity game will begin at 8 p.m. Past basketball team captains and most valuable players will also be honored at that time. Typical of the players' high regard for Hinger are the remarks of Craig Chernick, All Conference in 1966, writing from Denver, Colorado: "If you could make a special acknowledgement of Mr. Hinger and his basketball program as making a tremendous influence in my life and success, I would surely appreciate it." After the Homecoming game, there will be a party in the cafeteria for all alumni, wives, faculty, parents, and friends.

Niles Hockey Association

NILES SHARKS BANTAM "AA"
The Niles Sharks, sponsored by Golf Mill State Bank, had four good games this past week. They started out by playing Glenview. The first period Niles scored with a shot from the point by Jim Sliwa. Two minutes later Glenview scored with an unassisted goal to tie the game. Niles came back with fifty-six seconds in the period and scored their second goal by Mike Evans assisted by Jim Sliwa. The second and third periods were scoreless. Both teams played a great defensive game. Final score Niles 2 - Glenview 1.

Deerfield was their next game. The first period was scoreless, with both teams fighting hard to score. The second period was almost over when Jim Sliwa got the first goal for Niles to give them the lead. The third period Niles really turned it on and scored three more goals. Deerfield broke Brett Wilson's chance for a shutout by scoring their only goal with twenty-two seconds left in the game. Goals for Niles were by Vince Guzaldo, Mike Miller and Bill Connor. Assists were by Bill Connor, Dave Thimm and Vince Guzaldo. Final score Niles 4 - Deerfield 1.

Thursday night Niles went to Park Ridge to take on the Park Ridge Hornets. The whole game was a great defensive game, both teams skated hard and fast. Park Ridge scored first in the first period and Niles came back with a goal by Frank Tubikanec assisted by Jim Sliwa. The second period Niles scored two more goals and Park Ridge one to give Niles the lead 3-2. It looked like Niles was going to win the game, but with 30 seconds left in the game Park Ridge got a goal to end the game in a tie, 3-3. Other goals for Niles were scored by Bill Connor assisted by Vince Guzaldo and Steve Gratz unassisted.

The fourth and final game was against Northbrook. The first and second periods had all the scoring. Northbrook scored first, but they weren't alone for long. Niles came back with a goal by Dave Thimm assisted by Jim Sliwa and Bill Connor. The second period Jim Sliwa and Dan Corona scored with unassisted goals. Northbrook scored once. The third period was scoreless. With two minutes left in the game, Northbrook pulled their

goalie to try and tie the game, but couldn't get by the Sharks to score.

Niles Sharks bite hard

In recent hockey action, the Niles Sharks Mite "AA" hockey team, sponsored by Roberts Advertising, played hard and gave their opponents shark bites. Out shooting and out skating their arch rivals Park Ridge, the Sharks fell short and lost in the last period when Park Ridge scored in a power play to beat Niles 2-1. David Englund scored for Niles assisted by Salemi and Derlis. Bill Heintzelman played brilliant in the nets. Against Northbrook the Sharks again out shot their opponents 21-17 but lost the game 3-2. Another great game in the nets for Heintzelman and the defensemen George Chaconas, John Greenland and Nick Salemi. Salemi scored both the Niles goals, assisted by Anthony Lo-verde.

At Wilmette, the Niles Mites ran into a stone wall firing 27 shots at Wilmette's goalie and had to be satisfied with a 2-2 tie. Goals scored by Loverde and Salemi, with assists from Chaconas and Greenland. In a game against Glenview, the Sharks played good hockey, outskating the other team and out shooting them 57-16, beating Glenview 7-1. Winnetka was beaten 4-0 and the Hoffman Estates Flyers lost to us 4-0. Nick Chaconas played in the nets and received credit for the two shutouts. Goals scored in the Glenview game were by: David Englund (3), Salemi, Loverde, Gaines and Greenland. In the Winnetka game goals were scored by: Dini, Englund, Salemi and Loverde. Hoffman Estates goals were credited to George Chaconas, Salemi, Calkins and Englund.

Nilehi girls' basketball

When the girls' basketball teams of Niles East and West meet each other this Saturday night (Feb. 19), they'll have more than the impending game on their minds. It's Parents' Night for both teams, and before the game begins, the parents of the players will be introduced and gifted with momentos of the evening, announced Niles West coach Arlene Mulder. And to round out the festivities, the Niles West Booster club will serve refreshments after the game.

But the usual township rivalry is sure to reappear, once the whistle blows to start the game. Even more so on this particular night, because each team will be playing its first conference game of the season - and hoping to win. The game between the two junior varsity teams is scheduled to begin at 6:30 p.m. and the two varsity teams will take the floor at 8 p.m. Mulder said that she hopes to see a lot of spectators, other than the players' parents, at this game. "It'll be a good opportunity for the public to see the great advancements in basketball which the girls in two of our township schools have made," she predicted.

Maine East cagers take Maine South 76-73

by Glenn Klein

The game wasn't to have started until 8 p.m. but they were turning cars away from the Maine South parking lot entrance at 7:45. By this time they could fit not one more soul into the jam-packed South gym. The Demon and Hawk loyalists had showed up in masses to watch their team battle it out for the top spot in the CSL South. This was the long awaited rematch between arch rivals Maine East and Maine South.

The over-flow crowd got just what they wanted. In East coach Paul McClelland's words, "A great high school basketball game." However, only half of the

fans went home happy; Maine East won 76-73.

In their first encounter at Maine East, the Demons won going away, 89-61. As the first half ended last Friday night it looked as if the same was on tap. Maine East was up by 13, 45-32, at the half. Now you may say that a thirteen point lead with a half to go is hardly insurmountable. This is normally true, but in this first half the Demons had built up the big lead despite being in terrible foul trouble. Maine South had shot 13 freethrows to Maine East's 10. Yet, East still had the thirteen point spread. With that in mind, things didn't look too bright for the Maine South cause. However, the officials continued to call it close. Although the foul situation started to even up, Maine East was forced to come out of the full-court pressure which they have lived by this year. If they hadn't come out of it, they would have risked fouling out most of the team. All in all, their lead had only been cut by three at the end of three, 61-51.

Maine East attempted two shots in the fourth quarter. One went in, a Dexter Brown jumper soon after the start of the period. The rest of East's points came via the freethrow line. South, in an attempt at coming back had to put on some pressure of their own, which resulted in a lot of fouls. Enough fouls in fact to have easily given the win to the Demons, if they would have cooperated by connecting on a decent percentage of their tries. But it was as if there was an invisible shield over the Maine East hoop. Dexter Brown, who had played near perfect basketball, missed five one and ones (four of them in the fourth quarter). The Demons as a team hit only 20 for 32 from the line. Maine South had cut it all the way down to one when sophomore Jeff Baker hit a jumper from the right corner with :30 left. With the score 74-73

East, Brown brought the ball into the frontcourt and put on a dribbling show that would have made Curly Neal proud. Dodging Hawk players he strolled it down to foul him, Dexter stalled it down to :07 before being fouled. He then went to the line and missed one of those freethrow attempts. South had a chance for the win, but as they brought the ball down Baker was whistled for an offensive foul. Maine East then brought the ball in and Russ Schmelzer fouled Paul Cohen. Cohen delivered both throws, and Maine East held on to the exclusive first place rights to the Central Suburban's South Division, 76-73.

Dex Brown was absolutely sensational for Maine East. He scored his season high 26, played great defense, helped out on the boards, and was his usual brilliant self in the assists department. Before fouling out with 1:32 to go, Scott Russ put down 20. Mark Manbeck had 19 for the Demons. Paul Cohen grabbed 15 rebounds, while doing another superb job on the Hawks' high scoring center, Russ Schmelzer who had 16 points (14 in the second half). The return of Ricky Smith turned out to not have the important role it was supposed to, as the injury prone guard hurt his arm and did not see any playing time in the second half after scoring 12 in the first half.

The Maine East sophomores won a one-point thriller 46-45. The crucial point came on a Jeff Debs pressure-packed freethrow with the capacity crowd, which had showed up early for the main attraction, on the edges of their seats. Debs got the chance for the freethrow because Maine South called a time-out when they didn't have one left. So the Hawks were awarded a bench technical foul. Maine East got the freethrow and the victory. Bob Webber continued his big point production with 25 for East. The JV, frosh A and B teams all lost to Maine

The Indiana Province lost two veteran missionary priests during 1976. Rev. William Monaghan died in Omaha, Neb., on May 26

after serving as a missionary from 1938-1968 and again from 1970-72 in Bangladesh, and Rev. Raymond Switalski died on Nov. 18 in South Bend, Ind. He had also served in Bangladesh from 1926 to 1953.

Facing life's changes

How do you face life's changes—the changes which time brings to us all? Our families grow up, our children begin to leave the nest, our job skills increase, but our energies may wane and our marriages may begin to experience subtle changes. We have more time for ourselves, and our lives can become a new beginning with renewed energy and excitement!

Some of us learn to swing with the change, but most of us have to develop new awareness to free our inner resources, and to create for ourselves new, fulfilling and satisfying experiences.

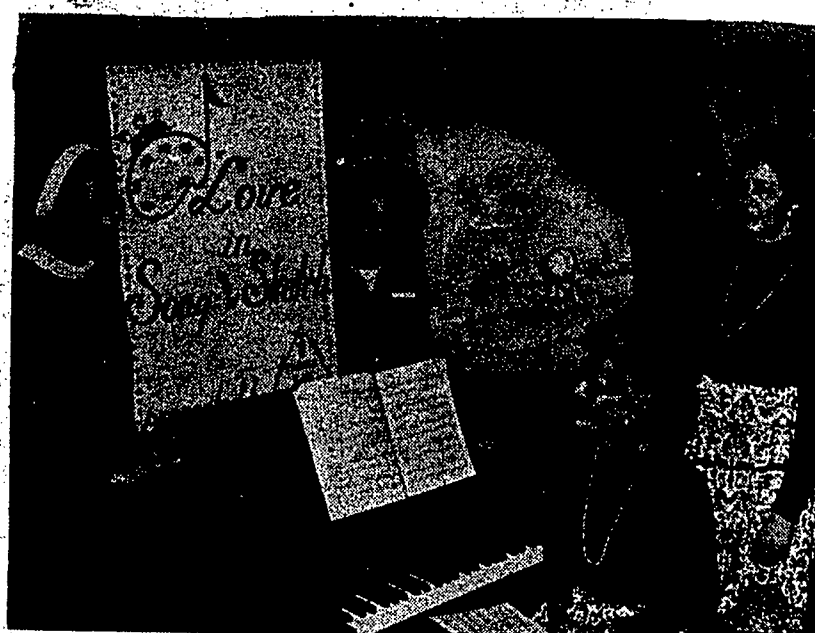

The Niles Community Church and the Niles Family Service have combined to present a six week group experience in how to attain stability and satisfaction in facing life's changes. The first session is scheduled at the Niles Community Church, 7401 Oakton st.,

Niles; Tuesday evening, Feb. 22 at 8 p.m. and will continue on Tuesday evenings thru March.

The sessions will be led by Paul I. Kliger, ACSW, and Kitty Slattery-Vandehey, ACSW. Mr. Kliger is a social worker with many years of experience in mental health education and is employed by the Illinois Department of Mental Health and Developmental Disabilities as a community consultant. Ms. Vandehey is also a social worker who has worked in a number of mental health settings and is now engaged in consultation and private practice. Both are graduates of the Gestalt Institute of Chicago.

The sessions are limited to 18 participants. Both married couples and single persons who are facing life's changes are invited to attend. Those interested should call Niles Family Service, 692-3396.

LETTERS to EDITOR

How much is MG municipal complex really costing residents?

Dear Editor:

In re: Morton Grove Village Community Complex

Let me be accused of being an obstructionist and before the entire matter becomes clouded by the quadrennial hysteria of our local political situation, I would like to make the following facts perfectly clear regarding the new police station and village administration building planned for Lincoln and Ferris ave.

I am totally in accord with the necessity for enlarged police facilities for this Village. I also agree that our present Village Hall lacks the seating and office capacity to adequately handle the ordinary requirements of village matters.

In view of the fact that we are being denied the dignity of a democratic referendum to decide the amount of money that should be spent on this structure and are therefore lacking the opportunity of free expression, I would like to further point out the following:

a) Trustee Ron Henrici publicly admitted after questioning at the Plan Commission meeting of Jan. 17 that the Village had been turned down in their request for \$4,600,000 of Federal money for this facility.

b) He further stated at this meeting that a bond issue of \$3,000,000 would be needed to finance this project (prior to the questioning, this amount had been set at \$2,500,000).

c) Admittedly, the request for \$4,600,000 from the Federal Government contained some "gold doorknob" items, and was of course beefed-up, but it

certainly must have been based on actual needs. This leads to the arithmetic that assuming that \$600,000 (a substantial amount - 13% of the request) was excess frills, there still exists a disparity of \$1,000,000 between the \$3,000,000 bond issue and a \$4,000,000 complex.

d) I think that every resident in this Village is entitled to know with reasonable certainty how much this complex is going to cost on their tax bills for the next 17 or 20 years. I do not feel that using a \$3,000,000 bond issue on a \$10,000 assessed valuation house is a fair way to arrive at this figure because I believe the final cost will be more and I also am certain that most homes in Morton Grove are assessed at more than \$10,000.

Flickinger's wife encourages his candidacy

Dear Editor:

As the wife of Dick Flickinger, Action Party candidate for Mayor of Morton Grove, I resent recent implications by his political opponents that I, and my family, would even consider placing his life in peril, by allowing him to enter a strenuous political campaign.

I am the one most aware of his well being, good health and dedication to our community. I feel that his running for public office or being elected to public office would be detrimental to his health, I would be the last person in the world to allow him to run because I have more to lose than anyone else in the world.

(the recently released Niles Township Quadrennial Reassessment figures bear this out and when the State equalization factor of 1.453 - used for '75 - is applied, it results in a \$15,000 house, not \$10,000). Maine will be reassessed next year!

I think there has been some obfuscation involved and that we are in desperate need of a public forum to examine actually how much this facility is going to cost the residents of the Village. There has been much movement in the public sector for truth in lending. I am now suggesting that we have some truth in spending.

Very truly yours,

Appreciative Oakton student

Dear Editor:

On Friday, Feb. 4, all the schools in the Chicago area were closed. Not only did I not listen to the radio, I didn't watch Action Seven's John Coleman warn, "It's going to be cold tomorrow!" So I came to Oakton Community College for my 8:30 a.m. class and found out after my ride home had left that there was no school. (Transportation to Park Ridge via the buses is far and few between even on nice days.) Mr. Jim Coursey, Chief of Security at OCC was kind enough to get the blue van running and take the few uninformed students home. Little things like that make me appreciate the community of Oakton.

Thanks,

As Dick's wife, one of my many roles is to make sure that his activities do not compromise his health. In my opinion, and in the judgment of his long time physician there is not a thing wrong in Dick devoting some of his considerable energy toward helping his community as he always has.

It is important for the people of Morton Grove to understand that he will with every ounce of his strength, dedication, mental, and physical capacity do his best for his friends - the people of Morton Grove.

Black should not hold any office

Dear Editor:

Now is the right time to congratulate Niles Township Supervisor Charles Anderson for exercising his statutory authority in authorizing and disbursing General Assistance funds in Niles Township.

Our local press has, I believe, let itself be used as a forum for misrepresentations by the present Republican-turned-Democrat town clerk, who now has a purely ministerial position in which he does not have any authority in administering assistance to the needy. The clerk is a non-voting member of the Board, and does not decide whom, when, or why to pay General Assistance, or any bills. If he is making those kind of decisions on his own, he is wrong and they are illegal.

Having the present town clerk in a position in which he proclaims himself to be a self-appointed watchdog of our money is akin to having a timber wolf playing "watchdog" of a chicken coop! The truth is that Clerk Black has blackened Niles Township and burdened the taxpayers with thousands of dollars in unnecessary litigation and legal fees.

Our substantial General Assistance expenditures on account of the Skokie Police strike were abrogated when the Police went back to work. Does Clerk Black mean for us to believe that he was responsible for the Skokie Police going back to work?

The people of this community should be aware that this dissident Democrat candidate has been an agitator and instigator for his own purposes, which have not served the needs of Niles Township, but which have cost the taxpayers dearly. His uncooperative attitude and his constant litigation activities were rejected by Republican voters nearly three years ago when he was trounced in the election for Republican Committeeman of Niles Township by the incumbent, Senator John Nimrod. Black received less than 700 votes.

Three years ago the Republican voters of Niles Township voted that Louis Black should not hold Republican party office. Now is the right time for all the voters of Niles Township to vote that Louis Black should not hold any office.

Yours very truly,
Michael David Rothman

The taxpayer pays and pays

Dear Editor:

Woe be unto the productive taxpayer. He pays, and pays, and pays to support the non-productive politician. The recent anticipated huge pay raise Congress will vote themselves is quite unique insofar as that their employers (the taxpayers) have no authority to advise or consent to this act.

I wonder why the Congressmen don't propose a strike prior to giving themselves a raise. Perhaps a congressional strike may awaken the taxpayer to the 'productive' congressman. If industry was managed like the government, there would be essentially no gross national product and in turn, no politician, because monies would not be available.

Morton Grove to join suburbs in water rate suit against Chicago

by Phyllis Wetsberg

Attorney Gabe Berrafato announced Monday night at the Village Board meeting that Morton Grove was asked to participate in a lawsuit against the city of Chicago who wants to raise water rates to the suburbs (for their own police protection and maintenance) which many suburbs are against. Mr. Berrafato pointed out that at least 36 of 72 suburbs must join in this lawsuit to make it work. Morton Grove would have to contribute a minimum of \$1,318.45 to a maximum of \$2,727.90.

Joe Sweeney of the Plan Commission presented several cases to the board of trustees. Among them was a request from Northwest Suburban Jewish Congregation for the addition of 440 square feet for a memorial alcove. They asked for an amendment to the existing Special Use, and the board unanimously granted the request.

Next was a request from Albert S. Jacob Homes of Northbrook,

Ill. for approval of preliminary plans for subdividing Fir Tree Farm on Beckwith and Lehigh which would have 29 lots on 9 acres and includes 28 homes and one lake. The subdivision would be known as Morton Woods and would be the site of luxurious homes covering 47,200 square feet of land. The Plan Commission voted 4 to 1 in favor of granting this request subject to certain requirements which they said should be considered by the Village Board. Then a minority report was given by Mr. Sweeney who voted against approval because he "doesn't think it advisable to allow a builder to build here when so many different variations are needed. They want to use a spring fed lake on the property for water retention," said Commissioner Sweeney. Al-an Goldberg, chairman of the Plan Commission who was not present during the voting said he now would vote no along with Mr. Sweeney for the same reasons. Alvin Lieberman, attorney for Jacobs Builders said the builder doesn't think that 17 variations are a great problem and that the reason for these variations is the unique layout of this property. He said the developer was willing to deed the lake to the village instead of the homeowners to look after the water flow. A presentation was then made by Mr. Koenen and engineer and vice president or Ciorba, Spiess and Gustafson. He said the drainage would not cause an adverse affect to the development. Then Alan Goldberg said the key to the whole matter was, "Shall the village assume responsibility for this open pond?" John Hilkin said this proposal shouldn't have come to the board in its present form and he for one can't and won't make any engineering changes. It was then brought to the attention of the trustees that the firm of Ciorba, Spiess and Gustafson also represents the village of Morton Grove and Mayor Houndt asked Atty. Ber-

rattato if that could pose a problem and the attorney said yes, in such a case as this. The builder then offered to have the village bring in another firm if they saw fit. Karl Oestreich then moved to reject the request for tentative approval. The board concurred and this will go back to the Plan Commission if the builder wishes.

The next case heard was that of Vamsted Builders who were represented by Henry Ages. He asked permission to make a presentation at the next Plan Commission hearing so that Shaf Builders could get started with their building before spring. John Hilkin who asked for a study to see if it would be feasible to put the water retention underground said he was satisfied with the report and moved to approve tentative plans for the subdivision. After much more discussion and disagreement, Mr. Ages said time was of the essence and agreed to put the water retention underground if necessary to satisfy the trustees. Then Ron Henrici said that he would move for tentative approval at once and with this John Hilkin withdrew his previous motion. The trustees then voted in favor of Mr. Henrici's motion and Mr. Ages said he would be back within two weeks for approval on his final plans.

Mark Peterson addressed the board on behalf of the Library Board to the question of changing carriers for the pension plan investment of the village and library employees. They said after much investigation they felt that Bankers Life Co. of Iowa would be better equipped to handle their needs. Ron Henrici said as long as a change was being considered, he felt the board should look into the Illinois Municipal Retirement Fund. After some further discussion Hilkin's motion to approve Bankers Life as the new carrier was passed.

Police Chief Glauner said the first arrest was made under the new vandalism ordinance. It concerned the arrest of three youths whose parents will be responsible for restitution of some \$1,800 in damages. Chief Glauner also announced our Crime Prevention program was under way and said 26 members of the CB-Mobile Patrol have received 84 hours of training.

Clerk Fred McClory said that he wished to have the board extend the deadline for vehicle tags (due to bad weather) until March 1 for this year only. The board agreed. Village elections will take place on April 19.

Park seeks medical insurance relief

by Alice M. Bobala

A proposed change in park policy to alleviate high cost of medical insurance premiums for employees was unanimously approved by Park District Commissioners Tuesday night.

Underwritten by the Consolidated Group Trust of Pennsylvania, the new policy will carry a premium rate of \$12,550 automatically renewed annually. Currently the Park District pays \$22,240 annually in premiums with a proposed rate increase scheduled for March 1.

The new medical insurance program carries a \$500 self-insurance park clause followed by 80% coverage for benefits, reflecting the \$10,000 saving in premiums to the park district according to Director Bill Hughes. More realistically the savings figure would be \$5,000 to \$7,000 Hughes said further, anticipating a possible \$3,000 to \$5,000 in future medical claims.

Coverage for employees remains the same, with a \$100 employee deductible and payment of 20% on non-hospital claims up to \$500.

Normally employing 25 to 30 full-time individuals the park district presently maintains 24 employees on its payroll.

Commissioners Tuesday night also approved by resolution a joint agreement among Park Districts to purchase supplies in group quantity for cost savings.

Inquiry of 24 park districts by letter resulted in formation of a 12 district North Shore Round Table Purchasing Committee to make joint purchases of park supplies. Comr. Jack Leske pointed out advantages of buying in quantity. If successful, Hughes said the pool-purchasing program will spread to cover bids on paper supplies, softball equipment and other park district needs.

The Committee encompasses 12 agreeable local park districts such as Skokie and Glenview with Arlington Heights as most distant.

Approved rescheduling of the April 19 park board meeting to Thursday, April 21 to fulfill legal requirement of vote canvass within 5 days of the park elections (on April 19).

...Hear announcement by Walter Beusse of the Feb. 26 Niles Amateur Hockey Assn. Skate-a-thon scheduled for the Ballard Sports Complex. Beusse urged full resident participation for children Saturday 8 a.m. to 11 a.m. and adults 3:30 p.m. to 4:30 p.m.

p.m. Prizes of Schwinn-bicycles, free theatre passes and other gifts will be offered for the first-time skate-a-thon lap projects.

...Evidenced a rift among park commissioners when Comr. Bill Keener chided the park board for what he termed a "lack of communication among board members," on the recent issue of Revenue Sharing funds allotted by the village for the purchase of 2 park buses. The complaint was shared by Comr. Steve Chameriski who said the board appeared to be split into 2 factions. Keener who does not seek re-election asked for improved relations to his successor.

...Hear cautioning comments from park candidate Walter Beusse on the 72-passenger size proposed park buses. Purchase of two 63-passenger park buses several years ago proposed by Beusse and then Comr. Gerry Sullivan (eventually deeded to the village, initiating the free bus system) prompted village complaints, at that time, that the size of the buses jeopardized village traffic.

department requested a fourth man to take the test. He noted only three men were vying for the three openings and to make it competitive, they sought other applicants. As a favor Al took the test; came out first, and left his cleaning truck to join Park Ridge's department at \$250 a month.

In '51 Bobby Dittmann (former trustee John Poeschl's son-in-law) became the third regular Niles fireman working 24 hours on duty and 24 hours off. In '53, with much prodding from Niles' Mayor Frank Stankowicz, Al Hoelbl transferred to Niles' department. Prior to his joining, he said he filled in on many 24 hour shifts in Niles, on his alternate days off from the Park Ridge department.

Al noted Niles mobile equipment included a 1936 Pirsch pumper, a '41 Pirsch and what he called a "'48 meat wagon", Niles' first ambulance.

Charlie suffered his first heart attack in 1956. He stayed on the department until 1964. Al said he had subsequent attacks at three fires he attended, at the A.B. Dick Company, the Marsh Instrument fire in Skokie and a 3rd fire.

After retiring Charlie moved to Fairyville, Wisconsin, eventually moving back to Glenview. He passed away at Lutheran General Hospital, while undergoing a triple bypass operation.

For us newcomers in town, it's well we should at least know about our "suburban roots". The Bachers pioneered the town of Niles for all of us. The long hours, the meager pay and the efforts far above what was expected of them resulted in their passing on a fine community which we take for granted. The early Niles residents like the Bachers, Pasesks, Stankowicz and Hoelbls gave much to this town. We are all the better for their passing this way.

Maine East's girls' gymnastics team did itself proud this past weekend winning the Illinois State Championship. Likewise, its first place boys' basketball team defeated neighboring Maine South for the second time, practically assuring itself a conference championship.

On the girls' team were several East Maine gymnasts who first performed in District 63. The community should certainly doff its collective hat for the team's achievement, passing village resolutions and applauding its great effort.

The basketball team has a core of three outstanding players who could lead the team downstate in March. If they play well in the state tournaments, Buffalo Grove is likely to be their major stumbling block, before they get to Evanston for the final 16 tourney. No Maine or Niles basketball team has gone downstate during the 20 years we've been Bugleing.

Services held for Charles Bacher

The former Captain of the Niles Fire Department Charles J. Bacher, who had retired in 1964 after serving the Community for 24 years passed away on Wednesday, Feb. 9.

Mr. Bacher, was 65 years old, and had been a 1st Sgt. during WW II and served in the Pacific Theatre.

He is survived by his wife Elizabeth, Daughters Betty (Ernest) Bates, and Dorothy (Walter) Tamillo, and Sons Louis Hoelbl, and Albert (Rosemary) Hoelbl, 21 Grandchildren, 24 Great Grand Children, and Brothers Edward (Helen), who is head of the Niles Public Works, and John (Wanda).

Services were held on Saturday, February 12, 1977 from Skaja Terrace Funeral Home with Interment at Maryhill Cemetery.

Mr. Bacher was a resident of Niles for 40 years.

"The Unsinkable Molly Brown"

"The Unsinkable Molly Brown" will be Niles West's contribution to the March entertainment calendar for this community. The rousing musical will be presented March 23-26 in the Niles West auditorium, Oakton at Edens, Skokie.

The 1960 Broadway hit is based on the life of an actual person. The real Molly Brown was a ragamuffin who rose out of a hillbilly's shanty in Hannibal, Mo., by way of a Colorado mining camp's saloon, into wealth and social position, after marrying the famous Leadville (after the mine) Johnny Brown.

For the Niles West version, Molly will be portrayed by senior Missy Weil and Leadville Johnny by junior Rick Sheingold. Glenn

Adilman, Cliff Berman, Troy Potysman and Corey Roskin will be Molly's brothers and junior Risa Brainin will portray the snooty Denver socialite, Gladys McGlone.

Other Niles West students selected to the cast are David Schaeffer, Carolyn Lemsky, Keith Abrams, Mike Kochman, Bill Pattison, Eddie Potasch, Don Cagen and Susan Cohen.

Also, Marthe Gump, Gary Blackman, Bonnie Berkson, Esther Joo, Robin Borenstein, Harlan Wallach, Tom DeFrancisco, Laurie Rich, David Fink, Haim Brody, Neil Goldberg, Marla Steinberg, Robin Faye, Ricky Fine and Corey Roskin.

The mining camp dance hall girls will be played by Sue Glaberson, Ellen Kaufman, Laura Kedzi, Lisa Kharasch, Lori Kipnis and Sue Mahnke.

Julie Salazar, Rhonda Shroyer, Amy Tolsky, Janet Pass and Roberta Damato have been given maid's roles in the play.

Changes for OCC film society

The Film Society at Oakton Community College has changed its showing time and the location for its weekly film series because of an energy conservation program at the college, according to Michael Danko, faculty sponsor.

The films will now be shown at 9 p.m. on Tuesday evenings in Room 540, Building 5 (directly across the street from Building 6 where the shows were originally scheduled for Friday nights).

The society's next feature will be *To Have and Have Not* starring Humphrey Bogart and Lauren Bacall on Tuesday, Feb. 22, at 9 p.m. It was originally scheduled for Feb. 18.

The *Sandpiper*, starring Richard Burton and Elizabeth Taylor, will be shown on Tuesday, March 1, at 9 p.m. in Room 540, Danko said. The feature is a replacement for the originally scheduled *Who's Afraid of Virginia Woolf*, which was unavailable for distribution for this date.

The March Festival of Violence will be shown the following Tuesday evenings. The films scheduled for Friday will be shown on the following Tuesday. Danko also noted that the first week's show will be *Dirty Harry* and *Play Misty for Me*, also a substitute film, both starring Clint Eastwood.

The OCC Film Society will try to return to its original time and place in Building 6 for its 3rd mini-festival, the Oscar winners and runners-up, in April. The matter will be decided some time during March.

For further information, contact the OCC Film Society at the college. Call 967-5120, ext. 329.

Nilesite to star in "Fear Strikes Out"

Gary Aylesworth, son of Mr. and Mrs. Ernest J. Aylesworth, 8127 N. Ozanam ave. in Niles, will star in Broom Street Theater's latest experimental production *FEAR STRIKES OUT*, the life of former Boston Red Sox outfielder Jimmy Piersall. Aylesworth plays Piersall in a play which he co-authored with Broom Street Artistic Director Joel Gersmann who supervised the production.

Aylesworth is the leading actor of the Broom Street acting and touring company. He joined Broom Street, the only experimental professional theater of its kind in the Midwest, in the summer of 1973 when he was cast as a drunk in *THE BIG DITCH*, an original play based upon history plays written for 4th grade schoolchildren in 1922. He has played in every production since and has achieved such stellar roles as Rhett Butler in *GONE WITH THE WIND*, the detective in Brecht's *THE GOOD WOMAN OF MAZOMANIE*, and Noel Airman in *MARJORIE MORNINGSTAR*. He has toured extensively around the U.S.A. with Broom Street plays. Last September he and the BST acting company performed at the Seattle, Washington experimental drama festival to standing ovations. He is also Tour-Director and Vice-President of the theater, which receives grants from the National Endowment for the Arts and the Wisconsin Arts Board.

Born in Chicago in 1950, Aylesworth grew up on the North Side and attended St. Hillary's Catholic grammar school. In the spring of 1960 his family moved to Niles. He was enrolled in St. John Brebeuf grammar school where he graduated in 1964.

Aylesworth's performance as Piersall is based upon his own experiences as a noted sportsman in Niles. Aylesworth was in the Niles Little League from 1961-63. As hitter and leading pitcher he was on the first place championship team in 1963. He played center field for the Niles All Star Team in 1963 (little league) which won second place in Chicago Thillens Stadium State Little League Tourney in 1963.

Aylesworth, as centerfielder and pitcher, played on the Niles All Star Team in 1964-65 (Pony League). He played outfield for St. John Brebeuf C.Y.P., the Chicago area champions in 1964.

Mr. Aylesworth attended Notre Dame High School from 1964-68 and was an honor student in his Junior and Senior years. He was an outfielder on the Notre Dame baseball team in 1964-65. During highschool he made a dramatic switch to football and was a leading member of the Notre Dame team which was undefeated in 4 years of his schooling there.

Aylesworth's Sophomore team in 1965 was champion at the

Suburban Catholic Conference. He was on Junior and Senior Varsity in 1966-67. He was leading rusher and scoring leader as halfback in 1965, was total offense leader (as halfback) and All-Suburban Catholic Conference Halfback in 1967, was honorable mention All Chicago Area halfback in 1967. In 1967 Aylesworth won the scholar-athlete award from the Chicago Varsity Club.

After refusing a scholarship to the U.S. Naval Academy in Annapolis (1968), Aylesworth entered the University of Kansas in Lawrence. From 1968 to 1971 he was a Journalism/Philosophy major and played defensive halfback with the Freshman Football Team in 1968.

Aylesworth graduated from the University of Wisconsin, Madison in 1974 with a B.A. in English Literature. (He had transferred to U.W. Madison in 1972). While at U.W. he became a respected member of the Wisconsin Players for one brief year. Aylesworth was awarded the Edward Amor Memorial Acting Award for the best acting performance of 1972 (in the role of Edward Mirabell in William Congreve's Restoration classic *THE WAY OF THE WORLD*). His acting was cited for its intense style, robust coloring, and pleasing appearance.

Aylesworth joined Broom Street Theater in 1973 to find new untraditional ways of making theater. After seeing his first Broom Street show he requested a personal interview and audition with the director and has become a leading member of that theater ever since. Mr. Aylesworth now makes his home permanently in Madison, Wisconsin. His show *FEAR STRIKES OUT* will simultaneously tour the United States while he is preparing to act in other BST productions, during the next three years. Aylesworth plays 25 different parts in *FEAR STRIKES OUT*. His comment on the show is, "It sure is a wild kind of theater, but it beats old fashioned musicals any day."

ED HANSON

The Big
Monkey...

I can't understand why the big monkey in "King Kong" - who bears a marked facial resemblance to a well known ex-fighter - wasn't a nominee for best actor. His monkey-faced expressions of love, hate, rage and sorrow were beautiful and believable.

That big monkey should have won the academy award heads and shoulders over any other actor. In fact, that monkey stands tall. He's actually 44 feet, six inches taller than John Wayne in statue and in stature as an actor, he towers over Wayne a lot more than that.

A lot of people, most in fact, think that was a fake monkey but the truth is that big monkey is for real. The producers of "King Kong" have him at present on a remote south sea island hidden away where he consumes some 70,000 bananas a day. The producers plan to exhibit him in person as "King Kong" come this summer at the local state fairs.

There are also large cash offers being made at present to have him star in a sequel to "Tarzan" which production is planned for late fall of this year.

A big Hollywood producer who plans to come out with an all-new version of "Planet of the Apes" is also dickering for the services of "King Kong" for the male lead.

Several offers have been made from the sporting world too. George Halas wants him running interference for Walter Payton. P.K. Wrigley, when he learned he could get him for bananas was thinking of him as a possible replacement for Bill Madlock.

The only reason I can think of as to WHY the Hollywood moguls didn't nominate the big monkey for an Oscar is because they felt he might have experienced some difficulty with his acceptance speech. This, indeed, could have made 'monkeys' out of them.

There's no monkey business about JAKE'S RESTAURANT'S super-low complete dinner specials for ONLY \$2.27. Here's the menu from Monday thru Sunday. And these complete dinners cost ONLY \$2.27.

Friday -- Baked Short Ribs, Hash, Mashed or French Fried Potatoes. Saturday -- Veal Parmigiana with Spaghetti and meat sauce. Sunday -- Fried Chicken, Hash, Mashed or French Fried Potatoes.

This is how two can eat for the price of one. Or one can eat for two for the price of one. It's a great deal for newlyweds living on a limited budget and solves the age-old mystery of how two can eat for the price of one.

Between the Bugle and its friends

A LIFE IN THE THEATRE

The Goodman Stage 2 performance of *A Life in the Theatre* at the Ruth Page Auditorium, 1016 N. Dearborn, is a two-character one-act play of an hour's duration which is strictly theatre for theatre people.

Older actor Mike Nussbaum, and younger actor Joe Mantegna, are viewed from behind the theatre curtain, where their wordy conversations before and after going on stage display their moods and shortcomings, their hopes and frustrations.

The first night audience was comprised of many young theatre people, who enjoyed much of the "inside" theatre they were seeing and hearing. Their laughter manifested this was very exclusive theatre, for those who've been a part of theatre.

Nussbaum, as the tiring actor rises and falls with his mini-successes and mini-failures. Joe Mantegna's younger role creates the conflict necessary for contrasting the two men's hopes and shortcomings.

It was interesting theatre. The audience was sitting in the dressing rooms of the two men most of the hour, involved with their changing moods and changing wardrobes. When they went onstage the door was left open so you saw their often inane performances. The concept was intriguing.

BAREFOOT IN THE PARK

We always thought Neil Simon's *Barefoot in the Park* was summer stock fluff for beer drinkers who were resting their television sets for one evening. But Arlington Park Theatre's *Barefoot* is great winter fare in the hands of a very skillful cast.

Lucy Saroyan carries the show as the newly-married New Yorker who is preparing a nest for her over-weary husband, not too well played by James MacArthur, son of Helen Hayes and Front Page Charley MacArthur. The nest is a walk-up 5 stories into the sky, providing deft comedy for the harried telephone repair man, as well as the other visitors to the too-high apartment.

Barbara Britton is the Bloomingdale-shopper-Mother of Lucy, who plies her daughter with daily gifts and becomes involved with the young couple's neighbor, Hans Conried, an eccentric charmer who beds down the very proper Mother on their first evening together.

This is really an excellent play, because the characters blend so well together, and the actors play off one another superbly. The players are having fun, the author is having fun and the audience is easily caught-up in this superior performance.

Bears guest at Malnati's pizzeria

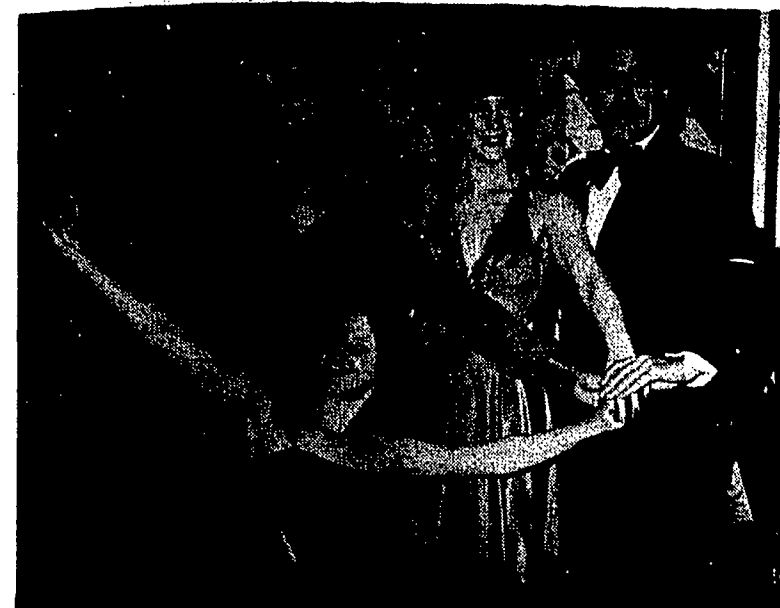

Members of the Bears football team, Virgil and Judy Carter (l-r), Revie Sorey, Lou Malnati, and WBBM-TV sportscasters Jeannie and Johnny Morris (seated), were on hand for the opening of the Pizza King's first south side pizzeria (No. 4) in Flossmoor (Vollmer rd. and Governors hwy).

The interior of Malnati's Pizzeria was done by Judy Carter. The decor is a touch of Italy; it has a courtyard look and murals depicting the lakes and mountains of Lou's birthplace, Varese. Malnati's role is played out in the Hall of Fame room, its stucco walls sporting vibrantly lacquered pizza pans as frames for pictures of the host's friends.

Niles residents at Fred Astaire recital

Niles was well represented in a recent citywide Fred Astaire dance recital at the Ambassador West. Among the local residents who participated are (left to right): Mr. and Mrs. Robin Gorla, Joy West and Phil Georgiades. All are affiliated with the Fred Astaire studio in Niles. Some 200 students from all over the Chicago area took part in the event.

Maine East seniors in drama production

For five Maine East seniors the Feb. 25-26 performances of "The Mischievous Machinations of Scapin" will mean an end to curtain calls on the Maine East stage.

George Boudreau of Park Ridge plays the part of Octave, Cindy Bridges the part of Zerbinette. Bill Donato of Morton Grove the part of Geronte, Rich Musso of Niles the part of Silvestre, and Scott Wagner of Morton Grove is the porter.

The five are equally active in other extra-curricular activities. For example, George is M-Club treasurer and a member of both Tri-M and Mu Alpha Theta. Cindy is a member of the National Honor Society and participates in Concert Choir. Bill is president of the senior class and a member of both the speech team and Ski Club. Rich, too, is a member of Ski Club as well as Italian Club and Mu Alpha Theta. Scott is active in both speech team and WMTH-FM.

After graduation George will attend Northwestern, Cindy will go to either Augustana or Northwestern to major in business, and Bill, Rich, and Scott all plan to attend Bradley University in the fall.

In addition to playing Octave, George has performed in "Carousel", "The Miracle Worker", and in V-Show productions this year and last.

Cindy has been a V-Show performer since her sophomore year, and she has been in three Maine East musicals — "Brigadoon", "How To Succeed in Business Without Really Trying", and "Carousel".

Bill has been in V-Show productions since his freshman year; however, this is Rich's first role on the Maine East stage.

Scott has been involved with the children's theatre productions as well as having been in "Brigadoon", "J.B.", "You Can't Take It With You", and "The Miracle Worker".

Sounds like this keeps everyone busy? Well, four of the five also have part-time jobs. George is a cook-cashier at Pickles & Peppers, Bill is assistant manager at A & P, Rich is a salesman at Chernins, and Scott is a clerk at Dominicks.

OCC series features versatile Chicago actor

Jack Wallace, a prominent Chicago dramatic actor who has appeared in two major films, will participate in the "Who is Chicago?" series at Oakton Community College on Wednesday, Feb. 23.

Currently appearing in the longrun production of "Who's Happy Now?" at the Body Politic, Wallace has also appeared locally in such plays as "One Flew Over the Cuckoo's Nest" and "Huckleberry Finn." Continued from Page 1

The girls in blue and white made several appearances up on the awards stand Saturday night. Donna Mancini placed 6th on Balance Beam with a score of 8.35, as well as 5th in floor exercise with a score of 8.4. Ellen Barrett placed 4th on uneven bar with a score of 8.5, along with Sr. Co-Captain Kathy Baffes who scored a 7.85 and Donna Mancini with an 8.05.

On Floor Exercise, Gaby Isola scored an 8.35, and Kathy Brizzolara scored an 8.0, and in Vaulting, Karen Sele placed 4th with a score of 8.5 for a beautiful 1/4 vault. In preliminary competition on Friday, the Maine East team was well-represented in all four events, with four girls competing in each event except Balance Beam. Sue Kane scored a 7.6 in Floor Exercise and Cyndee Graff scored a 7.25 on Uneven Bars with a strong routine.

The girls not only had depth in each event to put them in the lead in Friday night's competition, but qualifying three girls in each event except Beam gave them 10 scores in the final competition, thus assuring them of a great team victory. Coach Axelsson not only attributes the team's success to their depth of girls with natural ability combined with dedication and hard work, but also to team unity. The girls have worked together as a group, always helping each other and working towards the same goal - the Team Championship. Although individual honors are naturally very important, the girls put their hearts into making every meet all season a team effort, and now they've accomplished their dream and goal.

Head shop owner held over for arraignment

A Niles Circuit Court judge Tuesday, Feb. 15 found probable cause in all charges filed against Richard Nizynski, owner of The Paraphernalia Shoppe, 8109 Milwaukee ave.

Judge Edward Hosert ordered Nizynski held over for an arraignment hearing in Des Plaines March 3.

Nizynski was charged by Metropolitan Enforcement (MEG) agents for two separate deliveries (sales) Dec. 27 and 29 of a controlled substance (canabis) and 1 count possession of MDA (methylodihylamphetamine) a hallucinogenic.

Nizynski, 25, was arrested Dec. 29 in his Niles store which advertised head supplies and allegedly sold drug-connected apparatus. The shop has been closed since his apprehension.

He has been free on \$50,000 bond since January pending court hearings.

Nizynski was arrested after Niles police received information from a confidential source on marijuana dealings in the suburb.

Resident ticketed

A Niles resident was ticketed last week for keeping 5 dogs in her home. Under the Niles Zoning laws, more than 2 dogs in a residence is considered a kennel and therefore is unlawful.

Niles Officer in charge of Animal Control John Morgan reminds residents that the animal license deadline has been extended to March 1 in conjunction with the extension for vehicle stickers. Animal license fee is \$2.
