Registration for Oakton spring term

Registration of students planning to attend Oakton Community College during the Spring 1978 semester is now underway, according to John Gagin, director of admissions and records.

New students planning to attend Oakton for the first time next spring should apply for admission immediately he said. Those who apply now will be able to have their application processed and

can register on Jan. 4, 1978.

All current Oakton students, both full and part-time, have had an opportunity to register or will complete the registration process by Dec. 13.

Students will also have a final opportunity to register during open registration on Monday and Tuesday, Jan. 9 and 10. Gagin noted. Spring semester classes begin during the week of Jan. 16.

Gagin also pointed out that all students who will take their first college math course or Communications 101 at Oakton during the Spring term must register for diagnostic tests with the Student Development Office, Room 405, Building 4, OCC Interim Campus.

Oakton is also offering college credit classes at the Notre Dame Evening Extension Center, 7655 Dempster, Niles, and at 27 other

locations in the Oakton college district. These include classes in Evanston, Des Plaines, Glenview, Northfield, Skokie, Morton Grove, Wilmette, Winnetka, and Niles.

Individualized college credit courses in psychology, humanities, business and social science are also available for the spring semester thru television instruction. The telecourses enable

students to take college credit courses via open air television in their own homes or over closed circuit television in the OCC Learning Lab on the Interim Campus or at several convenient off-campus locations. For information about the OCC telecourses, call Learning Cluster III at 967-5120.

Plan calls for 624 units

Proposed PUD units under fire by residents

by Alice M. Bobula

For a second time the Plan Commission and Zoning Board Dec. 5 tabled action to Jan. 23 on a proposal to rezone a 23-acre parcel of land immediately south of 5701 W. Touhy from manufacturing to a multi-family residential Planned Unit Development.

Action was delayed for evaluation of testimony given at the Monday night Open Hearing and to permit time for a joint meeting of the principals to discuss construction of single family homes in the area.

Santa and friend to host children's show

Democratic Committeeman, Nicholas B. Blase, announces, "We will once again have the children's show at the Golf Mill Theater and all children, Kindergarten through fourth grade, are invited to see Tom Sawyer."

The doors will open promptly at 9:30 a.m. All children are welcome to attend even if they do not have a ticket.

This is an annual Christmas Party that the Maine Township Regular Democratic Organization hosts and best of all, it is free. Mom, you can drop off your child at the Golf Mill Theater and have the morning free to shop or just enjoy. We will see that they have a good time. Everyone will receive a free gift and there will be many other prizes given to the lucky show holders.

Don't forget to bring your children to the Golf Mill Theater on Dec. 10 at 9:30 a.m. The theater will let out around 12:15 p.m.

Fire Department promotes safe holidays

Chief Fred N. Huscher and the men of the Morton Grove Fire Department wish all residents, businesses, and patrons of the Community a happy and joyous holiday season! This Season should be filled with memorable events and family gatherings, however, for 2,200 people across the nation last year, the primary memory is a holiday injury. To assist in assuring a happy, joyous, and fire safe holiday for loved ones and friends, the Morton Grove Fire Department offers the following suggestions:

• Each home should have at least one UL labeled smoke detector to provide early warning in the event of a fire. Smoke detectors also make excellent gifts for family and friends.

• Fresh trees stay greener longer and are less of a fire hazard than dry trees. To check for freshness, look for a deep green color and strong pine scent; be sure needles do not readily fall off. The trunk butt of a fresh tree should be sticky with sap.

• Cut off about 2 inches of the trunk at an angle. Mount the tree in a sturdy water-holding stand; make sure the tree is stable. Keep the base holder full of water while the tree is indoors (as you would fresh flowers). Remember - heated rooms dry trees out rapidly, and dry trees are fire hazards!

• Place your tree in a location from fireplaces, radiators, or other heat sources. Be sure that it does not block traffic patterns or doorways.

• Never use electric lights on metallic trees. To avoid danger, use colored spotlights above or beside a metal tree, never

fastened onto it.

• Plastic trees should bear a UL or other testing laboratory label.

• Check all sets of lights for broken or cracked sockets, frayed or bare wires, and loose connections. All outdoor lights should be weatherproof and clearly identified for outdoor use. All lights should bear a UL label.

• Always turn off lights on trees and other decorations when retiring for the night or leaving home. A short circuit in any electrical equipment could cause a fire.

• Avoid purchasing toys for a child that are beyond their skill level. Watch out for toys with sharp edges, small parts, sharp points, or loud noises. Look for labels that give age recommendations or safety information.

• When unwrapping gifts, place the paper and other wrapping material in a large carton and dispose of it immediately. Don't burn wrappings in a fireplace; they may ignite suddenly and cause a flash fire.

• Make an emergency escape plan to use if fire breaks out anywhere in your home. See that each family member knows at least two escape routes.

• Keep a UL listed "ABC" type multipurpose fire extinguisher in the kitchen when preparing holiday meals; know how to use it.

• Keep Fire Department, Ambulance, Police, Doctor, and other emergency service numbers posted on or near your telephone. (Fire Department/Ambulance & Police emergency number telephone stickers are available at the Fire Department.)

Tree lighting ceremony

The Village of Niles and the Niles Historical & Art Society invite the public to attend a Tree Lighting Ceremony to launch the Christmas Season. This happy event will be held on Saturday, Dec. 10, at 4 p.m. at Dutchman's Point at Touhy and Milwaukee Ave.

Mayor Nicholas Blase, Village Officials, and the Officers of the Niles Historical & Art Society will participate in the brief ceremony which will be followed by St. John Brebeuf's Choir singing Christmas Carols. The public is asked to join the Choir in song at this joyous occasion.

District 63 citizens' committees

Due to decreased state aid and declining enrollment, two citizens advisory committees have been formed by the Board of Education in East Maine School District 63. The purposes of these committees are to examine and evaluate facility and property utilization, and financial resources within the district. Areas under consideration at this time are a tax referendum, school closings, as well as a combination of other possibilities. Final reports will be submitted to the Board of Education by Jan. 15, 1978 to aid them in their final decision.

Meetings for both committees are open to the public at the Educational Service Center, 10150 Dee rd., Des Plaines, on Monday evenings at 7:30 p.m. If there are any questions pertaining to the issues, you may contact Mr. Kenneth Moe, Superintendent of Schools, at 299-1900.

SPORTS NEWS

Four Flags holiday racquetball event

Racquetball fans as well as those who are just curious about the sport are invited to a "Christmas with Keeley" on Saturday and Sunday, Dec. 10 and 11 at the Four Flags Court Club, Inc. in the Four Flags Shopping Center at Glag and Milwaukee Roads in Niles.

Steve Keeley, nationally-known professional racquetball player and author of *The Complete Book of Racquetball* will be on hand both days to talk about the game, play exhibition matches, autograph his book and to trade racquetball stories with "local" pros.

Keeley is a three-time national singles paddle ball champion and in 1973 and 1974 the national singles racquetball runner up. He is one of the two top money winners on tour for the National Racquetball Club and is recognized nationally for his instructional articles on racquetball.

He is perhaps the most experienced racquetball player in the country, having conducted a multitude of clinics and camps as well as having provided thousands of individual and group lessons on the game.

Getting into the holiday spirit, Four Flags Court Club, Inc. is reducing its court costs during the entire weekend, and all merchandise in the pro shop will be sold at discount to members and visitors. Racquets and racquetballs will be sold at substantial discounts during the weekend event.

Also, Keeley's book will be sold at a special rate or provided free to those signing up as new members during the weekend.

Four Flags Court Club, Inc. is one of the most innovative, fastest growing racquetball clubs in this area, which is, in itself, the fastest growing market in the country. The club recently added two courts to its Niles facility, making a total of 11 courts at the club.

Tween/Teen Ski Club

The Mayer Kaplan JCC Ski Club will be going to Alpine Valley to ski on Wednesday, Dec. 21 and on Tuesday, Jan. 3, 1978. Skiers will be leaving the Center at 8 a.m. and returning approximately 5:30 p.m. The cost per person per trip is as follows:

Full family and individual "J" members - \$20

Limited family members - \$24

Non-members - \$28.50

Deduct \$4 if you own equipment.

The cost of the trip includes lift ticket for a full day, lesson, rentals, bus transportation, insurance, staff supervision and a snack on the bus ride home.

For further information, call Terri Esrig at 675-2200, ext. 230.

Tween and Teen skiers of the Mayer Kaplan JCC Ski Club will

also be going to Majestic Mountain Lake Geneva. Advanced, intermediate, beginner and non-skiers can all participate in the fantastic Monday night trips. Majestic Mountain features 9 different ski runs including an enclosed teaching area; 5 tows and 2 chair lifts; lessons for your ski level, first timer, aspiring parallel, short-swing, racer-free style; electric timing devices for your racers at no extra charge; chalet for warming up and resting.

The Monday night trips take place on Jan. 9, Jan. 23, Feb. 6, Feb. 20 and March 6.

Skiers leave the Center at 3:30 p.m. and return at approximately 10 p.m. For more information call Terri Esrig at 675-2200, ext. 230.

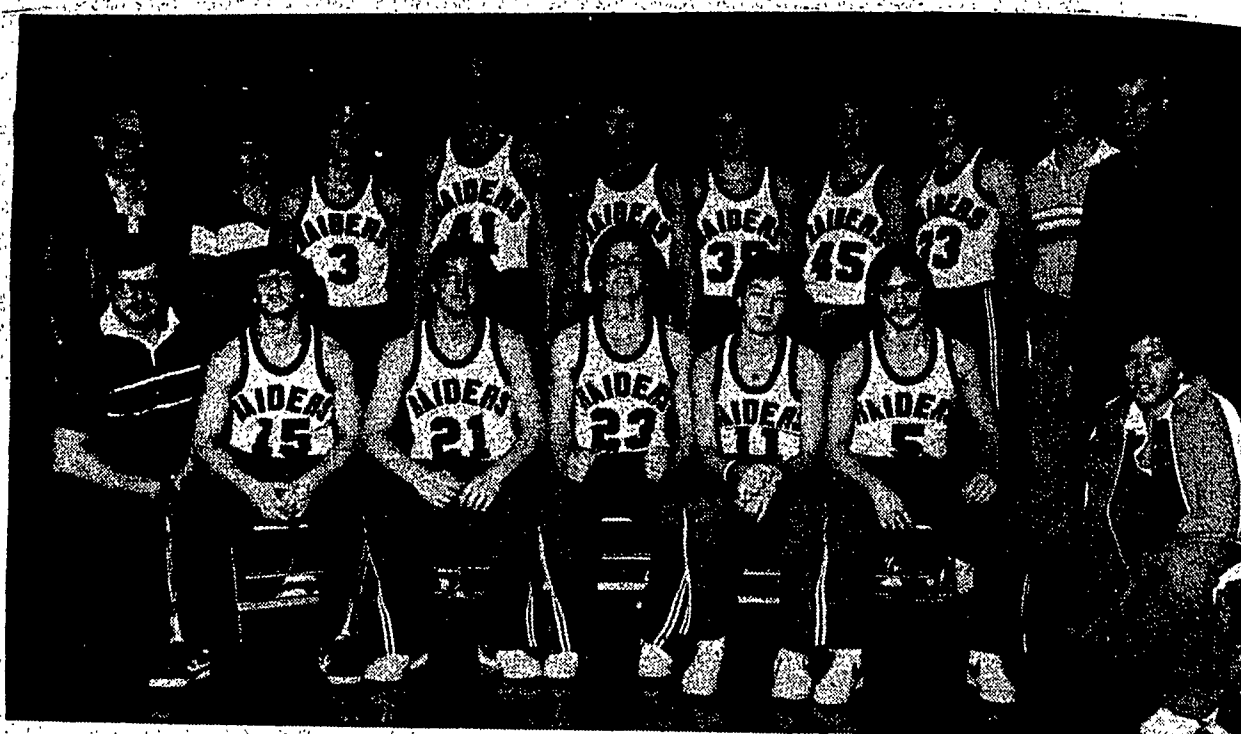

Women's open racquetball tournament

Niles Sharks Bantam AA hockey news

Last week the Sharks won their first league game beating the Schaumburg Kings 7-2.

Sharks goalie Tom Wolski played a strong game in the nets aided by defensemen Bob Romozi, Jim Brust, Dave Jackson and Scott Malik.

Scoring for the Sharks were John Hajduk (hat trick), Mark Steffen (2) and Rick Lowthrop (2). Assists going to Scott Malik (3), Bob Romozi (1), Scott Benjamin (1) and John Corona (3).

The Sharks kept their winning ways by beating Lake Forest 4-1 with Matt Kaplan in the nets. Matt lost a shut out in the last minutes of the game. Lighting the lamp for the Sharks were Vince Guzaldo (2) and Jeff Stibling (2). Assists going to Scott Malik (1) and Mark Steffen (1).

Because of a player shortage, Sharks goalie Tommy Wolski skated a winger position. Tommy added much to the enjoyment and suspense of the game with some very unusual skating and passing techniques.

Weight lifting championships

Joliet, Sheridan, Pontiac. Who has the toughest bunch of men? A hypothetical question, not really. Power lifting teams from these institutions along with numerous college and Y.M.C.A. athletes will participate in the Annual Metropolitan Power Lifting Championships and Mr. Metropolitan Physique contest to be held on Sunday, Dec. 18 beginning at 12 Noon at the Leaning Tower Y.M.C.A., 6300 W. Touhy ave., Niles.

Stellar performers at last year's meet 20 year old Mike Bridges of Peoria totaled 1450 pounds to win trophies in four different categories and establish himself as one of the strongest men in the world for his body weight, and Henry Waters of the Statesville team who broke the world dead lift record by hoisting 690 pounds, are expected to compete again and challenge all comers.

Skateboard whizzes at Maine East

Skateboarding, America's newest "fun" craze, is rolling into the Midwest. Specifically, Palatine, Ill.

A lot of cities ban skateboards from sidewalks. So, now, right here in Palatine, a \$150,000 park is being built. It consists of all the skateboarders' needs, such as: the rentals for helmets, elbow pads, and knee pads, which are mandatory. It will also offer a game room, lessons, meets, and a bleacher area.

Two kids who can't wait for the skateboard park to open are Maine East sophomores Cathy Rumsey and Mark Picchiotti.

Cathy was recently in the Midwest Open. She was the only

girl in the competition, finishing second place in slalom (weaving in and out of cones) and fourth in freestyle competition. She is also a member of the Evanston skateboard team.

Mark is currently involved in entering a meet featuring events like the downhill slalom and freestyle. He is also working on a special event for himself where he attempts to jump over a horizontal bar, while riding his skateboard, and land on his skateboard when he finishes the jump!

If these two keep up the way they are going, they will most likely become some of Maine East's most famous graduates.

Johnson Foundation gives \$250,000 for new LGH chapel

The A.D. Johnson Foundation of Chicago has made a grant of \$250,000 to Lutheran General Hospital for a new meditation chapel and pastoral support facilities to be added to the hospital complex at 1775 W. Dempster St., Park Ridge.

This chapel will honor the late A.D. Johnson of Oak Park, cofounder of the United Insurance Co. of America and a longtime friend of the hospital who died in 1971.

Mr. Johnson had served earlier as general chairman of the hospital's 1964 expansion campaign. He and the A.D. Johnson Foundation which he established have made gifts to the hospital totalling more than \$1 million. Among them is the hospital's original chapel, named in honor of Mr. Johnson's mother, Mrs. Julia Ann Johnson. That chapel is now used for hospital educational programs as well as for worship services.

The new chapel is designed to provide a continuously available place for private prayer and meditation as well as for small-group worship services for all denominations. Stained glass windows from the chapel at the old Lutheran Deaconess Hospital will be incorporated into the decorations.

Naurice M. Nessel, Ph.D., president of Lutheran General, said "This new chapel is a singularly appropriate memorial to Mr. Johnson. It will also be a highly visible symbol of Lutheran General's commitment to the spiritual element in patient care.

This latest gift continues a tradition of generosity to Lutheran General that was so characteristic of Mr. Johnson during his life. We are most grateful to the A.D. Johnson Foundation and to its trustees."

The chapel will be located at the front of the hospital between the main hospital building and the new Health Education Center now under construction. It will be easily accessible from the main lobby and waiting rooms for families of patients and patients themselves.

In addition to the chapel, the Johnson grant will fund construction of the lobby, two family rooms and four pastoral care offices. These will be available to hospital chaplains and to clergymen of all denominations when they come to the hospital to visit members of their congregations.

The A.D. Johnson Foundation grant is part of Lutheran General's Dimensions '79 campaign seeking public support for the hospital's extensive construction and expansion program. The program includes an addition to the hospital's West Wing, a new Ambulatory Care Center, a new Health Education Center, and a new Surgical Wing as well as new equipment and programs. More than \$3 million of the campaign's \$6.5 million goal has been received or pledged.

Information about the campaign and memorial opportunities may be obtained from the hospital's Development Office, 1800 W. Dempster St., Park Ridge, 696-7546.

Winter registration

Choices from dozens of exciting and popular classes are available to individuals of all ages who register for the Winter Trimester at Mayer Kaplan JCC.

Registration for members will be on Sunday, Dec. 18 from 10 a.m. to 2 p.m.

Professional staff from all departments will be on hand to answer specific questions on content of programs.

On Monday, Dec. 19 mail registration will be accepted.

Members and non-members may register on Monday, Dec. 19. Front desk registration will take place from 9 a.m. to 3 p.m. At registration from 3-5 p.m. and 7-9 p.m., selected staff will be available for consultation.

Classes for Winter Trimester will begin the week of Jan. 8, 1978 and continue for 9 weeks or as indicated.

A wide range of classes will continue to be offered for children and youth. In the Cultural Arts Department they may enjoy creative dance (including ballet, jazz and tap), creative drama, ceramics, painting, drawing, wood-team sports. Floor Hockey

League starts in January.

The After-Kindergarten Care Program and the After-School Care Program continues as do our Mother-Toddler and Father-Child groups. The Toddler Playroom is open 5 days per week.

"Kaleidoscope" for tweens on Sunday evenings continues as does "Centerstage" for teens on Tuesday evenings. Both are multi-activity programs including a variety of interest groups, gym, lounges and coffee house, with guest jazz and folk artists. Both are well attended.

Our pool, gym, racquet ball courts and Health Club facility are spruced up and sparkling—physical fitness programs are available morning, noon and night for adults.

Responding to the growing interest and attendance in adult programs, the Adult Service Department is offering new forum series; on Thursday evenings "A shop, private music lessons. There are also gourmet and Jewish cooking classes and sewing classes.

For the sports minded, there is swimming, gymnastics, seasonal

sports, combative sports and Search for Jewish Understanding", and on Thursday mornings "Parent-to-Parent" continues with focus on sharing and learning experiences with pre-schoolers in mind.

Afternoon seminars on Wednesday will explore "How To" from makeup demonstrations to wardrobe building. On Thursday afternoons participants will examine the fine arts.

Sunday information nites starts Jan. 15, 1978 with "Smoke Enders", a smoking cessation organization.

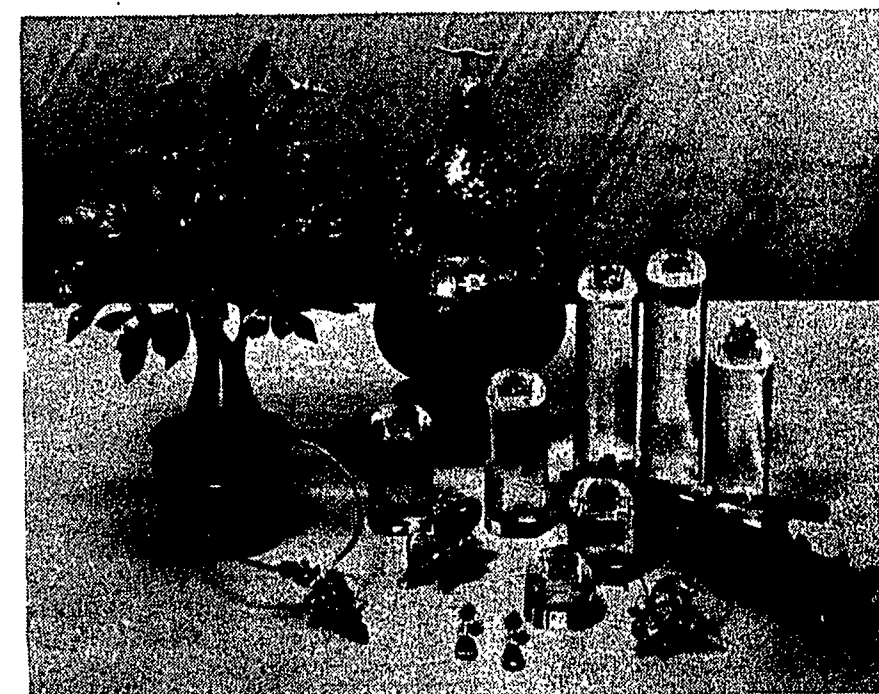

Two support groups will be offered: "Heart-to-Heart" for families of cardiac patients and "Living for Today".

Participants in classes and series can go the range from wine forums to "Seasons of Our Lives" to the "Psychology of the Jewish American Woman" to "Dimension of the Holocaust".

Adult interest club continues. For a fulfilling, enriching, broadening experience, participants have only to choose and participate—there is something for everyone.

\$1 million collection of rare jewels.

This dazzling display includes rare jade, diamonds, rubies, coral, crystal, silver and gold. Each piece is handcrafted into exquisite jewelry, vases or other precious objects.

The \$1 million exhibit will be featured six days only in our lobby during regular banking hours. The showing is in conjunction with our current jade jewelry gift offer.

You can choose from 21 jade items—free or for substantial discounts—when you add \$200 or more to a new or existing savings account.

Don't miss the exhibit or offer. They're both real gems.

Display dates: Dec. 8, 9, 10, 15, 16 & 17

Among those making the trip will include Oscar Meyer, husband of the Auxiliary President; Dorothy and Peter Welsh of Niles; Robert Cook and Erka; Fred and Kaye Klotter; Marving and Loretta Hochstein; Matthew and Loretta Pistorio. Several members of the Auxiliary Unit

will assist in the wrapping of gifts for the Yank Who Gave at the Armory on Friday, Dec. 9. The Unit has given a monetary gift for this program.

Saturday evening, Dec. 10, the Post and Unit will hold their Annual Christmas Party at 6:30 p.m. in Moskal's Hall, 5638 Milwaukee Ave. Following the cocktail hour and dinner music will be provided for dancing by the Rhythm Stylers. The Christmas Party for children of the members will be held in the same Hall during the afternoon of December 10. Only children with prior reservations will be admitted to be welcomed by Santa Claus and receive gifts from his bag. Entertainment will be provided by the Newtons which will consist of a puppet show.

Soroptimist training awards program aids mature women

Mature women who need help to qualify for better positions, or to re-enter the job market, may apply for assistance from Soroptimist and McCall-Life Pattern Fund Training Awards. In the northwest suburbs, applications are being processed by Soroptimist International of Des Plaines with Mrs. Bridget Sommerfeld, 1829 Bittersweet, Mount Prospect, IL 60056, acting as chairman.

Women who feel they qualify for this program may obtain applications or further information by writing to Mrs. Sommerfeld, or calling her at 297-3037 evenings, or at Sommerfeld Medical Laboratory, 696-1595 weekdays. All entries and two personal reference forms should be returned to her by Jan. 2, 1978. A prize of \$100 will be presented to the local winner.

Each Soroptimist club in the Midwestern Region may submit its local winner's application to the regional competition, where two awards of \$1,000 each will be presented, and in addition, an award of \$2,500 will be available due to the efforts of noted television actress Marlo Thomas and the McCall Life Pattern Fund.

Ms. Thomas agreed to become Director of Women's Interests for the McCall Life Pattern Company with the understanding that they would create a program of real worth to women. The Life Pattern Fund is being financed by sale of

special Life Patterns modeled by well-known women such as Billie Jean King, whose pictures appear in the company's monthly pattern catalog.

The fund is being administered by Soroptimist International of the Americas, world's largest classified service organization for professional and executive business women, with over 30,000 members and nearly 1,000 clubs. The recommended guidelines for choosing a recipient in the local competition, according to Mrs. Sommerfeld, are that the applicant preferably be over 30 years of age (but not limited to this age), be either the head of household or have family financially dependent on her, and preferably not have completed college or university.

Territorial boundaries of Soroptimist International of Des Plaines are Tri-State Tollway on the east, Route 53 or Rohlfing Road on the west, Devon Avenue on the south, and Palatine Road on the north. This includes the communities of Des Plaines, Elk Grove Village, Mt. Prospect, Prospect Heights, Arlington Heights and Rolling Meadows. However, applications for the TAP award will be welcomed from mature women throughout the area between Chicago, Rockford and Milwaukee; the other nearby communities where Soroptimist Clubs are participating in the program.

LaRoussa-Chaplain; Arlene Rook-Historian; Shirley LaRosa-Sgt. at Arms.

The Post Rifle Squad and Auxiliary Color Guard under the direction of Fred Medina presented the colors and performed Honor Guard duties.

Past Commander Edwin Lange offered the invocation and the closing prayer. Mayor Richard Flickinger addressed the guests. Phillip Chancellieri was Master of Ceremonies. A buffet and dancing followed the ceremony.

Cancer awareness program

The American Cancer Society is pleased to announce the first ACS Awareness Program. American Cancer Society volunteers will be presenting a panoramic view of free programs, films, literature, posters and exhibits available to the public. Those topics to be covered are: An Early Start to Good Health (a new program on self awareness directed toward the primary student), Breast Self-Examination Programs, Colon-Rectal Cancer Detection Programs, and I Quit Smoking Clinics.

The Awareness Program will be held Tuesday, Dec. 13, from 1-3 p.m. at the Palatine Library, 500 N. Benton, Palatine. Representatives from Northwest Suburban Park Districts, YMCA's and public libraries have been invited. Any persons interested in attending may contact the ACS office at 358-3965.

Early cancer detection is vital. "More people die of cancer which could have been cured or prevented than of cancer for which a cure has yet to be found."

Niles Police Beat ..

Stolen auto

A 1967 Oldsmobile was reported stolen Nov. 28 from a parking lot at 9555 Milwaukee ave. where its Chicago owner had left it due to problems of starting the car. When she returned to the lot, the auto was missing.

A witness told police she saw a red tow truck taking the car away.

Indecent exposure

A 17 year old girl and her female companion said a young man exposed himself to them in Lawrencewood Nov. 27 while they were waiting for her father to pick them up.

They had completed a food shopping trip and were waiting outside the store when they were accosted around 4:30 p.m. by a husky man who asked if the girls "wanted to see something". After the exposure he quickly walked away but returned 10 minutes later for an attempted repeat performance just as the girl's father drove up in time to frighten him away.

Stolen wallet

Shortly before noon on Nov. 28, a 24 year old Chicago woman shopper at Penney's reached for her wallet to pay for purchases and discovered it had been stolen.

Barber shop burglary

During the evening of Nov. 26 Thieves pried their way into a barber shop at 6300 Touhy taking a stereo and unit from a shelf. Nothing else appeared to be disturbed according to police.

Thefts from cars

On Nov. 26 an 8-track player and 2 speakers valued at \$60 were stolen from a car parked in the rear lot of the Chateau Ritz at 9100 Milwaukee ave.

A CB radio and sunglasses with a total value of \$120 were stolen during the day of Nov. 25 from a 1975 Chrysler parked at 9229 Milwaukee ave.

Stolen van

A red, white and blue customized van valued at \$13,000 was taken overnight Nov. 30 from Marshall White Ford at 9401 Milwaukee ave.

Vandalism

The rear windshield of a Niles Free Bus was shot out at the intersection of Monroe and Field Drive on Nov. 29 with replacement set at \$400. The bus driver said she saw several youths in the area but saw no gun.

Someone threw a hard object thru the window of Mark Twain School at 9401 Hamlin overnight Nov. 30 causing \$50 in damages.

A brick thrown thru the glass door of the Paint Wagon at 8014 Waukegan rd. Nov. 28 caused \$100 in replacement.

The Golf Mill Bank at 9101 Greenwood reported a gunshot hole thru the bank window overnight Nov. 28 with replacement value set at \$3,000.

Pellets from a BB gun shattered the storm door and a window at 8403 N. Terrace around 7 p.m. Nov. 29 causing \$100 in damages.

Theft from garage

Assorted tools, drills and a tool box valued at \$200 were taken Nov. 24 from a garage on the 7900 block of Harlem.

Thefts

A welder valued at \$500 was taken Nov. 26 from Casting Engineers at 5701 Touhy ave.

An unsuccessful attempt Nov. 30 to pry open a garage door at 8572 Clifton resulted in \$200 damages to the door and frame.

Traffic violator

Patrick Reynolds, 23, of 3925 Wellington in Chicago was arrested at 4 a.m. Nov. 28 for no state license plates and for speeding on Milwaukee ave.

Police said Reynolds produced a traffic ticket in lieu of his

driver's license after they stopped him at Harts rd. and Milwaukee ave.

Chicago police said there was an outstanding warrant on the young Mill Run stage hand for \$2,500 covering 15 unpaid traffic tickets.

He was unable to meet a \$35 bond for the Niles violation.

Possible kidnap

A baby kidnap report was solved Nov. 28 when investigating police found the 5 1/2 month old baby was taken from Shriners Hospital in Chicago by young parents who had a disagreement with the hospital staff.

Niles police assisted the Chicago investigators by locating the parents and baby at the Golden Bear Restaurant, 9645 Milwaukee ave.

After gaining proper identification from the young couple, Niles police took the family home to Mundelein after learning they had no transportation or money to get home.

Attempted abduction

A 20 year old Arlington Heights man was arrested Dec. 1 on information by Chicago police for attempted abduction of a 16 year old Park Ridge girl in the vicinity of Harlem and Touhy ave. in Niles.

Chicago officers took custody of Paul Paulsen, 20, of 610 Central, returning him to the 16th District for formal charges.

Chicago police said the young girl was grabbed by her alleged abductor in a white van near 7205 Touhy ave.

In checking the area, police from Niles located the car and occupants in the parking lot of a service station at 6747 Touhy around 8 p.m. and brought them to the Niles station for investigation.

According to police the victim, who had been walking on the sidewalk, injured her right arm during the incident.

Stolen car recovered

An auto thief struck a tree on the 8500 block of Olcott around 7 p.m. Nov. 30 and fled the scene abandoning the car a block away on Oleander after he found the auto was too damaged to move further.

Police said the driver of the car going north on Olcott apparently lost control, drove up the parkway on the left side of the street and struck the tree.

Investigation revealed the car belonged to Niles Drugs, whose driver was making deliveries. The driver came into the Niles station a short time later to report the car stolen. He said he had parked the 1974 Chevrolet Nova on the 8600 block of Olcott to make a delivery during which time the car was taken.

The thief was described by a witness as being 16 to 18 years old with long brown hair. He was said to be wearing a blue jacket and tan pants.

Christmas Ideas for Men

Face up to it—nicks and cuts are what men hate most about shaving. Now there's a gift idea for the man who wants to take his close-shaving electric razor along when he's traveling.

A Rechargeable Rotary Razor, with nine closeness/

comfort settings to suit a man's skin and beard, can give over two weeks of shaves. There's even a shave-counter on the Rechargeable Rotary Razor from Norelco that lets him know when to recharge—and a light to indicate when the recharger's on.

The razor's head sits on a slanted surface, to let a man more easily follow the contours of his face. And there's a new, improved pop-up trimmer to cut sideburns evenly. Choosing the right gift for a man doesn't have to be a close shave for you.

Holiday Hints

This season give your family and friends an old-fashioned English Christmas. Bake a bean cake. In Elizabethan England it was traditional for everyone to eat a piece of a cake into which one bean had been baked. The person who found the bean in his cake was lauded as the bean-king on Twelfth Night.

HAVE YOUR HOLIDAY CHEER the old-fashioned English way this year.

If you have a fireplace, put a Yule log on the fire. Place an enormous Christmas candle on a high table and let it burn throughout the 12 days of Christmas.

Serve your guests a traditional English drink made with Beefeater gin. Distilled in London since 1820, Beefeater was first made by James Burrough, who was a true perfectionist. In keeping with a long tradition, a member of the Board of Directors of this family-owned company tastes each batch of Beefeater before it's bottled. This season you can get it specially wrapped for the holidays.

If you have the time, make a plum pudding. If not, buy one. Either way you can give it a good old-fashioned look by pouring heated spirits over the warm pudding and setting it ablaze.

Thus we can all have a matchless, traditional Christmas, right out of Merrie Olde England.

Inflation - Fighting FOOD IDEAS

HEARTY CHICKEN-RICE CASSEROLE

- 1/2 cup each chopped green pepper and onions
- 1 cup sliced celery
- 1 can (2 ounces) pimientos, drained (1/4 cup)
- 2 cups cooked rice
- 2 hard-boiled eggs, chopped
- 2 cans (5 ounces each) boned chicken
- 2 chicken bouillon cubes, crushed
- 1/2 cup mayonnaise
- Salt and pepper
- 1/3 cup soft bread crumbs

Combine green pepper, onions, celery, pimientos, rice, eggs, and chicken. Blend bouillon cubes into mayonnaise; add to rice mixture. Season to taste and toss lightly. Spoon into a 2-quart casserole. Top with bread crumbs. Bake at 350° for 30 minutes. Makes 6 servings.

The Tree That Keeps Christmas Alive For Years To Come

One kind of holiday decoration has been increasing in popularity over the past several years, and the trend promises to continue this season. It's the use by America's homes of one of nature's most enjoyable gifts—a living, growing Christmas tree.

Perhaps this is due, in part, to our deepening appreciation for more that is "natural" in our surroundings. It is certain that the beauty and fragrance of a live tree indoors for the holidays cannot be equaled by an artificial tree, or even by a cut tree.

There is an economy factor, too, even though the living tree may cost more than a cut evergreen at the outset. When the yuletide has ended, the Christmas tree continues outdoors through years to come as an investment that grows, increasing the value of its property, adding beauty, screening out unwanted sights and sounds.

Some suggestions from the American Association of Nurserymen can help assure your pleasure from this year's living Christmas tree.

The first tip is something you can do right now. Decide where you will want the tree to take up residence after Santa's visit, and prepare the hole ahead of time. The hole should be sufficiently deep and wide to accommodate the root ball with a bit of room to spare. Put some organic material,

like peat moss, at the bottom, and mix some of the same material with the soil you have removed. Leave that soil right beside the hole, which you should cover with boards so nobody will stumble into it before the tree is installed.

Plan to keep the tree in the house no more than about ten days. That is about as long as it will be happy in the dry indoor environment. Place it in some kind of container that will let you keep the root ball quite moist during those days. The nursery people say about a quart of water every couple of days may be sufficient.

Miniature lights are best for a living tree. The large ones tend to overheat, even scorch the green growth around them. The sturdy branches of a living tree permit you great freedom and imagination in your use of hanging ornaments, though.

One final recommendation: Plant the tree as soon as you take it outdoors. That's when you'll be glad you prepared its new home ahead of time.

Hassle-Free Gift Buying

Christmastime brings to mind horse-drawn sleighs on snowy nights and the aroma of freshly cut pine and juniper. The holiday cheer and reunion among family and friends makes this season a most memorable time of the year.

One of the biggest problems is finding a gift that's special for people who are special to us. A solution to that age-old quest is to personalize your gift.

Jewelry is always a favorite because it's so versatile, and when you find personalized jewelry that combines exquisite design and lasting quality, then your gift-giving problems disappear. When personalized jewelry becomes your gift selection, there is no worry about buying the wrong size or color.

Initial pins and pendants add a touch of holiday sparkle to sweaters and blouses all year long, while birthstone necklaces are a constant reminder that you care. Zodiac pendants are fun and can begin a life-long interest in astrology. In fact, it's great fun to combine a zodiac sign with an astrological chart for a two-fold gift.

Christmas doesn't have to be a hassle. Plan in advance and make your lists early. Do your shopping in small bits rather than day-long expeditions to the store. And when you can shop at home, by all means do so.

Gifts that will remain treasured presents throughout the

year are those which truly say how much you care. And top fashion jewelry like Sarah Coventry, purchased in the comfort of your living room, offers an unsurpassed collection of personalized jewelry for everyone you particularly want to please. Just think of all the energy you'll have left to open your presents on Christmas morning!

How To Decorate With A Popcorn Village

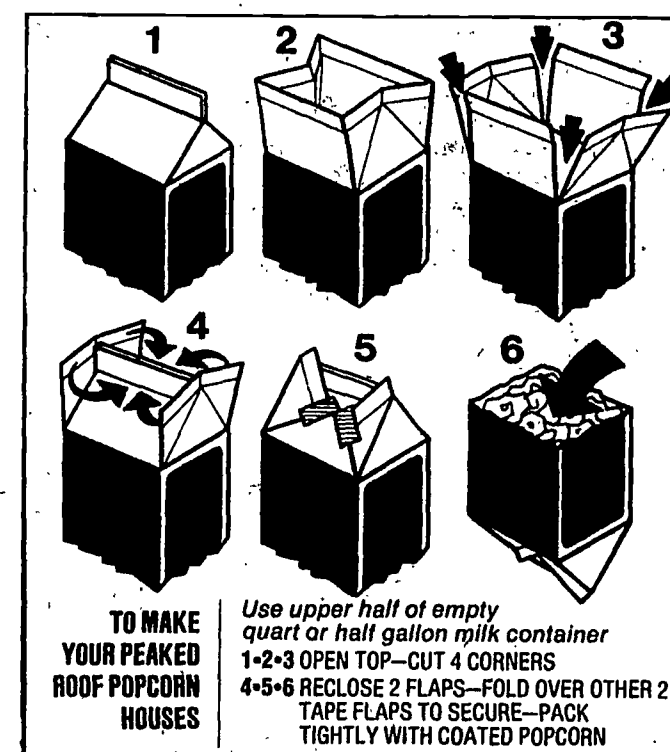

For effective decorating at a great low price, try creating a popcorn village for under your Christmas Tree, on a mantle, or table. Here's an opportunity to have a Christmas party and make your own ornaments with two inexpensive items... popcorn and empty milk cartons. Pop plenty of corn (we've used the kind that pops in its own pan). Then set family and friends to work constructing their houses. Serve apples, cider, oatmeal cookies and, of course, plenty of popcorn.

POPCORN VILLAGE

- 1 package (5 oz.) Jiffy Pop® Popcorn
- 1 cup sugar
- 1/2 cup corn syrup
- 1/2 cup water
- 1/4 cup butter or margarine

Prepare popcorn according to package directions. Pour into large pan or kettle. Heat sugar, corn syrup and water in saucepan to 250°-260°F, or until a drop of syrup in cold water forms a hard ball. Remove from heat and stir in butter. Pour over popcorn and mix thoroughly with a large spoon. Save 2 or 3 tablespoons of syrup for use in attaching parts.

Coated popcorn is now ready to be formed into peaked roof houses. You will need an empty 1/2 gal. or quart milk carton. Prepare milk cartons according to directions shown on right. Grease your hands and all containers well. Pack cartons with popcorn; remove cartons. Trim with licorice squares, cinnamon dots and Life Savers® candy. Use extra popcorn to form balls for stocking fillers.

TO MAKE YOUR PEAKED ROOF POPCORN HOUSES

Use upper half of empty quart or half gallon milk container
1-2-3 OPEN TOP—CUT 4 CORNERS
4-5-6 RECLOSE 2 FLAPS—FOLD OVER OTHER 2
TAPE FLAPS TO SECURE—PACK TIGHTLY WITH COATED POPCORN

PERSONALIZED PACKAGES

Personalize your Christmas packages this year—with handmade salt sculpture "nametags."

To make the dough, combine one cup Morton® Salt and two cups flour. Mix them well. (Be sure NOT to use self-rising flour.) Next, add one cup water, a little at a time, mixing as you pour, to form the dough into a ball. Knead the dough for about ten minutes until it is smooth and firm. Place dough that won't be used right away into a plastic bag to keep it from drying.

Then—you're ready to sculpt!

For nametags, roll out long piece of dough until it is about the thickness of a breadstick. Shape letters of name from one continuous piece on the cookie sheet for the handwritten effect. Or, make each letter individually, as in printing, joining letters by moistening both edges with water and pressing them together.

For more elaborate letters, braid or twist dough pieces before shaping, if desired. When name is completed, tiny aspic cookie cutters can be used to add further decorations—bells, stars or small flowers—to the letters.

To bake, set cookie sheet in the oven at 325 degrees. Allow them to bake for one half hour for each 1/2-inch thickness until hard and golden brown.

For a natural brown finish, brush the pieces with egg or milk during baking. Or, paint

to match holiday wrapping paper after they are cooled. Be sure to finish up with a good coat of lacquer, varnish or shellac to seal all sides from moisture and humidity. How to attach to the Christmas package? Just loop an extra piece of ribbon from the bow through one letter of the name. For more firm attachment, add tape to the back side to connect sculpture to the box.

And, when the packages are open, hang the name on the holiday tree!

For more salt sculpture ideas, send \$1.00, check or money order, to "Dough-It-Yourself Handbook," Box 9067, Kankakee, Illinois 60901. Allow up to six weeks delivery. Void where taxed, restricted or prohibited by law.

Baby's first Christmas

Your baby's first Christmas with you should be filled with magical moments—ones that will be cherished for a lifetime. Drawing on nearly 50 years of experience with babies, Gerber experts know that holiday festivities can sometimes be hectic and complicated as well as exciting. They offer the following tips to first-time parents.

Simplify holiday plans. Shop early for gifts and start package wrapping ahead of time. Why not send fewer cards, and decorate less elaborately this year? Use Christmas catalogs to save time and energy, or order by phone.

It's important to keep your baby's schedule flexible, too. Baby's heightened excitement may call for more rest than usual.

Your parental responsibilities can be eased by relying on the extensive line of Gerber baby need prod-

ucts in your neighborhood supermarket. Remember to keep an extra supply of baby foods on hand to avoid unnecessary shopping trips.

Let Dad (and grandparents if they live nearby) take over when you need some time to yourself. Relax with a book, enjoy a shopping trip alone, or whatever you like to do. One of the most important things you can give your family is to be cheerful.

On that long-awaited day, invite the family or friends for the package opening when your child is liveliest. Then allow time out as a family to relax before gathering later for a holiday dinner.

Holiday times should be filled with love and warmth...and happy memories. These guidelines can point you on your way to a merry Christmas...with baby.

Holiday Hints

This season give your family and friends an old-fashioned English Christmas. Bake a bean cake. In Elizabethan England it was traditional for everyone to eat a piece of a cake into which one bean had been baked. The person who found the bean in his cake was lauded as the bean-king on Twelfth Night.

HAVE YOUR HOLIDAY CHEER the old-fashioned English way this year.

If you have a fireplace, put a Yule log on the fire. Place an enormous Christmas candle on a high table and let it burn throughout the 12 days of Christmas.

Serve your guests a traditional English drink made with Beefeater gin. Distilled in London since 1820, Beefeater was first made by James Burroughs, who was a true perfectionist. In keeping with a long tradition, a member of the Board of Directors of this family-owned company tastes each batch of Beefeater before it's bottled. This season you can get it specially wrapped for the holidays.

If you have the time, make a plum pudding. If not, buy one. Either way you can give it a good old-fashioned look by pouring heated spirits over the warm pudding and setting it ablaze.

Thus we can all have a matchless, traditional Christmas, right out of Merrie Olde England.

SPICED ORANGE SLICES

(Makes 6 pints)
12 medium oranges
2 cups white vinegar
(5-6% acidity)
4 cups sugar
2 cinnamon sticks
(4 inches each)
16 whole cloves

1 tablespoon each:
ground mace
ground nutmeg
1 teaspoon ground allspice
Slice oranges 1/4-inch thick. In large saucepan, mix vinegar and sugar. Place cinnamon sticks and remaining spices in a piece of cheesecloth and tie corners to form bag; add to vinegar mixture and heat to boiling. Add sliced oranges and simmer 30 minutes, stirring occasionally. Immediately spoon oranges into hot sterilized pint jars to 1/2-inch from top. Cover with boiling syrup, leaving 1/2-inch headspace. Place red center lids on jars and tighten rings firmly but do not force. Process in a boiling-water bath (212°F) for 20 minutes.

Think Safety!

Invite Safety For Christmas

A Service Of Underwriters Laboratories Inc.

Christmas: a time for joy, for sharing, for peace, for love. Too many families, however, will not experience the good Christmas brings, for one careless act can induce tragedy. Hence, Christmas for these unfortunate families will be remembered not for what it could have been, but with sadness and pain.

While many hazards are apparent during the holiday season, none seem to be so prevalent as electrical fixtures and flammable materials. For at no other time of the year are as many of these present in the home; consequently, thousands of people leave themselves susceptible to disaster, whether it be loss of life or property.

In order that you might have a safer Christmas, Underwriters Laboratories Inc. (UL) would like to offer the following safety suggestions. Follow each one, and it will be a lasting, not last Christmas.

- Don't overload circuits.
- Don't work on light strings while plug is connected.
- Don't stretch strings of lights or extension cords.
- Don't use string lights or extension-cords outdoor unless the attached UL Label specifies for outdoor use.
- Don't use flood lights on or near flammable materials.
- Don't place decorative lights within a child's reach.

THERMOSTAT DO'S & DON'T'S

You may be able to save money on both fuel and repair bills by troubleshooting some of the most common thermostat problems yourself.

Since most thermostat malfunctions result from either improper location, maintenance or use of the device, here are some helpful do's and don't's to follow:

- DO mount your thermostat on an inside wall, away from doors and windows, so that it will not be affected by the outside temperature or drafts.
- DON'T place lamps, appliances, TV sets or heaters under the thermostat—their heat will affect furnace operation.

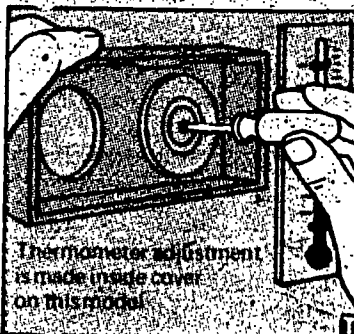

• DO keep mercury switch thermostats level so they will work accurately. Further information on fixing thermostats and 1,001 other things without the

- Do buy UL Labeled string lights and cords.
- Do inspect all wiring insulation for possible deterioration, especially if it is older.
- Do use rubber light socket gaskets where provided and replace if needed.
- Do make certain light bulbs are not loose in their sockets.
- Do use artificial trees that are labeled flame resistant.
- Never put lights on a metal tree.

While not minimizing the preceding, two points should be stressed; circuit overloading and physical inspections. Basically, overloads are created by placing more current on a wire than it can handle, but not enough to cause a fuse to blow. At Christmas this is usually due to placing too many lights on a single extension cord. Result: overheating; melting insulation; exposed wire; shock; fire or electrocution. Always check the capacity of the wiring supplying the lighting.

Examination of the insulation is a minor task, but one of major importance. Wiring stored in attics or basements for long periods could have deteriorated. Varying temperatures can affect the insulation, so that it becomes ineffectual in its protective purpose.

Have a safe and happy holiday!

DON'T PLACE LAMPS under your thermostat—their heat will affect furnace operation.

help—and cost—of a repairman can be found in a manual recently compiled by the editors of Reader's Digest. The "Fix-It-Yourself Manual," is available at bookstores.

Interestingly, you'll be happy to know that setting your thermostat 5 to 10 degrees lower at night can save you 5 to 16 percent on your heating bill.

GIFTS FOR THE WHOLE FAMILY

Poinsettia Pointers

There are some medical and plant experts who think old Ebenezer Scrooge must have started the story some time before that memorable Christmas Dickens wrote about. It's the fable that still pops up once-in-a-while this time of year about some mysterious danger that lurks in the most popular of all Christmas flowering plants, the poinsettia.

An office of the U.S. Government, leading research scientists, and the people of the American Association of Nurserymen might very well summarize their findings on the matter with Scrooge's traditional words: "Bah, humbug!"

Here is what spokesmen for the U.S. Department of Health, Education and Welfare have written: "Although there are a number of reports including the ingestion of parts of the leaves and berries of the poinsettia, we have yet to find mention that a child became ill, except for a few cases where vomiting was reported." Translated by the

nursery people, that means that a little person might possibly get an upset tummy from eating poinsettias—or all sorts of things a little person ought not eat. But poisonous? Bah, humbug!

This holiday season, as for many Christmases past, more than 25 million poinsettia plants will decorate American homes. Be sure yours has the right amount of light and water. An easy rule of thumb is to place the plant in a room with enough natural light to permit a person with reasonable eyesight to read fine print. Avoid direct sunlight. As for water, poinsettias appreciate quite a bit. When the soil feels dry to the touch, give the plant a drink, but remove excess water afterwards.

Relax and enjoy your poinsettias—one of nature's friendliest, loveliest gifts for Yuletide.

THEN and NOW!

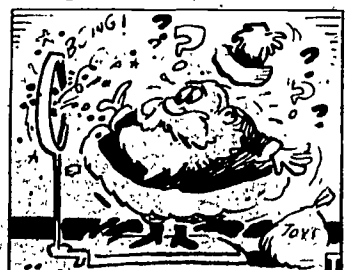

THEN. Magic Lantern shows were a popular entertainment about 100 years ago. Images were projected through glass plates at the rate of five slides per second.

NOW. Slide shows are a popular home entertainment. Children don't have to wait to enjoy their favorite cartoon characters until TV stations broadcast them. They can see and hear them any time with the GAF Talking View-Master.

IT'S NO WONDER SANTA IS OVERWEIGHT

Santa Claus as a jolly slender person, who eats sanely and is in excellent physical condition. And we are not recommending that—for it would be shattering to the world to imagine St. Nick as anything else but what he is. Besides, what would we do with all the fat men who don the red suit as their occupation.

What we do recommend is that the image of Santa not be taken literally. That he stop trying to eat every "goodie" that's left under the tree. That he keep his hands out of the candy dish and cookie jar. That he lay off the soda pops and fancy liqueurs. That he pass up some of the liquid celebration. He might hurt a few feelings, but he'd sure feel a lot better. And there's no question about the fact that he'd have a lot easier time getting down those chimneys.

The point is simply this. This time of year, we're so busy thinking of others... and eating with others, that we tend to neglect our health. For the sake of your own well being, try to remember that the stockings you stuff this season aren't supposed to be the ones you're wearing. Remember, that in spite of most people's pledge to "take it off after the New Year," in most cases the weight put

on during the holidays stays with one person—only to be further abused the following Christmas.

For many Americans, the most precarious place to be during the holiday season is behind a place setting at the dinner table.

Heavy food, drinks, and rich desserts! It might not be so bad if just to Grandmother's house we'd go.

From a period that starts with Thanksgiving and goes through New Year's, everywhere we go, we're tempted with cakes, pies, cookies, candy, and hors d'oeuvres. And third and fourth helpings of the turkey and dressing aren't uncommon... they're expected.

Oh, well. So what? It's only once a year and besides, it's the season to be jolly. And we all know that the jolliest people of all are fat people. Right? Wrong. If a fat person happens to be jolly, it isn't because he's fat...it's in spite of it. How can anyone be jolly with a condition that makes a person so uncomfortable, so unattractive, and so unlikely to live a long and satisfying life?

Years ago, being fat was a sign of power and prosperity. If you were fat, that meant you ate well, which meant you had plenty of food, which meant you had plenty of money. The kings throughout history are always portrayed with 50-inch waists and drumsticks in their hands.

Even our friend with the red suit and the familiar "ho ho ho" is overweight. And that's too bad. Think what a better example Santa would be for kids and adults if he weren't fat.

Make this Christmas the merriest.

Christmas Gift Sale!

FIREPLACE GIFT MAKES HOLIDAYS WARMER, SAFER

A gift for the house is a Christmas tradition in many homes. With the fireplace being used often these days for auxiliary heat and fuel conservation, accessories for the fireplace are more welcome than ever, according to the Fireplace Institute.

Many are useful as well as decorative. The popular firecreens with tempered glass doors are energy savers. For safety's sake, a fireplace damper should not be closed for several hours after a fire dies out. The glass doors of the screen can be closed while the damper is left open and warm air is not drawn up the chimney.

This and other types of firecreens provide protection from sparks and hot coals popping out into the room. Some firecreens are free-standing, others attach to the fireplace opening. Custom-made screens are available for the odd-size fireplace.

To safely shift logs or place new ones in the hot fire chamber, a sturdy pair of tongs and a poker are needed. A brush and shovel for cleaning the fire chamber and hearth are often included in sets of tools designed to match your room decor. A woodholder or basket keep logs handy and neatly stacked by the hearth.

A grate and andirons hold logs correctly and provide air circulation for a good fire. In addition to conventional grates, many fireplace dealers offer grates constructed to direct more

of the heated air into the room.

Increased use of fireplaces for heat has made log lighters a popular accessory item. Gas lighters provide a steady flame until logs ignite. A tray that contains fuel and which slides under the logs can also be used as a substitute for kindling.

The traditional Cape Cod fire's fuel and a wand, is also popular both for decoration and lighting the fire. Commercially made fire-starting cubes are a safe substitute for kindling. Super long fireplace matches come in decorative containers.

For dedicated recyclers, manufactured logs are available in many fireplace accessory shops as well as a handy gadget that rolls old newspapers into tight "logs."

Old-fashioned bellows beside the hearth add a traditional decorative touch, but are also handy when the blaze needs some encouragement.

People are re-discovering the fascination of hearthside cooking. Long-handled popcorn poppers are fast moving items, say fireplace dealers. Grills for sizzling steaks and cast-iron pots for simmering beans or stew also are much in demand.

Since the energy crisis began, fireplaces aren't just for hanging Christmas stockings. It's the place where the family gathers for warmth, carols and good home cooking.

INTS FOR OMEOWNERS

Snow Thrower Safety

Don't let the snow freeze out your fun. A snow thrower can clear a path to a clean yard. Here are some tips on how to use a push-type model from experts at the Outdoor Power Equipment Institute.

TESTING—Make sure to test your machine—attachments, safety devices, controls—before heading for the snow.

1. Become thoroughly acquainted with the owner's manual before you start the engine.

2. Test your machine and become familiar with it before you attempt to use it.

3. Adjust the height to clear gravel or crushed rock surface.

4. Never direct discharge chute at bystanders or allow anyone in front of the machine. Debris is sometimes hidden in the snow.

5. Keep machine in good operating condition and keep safety devices in place.

6. Never remove guards or shields.

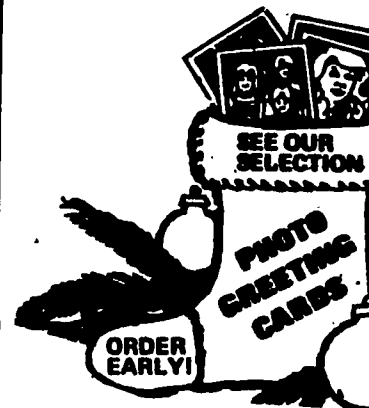

If you use common sense and follow prescribed safety precautions, snowfalls won't leave you out in the cold.

The first Christmas stocking is believed to have belonged to a fourth century child in Turkey. It's said a poor boy hung his stocking up to dry by the fireplace when St. Nicholas, a charitable Bishop, dropped into it a bag of gold.

LETTERS to EDITOR

A Niles Senior clarifies his feelings

Dear Sir:

I was very gratified and pleased with the article that you printed concerning the Senior Citizen situation between the Golden Age Club of St. John Brebeuf and the Niles Senior Citizens Club of Niles.

It was right to the point and I was hoping and praying that something would be done to resolve the Senior Citizens Clubs of all Niles misunderstandings and grievances. Upon my own investigation with another Senior Citizen (Harold Warmann), we have found out that nothing is being done by village officials or park officials to remedy the situation.

I attended the Illinois Senior Citizens Conference in Springfield, Ill., which is a part of the National Senior Citizens Council of the United States, based in Washington, D.C. The conference had notable political persons such as Neil Hartigan, Sen. Thomas Hynes, Rep. Cal Skinner and others as guests. They are solidly for the seniors and they stress "Senior Power". They all expressed how all senior citizens banded together can unseat any political persons not capable of doing their job.

At the conference another Senior Citizen (Stanley Gozdecki) talked with the officers of the Illinois Senior Citizen Senate and discovered how Federal reserve sharing money is given to the cities, townships, states and villages is supposed to be used for strictly the seniors of these United States. It disturbs me a lot

how it is being used and spent.

On discussion with the Executive Board of the Seniors Senate, they suggested to us that all officials of the Village of Niles sit down with all of the officers of all the Senior Clubs in the Village, which, I presume, is five clubs, and somehow straighten out their problems and clarify the by-laws and rules of each club. The Senate also recommended forming new clubs to accommodate any waiting lists which the clubs might have.

The Bugle has backed this proposal and I know it will make a lot of seniors very happy. At the present rate of birth, the growth is down and within the next 25 years, 1/3 of the population of our country will be senior citizens, 55 years of age and up. So, as you see, there will be a greater need for many Senior Clubs. This fact was given to us by our state politicians at the conference.

What I am trying to say is, would it not be wonderful if any senior citizen in our village would be able to get out any day and go to any club they so desire? They are not baby sitters any more like the old days, but are vibrant, eager and want to go to the club meetings and attend all the social events. I know it warms my heart to see the smiles and the happiness on their faces.

I know with the help of the Niles Bugle and all our village officials, they can keep the seniors in that state of mind. I know there is another political election coming up in March of

1978 and the senior citizen situation is a touchy one in our village, but I know with cooler heads and with a little "Senior Power" persuasion, all these misgivings and bickering can be resolved. We have quite a few senior handicapped people who would be very thankful if all this would be cleared up in our village.

I was in the Niles Senior Club at the Recreation Park and resigned as vice president this last summer over club policy. I know today we should have all sat down and remedied our differences by talks, suggestions, and elections. I apologized for my outburst before the club membership and I have no ill feelings against any officer or member of that club. I was happy in the club and I wish them continued good fortune and I extend a very warm hearted Christmas and Happy New Year's greetings to all the Senior Clubs and every senior citizen of Niles and may they be blessed with good health, love for each other, and may the remaining years of their lives be happy and fruitful.

I also want to extend once again my heartfelt thanks to Mr. Dave Besser and all of his staff at the Niles Bugle. We are very fortunate to have him in our village. Once again, Merry Christmas and Happy New Year to all the residents of our village... from a Senior Citizen who loves people.

Thanks Bugle for informing public

Dear Mr. Besser:
In your Thursday, November 24th edition of the Bugle, you published an article entitled, "A Rider's Guide To Using NORTAN". We would like to

thank you for assisting us in informing the public of transit services available to them.

We appreciate your cooperation and coverage and hope to continue to work with you in the future. If we can be of any assistance on other efforts or questions, please contact me. Thank you.

Sincerely,
Joseph DiJohn

General Manager

Tower YMCA winter classes

The Leaning Tower YMCA announces the winter #1 term 1978 schedule of classes has been completed. An interesting and varied program is available for area residents to choose from. Youth and adults will discover numerous opportunities for self improvement, relaxation, and recreation during the 7-week term scheduled to begin the week of Jan. 9.

Outstanding leadership is offered by the following departments: hobby, special interest, fine arts, aquatic, sports and physical education. Prospective students are encouraged to plan their program now, and register at least one week before classes begin!

Adult sport and physical education classes (7 week term) will include: judo, karate, yoga, fencing, racquetball, weight training, tennis, tension control and American self protection. Specials for women: creative rhythm exercise,

Criticizes Niles police for indifference

To the editor:

I can describe the Niles Police Department with just two words: they stink.

I work at A.B. Dick Company in Niles and ride the bus everyday to work from Des Plaines to A.B. Dick Company in Niles.

On Tuesday, Nov. 29 I got off the bus at Lehigh and Touhy Aves. and waited until the light was red before crossing Touhy ave. It was about 8:30 a.m. and then I almost got run down by a car. Luckily, however, I jumped out of the way and glanced west down Touhy ave. and copied the license plate number of the automobile that almost hit me. I then called the Niles Police Department and told them what happened. The policeman I talked to wanted to know if I could describe the driver. Of course I could not and he thanked me for calling the police and he also told me there would be a police car watching the intersection today Wednesday, Nov. 30.

Well there was no policeman. Why not? I feel sorry for the people of Niles because their tax money is paying a do nothing police department.

They call Niles the All American City and I see the street signs and laugh because to me it's a joke.

Yours truly,
Roger McNeil

Des Plaines, Ill. 60016

Editors Note: The Niles Police Department told the Bugle that it is not feasible to just post a squad car at an intersection to watch the traffic. Squad cars are in service throughout the village answering emergency calls and patrolling traffic. According to police, if the writer had wished to pursue the matter further, he would have had to come into the station and enter a formal complaint.

No "surprise" pets for holiday gifts

Dear Editor,

Please exhort your readers! Please don't give a living creature for Christmas Day Deliv-

Orphans of the Storm has over the years, and every year, witnessed the arrival of bedraggled, ribboned cats and dogs, puppies and kittens. Some have been already maimed, all stressed, starving; plus those that failed to arrive alive.

While loving relatives and friends want to fulfill the wishes of little people, it is just short of insane to plummet animals into the center of Christmas confusion and din of JOY. Too many slip through the first opened door in terror, completely disoriented.

Only Moms and Dads should choose the pets for their little ones and take them home at least two weeks before festivities so they, and the furry ones can adjust to each other.

A surprise gift, by friends or relatives of a kitten or pup "for the children" may be the end of a beautiful friendship. Mom may not be able to cope with any more responsibilities than she already has and desperately try to give the living gift away, with resultant strained feelings and the end of a beautiful relationship.

Sincerely,
Orphans of the Storm

Maine Moms thank Bugle

Dear Editor:

On behalf of the Maine East High School Mothers' Club, we wish to thank you for the very generous publicity you gave our 14th Annual Antique Show and Bake Sale benefit in the weeks before the show. This year we raised about \$4,000 for the scholarship fund which helps

Maine East students continue their education beyond high school. Bringing word of the show to the public as you did more people attended the show during the three days it was presented.

Again, thank you for your help. Sincerely,

St. John Brebeuf celebrates "Uncle Pete Day"

The students and faculty of St. John Brebeuf School; Niles, honored Mr. Peter Zonsius, parish engineer, by proclaiming Nov. 23 as "Uncle Pete Day". Two weeks earlier, Mr. Zonsius received the St. Vincent de Paul Society's most prestigious award, the Ozanam Award, a bronze medal named for Frederick Ozanam, founder of the St. Vincent de Paul Society. This was presented to him by Cardinal Cody on behalf of the Archdiocesan Central Council of the Society at the annual meeting of all councils. This is the second time in eight years that this unique award has been given. Consequently the students and faculty of St. John Brebeuf, in grateful recognition of his tireless dedication, in the spirit of Frederick Ozanam to God's needy, dedicated a day in Pete's honor with a special assembly.

All grades participated in their own way to express their appreciation to this fine man, who they know as Uncle Pete. After an introduction by Sister Joan Stoffel OSF, principal of St. John's, Mr. Zonsius displayed his medal for the students and explained briefly the operation of the St. Vincent de Paul Society. This was followed by a cheer from the eighth grade cheerleaders with a "Spread the Word, Uncle Pete is Here". Grade five presented a parody "Pete's Been Working on the Soup Line" to the melody of "I've Been Working on the Railroad", as did grade four with "Save, Save, Save Your Food for Uncle Pete to Give" to the tune of "Row, Row, Row Your Boat". Various gifts were presented to him by the third grade students to make his job easier such as Big Pete Cleaner. The second grade presented him with a honorary

Seek college students for blood donations

The North Suburban Blood Center is asking vacationing college students to offer blood donations while they are home for the holidays to assist area hospitals in meeting their blood needs. Due to long weekends over both Christmas and New Year's few organized blood drives are being held during this critical period. Individual blood donations take on an added importance.

If you are in good health, between the ages of 17 and 65, and weigh more than 110 pounds, you are likely to be eligible to donate a pint of blood. Call the North Suburban Blood Center at 298-9660 for further information about a blood donor site close to your home. Blood donor hours have been extended at the Blood Center, which is located at 1255 North Milwaukee Avenue in Glenview.

Help insure that blood will be available for people in your home community. Urge your friends and family to join you in donating. Your blood donation will provide a happy holiday season for patients in nearby hospitals.

membership in the "Dental Association" and a tooth fairy pillow to remind him of the many loose teeth he helped pull. Students of first grade displayed large letters spelling out "Thank You Uncle Pete" and recited various messages of thanks to him. A poem was dedicated to him by grade seven. The sixth grade interspersed the program by presenting Uncle Pete Minutes, which told his biography, as did the Kindergarten classes by carrying flash messages across the gym, such as "Don't forget to buy a needy person a Christmas Present" and "Keep the school neat for Uncle Pete".

Among the guests present were Mrs. Zonsius, their daughter Mary Lou, members of his family, parish priests, parish deacon John Perkwitz, Father Ehrens and Miss Nancy Palmer from St. Malachys Parish and Father Conway from Catholic Charities. Some of the guests - Monsignor

RTA listening post in Niles

Residents of the Village of Niles will be able to express their views on the Regional Transportation Authority's public transportation system in the Niles Village Hall, Dec. 8, from 1 to 3 p.m.

Robert Thibeault, North Suburban Cook County Regional Affairs Officer, will be present to discuss RTA's public transportation system and future plans with the residents of Niles.

In addition, RTA staff will distribute brochures, route maps, timetables, and reduced fare cards for senior citizens. "RTA is coming out to talk with the people of Niles, and in return we want them to come and talk with us and give us some insight in to their transportation needs," said Thibeault.

The Niles Village Hall is located at 7601 N. Milwaukee Ave., Niles.

Glenview State Bank solves energy crisis

The Glenview State Bank's answer to the energy crisis is the brand new Columbia Commuter moped, now being offered to savings customers to conserve fuel and money for the years ahead. The first bank in Illinois to offer mopeds to savings customers, Glenview State Bank will obtain title and license for all persons interested in the economic new vehicle.

The Columbia moped can be pedaled like a bicycle for fun or exercise, and the turn of a switch

will ignite a small engine that can attain speeds of 30 MPH. With mileage up to 150 MPG, the Columbia Commuter will run from spring to autumn for the same cost as a few tankfuls of gasoline in a car.

This fuel economy has focused America's attention on the Columbia Commuter, the only moped built in America with American safety features and performance requirements.

Especially suited to errands, commuting and pleasure cruises,

the Columbia moped will become an important means of transportation throughout the north suburban area in the coming years.

Persons wishing to take advantage of this revolutionary vehicle, either as a Christmas gift or a headstart on spring, can visit the lobby of Glenview State Bank, 800 Waukegan rd., Glenview, and see the Columbia Commuter on display.

North West Federal opens Loop center

North West Federal Savings has opened a downtown office at 72 East Randolph.

Located between Michigan and Wabash, across from the Chicago Public Library, North West Federal's office is open 63 hours a week, Monday thru Friday from 7:30 a.m. to 6:30 p.m. and on Saturday from 9:30 a.m. to 5:30 p.m.

Jerry J. Lonigro is the manager of the Association's sixth branch, a full-service facility with nine teller windows, a home loan department to accept mortgage applications and a customer service center.

Multiple records and on-line computer service tie the new Loop office with other North West Federal offices.

"The opening of our new downtown savings center is another step in the direction of providing more and better services for our customers," says David J. Denwood, president of the \$765 million association. "It also demonstrates our confidence in the Loop area and the people of Chicago."

A grand opening celebration has begun and there are free gifts, souvenirs, and prizes for savers and visitors.

An exhibit of vintage radios and old time radio premiums is on display at the Loop office and veteran sportscaster Bob Elson will record his weekly radio show from the downtown center lobby on Saturday mornings at 11 a.m. thru Jan. 14.

Norwood Federal offers fine art

For a deposit of as little as \$250 in a new or existing account, Norwood Federal Savings and Loan Association, whose Main Office is at 5813 N. Milwaukee, Chicago, is currently offering a wide selection of graphics and oil paintings either free or at greatly reduced prices.

Attractively displayed in "Easy Street" galleries at each of Norwood Federal's four locations, the art works range from 7 by 9 inch, colorful, ready-to-hang graphics to large, original oils worth \$60 or more. The selection includes lovely florals, seascapes, still lifes, detailed portraits, and sweeping landscapes to fit any taste or decor.

Commenting on the exceptional offer, Donald J. Babicz, Executive Vice President, stated: "Following the initial qualifying deposit, a customer receives his choice of a 7x9 graphic absolutely free. A second one can then be purchased for the remarkably low

price of \$5. Oil paintings are also available for as low as \$5, and with each oil purchased, a customer receives a free decorator book published by Family Circle magazine."

Continuing, Babicz commented: "For depositors opening a new account for \$1,000 or more, or adding a like amount to an existing account, we are also offering a free gallery light just right for displaying that special painting or graphic. The light is free to those purchasing a painting for \$27 or more as well."

"Each painting being offered is unique, but the supply is limited. We suggest that interested people stop by soon to make their selection," Babicz concluded.

Besides its Main Office, Norwood Federal has Easy Street Galleries in each of its branch offices: 980 N. Northwest Highway, Park Ridge, and 5415 W. Devon and 6205 N. Northwest Highway, Chicago.

Norwood Federal makes Christmas interesting

Each year at this time, most financial institutions start promoting Christmas Club accounts, urging people to begin systematic saving for the next year's holidays. Norwood Federal Savings and Loan Association, whose Main Office is at 5813 N. Milwaukee, Chicago, is no exception, but they have added an extra inducement for area residents to open these helpful accounts: 5 1/4% annual interest on the deposits.

Interest paid on Norwood Federal Christmas Club accounts will not be compounded, and will be paid only on those funds left in the accounts until maturity.

In addition to its Main Office, Norwood Federal operates branch facilities at 5415 W. Devon and 6205 N. Northwest Highway, Chicago, and 980 N. Northwest Highway, Park Ridge. Interest bearing Christmas Club accounts are available at all four locations.

RETAIL SALESMAN USE COMPUTER POWER

If computers helped man to the moon and beyond, a computer can help a commissioned salesman or small businessman stay on top of the competitive field of sales. Tough competition means all your past customers and possible future customers are valuable. Fast, efficient computerized customer follow-up and record keeping is now available for only a few cents per customer. Keeping an active record of proven customers who may buy from you again and following up on sales leads can put dollars in your pocket. Finally the small businessman or single salesman working for a large retail chain can profit by using a computer in the same manner as a salesman for a Standard Oil or IBM.

Very simply, you can make more money by better using what you already have, established customers.

March of Dimes Walkathon earns \$8,900

Over 250 walkers from Niles, Morton Grove, Glenview, Skokie and surrounding suburbs saw \$8,961.30 pledged for the fight against birth defects in the annual National Foundation-March of Dimes Niles/Morton Grove Walkathon, held on Sunday, Oct. 23.

Funds raised by the event will help support March of Dimes research, medical service and educational programs designed to reduce the nation's high infant rate and to improve the health of all newborn.

Participants in the event met at Golf Junior High School, in Morton Grove, to register and begin their 15-mile hike through the Niles/Morton Grove area. Checkpoints along the route provided water and restroom

facilities, as well as snacks for the walkers.

Harvey Wells, WKQX-FM radio disc jockey, was a special guest at the walkathon kick-off celebration in the morning.

The Walkathon finished at Golf Junior High School, where all walkers received free coupons redeemable for a deluxe hamburger and drink, donated by Freija Woodall, Manager of the Jack-in-the-Box Restaurant in Morton Grove. Each walker who completed the route also received a special Certificate of Appreciation from Jack-the-Crown.

The walker who collects the most money for the March of Dimes through the event will receive a 10-speed bicycle. The prize deadline for receiving collected pledge contributions is Dec. 5.

The March of Dimes thanks all walkers and area residents for their outstanding support of the walkathon program. Special thanks go to Jack-in-the-Box Restaurants; Harvey Wells of WKQX-FM; and all volunteers who manned checkpoints.

Maine North holiday concert

Maine North's music department will present a Holiday Concert on Tuesday, Dec. 13 at 8 p.m. in the school's theatre.

The school's concert band under the direction of Mr. O.D. Premo will perform "The Nutcracker Overture and March," "The Magic Flute" by Jean Francaix, "Happy Sounds at

Christmas" by Cacavas, and "Sleighride" by Leroy Anderson. Mr. Jack Olander will direct the Concert Choir which will sing "The Christmas Song" by Torme, "Lil' Boy Chille" by Dawson, "O' Holy Night" by Adams, and "He Watching Israel" by Mendelssohn.

The Concert Orchestra will perform "A Christmas Festival" by Leroy Anderson, "A Christmas Fugue" by Robert Brown, "Carol of the Drummer" by Kathryn Davis, and "Christmas Concerto" by Archangelo Corelli. The Concert Orchestra will be directed by Mr. Francis Vaupel. Admission to the concert is \$1 for adults and 50 cents for children. Fine Arts Booster Memberships will be honored.

Maine North is located at 9511 Harrison, Des Plaines.

Niles North Music Festival

Sounds of the holiday season will ring through the halls of Niles North when the high school presents its annual Holiday Music Festival on Dec. 21 at 8 p.m. in the school auditorium.

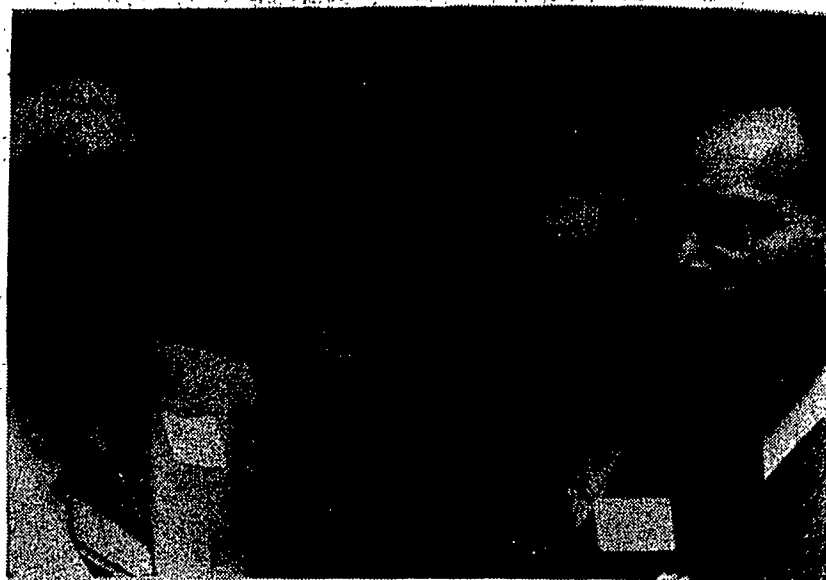

Featuring the talents of all choral groups, the orchestra and concert band, the show will consist of various classical selections as well as those appropriate to the holiday season.

Choral selections include "Sing of Christmas," and the "Alfred Burt Carols" by the Girls' Ensemble and the Chamber Choir respectively. The "Chanukah Suite" will be presented by the combined choruses. A joint choral-orchestra number will also be performed.

Band selections include the Overture to "Die Meistersinger" by Wagner, "Greensleeves" by Reed, and a suite from "Amahl and the Night Visitors" by Gian-Carlo Menotti.

Admission to the concert is free and the public is invited to attend.

Former Maine leaders attend Jubilee concert

Two former superintendents of the Maine Township High Schools, Dr. Earle W. Wiltse and Harry D. Anderson, were in Park Ridge to help District 207 celebrate its 75th Anniversary at a Diamond Jubilee Choral Concert at Maine East on November 9. The men were guests of honor at the concert and at several receptions held at the school that evening.

Shown above are Dr. Wiltse (left) and Mr. Anderson (center) enjoying a visit with the present Superintendent of Schools, Dr. Richard R. Short, at a Board of Education reception immediately before the concert. In the background is Maine West principal, James L. Coburn.

The former superintendents also attended a gathering of Maine's "old grads" after the concert, and a reception sponsored by Maine East's Music Boosters.

Mr. Anderson, who was superintendent of District 207 from 1948 to 1959, traveled from his home in Fairhope, Alabama, to participate in the Diamond Jubilee celebration. Dr. Wiltse, who is Dr. Short's immediate predecessor and who served as superintendent from 1959 to 1966, came in from DeKalb, Illinois, where until recently he was a member of the faculty of Northern Illinois University.

Japanese silk art demonstration

Ms. Pierce will exhibit and demonstrate the "lost art" of Tsumami (Royal Japanese Silk Art) at Oak Mill Mall, 7900 N. Milwaukee on Saturday and Sunday, Dec. 10 and 11. Royal Japanese silk art dates back many centuries and originally was only made for the enjoyment of royalty. Only in the past few decades interest in, and the teaching of, Tsumami has been renewed.

In Japan there are resident schools available; in the United States there are currently some qualified teachers, one of which is Ok Hui Pierce. Basically this art form consists of the cutting, dyeing, folding, and arranging of pieces of silk into traditional or personally conceived framed arrangements.

Ms. Pierce, who was born in Korea, attended personalized training in Tsumami, both in the United States and Japan, in 1974, 1976 and 1977. She is a member of American Society of Artists, and a member of their Lecture & Demonstration Service through which she presents a delightful and fascinating demonstration to various groups throughout the midwest.

District 63 Honors Band concert

Under the direction of Donald J. Filla, the Honors Bands from Apollo and Gemini Junior Highs will perform at Oak Mill Mall, 7900 N. Milwaukee in Niles on Saturday, Dec. 10 at 2 p.m. The program will consist of Lamar March, Nadia's Theme, Snow Chase, Feelings, Blues A La Mode and Music Man.

This year the band will perform a Winter and Spring Concert and tour all of the schools in District #63 during the month of April.

All music performed by the District #63 Honors Band is prepared during one rehearsal per week, held on Tuesday afternoons after the regular school day.

The program will consist of Lamar March, Nadia's Theme, Snow Chase, Feelings, Blues A La Mode and Music Man.

You are invited to a performance of The Messiah by Handel. It will be performed by The Sanctuary Choir and Soloists of the Edgebrook Evangelical Free Church, 6155 W. Touhy ave., Chicago on Sunday, Dec. 11, at 7 p.m.

Speaking on the occasion of the opening of the Lyric's new production, Gioacchino Rossini's "Barber of Seville," Casali presented in a brief historical introduction on the status of bel canto opera in the early 19th century. He later discussed the story of the "Barber of Seville" as social commentary.

Casali, a full-time member of the Oakton faculty since 1972, holds a bachelor's degree from Loyola University in humanities and a master's degree from Loyola in Spanish.

Exercise caution when "jumping" a disabled car

Joseph Gambino, president of United Transmission Center, with two locations — one at 7460 N. Milwaukee ave., Niles and the other at 2740 N. Kedzie, Chicago, passes along this valuable information regarding "jumping" disabled cars:

Jumping a disabled car seems like a simple enough task and a safe one, too. It is — providing a few common sense rules are followed. Yet each year hundreds of people across the nation suffer face and eye injuries — sometimes quite severe — because they don't take time to do it the right way, the safe way. Here are a few rules to make your life a lot safer when jumping:

1 - Put out the cigarettes. Highly flammable hydrogen gas can build up in and around a battery during cranking. The fire from the cigarette can trigger an explosion.

2 - Protect your face and eyes. Avoid putting your head directly over the battery. And, always wear eye protection such as safety glasses or goggles. Gloves are also a good idea.

3 - Examine the battery. Remove the vent caps (if equipped) to see if there is sufficient (if any) fluid. In cold weather, check for frozen fluid as fluid can explode. Removing the vent caps helps reduce any concentrations of hydrogen gas as well.

4 - Cover the battery with clean rags. This will contain any splashing acid.

5 - Same voltage. Never use a 24-volt system to jump a 12-volt system. This can result in permanent damage to the battery and the car's electrical system.

6 - Positive to positive. Attach your positive cable to the disabled vehicle's positive battery terminal. Take care not to "route" cable near fan or pulleys.

7 - Negative to engine block [not to the negative battery post]. The sparks that occur when the jumper cable is disconnected could set off an explosion if connected to the negative battery post.

8 - After the car is started and before disconnecting cables. Before jump starting, turn the heater A/C blower "on" and leave it on after the engine starts until after the jumper cables are removed. Turn all the lights "off" before jump starting and leave them off after the engine starts until after the jumper cables are removed. This is required to prevent a voltage surge that could damage electrical components while disconnecting cables.

Thanks, Joe ... and I'm sure many of our readers will want to express their thanks to you also for this valuable safety advice. By the way, United Transmission Center does general repair work as well as fast expert transmission work on all cars. Nilesites can call the general manager, "Sonny", at the Niles location, 772-3226, for information.

If your car's in good shape, it makes it easier to get around, particularly during the cold winter days. One place you should get to and relax and enjoy some great food is the Beam 'N Barrel, 7136 Milwaukee ave., Niles. If you dine on a weekday, you can save 20% on complete dinners. For example on Tuesdays, only, you can have a delicious, juicy strip or butt steak dinner — that's a complete dinner including salad bar selections — beverage and dessert — and still get 20% off your check. On Wednesdays, the same deal applies on a Bar-B-Que Rib complete dinner and on Thursday, you can get the 20% off on a complete Chicken dinner.

You'll enjoy the hospitality and service, in addition to the highest quality foods obtainable at the famed Beam 'N Barrel. There's ample free parking and in addition to an extensive menu of dinners and sandwiches, the Beam 'N Barrel offers a wonderful salad bar with a wide variety of goodies. The Beam 'N Barrel is open at 4 p.m. daily, closed on Monday. For gourmet food at its best, you'll appreciate the Beam 'N Barrel and its reasonable prices.

See you next week ...

Santa needs toys

Make Christmas better for the special kids over at Jeanine Schultz Memorial School in Park Ridge. For the kids who range in age from 4 to 19, your generosity will make Christmas something very special this year.

Donors of new toys or money for toys are invited to a Christmas Toy Shower and Tea. All gifts will be displayed, and a special documentary film will be shown so you can see the school in action. Of course, there will be plenty of home-baked goodies, coffee and tea for refreshments.

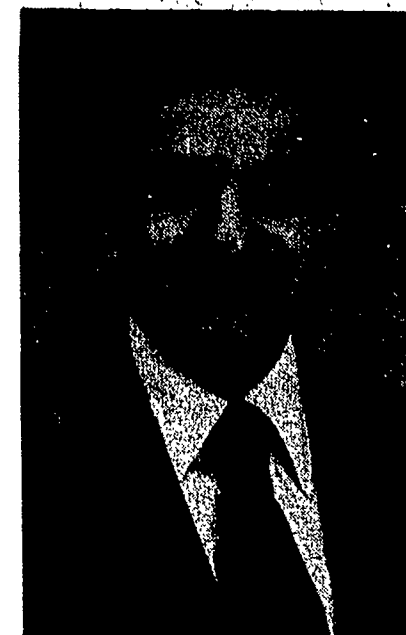

Little City Christmas Party

Christmas comes early for 160 mentally handicapped and blind retarded children of Little City, Palatine, Ill. For the 13th consecutive year labor leader Don Peters, President, Teamsters Local 743, and Norman Greene, 9251 Laverne, Skokie, Executive Assistant to the International Director, Central Conference of Teamsters, play hosts for the Little City Christmas Party to be held Wednesday, Dec. 14, 12:30 p.m. at O'Hare Inn. For the second straight year William Hogan, Sr., Secretary-Treasurer, Teamsters Local 714, will join Don and Norm in playing Santa Claus for the Happy Holiday Party.

Fun, entertainment, and love, will be in abundance at the festive Yuletide luncheon party. The Holiday Spirit will be very much in evidence as the students perform to musical arrangements played by the Music Therapy group. David Romaine and his magic violin will also entertain with his variety of holiday selections. Finally, a visit by Santa Claus himself, with gifts, candy and toys, for every boy and girl.

Little City's long planned Social Habilitation Center is now under construction. Named the Variety Club Karyn Kupcinet Social Ha-

bilitation Center, it will be operational in 1978. This facility will provide social recreational and physical therapy for some 1,500 mentally handicapped children on an out-patient basis each week.

Little City currently celebrating its 18th Anniversary has become one of the world's leading foundations for the habilitation of the mentally retarded. The education program at Little City is lauded as one of the finest available in the United States.

Hansel and Gretel

The classic children's tale Hansel and Gretel will be presented by the Niles West high school Children's Theatre on Dec. 9 and 10 in the school's auditorium, Oakton at Edens Expressway, Skokie. Performances will begin at 7:15 p.m. on Friday, Dec. 9 and at 1:15 p.m. on Saturday.

A matinee for school groups will be held at 12:15 p.m. on Dec. 9. Seating for the approximately one hour show will begin at noon. Reduced price tickets for this special performance are 75 cents per child and teacher or chaperones will be admitted free.

Niles West senior Amy Kaminer will appear in the production as Hansel and freshman Amelia

Bartholemew will be Gretel. Freshman Ian Steicher and junior Meryl Poticha will portray the parents and sophomore Pam Caplan will be the wicked witch.

Other roles will be played by students Candy Goldberg, Skokie; Ellen Mitchell and Kim Olligis, Morton Grove; Kelly Chester, Niles; and Janice Thall, Betsy Klinsenberg, Richy Levine, Rachel Heyman, Cynthia Doppelt, Jill Weiss, Lisa Price & Shira Kaplan, Lincolnwood. Children's Theatre director at Niles West is Ms. Molly Magee.

Tickets for both regular performances of Niles West's Hansel and Gretel are \$1. School groups wishing to attend the reduced price matinee should contact Ms. Magee at the school.

A community afghan

The Emerson Jr. High School knitting class learned to knit a variety of stitches this trimester by working on squares. As a beginning project, each girl in the class made at least four different squares in a variety of colors. These squares were woven together to form an afghan and several of the girls crocheted a border around the edges.

The class was so pleased with the result that they decided to have a tea and present the afghan to their principal, Dr. Phyllis Long. Shown here with their creation at the presentation are the members of the class: Laura Brey, Chris Chaconas, Joy DeGraf, Kim Fram, Kathy Hager, Kathy Heinz, Marie Joern, Effie Kokalias, Maureen McEvilly, Colleen O'Brien, Kris Padule, Kirie Showalter, Ann Sorensen, Amy Zimmerman.

Coin collector's show

The next date for the Chicago Coin Bourse will be held at the Leaning Tower YMCA, 6300 Touhy, on Sunday, Dec. 11 from 10 a.m. to 5 p.m. Admission is free and there is ample free parking. Eighteen experts will have exhibits on display and will be available to appraise and identify any coins, medals, tokens or paper money presented. All persons interested in coin collecting are cordially invited to attend.

DPTG acting classes for children

Children aged six thru high school are invited to enroll in Des Plaines Theatre Guild's Children's Theatre acting workshops to begin in January.

Registration will be conducted on Saturday, Dec. 10 at 1:30 p.m. at Guild Playhouse, 620 Lee St., Des Plaines, second floor. Fee is \$10 for one child, and \$5 for each additional child from the same family.

An orientation period following registration on Saturday will explain plans for the acting classes which will be directed by Macky Cohen of Niles and Carol Potter of Hoffman Estates. The ten-week session will begin on Saturday, Jan. 14, and run thru March 18, culminating in a production on the Guild Playhouse stage. Classes will be held Saturday afternoons at the Playhouse in Des Plaines.

Macky Cohen will work with the teenagers in this season's Children's Theatre. Previously she has directed the younger children for two seasons and has written and produced their shows. Mother of twin sons who have been in several DPTG productions, Macky has a degree in theatre, and most recently appeared as Grandma Tzitel in "Fiddler on the Roof". "The Night of January 16th", "A Majority of One", and "The Death and Life of Sneaky Fitch"

are other plays she has been in at Guild Playhouse, and last summer she produced "Status Quo Vadis" for DPTG.

Carol Potter, who will conduct the action classes for children 6 thru 11, is a former teacher of 5th and 6th grade youngsters. She appeared in DPTG's production of "Fiddler on the Roof" in September as Shaindel, and has done make-up, props and costumes for Music On Stage, Best

Off Broadway Players and Stage-door, as well as appearing in their productions of "Paint Your Wagon", "Hello Dolly", "Funny Girl", "Music Man", "Little Mary Sunshine", "Once Upon A Mattress", "Cabaret" and "Promises, Promises".

For further information about the Children's Theatre acting classes, call DPTG Playhouse, 296-1211, between noon and 8 p.m. daily.

Norsecapades '77

Norsecapades '77, the annual Niles North student variety show, will be presented Dec. 14-17 at 8 p.m. in the school auditorium.

Titled "Put It Together," the show features a 49-member cast and a 28-piece orchestra performing both original student and professionally written material. Selections from the show include arrangements of "Rhythm of Life" from the Broadway musical "Sweet Charity," as well as Barry Manilow and Rogers and Hammerstein song medleys.

Director of Norsecapades '77 is North music teacher Richard Green. Kathy Higgins is choreographer, while English teacher F.J. Fett is responsible for technical production.

Assistant directors for the show are North students Harvey Berkman and Claire Noparstak. Assistant music directors are Ron Goldstein and Mimi Woloshin.

Assisting with choreography are Wendy Grahn, Dale Libkin and Randy Stenn.

Tickets for Norsecapades '77 are \$2.50 and \$2. Tickets will go on sale Dec. 5 and will be available in the ticket booth in the North cafeteria. Additional ticket information may be obtained by calling 966-3800, ext. 61.

Girl Scout Troop 846 of St. John Brebeuf

Christmas bake sale

Incentives Institute Annual Christmas Bake Sale to be held at the Northwest Federal Savings and Loan at 2454 Dempster St. in Des Plaines on Saturday, Dec. 10 between 9 a.m. and 5 p.m. (north lobby).

Incentives Institute is a not-for-profit Psychological Treatment Center in Des Plaines.

Psychological Services offered by Incentives Institute in Des Plaines include: group and individual therapy, family and marriage counseling, residential and crisis intervention, and full range bio-feedback services including: headache, muscle-re-education, hypertension, insomnia and phobias.

Dr. Jeanne Gavin, world famous psychologist is Executive Director of Incentives Institute in Des Plaines.

October was an exciting event for Troop 846 on Oct. 29, a trip was planned to Oak Mill Mall to visit The Haunted House and refreshments were later served to all the girls.

During the month of November many troop activities were planned: on Nov. 9, the girls of Troop 846 had a roller skating party at the Axel Roller Rink. Also a trip to the Tribune Newspaper to do badge work at which all had an enjoyable time. Thank you Mrs. Kozanecki their leader and Mrs. Jablonski their co-leader for your enthusiasm with the girls.

Nov. 19 the girls baked cookies and three loaves of bread at Mrs. Kozanecki's home, all there had a good time baking.

This month is Peanut Sales and Troop 846 took their share in selling those delicious peanuts to their families, friends and neighbors.

They brought November to a close with a trip to the Historical Society on Nov. 20, which was truly enjoyed by all the girls of the troop.

Laury's opens Chicagoland's largest record store

Music is a celebration.

And the music-lovers of Chicago certainly had cause to celebrate at the December 1 Grand Opening of the city's largest and most exciting record store ever - Laury's Discount Records in Niles.

The new Laury's at 9800 N. Milwaukee boasts 80,000 records and tapes attractively displayed throughout nearly 10,000 square feet of pure musical-shopping ecstasy. From Bach to Bing... from the Beatles to Bulgarian Folk Tune, Laury's record and tape inventory is on display for the customer's personal discovery. An elaborate sound system, including 15 speakers and state-of-the-art electronics, provides aural delights, while rich redwood walls and wide-open aisles complete the shopping environment.

designed to make the customer comfortable and involve him totally in the world of music.

Extraordinary variety and merchandising innovation have been traditions since 1917, when Laury's predecessor, National Radio and Television, broke with prevailing custom and stocked "seven labels under one roof." At that time, most stores were extensions of the manufacturers and carried the records of only one company.

Operating as Laury's Discount Records since 1964, owner Lawrence Bell has built a reputation for quality and selection that has made the stores the "in" place for audio-philos and top-40 fans alike.

General Manager Jon Shulman explained that Laury's "sells records one at a time" with the

help of highly knowledgeable personnel. Whether a customer has questions about avant-garde rock, esoteric jazz or the classics, Laury's has the answers, as well as the music itself.

As with the Evanston, Deerfield and downtown LaSalle Street locations, the new store empha-

sizes selection and service, having an enormous array of music readily in stock. To this the Niles store adds space to shop and browse while retaining the same one-to-one quality of assistance that distinguishes their smaller shops. In short Laury's is a complete record store -- complete stock service and ambience.

"Shalom Israel tour"

At an Information Night, Monday, Dec. 12, at 8 p.m. details will be provided regarding a spring trip to Israel planned by the Mayer Kaplan Jewish Community Center. Rueckert announced candidacy for State Senator (4th Legislative District)

Thomas E. Rueckert, Attorney at law, 410 Huber Lane, Glenview has announced his candidacy for nomination as State Senator from the Fourth (4th) Legislative District in the Republican primary to be held March 21, 1978.

His platform will include the following:

1) A balanced budget for State government, with corresponding legislation to curtail escalating real estate taxes.

2) Tougher penalties and greater emphasis towards prosecutions in the area of welfare fraud.

3) Greater consolidation of agencies within State government, with an accompanying reduction in the total number of state employees (which can be achieved through attrition).

4) Legislation to retain and attract additional business and industry to Illinois; including provisions for interim tax incentives.

Rueckert, age 37, resides at 410 Huber Lane, in the unincorporated Maine Township portion of Glenview, with his wife Barbara (nee, Ederer); son Timothy, and daughter Elizabeth. He has resided in the 4th District for 26 years.

He is an Attorney with 14 years experience in law enforcement (8

years as a senior agent for the criminal investigation unit, State of Illinois). He is presently on a leave of absence in order to seek the Senate seat.

Tom was educated at Niles Township High School at Elm-hurst College and at North Park College (B.A. in Political Science and in Economics). He received his Doctor of Law degree from Illinois Institute of Technology - Chicago Kent College of Law, evening school.

Tom has been involved in your community!! He is presently serving an elected 3 year term as a Member of the Maine Township High School Board of Education, of which he is the Chairman of the Building and Grounds Committee, Chairman of the Insurance Committee, and a Director of Student Activities. He has served 3 years as a delegate to the East Maine District 63 School Caucus, and was elected 2 terms on the nominating Committee. He has served 5 years on the Woodrow Wilson School P.T.A. Board of Directors as a Vice-President, as a Treasurer and as Chairman of the Ways and Means Committee. He has served as a departmental delegate, and is now in the elected position of District Representative, to the Illinois Police

Association (a fraternal organization). He served in the Skokie Civil Defense Fire and Rescue Unit as a volunteer for 6 years and achieved the rank of Chief. He maintains active memberships in the Illinois and American Bar Associations, in the Illinois and National School Board Associations, and in the Woodrow Wilson & Apollo School P.T.A.'s. He has received several State citations and honors during his years as a law enforcement agent, including that of the Superior Achievement Award from Governor Richard B. Ogilvie.

Tom is a dedicated and hard working Republican, serving as a precinct captain and as an elected director in the Niles Township Regular Republican Organization from 1963 through 1970; and as a worker and co-captain in the Maine Township Regular Republican Organization, since 1970.

Tom is dedicated to the proposition that Republicanism must be revitalized and strengthened here in the 4th District through greater communication with, and more responsiveness from, the office of State Senator.

Tom needs your help, if you wish to take an active role in his campaign. Please call 729-7177.

Johnson needles opponents in radio debate

"Markus" Johnson jabbed at three of his opponents in a radio debate broadcast live on WNUR-FM at 8:30 p.m. on Sunday, Nov. 27. Johnson is a candidate in the Republican race to oppose Democratic Congressman Abner Mikva.

On the issue of airplane noise at O'Hare Field, Johnson was skeptical of State Rep. Porter's bill to ban the Concorde. Johnson said, "The Supreme Court has ruled that the Concorde can land in New York despite intense local opposition there, so it would be a surprise to learn that state action here can keep the Concorde out of O'Hare. Candidates should not raise false hopes and make empty promises — we have a responsibility to be truthful." Peter Pierce echoed Johnson's sentiments.

Dan Hales said that to reduce the burden of Social Security taxes he might support an income tax credit to offset Social Security tax. Johnson said, "That position may constitute a step toward the use of general revenues in Social Security, which Republicans have traditionally opposed. We already have a similar provision called the earned income credit and it's considered a social welfare measure." After the broadcast but before reporters and candidates left the debate table, Porter and Hales discussed Hales' "Democratic" approach to Social Security taxes. Hales' remarks are a radical and unexplained departure from the position he took in the Niles Township debate where

he said "Social Security should be made voluntary."

Peter Pierce suggested several changes in Social Security, to which Johnson responded, "Social Security has a deficit of around four trillion dollars, and even though I haven't added up the value of Peter's proposed changes, I'm sure they don't reach four trillion dollars."

After the debate Johnson was told he had "the best radio voice" of any candidate.

Mikva asks suggestions for conference

As a business person, you may have wondered from time to time about the best way to apply for a federal government contract — or why certain federal regulations are written or applied the way they are.

Congressman Abner J. Mikva is planning a conference for Tenth District business people that will help to answer these questions and others. The conference is being designed as a day-long set of seminars led by representatives of federal departments and agencies who will answer questions and advise to local business people.

Mikva is asking business people to submit suggested topics for the conference, planned for Friday, March 10, in the Sheraton North Shore Inn, 933 Skokie Boulevard, Northbrook. Suggestions may be sent to Congressman Mikva at his office, 4016 Church Street, Skokie, Illinois, 60076.

Some seminars will be geared for people from all businesses, while others will be specifically tailored for the needs of a particular sized business. Seminars planned for the conference will include: Small Business Administration loans and management assistance; Individual Retirement Accounts, Keough Plans and tax laws as they apply to businesses; obtaining contracts with the federal government; export opportunities and foreign trade; energy-related regulations and unemployment compensation.

Congressman Mikva plans to invite representatives of the following federal departments and agencies to participate in the conference: Commerce Department, Defense Department, Energy Department, General Services Administration, and Small Business Administration.

"The conference will provide business people with a chance to learn first-hand about the federal rules and regulations affecting them — and will also give the federal officials some direct contact with the problems, questions and concerns of the person in business," Congressman Mikva said.

PUD units

Cont'd from Niles-E.Maine P.1

controversy in a proposed trade last July between Niles and Chicago where the village would acquire a triangular piece of property bounded by Milwaukee-Harlem-Howard, now occupied by Shell Gas Station, in return for the 23-acre parcel south of Touhy ave. The deal fell thru when Chicago declined to include a row of stores on the west side of Milwaukee ave. needed by Niles to square off her boundaries. Chicago said there was no way to separate the store property from the city. Niles refused to give up 23 acres for a gas station.

Chicago attorney Jerome Schain representing petitioner-owner Joseph Judah said his client originally planned to build 135 single family homes under Chicago annexation. Similar construction of single family homes in Niles was not feasible, he said, due to expensive costs of bringing water into the area which is surrounded by Chicago residential development on three sides.

Approximately 60 residents from Chicago and a few from Niles protested the PUD proposal for 624 units citing the development would cause an increase in traffic, set additional stress on public services, add students to Niles classrooms as well as decrease the value of surrounding properties.

Altho the petitioner Monday night reduced his request to 354 units zoners questioned whether the PUD would be an asset to Niles.

Comr. Kenneth Cohen observed the Board has "never allowed a PUD before unless the proposal offered something more in amenities than buildings and two 1/4-acre parks ...

"To me this development looks like an army housing project."

In a three-hour presentation plans called for 118 privately financed three-flat buildings with an asking price of \$160,000 to \$170,000 per building. Rental units would lease at \$290 plus utilities for 2 bedroom units and \$400 for 3 bedrooms.

Pullen notes obscenity bill

State Rep. Penny Pullen (R-4th) this week said she was pleased with the General Assembly's refusal to re-pass an obscenity bill which was sent back to the Illinois House this fall with an amendatory veto.

"House Bill 1915 was passed in a cloud of ignorance last spring," Miss Pullen said. "The sponsor did not describe the bill adequately, and because of public pressure resulting from reports of widespread child pornography, the House was anxious to 'do something' about obscenity and pornography."

"Passage of the bill turned out to be one of the major blunders of the spring session," she said, "because we later found that the 'something' the legislature did was to liberalize the existing law! The bill would have allowed possession and sale of pornographic materials and prohibited only its public display."

"It is ironic that such a bill passed under cover of 'reform' at the very time that the United States Supreme Court was upholding the existing tough law as constitutional."

"Any change in that law would have started the process all over again and delayed enforcement. That's why we rejected also this fall a bill to toughen the law by adding violence to the definition of obscenity," Rep. Pullen said. "Once we learned of the high court's stamp of approval, we did

Pierce: Voice of middle class not being heard

"The best political community is formed by citizens of the middle class," said Aristotle, the great political philosopher. "Those States are likely to be well administered in which the middle class is large, and larger if possible than both the other classes, or at any rate than either singly; for the addition of the middle class turns the scale and prevents either of the extremes from being dominant."

Unfortunately, the voice of the middle class is not being heard today, commented Peter Pierce, candidate for the House of Representatives, 10th Congressional District.

"To be a majority does not, in itself, provide the best political community," said Mr. Pierce. "The voice of the middle class must be heard if this segment of the economy is to survive. The middle class has been dormant too long. They have quietly paid the bills without questioning why."

"For this reason, I pledge my support, my efforts, my leadership to the middle class," said Mr. Pierce. "When elected as your representative from the 10th Congressional District, I vow to become the voice of the middle class, not only in this district but throughout the nation."

"It's late — but not too late, for the middle class. Now is the time to raise your voice in the political arena. Now is the time to cast your vote for a candidate who believes in a tax break for middle income America. Now is the time to support Peter Pierce."

Porter to open first campaign headquarters

State Rep. John Edward Porter, front-runner in the Republican race for 10th District Congressman, will host the opening of his first campaign headquarters at 1900 Central Street, corner of Green Bay and Central, in Evanston on Sunday Dec. 11 from 5 to 7 p.m. Two other headquarters are planned in other areas of the District.

Porter said he is expecting many of his Republican colleagues from the Illinois General Assembly who are supporting his candidacy to be present, as well as many party leaders and a member of his campaign committee.

Frank W. Considine, of Winnetka, General Chairman of the Porter for Congress Committee, and President and Chief Executive Officer of National Can

Corporation, will join the candidate in greeting Porter backers. Members of Porter's 40-man Executive Committee, headed by Howard S. Goss, of Wilmette, President of Transco, Inc., and Richard A. Kent, of Golf, President of Orval Kent Foods, Inc., will also be present.

Porter said he is hoping for a large turnout of 10th District voters anxious to be represented in Congress by one who shares their philosophy of government.

"My campaign headquarters, like my entire campaign, is open to anyone who wants to have a voice in the future of our country," he said.

Rep. Porter also announced the appointment of Paula S. McLean, of Evanston, as his Campaign Coordinator at 864-0111.
