## January Senior Citizen activities

Maine Township will sponsor three senior citizens activities in January, highlighted by a luncheon theatre party at the Candlelight Theatre, Maine Township Senior Citizens Coordinator Ferdinand C. Arndt announced today.

On Wednesday, Jan. 25, the seniors will travel to the Candlelight to see "The Sound of Music". The performance will be preceded by a luncheon served at tables in the theatre.

Arndt said only a limited number of seniors will be able to participate, and that reservations will be on a first-come, first-served basis. Cost is \$5 per person, including lunch, admission and transportation. Buses will leave from 815 Lee st., Des Plaines at 11 a.m.

The monthly program will begin with an afternoon of bingo and cards at The Greens, 8909 David pl., Des Plaines, at 1 p.m., Wednesday, Jan. 4. Coffee and rolls will be served.

The regular monthly luncheon meeting will be held Wednesday, Jan. 11 at the Casa Royale, Des Plaines. After lunch, Robert Evers will present "The Incredible Elizabeth". Cost of this program will be \$4 per person.

Admission to all three events is by reservation only. All checks should be made payable to Ferd Arndt, and sent to Maine Township Senior Citizens, Suite 102, 2510 Dempster, Des Plaines, 60016.

## Driver's test for Seniors

The course is sponsored by the Office of the Secretary of State and is designed to aid those taking the written test for driver's license renewal.

The three lesson series will be led by Al Leger, Cletus Bookwalter and W.L. Lindley, who are retired Skokie residents active in the Senior Council.

## Strong armed robbers snatch purse

A Glenview housewife was knocked to the ground and had her purse snatched in a noontime robbery Monday, Dec. 19 near K-Mart at Dempster st. and Greenwood ave. in Niles.

The 52-year-old housewife said she came out of K-Mart and was walking westward when someone from the rear grabbed her purse knocking her to the ground and dragging her as she held on to the strap.

The victim said she never saw her attacker, sustaining a 1 inch cut on her eyelid from the fall. She told police however that soon after she passed three teens 15 to 17 years old in front of the bank someone grabbed at the purse which she had wrapped around her left arm.

The offenders apparently ran north into an alley behind the shopping center, discarding a clutch purse and checkbook as they ran, recovered later by police.

One thousand three hundred and fifty under-graduate students at Western Illinois University have been cited for their scholastic achievement during the fall quarter.

Among them were: from Morton Grove, Glenn Jay Binstein, 9343 Overhill

## MG Trustees at odds on Grove School purchase

by Phyllis Weisberg

At Monday night's Village Board meeting a heated debate arose when Ron Henrici and former trustee John Hilkin questioned the wisdom of the present board regarding their decision to purchase the Grove School and remodel it as a police and administration building.

When Atty. Martin Ashman reported the title search on the Grove School property was not yet complete, Henrici read a prepared statement which opposed the purchase of the Grove School. He felt a new building would cost no more than the renovating of the Grove School, since he said Joan Dechert publicly stated it would cost about 2 1/2 million dollars to remodel that school. Henrici stated some experts should give a decision on which road to follow, a new building or a renovated one. He said the village may want to consider alternatives for the use of Grove School.

Atty. Ashman said after Henrici quoted the price of a new building at approximately 2 1/2 million dollars, including land, the building committee reported the base price of a new building at \$3,459,950 with fees for the consultant. Ron Henrici then said the figure mentioned by Ashman included many extras, but these do not have to be done at the time of construction.

Later former trustee John Hilkin also read a statement in which he said there were meetings being held in confidence and the citizens should know all of the facts regarding the Grove School purchase. He posed several questions such as (1) What is the reason for the purchase of Grove School? (2) What studies have been made on that property relative to environmental impact, traffic, site access, etc? (3) He also said a new

building would cost no more than the renovating of Grove School. (4) He asked if any study groups or department agencies have been called in for recommendations. (5) Have grants been explored? (6) Who has been responsible for information regarding this project? (7) Has the public been properly informed?

Hilkin stated he felt the board should hold meetings to discuss the pro and con of both ideas and said it would be a total sham on the public if the Grove School remodeling would cost more than a new building. He recommended the establishment of a bi-partisan citizens committee to study this matter.

Then former trustee Karl Oestreich asked Mayor Flickinger if he intended to hold any public meetings regarding this proposal to purchase Grove School. The mayor said there was nothing to discuss at this time since the purchase has not yet been made.

Trustee Gregg Youstra said the mayor would see that all of these questions were answered in due time with the aid of our planner and engineer. Henrici then said he'd like to see the unit cost per square foot on the Grove School remodeling plans and Ashman said the figure given did not include property on a new building and came to almost 3 1/2 million dollars.

Alan Goldberg, chairman of the Plan Commission submitted several cases to the board for approval of Special Use permits. They were from Avon Products, Inc. located at 6901 Golf rd., M.G. for the construction of a 75' warehouse in an "M" 2 zone. The Plan Commission approved this request and the board concurred.

Another request was made by La Margarita Del Norte, Inc., 6319 Dempster, M.G., requesting Special Use for commercial parking in an R-3 zone. This case was re-heard due to another request that the Wallace family be allowed to reside on the building standing on that property so Mr. Wallace, an invalid, may continue to work and support his family. The vote was 5 to 0 in favor of this request by the Plan Commission and the trustees agreed with the exception of Henrici.

The last request was for annexation, rezoning subdivision and Special Use for multiple dwellings and single family homes on the property consisting of 10 acres at the SE corner of Golf rd. and Washington St. Mr. Goldberg said they are offering a preliminary report on recommendations for the entire 10+ acre tract which would narrow down to one acre residential and 9 acres multiple dwellings. Since this is a very complicated matter, the board decided to table it till the next meeting.

The board also tabled further discussion regarding the amendment to the self-service gas station ordinance and the flammable liquid ordinance till the next meeting.

The board also approved an ordinance amending the plumbing code and sewer requirements for water conservation since they were obliged to do so in order to comply with the recent agreement on our new water allocation. Bill Mottweiler noted that 7 engineering companies responded to our ad for sewer work and said they are in touch with them now.

Atty. Ashman said the MSD has requested we pass an ordinance whereby they can build part of their deep rock tunnel through Morton Grove but added he and Engineer Mottweiler are offering suggestions for changes and want some input from the board on this matter.

Ron Henrici reported the Fire Dept. had 109 calls from Nov. 28 to Dec. 11. He also said Police Chief Glauner recommended a department commendation for Officer Debra McInerney due to her apprehension of a burglary subject at Golf View Plaza on Dec. 9. When the subject tried to flee on foot, Officer McInerney chased him with a shotgun and apprehended him.

It was announced that the next board meeting would take place the second Monday in January.

## Troubled waters

Dear Editor:  
Please be careful of what you dispose of in your toilet.

We have been lucky through the years of never having a flooded basement. However, this year has been another story.

It's bad enough to have your basement flood due to heavy rains or tree roots. To wake up to a foul odor at 4 a.m. in the morning in mid-winter weather, to find water in your basement, is a bit bewildering. Plus this unpleasant task of having to go outdoors to haul up bucket after bucket of water from the catch basin for the next two hours, to permit the water to recede in the basement, is to say the least, no fun.

Fortunately (we) notified the Village of Niles Public Works after opening hours. They are to be commended for this response to our plea. Through their efforts of pushing

the heavy router equipment up the icy driveway in the midst of Tuesday's snow-storm, the men worked tirelessly to connect and start the machine. The results - a couple of mice (sanitary pads) and a massed ball of fishing line, not from

our home, had become lodged in our system, plus a very small amount of thin roots. (We had our line rooted this past summer).  
Again, think, before you throw away. It could be your basement next time.

A Miles Resident

## MTSEP needs to be re-evaluated

Dear Editor:

According to Public Law 94-142, to be implemented in Sept., 1978, exceptional children ages 3-21 must be provided "the most appropriate" education for their needs. To do otherwise would be a violation of their civil rights.

The only manner in which low-incidence handicaps such as hearing impairment may be dealt with in effective programs are on a regional basis.

Regional Services Agency (R.S.A.) is an administrative and diagnostic facility for low-incidence handicapped children in this area. To continue its worthwhile work, R.S.A. must have its proposed Articles of Agreement ratified by local school districts, either separately or as members of a joint agreement by Feb., 1978.

It is frustrating to learn that a public hearing concerning the proposed Articles of Agreement could but was not made available through the Maine Township Special Education Program (MTSEP) to parents of exceptional children as well as other interested taxpayers.

This is doubly strange considering that MTSEP had many questions concerning the proposed Articles of Agreement. Many of these questions could have been reconciled during the 19 months the proposed Articles were being formulated or explained satisfactorily at a public hearing.

Dec. 6 a so-called "public" committee meeting regarding the proposed Articles of Agreement with R.S.A. as well as MTSEP was held by MTSEP in Park Ridge. No mention of this committee meeting was circulated in local newspapers, disseminated in literature to the "public" or made known thru parent-teacher groups for the hearing-impaired. The few parents who had found out about the meeting were refused copies of materials circulated to school board personnel.

MTSEP needs to be reevaluated concerning its policies toward the public and, perhaps, as thoughtfully suggested by some school board members, the services it now performs for exceptional children.

What will happen if the proposed Articles are not ratified within the deadline? R.S.A. will cease to exist. In that event, the State may wish to impose its own region on the area. Meanwhile, children will not be provided on-going diagnostic services. There will be no guaranteed continuity of programs. And children will become the pawns of local political tensions. These children deserve an on-going sequential program as surely as does the child who is not handicapped.

Sincerely,  
Dan and Eileen Hirschfeld

# A Talman Savings Plan Fits Your Special Needs

At Talman, we know that your savings goals—home, education, travel, retirement, security—are as unique and as varied as your individual lifestyle. And, just as your reasons for saving are different from everyone else's, your means to save and your requirements from a savings account are different also. So, we are pleased to offer a range of savings plans designed to meet your special needs.

Whether you are just beginning a savings program or are looking for a safe and profitable long-term investment, you'll find just the right type of account at Talman. With a 5 1/4% regular savings account, for example, you can deposit or withdraw in any amount, at any time. It is a simple, uncomplicated way to begin a savings program, or to accumulate funds for emergencies or short-term goals.

For longer term goals, Talman's four certificate

accounts will secure you a higher return on the funds which you can set aside. You can choose from maturities of one to six years at rates from 6 1/2% to 7 3/4%—considerably higher when interest is left to compound to maturity.\* You can further make your Talman account fit your individual needs by choosing from among 19 different types of account ownership.

A savings counselor at any one of Talman's nine locations will be pleased to explain the details of each of these savings plans and take the time to help you choose the individual plan or combination of plans to best suit your needs. And, when you become part of the Talman savings picture, you will receive that care and concern—that special attention to each customer and account—which has always characterized our way of doing business.

## Soroptimist International of Des Plaines

Deadline for submitting applications and letters of reference for the \$1,500 Soroptimist International Midwestern Region Scholarship Award has been extended to Jan. 16, 1978, according to Mrs. Dolores Tyler, chairman of the local Soroptimist club's Service and Projects Committee. "Because of the Christmas vacations,

Soroptimists Dolores Tyler and Carmen LaSalle check correspondence relating to the three awards the local club is currently offering to high school seniors, mature women and college women. For details on these scholarship, training and service awards, see accompanying article. Deadline for the scholarship of \$1,500 has been extended to Jan 16, and on the Youth Citizenship and Training Awards to Jan. 6.

many potential applicants are finding it difficult to complete their applications and secure the necessary letters (one of which must come from an instructor in the college or university she is currently attending) before our originally announced deadline of Jan. 2," states Mrs. Tyler.

"However, since we must judge all applicants on the local level and submit our winning entry to the region by Feb. 1, we urge any

young women interested in trying for this \$1,500 scholarship, to contact me as soon as possible for an official application form and further instructions," she adds, at phone 824-7285.

Soroptimist International of Des Plaines will award a \$100 prize to the local winner of this competition, and the two other awards they are currently offering. These are the Annual Youth Citizenship and Service Award to a high school senior boy or girl from within the boundaries of the local club, and the annual Training Awards to a mature woman seeking to upgrade her job skills.

Mrs. Carmen LaSalle 2005 Seneca Lane, Mt. Prospect, is handling applications for the Youth Citizenship and Service Award, and may be reached evenings at 824-3912, or weekdays at Henricksen & Co., 827-1183.

Applications for the Training Award are being handled by Soroptimist Bridget Sommerfeld, 1829 Bittersweet, Mt.

## Women's health conference

"Women and Health Issues" is the title of a talk by Jory Graham, speaker, author, and newspaper columnist, who will speak on Thursday, Jan. 5, at an all-day conference on health at Oakton Community College in Morton Grove.

Ms. Graham is a cancer victim who has spoken openly and frequently about her personal experiences with the disease in order to help others facing the realities of terminal illness, and to provide insight to the families and friends of cancer patients. She is currently writing a weekly column in the Chicago Daily News which is entitled "A Time to Live..."

Sponsored by Oakton's Women's Program, "The New Woman: Health in Mind and Body" will be held from 8:30 a.m. to 3 p.m. in Building 6 on the Oakton Interim Campus, Oakton and Nagle, Morton Grove.

In addition to the Jory Graham lecture, participants can attend three seminars from among the following topics: Self-Help, Birth Control, Sexuality, Weight Control and Exercise, The Changing Years, Mind and Body Control, Stress and Crisis, Breast Cancer, Nutrition, and Drugs and Medication. Each will be led by a qualified health care specialist.

As an alternative to any of the workshops, films will be shown continuously from 10:30 a.m. to 3:30 p.m.

The registration fee for the daylong program is \$3 with babysitting for children over three available for an additional \$3.50 per child.

For further information, call the Oakton's Women's Program Office, 967-5120, ext. 350.

Prospect, phone 297-3037 evenings, or weekdays at Sommerfeld Medical Laboratory in Park Ridge, phone 696-1595.

Each club in the Midwestern region of Soroptimist International may submit its winning entry for the Training Award to the regional competition, where two awards of \$1,000 each will be presented, and in addition, an award of \$2,500 will be available due to the efforts of noted television actress Marlo Thomas and the McCall Life Pattern Fund. This is being administered by Soroptimist International of the Americas, world's largest classified service organization for professional and executive business women, with over 30,000 members in some 1,000 clubs.

The local Youth Citizenship and Service Award winner competes in a district competition, with that entry going on to compete for the regional award of \$1,000 and the 19 regional winners then compete for a \$1,500 finalist award from the Sor-

optimist Foundations according to Mrs. LaSalle.

This is not a scholarship or award for scholastic achievement, but rather a prize to recognize and reward outstanding contributions of youthful citizens in our area for their leadership and service in home life, school, church and/or community activities.

Deadlines for both the Youth Citizenship and Training Awards remain Jan. 2, 1978, but because of the New Year's Holiday and no mail service that day, entries coming by mail will be accepted for judging if received by the proper chairman by Jan. 6.

Inquiries about the regional Scholarship should be directed to Dolores Tyler, 824-7285; on the Youth Citizenship Award for high school seniors to Carmen LaSalle, 824-3912 evenings or 827-1183 weekdays; and on the Training Award for mature women to Bridget Sommerfeld, 297-3037 evenings or 696-1595 weekdays.

## Park declines petition for annexation

by Alice M. Bobula  
Park Attorney Gabriel Berrafato Dec. 20 advised Niles Park District Commissioners that a petition by the Catholic Bishop of Chicago to annex property north of Madison ct. on the east side of Cumberland could not be accepted. Investigation of land records he said indicated the area adjacent to Maryhill Cemetery is in the Park Ridge Park District and

is not contiguous to Niles.  
The parcel of land 324 ft. by 576 ft. was annexed into the Village of Niles Sept. 27 and accepted for subdivision by developer Ray Adreani for construction of homes.  
Berrafato said Park Ridge records are not too clear. His research he noted led him to the County Map Department where officials reported the property as being in the Park

Ridge Park District.  
Pressured by commissioners for a clear understanding during the Tuesday night Park Board meeting the attorney said he would research further. He also asked verification of his information by Park Director Bill Hughes thru the park officials of Park Ridge.  
In other business Park Director Hughes noted the next meeting of the Niles Association of Special Recrea-

tion will be held in Niles Dec. 27 at 8 p.m. According to Hughes Association meetings were being rotated in member park districts to afford Park Board members the opportunity of attending.  
\*Hughes reported that outdoor ice rinks will be set at Grennan Heights, Oakton Manor and Nico Parks. Jozwiak Park will not have ice skating this year due to high cost of maintenance and low attendance.

\*The park director noted delivery date of the two buses obtained thru revenue-sharing and the village is now expected "Sometime in January" due to difficulties experienced by the bus company.

Emergency measures he said have been undertaken by the park district in renting other buses for maintenance of programs as scheduled.  
\*Commissioners approved a request by Attorney Berrafato to defend court action brought against the Niles Park District by David Besser and Besser Publishing Co.

The publisher contends that all legal publications be submitted to The Bugle on the grounds it is the sole newspaper published in Niles.

## Burglaries...

A fireman checking the area of the Dec. 10 Courtland ave. fire the following Tuesday afternoon noted a man exiting thru a rear door.

Investigation revealed forcible entry into Ace Hardware, 9024 Courtland, altho it was undetermined what was missing.

Employees at Wart-sila, Inc., 5603 Howard, reported Dec. 16 someone had taken two IBM Selectric typewriters valued at \$1,600.

One of the employees said a male around 30 years old had requested use of the phone ten minutes prior to the theft claiming trouble with his truck.

The employee said he stayed with the man who made an uncompleted phone call then escorted him to the door which he locked after the caller left. The theft was discovered when the business-man returned from a conference in another office.

Burglars took approximately \$290 in jewelry and another \$46 worth of clothing from a home in the 7600 block of Neva during the day Dec. 17.

The thieves entered through a rear door window and ransacked the master bedroom taking women's sweaters and numerous rings.

Thieves made off with \$200 in silverware between 7 p.m.

and 11 p.m. Dec. 17 after burglarizing a home on the 7600 block of Neva.

They apparently entered the victim's home thru an unlocked storm door, breaking a window in the inner door.

They ransacked two bedrooms, taking nothing and ignored 2 boxes of jewelry in a rear bedroom. The silver was taken from the dining area after which the thieves left thru the front door.

Footprints outside in the dirt indicated the burglars stood at a window to observe any inside activity.

Burglars ransacked a residence on the 7400 block of Lawler Dec. 17 between 7 p.m. and 11 p.m. taking a watch, \$40 in cash, \$20 in coins and an RCA color TV valued at \$425 from the living room.

The thieves apparently entered the home by forcing open an outer screen door and breaking an inner door window.

The victim found the front door open on his return.

Burglars took approximately \$395 in jewelry from the master bedroom of a home in the 7500 block of Kirk dr. Sunday Dec. 11 while the victim was at work.

The thieves entered the home taking 2 men's rings and a ladies serpentine ring.

Thieves made off with \$250 from Tommy's Restaurant, 8801 Milwaukee ave. between 9:30 p.m. and midnight Dec. 20.

They apparently used a knife sharpener to cut into the fiber-board wall in order to steal the cash kept in a gray metal box which was also stolen.

Police said the theft was discovered after an employee of a nearby store walked by the restaurant and saw a broken window and called police.

Thieves broke into a house on the 8100 block of Oconto thru a basement window Dec. 21 taking a wallet containing \$5 and a drivers license.

Police said the victim left his home around 10 a.m. to visit the postoffice and do some shopping, returning at noon to find the basement door open and footprints in the snow leading to and from the house. Footprints indicated two thieves wearing about size 8 shoes.

Two 19-year-old Morton Grove boys were apprehended Dec. 16 for burglary of Ace Hardware at 9024 Courtland recently burned out in a Dec. 10 fire.

Both were charged with burglary and released under individual \$1,250 bonds pending a Jan. 13 court date.

## Donation to Niles Historical Society

On left, museum chairman Marge Berles, accepting antique kerosene lamp from Mrs. Helen Bacher for the Niles Historical & Art Society.

At the last meeting of the Niles Historical & Art Society, Mrs. Helen Bacher of 7147 Milwaukee Ave., Niles donated an antique kerosene lamp to the society. It is a cobalt blue, square based, American made lamp in use at the turn of the century. Mrs. Bacher, an enthusiastic collector of antiques, bought the lamp at an auction of an historical society in Wisconsin about 15 years ago. Her family, the Rodinski's, was one of the first to settle in Niles. Their home was located where Amy Joy now stands.

## MONACEP travel series

MONACEP armchair adventurers will meet an "Antarctic Challenge" on Wednesday, Jan. 4, when they accompany Captain Finn Ronne to the polar area which he has visited six times. This is the opening program of the 1978 Travel and Adventure Series.

Season tickets for this and the four following travelogues are on sale at \$5, or \$2.50 for residents of the Oakton Community College District age 60 and older. Tickets for the one program are \$2, or \$1 for senior residents.

This program, featuring a pioneer in both arctic and antarctic exploration, will begin at 8 p.m. at Maine East High School, Dempster and Potter, Park Ridge.

Captain Ronne's film presents an exciting story of 39 explorer-scientists wintering in the antarctic and covers many antarctic activities from the International Geophysi-

cal Year program to the most recent scientific ventures. Ronne includes scenes of everyday life in the sub-zero climate, native animals such as penguins, seals, sea-leopards, and killer-whales.

Viewers will see scientists departing for the interior in snow-cats and planes, as well as colorful antarctic sunsets. They will accompany noted scientists as they discover new mountains and new islands while covering 1,100 miles in their pursuit of the actual structure of the land lying beneath thousands of feet of antarctic snow.

Ronne, a Norwegian native whose father accompanied Captain Roald Amundsen on the first expedition to reach the South Pole, in 1911, first went to Antarctica in 1933 as a ski expert, dog-driver, and trail radio operator. He returned in 1939 to lead a party on a 1,264-mile dog-

sled expedition to discover new land and to chart 450 miles of new coastline.

In subsequent trips, Ronne, promoted to Captain in the U.S. Naval Reserve, discovered an area greater than twice the size of Texas which he named after his wife and led the International Geophysical Year's Ellsworth Station activities. He has lectured throughout Western Europe for the Cultural and Educational branch of the State Department and currently lectures and writes about his many arctic and antarctic experiences.

For further information, call the MONACEP office, 967-5821.

## New program for tots

The Niles Park District is offering a new and exciting program for your pre schooler with its Tunes for Tots classes. The program will open a new world of creative and imaginative outlets for your child by combining the elements of music and drama.

The program consists of music enjoyment, including the acting out of songs, with body and hand movements in a relaxed atmosphere. Keeping class sizes small encourages participation and having fun which is a top priority of the program. To minimize any pressure on the children, lines and memorization are not used. Instead, the children are encouraged to be free to pretend in their own way.

Classes are held on Wednesdays from 10:30 to 11:30 a.m. or 1 to 2 p.m. at the Grennan Heights Recreation Center. The next session of this 8 week program begins on Jan. 11. Registration will be accepted during Session II program registration on Jan. 3 and 5. The fee for Niles Park District residents is only \$8, and \$16 for non-residents.

Class sizes are very limited, so start making your plans NOW! If you have any questions call the Niles Park District at 967-6633.

## County vehicle stickers on sale

Residents of the unincorporated area of Maine Township may purchase Cook County vehicle licenses for their automobiles at his office beginning Jan. 3, Maine Township Clerk Philip Raffé announced today.

Raffé said the township will sell the stickers as a convenience to the residents of Maine, otherwise, he added, car owners would be required to buy their licenses at the county building in downtown Chicago.

Raffé said this is the second year Maine has made the stickers available, and does so without adding a surcharge or service fee.

He stated that the county has set the price of the licenses at \$10 for cars under 35 horsepower, and at \$15 for those over. Truck licenses may be purchased only at the county building.

Applicants who purchased county stickers last year should bring their pre-printed forms with them, he added. First time applicants must present their current state registration. All checks should be made payable to the Cook County Collector.

The Township Clerk's office is located at 2510 W. Dempster, Des Plaines. Hours are from 9 a.m. to 4 p.m., Monday thru Friday, and from 9 a.m. to noon on Saturday.

So you're making a good  
salary. But you're not saving  
any of it. Instead, you want to  
go after the "big deal" that's  
going to make you a cool  
million. Maybe.  
What happens if your big  
scheme goes sour? You've still  
got to get through the future.  
And, let's face it. Nobody can  
afford to take tomorrow for  
granted.  
So maybe you'd better join  
the Payroll Savings Plan now.  
Just sign up at work. An  
amount you specify will be set  
aside from your paycheck and  
used to buy U.S. Savings Bonds.  
That way, you can still  
afford to take a few financial  
risks, if that's your bag. But  
you'll always have a solid cash  
reserve to fall back on. And  
that's being smart.

Now it's time to pay 6% interest when held  
to maturity of 5 years (plus the first year).  
Bonds are required if lost, stolen or destroyed.  
When needed, they can be cashed out. Your  
funds are not subject to state or local  
income taxes, and federal tax may be  
deferred until redemption.
