A couple of weeks ago a young man named Mike Crisci called and said he was disappointed in Cablevision's programming. He said the cable company had cut back in televising adult Catholic programming and he was voicing his complaint.

After Mike called The Bugle, he contacted the Catholic Television Center downtown after speaking with Niles village representative, Ang Marcheschi.

When Mike didn't hear from us he called a second time and we contacted Sister Mary Jane at the CTC. She said she called Tom Baxter, the general manager of Cablevision as well as Ken Trembach, who is

Cablevision's program coordinator. She said she wasn't getting much satisfaction from the cable people adding with dismay, "I guess we don't have much clout". د و ۲۰۰۰ د. در او با او در ۲۰۰۱ د. در ۲۰۹۰ ماه ۱۰۰ م. ایمان در در در معاصلی

To discuss antique jewelry, we must define what is "antique jeweiry". The British Antique Dealers Association defines antique jewelry "as that jewelry which was made between 1830 thru 1920" Even though simple machinery was used to manufacture jewelry. i was basically handcrafted

Styles during the Georgian period consists entirely of designs of nature with a fine sense of color. It was delicate and light in appearance. They were also set with precious gemstones, it was entirely handcrafted and individualistic in design. There was no mass production of pieces as today.

As a result of the French political system, at the end of the 18th century the apprenticeship system for the arts was destroyed, as the high standards of craftsmanship were on a downward slope. Today, there are only a few who take enough time and pride in oneself to still try to achieve the high standards of craftsmanship, in a growing mass production industry.

Thick. bulky and irregular describes an OLD MINE CUT. Round thick and buiky describes a EUROPEAN CUT. They are defined to have little value; that is fiction. They can be easily recut into MODERN CUTS. So think twice before regarding a stone to have little value, you might be surprised.

Gemstones. whether in antique or modern styles, all differ in structure. So, be careful when cleaning your jewelry and if you're not sure, bring it to a reliable ' weler: they will be more than happy to offer to clean and check the mountings and advise you of the best way for you to take care of your jewelry.

#### for moped drivers

by Sec. of State Jim Edgar Mopeds, or motorized pedalcycles, provide exercise and are a popular and economical form of transportation for many people. Mopeds, which may be pedaled like bicycles or ridden like motorcycles, can reach speeds of up to 30 mph and are potentially

dangerous if not ridden carefully. Mopeds are subject to the same traffic laws as other vehicles as well as some special regulations. For example, drivers cannot carry passengers unless the moped is designed to carry two persons. These mopeds must have a seat, permanent han dgrips and footrests for the

Although helmets are not required for either the driver or the passenger, wearing them can prevent serious injuries if the moped skids and overturns.

## Niles Council charter

Holding the "Sea Power" that started the Niles Council are Judge Jerry Murphy, National Director Howard Marshall and Mayor Nick Blase of Niles, the "All America City." Council is now chartered and has 50 members.

## **Eagle Scout** projects

Seventeen area Boy Scouts, all nembers of troops within the Northwest Suburban Council, achieved the rank of Eagle Scout during the past year. "The Eagle rank is Scouting's highest honor," says Arthur Adler, Scout Executive for the Northwest Suburban Council.

The final hurdle in attaining the Eagle rank is execution of a community service project devised and completed by the Eagle candidate. "Each of these young men displayed exceptional capabilities in leadership, planning, and management," says Adler. Community service projects completed by these Eagle Scouts will be on display at Scout-O-Rama, to be held at the Arlington Heights Exposition Center, April 20-21.

Among the Scouts successfully attaining the Eagle rank are: Thomas Ferraro III of Troup 45 in Niles. Ferraro's community service project was the reconstruction of the entrance to the Ballard Sports Complex for the Niles Park District. Noel S. Pawlak of Troop 270 in Mt. Prospect assisted St. Thomas Beckett Catholic Church in their annual blood donor drive. Michael L. Beening, also of Mt. Prospect, a member of Troop 270, helped raise funds for River Trail's Nature Center by directing a pancake breakfast that attracted 7,000 people.

Jeffery Lindskoog of Troop 135 in Arlington Heights upgraded the children's playground at the 1st United Methodist Church for his community service project.

Jeff Kunkel of Troop 91 in Palatine planned and carried out an indoor water Olympics for the handicapped at Palatine's Little City. Thomas Mitoraj of Troop 22 in Des Plaines helped raise funds to decrease the deficit at St. Mary's Parish, Des Plaines, and strengthen ties between the Parish and the troop. Paul Smith of Troop 496 in Roselle provided a social evening of entertainment for senior citizens at Schaumburg's Friendship Village.

These, plus the other 10 Eagle projects will be on display at position Center.

#### Nelson first graders win **PTA** recognition

Each year the Nelson School Parent-Teacher Association has a contest to see which classroom can get the highest PTA membership. There is a bulletin board outside the Nelson Library which has a specific membership theme. This year the theme is "Let's Reach for the Stars", with the earth as the central focus and rocket · ships representing · each classroom. The children can see how close they are getting to the stars and they get very excited. Although each class hopes to win, only one can. This year the honor goes to Mrs. Joan Butzen's first grade class. Congratulations! She was presented with a check from the PTA to buy free-time material for her classroom.

The Nelson School PTA extends a big thank you to all the parents for their terrific support throughout the school year. Nelson School is located at 8901 N. Ozanam in Niles and is one of

was cut back to 3 p.m. in the Niles area when the children's programming ended.

Enter Mike Crisci. Mike said he enjoyed Catholic adult programming but he couldn't begin watching T.V. until after 3 p.m. As a result of the cut-back he was unable to see such programming.

Sister Mary Jane said the CTC was not notified of any cut-backs: Evanston continued to have full programming but the Oak Park and Downers Grove head-ends (points of origin) had been cut-back.

After we spoke to Sister Mary Jane on Tuesday morning, we put in a call to Cablevision's Pat Felice. When Pat didn't call us back we then spoke to Niles Ang Marcheschi who told us the full Catholic programming was being 'restored. Both Marcheschi and the Sister later told us the adult programming would be on Channel 40. Anyone not able to get this station can request a converter from Cablevision which will be instand and will be free of charge.

In Monday's hearing before Circuit Judge Thomas R. Fitgerald, prosecutors introduced evidence that Anderson also held up the Skokie Trust and Savings, 4400 Oakton in Skokie, on November 23, 1983.

However, attorneys said, that robbery was not recorded on camera.

Anderson was on parole at the time of both robberies. He had been convicted previously of theft, robbery, attempted escape, OCC... three burglaries and an armed

robbery.

The Niles Historical Society will hold it's next regular business meeting on Monday, April 22 at the Trident Center, 8060 Oakton st., Niles, at 8 p.m. The speaker of the evening will

be Chuck Wlodarczyk, the author of "Riverview-Gone, But Not Forgotten, 1904-1967."

Mr. Wlodarczyk will recall that Riverview, the once famous Chicago amusement park, located at Belmont and Western aves., was also the largest in the world at that time. He will give a "Riverview Show" complete with films, slides and pictures of the 100 rides and attractions packed in the 44 acre park. It is certain to awaken fond memories for anyone from the city or suburbs who rambled through the tur-

nstyles. The public is invited to attend this evening of nostalgia. Light refreshments will be served afterwards, and best of all, it's free.

The beloved Bugle is not

received with much grace by the Cablevision people. Ms. Felice previously left the impression The Bugle was "out to get" Cablevision when it began publishing articles and editorials criticizing the Niles cable operation. The subsequent\_fine of \$112,500 by Niles was linked to The Bugle stories. Felice and Cablevision believe The Bugle was upfront in Cablevision being censured and fined. As a consequence of this background, Ms. Felice never returned our telephone call when we phoned about the Catholic programming cutback. We assume she believes a phone call from The Bugle means "trouble".

The combined concerns of Sister Mary Jane, Niles' Ang Marcheschi and The Bugle likely contributed to Cablevision reversing its policy and restoring the full Catholic programming. But the change; came because a guy named Mike Crisci cared. And because he got on the. stomp and made his voice <sup>.</sup>heard.

One man can make a difference.

#### **REAL ESTATE ASSESSMENT** FOR 1984

The Bugie, Thursday, April 18, 1985

**LEGAL NOTICE** 

#### **OFFICIAL ASSESSMENT LIST**

This publication list is the official notice to property owners of the 1984 quadrennial assessments on land and improvements in the township of Niles. The 1984 assessments as published herein are those determined by the assessor of Cook County.

#### LAND VALUATIONS

Page X

۱**۹**۰۲

The land valuations as set forth are the 1984 appraised full values of land (reduced to appropriate assessment level required by the Cook County Board ordinance) per front foot for all city and suburban lots or per square foot or per acre for industrial and farm lands. The determination of full value of a rectangular lot is obtained by multiplying the unit front foot value of the lot by the number of feet frontage, modified by the shape, depth, corner or other influences which affect any individual lot or tract of land.

#### **BUILDING VALUATIONS**

Similar development of sound data and procedures were used in valuing buildings under the conditions as of January 1, 1984. Simplification of the rules and careful revision and application of unit building costs based on sound data, which included determination of reproduction cost (new) of different types of buildings with allowances for age, condition and obsolescence produced equitable and uniform assessment of buildings of all classes. Some building values are partial assessments based on occupancy for a fraction of the year. They will be fully assessed for following years.

#### **PROPERTY VALUES**

~ 5

£1 . )

The figures listed herein for the lands and improvements are the assessed full values of such property as of January 1, 1984, as determined by the assessor of Cook County, (reduced to appropriate assessment level required by the Cook County Board ordinance).

It is the duty of the assessor to assess all taxable property on a uniform basis of valuation so that the assessed full values of the various properties are a just and equal assessment of such properties according to law. The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of Cook County has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of the tax bill. The established tax rate does that. The assessor does not make the rate, he merely finds the value of your property.

#### PERMANENT REAL ESTATE INDEX NUMBER

The permanent real estate index number system was designed for the purpose of simplifying the very complex assessing, tax collecting and tax distribution problems in Cook County, Illinois. In this system areas and sub-areas are established. Generally, areas substitute for townships and sub-areas represent sections. These sub-areas are divided into blocks, as follows:

Blocks 100 to 199 are located in N.W. quarter Blocks 200 to 299 are located in N.E. quarter Blocks 300 to 399 are located in S.W. quarter Blocks 400 to 499 are located in S.E. quarter
